# CHAPTER NO. 580

[SB 101]

AN ACT TO GENERALLY REVISE THE LAWS RELATING TO GENERAL RELIEF ASSISTANCE; TO ESTABLISH EMPLOYABILITY AS A CLASSIFICATION FOR DETERMINING ELIGIBILITY FOR GENERAL RELIEF ASSISTANCE; TO LIMIT THE DURATION OF ASSISTANCE PROVIDED TO EMPLOYABLE PERSONS; TO REQUIRE EMPLOYABLE RECIPIENTS TO PARTICIPATE IN A JOB SEARCH, TRAINING, AND WORK PROGRAM OR OTHER SPECIAL PROGRAM DESIGNED TO HELP RECIPIENTS OVERCOME PROBLEMS THAT IMPAIR THEIR EMPLOYMENT POTENTIAL; AMENDING SECTIONS 53-3-109, 53-3-205, 53-3-206, 53-3-209, 53-3-304, 53-3-308, AND 53-3-313, MCA; REPEALING SECTION 53-3-108, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Legislative findings.** The legislature finds that:

(1) Article XII, section 3, of the Montana constitution grants the legislature authority to determine the public policy governing the provision of public assistance;

(2) public policy requires that certain persons who are in need should be provided with assistance through programs of general relief;

(3) general relief assistance, along with other assistance programs, should be available to provide:

(a) basic necessities that allow minimum subsistence compatible with decency and health; and

(b) financial assistance for medical services necessary for the treatment of a person's serious medical condition. However, general relief medical assistance should not be available to nonindigent persons who have catastrophic medical expenses.

(4) general relief assistance should not be available to those persons who have adequate income or resources to support themselves, nor should general relief assistance be provided in duplication of services and benefits available through other federal or state assistance programs;

(5) the legislature, in order to allocate scarce welfare resources to those most in need, may establish a reasonable classification that distinguishes between persons who are chronically in need of assistance and persons who are transitionally needy; and

(6) as the basis for the classification of recipients, it is reasonable to conclude that:

(a) some persons are in need of assistance because their age or physical, emotional, or mental condition renders them incapable of substantial, gainful employment. Such persons are chronically needy and should be entitled to general relief assistance for the duration of their need.

HeinOnline -- 1989 vol. II 1419 1989

(b) some persons are in need of assistance because they are unemployed or lack the skills, training, or experience to become employed. Such persons should be considered transitionally needy and should be provided only temporary, interim assistance and state help in obtaining gainful employment. In addition, because some persons who are transitionally needy suffer from serious personal problems or barriers to employment, the state should provide assistance to enable these persons to overcome the problems that impair their employment potential.

Section 2. **Legislative policy and intent.** Consistent with the findings in [section 1], the legislature intends that:

(1) general relief assistance should be provided to those in need, but only to the extent of such need;

(2) unemployable persons, because they are chronically in need, should be afforded general relief for as long as they have need for such assistance;

(3) employable persons, being transitionally needy, should be granted 4 months of general relief for basic necessities, which relief will be available only if such persons participate in a job search, training, and work program as required by 53-3-304; and

(4) in recognition that not all employable persons are ready to participate in the work force and that the state has a duty to protect the welfare of children, nonmedical general relief should be provided for 6 months to persons who meet the eligibility criteria provided in [section 4].

Section 3. Section 53-3-109, MCA, is amended to read:

**"53-3-109. Definitions.** For the purposes of this chapter, the following definitions apply:

*(1)* "Basic necessities" means food, shelter, utilities, and personal needs.

*(2)* "Department" means the department of social and rehabilitation services provided for in Title 2, chapter 15, part 22.

*(3) "Employable" means the condition of a person who is not unemployable. A person who is employable is transitionally needy and is not eligible for general relief for basic necessities except as provided in [section 4].*

(4) "General relief" *or "general relief assistance"* means a program of public assistance for basic necessities and medical needs *for* those persons determined to be eligible for *such* assistance.

(5) "Household" means:

*(a) a collective body of persons consisting of spouses or parents and their children who reside together in the same residence; or*

*(b)* all *other* persons who by choice *or* necessity are mutually dependent upon each other for basic necessities and who reside in the same residence.

(6) "Income" means the value of all property of any nature, earned, unearned, or in-kind, including benefits, *that is* reasonably certain to be received or *is actually received during the month by members of* a household.

HeinOnline -- 1989 vol. II 1420 1989

*(7)* "Lump-sum income" means a nonrecurring source of income received in a single payment by a household during any eligibility period, including but not limited to proceeds from a lawsuit, insurance settlement, inheritance, lump-sum retirement, veterans' or unemployment benefits; benefits received under the federal Social Security Act; prizes; and tax refunds.

*(8)* "Resource" means all real and personal property retained after the calendar month of its receipt and which the household or a member of the household has a legal right to sell or liquidate.

*(9)* "Secure facility" means any facility in which a person may be lawfully held against his will by federal, state, or local authorities.

*(10) "Serious barrier to employment" means a limitation in obtaining employment that results from:*

*(a) a lack of work skills, experience, or training necessary to secure employment;*

*(b) the failure to attain a high school education or its equivalent; or*

*(c) illiteracy.*

*(11)* "Serious medical condition" means a physical condition, *including pregnancy,* that causes a serious health risk to a person and for which treatment is medically necessary. Diagnosis and determination of necessary treatment must be made by a licensed medical practitioner, and the department may confirm it through an expert medical review. Necessary treatment includes prenatal care and such other elective treatments as determined by department rule to be medically necessary.

*(12) (a) "Unemployable" means the condition of a person who:*

*(i) is at least 55 years of age and has a limited ability to obtain or retain suitable employment because of advanced age;*

*(ii) has a serious physical, emotional, or mental handicap that prevents him from being employed in any substantial, gainful employment; or*

*(iii) suffers from a permanent or temporary illness, injury, or incapacity that prevents the person from working in any substantial, gainful employment.*

*(b) A person who is unemployable is chronically needy and must be provided general relief as provided in [section 4]."*

Section 4. **Eligibility classifications — duration of assistance.** (1) For purposes of eligibility, a recipient of general relief must be classified as either employable or unemployable.

(2) Unemployable persons may receive general relief for as long as they remain eligible.

(3) Except as provided in subsection (4), employable persons who are otherwise eligible may receive general relief for basic necessities for a period not to exceed 4 months in any 12-month period.

HeinOnline -- 1989 vol. II 1421 1989

(4) An employable person may receive nonmedical general relief for a maximum of 6 months in any 12-month period if such person:

(a) has a serious barrier to employment and is willing to participate in a program to overcome that employment barrier;

(b) suffers from drug or alcohol dependency and, subject to available funding, is undergoing active treatment in an approved program; or

(c) is the head of a household that includes minor dependent children and is enrolled in a job search, training, and work program as required by 53-3-304.

(5) Assistance granted prior to January 1, 1990, may not be considered in determining eligibility.

Section 5. Section 53-3-205, MCA, is amended to read:

**"53-3-205. Eligibility for general relief.** (1) *Except as otherwise provided under this chapter, a* person may receive general relief for basic necessities if the household is determined to be eligible under the provisions of this section.

(2) A *person* is eligible for general relief *assistance* if *his total* household income, exclusive of the first $50 earned each month by each household member, does not exceed that set forth in the following table:

| Number of Persons in Household | Monthly Income Standard |
|---|---|
| 1 | $212 |
| 2 | *286* |
| 3 | *359* |
| 4 | *433* |
| 5 | *507* |
| 6 | *580* |
| 7 | *654* |
| 8 | *727* |
| 9 | *762* |
| 10 or more | *795* |

*(3)* (a) *If a person's household* income exceeds the monthly income standard *provided in subsection (2)* because of receipt of lump-sum income, *he is* ineligible for general relief for the full number of months, beginning with the month of receipt, derived by dividing the total of the lump-sum income and other income by the monthly income standard. Any income remaining from this calculation will be considered as income in the first month following the period of ineligibility.

(b) The period of ineligibility may be recalculated if the household size changes or if a portion of the *lump-sum income* was used to pay medical bills for a serious medical condition.

(c) Ineligibility due to the receipt of *lump-sum income* does not preclude eligibility for general relief medical assistance.

HeinOnline -- 1989 vol. II 1422 1989

*(4)* All applicants for and recipients of general relief assistance who reside in the same residence are considered as one household.

*(5) Eligibility for nonmedical general relief assistance must be determined prospectively, based on household income and other relevant circumstances reasonably certain to exist in the month in which assistance is to be provided.*

*(6) (a) Except as provided in subsection (6)(b), the equity value of all household resources must be considered available to meet the needs of the individual applying for general relief.*

*(b)* The following resources of a household must be excluded from consideration of resources for eligibility purposes:

*(i)* the domicile of the household, including necessary appurtenant land not exceeding 10 acres;

*(ii)* a motor vehicle that has no more than $1,500 in equity value;

*(iii)* personal items, clothing, household furniture, appliances, and other essential household items, the total equity value of which does not exceed resource eligibility limits established by rule; and

*(iv)* tools of a trade that are essential to the current or future employment of a household member.

*(7)* A person who is committed or sentenced by legal process to a state institution or a secure facility or who is incarcerated in a secure facility pending resolution of legal process is not eligible for general relief.

*(8)* A person who resides for a period of 1 day or more in any state or federally operated institution or residence is not eligible for general relief for the period of that residency.

*(9)* For the purposes of an eligibility determination, an applicant for or recipient of general relief may be requested to produce all financial and other information concerning the household.

*(10)* Whenever practical, an eligibility determination must be made within 30 days of the date of application and the applicant must be notified in writing of the eligibility determination and the reasons for the determination."

Section 6. Section 53-3-206, MCA, is amended to read:

**"53-3-206. Eligibility for general relief medical assistance.** (1) In order to be considered for eligibility for general relief medical assistance, a person must be found to have a serious medical condition.

(2) Eligibility for general relief medical assistance must be determined as provided in *53-3-205 and* this section. A person with a serious medical condition must apply for general relief medical assistance prior to the provision of medical services or within 90 days of the date the medical service is first provided. Eligibility is determined as of the date medical service is first provided.

HeinOnline -- 1989 vol. II 1423 1989

(3) All persons who reside in the same residence and are legally related to or responsible for each other are considered to be one household for purposes of determining general relief medical assistance.

(4) All individual or household resources must be used to offset medical obligations except those excluded in 53-3-205*(5)*.

(5) To determine eligibility for county general relief medical assistance, a county welfare board may promulgate rules to establish the circumstances under which persons are unable to pay for their medical aid and hospitalization. However, no household with an income exceeding 300% of the amount set forth in 53-3-205*(1)* is eligible for such medical assistance.

(6) In a county with state-assumed welfare services, a person is not eligible for medical services if the household in which he resides has an average monthly income reasonably certain to be received in a 12-month period beginning with the month the medical service was provided in excess of that set forth in the following table:

| Family Size | Monthly Income Level |
|---|---|
| 1 | $ 287 |
| 2 | 433 |
| 3 | 526 |
| 4 | 618 |
| 5 | 714 |
| 6 | 804 |
| 7 | 896 |
| 8 | 988 |
| 9 | 1,081 |
| 10 | 1,173 |
| 11 | 1,194 |
| 12 | 1,215 |
| 13 | 1,236 |
| 14 | 1,256 |
| 15 | 1,277 |
| 16 or more | 1,298" |

Section 7. Section 53-3-209, MCA, is amended to read:

**"53-3-209. Period of eligibility.** (1) The period of eligibility for receipt of general relief for basic necessities is 1 month. *Except* as provided in *subsection* (3), *a* person may seek to establish eligibility for the succeeding month prior to the end of the current month of eligibility.

*(2)* Eligibility for general relief medical assistance *is granted for a period of 1 month and* terminates when the serious medical condition of the person has been treated. *Except as provided in subsection (3), continued eligibility for general relief medical assistance may be established in any subsequent month.*

*(3)* The period of eligibility for any type of general assistance terminates at any time the county welfare board or the department determines that the household:

HeinOnline -- 1989 vol. II 1424 1989

(a) no longer meets the applicable eligibility requirements; or

(b) received general relief by means of fraud or mistake."

Section 8. Section 53-3-304, MCA, is amended to read:

**"53-3-304. Power to require employable recipients to participate in job search, training, and work programs.** (1) The department shall cooperate with the department of labor and industry and other designated agencies to initiate, promote, and develop job search, training, and work programs that will contribute to the employability of persons receiving general relief under the provisions of this chapter. These programs must be designed to preserve and improve the work habits and job-finding skills of recipients for whom jobs are not otherwise immediately available.

(2) For each county with state-assumed welfare services, the department shall contract with the department of labor and industry or other designated agencies to institute a job search, training, and work program that provides *employable* general relief recipients with the necessary job-finding skills to seek unsubsidized employment independently.

(3) *Except as otherwise provided in this chapter, in* a county with state-assumed welfare services, an *employable* recipient of general relief shall enroll in a structured job search and training program at an employment office or other site designated by the department. The program *may* include the following elements:

(a) assessment and testing;

(b) an employability plan;

(c) remedial education or job skills training, if it is called for in the employability plan and if it provides for immediate referral to an appropriate Job Training Partnership Act program;

(d) a job readiness and job search program that *may* include:

(i) self-assessment and occupational testing;

(ii) instruction in completing applications, writing resumes, and preparing for interviews;

(iii) identification of and contact with potential employers; and

(iv) participation in simulated job interviews;

(e) a supervised effort to find employment; and

(f) efforts to address barriers to employment.

(4) (a) In addition to the training required in subsection (3), if a public agency or a private nonprofit agency has work available which a recipient of general relief is capable of performing or the department of social and rehabilitation services is required to operate a work program under the provisions of 53-2-822, then the county department of public welfare or the department of social and rehabilitation services may require a recipient to perform work at the minimum wage or may pay a recipient at the prevailing rate of wages paid in that county by that agency for similar work, to

HeinOnline -- 1989 vol. II 1425 1989

be paid from the county poor fund or state funds, in place of granting him general relief.

(b) No currently employed worker may be displaced by any recipient (including partial displacement such as a reduction in the hours of nonovertime work, wages, or employment benefits).

(c) No recipient may be employed when any other person is on layoff from the same or any substantially equivalent job or when the employer has terminated the employment of any regular employee or otherwise reduced its workforce with the intention of filling the vacancy so created by hiring a recipient whose wages are subsidized under this section.

(5) The county department of public welfare or the department of social and rehabilitation services, as the case may be, shall provide coverage under the Workers' Compensation Act for those recipients of general relief working under the provisions hereof and may enter into such agreements with the division of workers' compensation of the department of labor and industry as may be necessary to carry out the provisions of this section.

(6) A recipient who has completed the assessment and testing portions of the program and has developed an employability plan shall participate in the job readiness and job search program provided for in subsection (3)(d) for at least 80 hours in any 5-week period and shall spend at least 8 hours a week in a supervised effort to find employment.

(7) A recipient who has completed the job search program provided for in subsection (3) shall:

(a) continue to spend at least 8 hours a week in a supervised effort to find employment; and

(b) for the duration of his eligibility for general relief, spend 32 hours a week, as called for in the employability plan, in:

(i) remedial education;

(ii) counseling;

(iii) job skills training;

(iv) work for a public agency or a private nonprofit agency, as required in subsection (4); or

(v) job-seeking or other related activities.

*(8)* Where a labor organization represents a substantial number of employees who are engaged in similar work or training in the area where it is proposed to assign the recipient to work or training, an opportunity must be provided for that organization to submit comments with respect to such proposal.

*(9)* No work program may impair existing contracts for services or collective bargaining agreements, and no work program that would be inconsistent with the terms of a collective bargaining agreement may be undertaken without the written concurrence of the labor organization and employer concerned."

HeinOnline -- 1989 vol. II 1426 1989

Section 9. Section 53-3-308, MCA, is amended to read:

**"53-3-308. Responsibility for general relief.** (1) The county boards of public welfare and the department, in accordance with this chapter and other relevant statutes, are responsible for the provision of general relief as follows:

(a) Counties without state-assumed welfare services shall provide general relief consistent with their duties as specified in Title 53, chapter 2, parts 3 and 7, and this chapter.

(b) In counties with state-assumed welfare services, general relief must be provided by the department and must be consistent with its duties as specified in Title 53, chapter 2, part 8, and this chapter.

(2) In counties without state-assumed welfare services, general relief must be paid from the county poor fund as authorized in 53-2-321 through 53-2-323.

(3) In counties with state-assumed welfare services, general relief must be paid from and may not exceed money available through:

(a) a general appropriation for such purpose;

(b) county mill levies as provided for in 53-2-813; and

(c) federal or other assistance."

Section 10. **Services for recipients in need of special assistance.** (1) Unless otherwise exempted, in a county with state-assumed welfare services, a person who has a serious barrier to employment or who suffers from drug or alcohol dependency shall report to the agency designated pursuant to 53-3-304(2) to implement a job search, training, and work program for the purpose of receiving an assessment to determine whether the person is likely to benefit from counseling, therapy, or rehabilitation. The agency shall require that the person be enrolled in either:

(a) a job search, training, and work program established under 53-3-304, except that he need not participate in the job search program under 53-3-304(3)(d) until the agency determines that he is ready to participate in the work force; or

(b) a program designed specifically to help that person overcome problems that impair the potential for employment.

(2) Subject to available funding, a program provided for in subsection (1)(b) may include the following elements:

(a) assessment and testing;

(b) an employability plan;

(c) remedial education or job skills training, if required by the employability plan; and

(d) services, including counseling, therapy, and rehabilitation, to address serious barriers to employment and drug or alcohol dependency.

HeinOnline -- 1989 vol. II 1427 1989

(3) In order to encourage rehabilitation, the department may restrict services to persons suffering from drug or alcohol dependency to one intervention through the provision of services described in subsections (2)(a) through (2)(d). The department may continue to provide up to 3 months of additional benefits for those persons participating in a drug or alcohol rehabilitation program. This 3-month extension extends those limitations in [section 4].

Section 11. **Coordination requirements — consolidation of programs authorized.** (1) The governor shall assure that program activities under 53-3-304 and [section 10] are coordinated with programs administered under the federal Job Training Partnership Act and any other relevant employment, training, education, or work program in this state.

(2) The governor may consolidate the program provided for in 53-3-304 and [section 10] with other programs in order to maximize coordination of program activities as required in subsection (1) and to prevent overlapping and duplication of services.

Section 12. Section 53-3-313, MCA, is amended to read:

"**53-3-313. Selection of medical providers — conditions of participation.** *(1)* In arranging for medical care for those unable to provide it for themselves, the county board of public welfare or the department may select a medical provider.

*(2) As a condition of participation in the general relief medical program, a provider of medical services must accept as payment in full the amount paid by the state or county for such services.*

*(3) No provider of medical services may seek from a recipient any payment in addition to the amount paid by the state or county for such services.*"

Section 13. **Repealer.** Section 53-3-108, MCA, is repealed.

Section 14. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 15. **Codification instruction.** [Sections 1, 2, 4, 10, and 11] are intended to be codified as an integral part of Title 53, chapter 3, and the provisions of Title 53, chapter 3, apply to [sections 1, 2, 4, 10, and 11].

Section 16. **Coordination instruction.** If Senate Bill No. 128 [LC 129] is passed and approved and if it includes a section renumbering 53-3-304(3)(d), then the reference to 53-3-304(3)(d) in [section 10 of this act] is changed to correspond to the renumbering contained in Senate Bill No. 128 [LC 129].

Section 17. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in

HeinOnline -- 1989 vol. II 1428 1989

effect in all valid applications that are severable from the invalid applications.

Section 18. **Effective date.** [This act] is effective January 1, 1990.

STATEMENT OF INTENT

A statement of intent is required for this bill because [sections 3 and 4] authorize the department of health and environmental sciences to adopt rules. It is the intent of the legislature that the rules for asbestos in indoor air include standards for the use of air monitoring for:

(1) evaluation of asbestos-containing materials in buildings; and

(2) completion and reoccupancy after an asbestos project.

WHEREAS, people exposed to airborne asbestos fibers suffer significantly increased rates of lung cancer, mesothelioma, and other diseases; and

WHEREAS, to prevent unnecessary public exposure to asbestos fibers it is necessary to regulate and establish criteria for asbestos abatement practices and to require statewide standards for training and accreditation of asbestos workers.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Short title.** [This act] may be cited as the "Asbestos Control Act".

Section 2. **Definitions.** As used in [this act], unless the context requires otherwise, the following definitions apply:

HeinOnline -- 1989 vol. II 1429 1989

(1) "Accreditation" means a certificate issued by the department that permits a person to work in an asbestos-related occupation.

(2) "Asbestos" means asbestiform varieties of chrysotile, amosite, crocidolite, anthophyllite, tremolite, or actinolite.

(3) "Asbestos-related occupation" means an inspector, management planner, project designer, contractor, supervisor, or worker for an asbestos project.

(4) "Asbestos project" means the encapsulation, enclosure, removal, repair, renovation, placement in new construction, demolition of asbestos in a building or other structure, or the transportation or disposal of asbestos-containing waste. The term does not include a project that involves less than 3 square feet in surface area or 3 linear feet of pipe.

(5) "Department" means the department of health and environmental sciences as provided in 2-15-2101.

(6) "Person" means an individual, partnership, corporation, sole proprietorship, firm, enterprise, franchise, association, state or municipal agency, political subdivision of the state, or any other entity.

Section 3. **Rulemaking authority.** The department shall adopt rules establishing standards and procedures for accreditation of asbestos-related occupations and control of the work performed by persons in asbestos-related occupations. The rules must be consistent with federal law and include but are not limited to:

(1) standards for training course review and approval;

(2) standards for accreditation of applicants for asbestos-related occupations;

(3) examination requirements for accreditation of applicants for asbestos-related occupations;

(4) requirements for renewal of accreditation, including periodic refresher courses;

(5) revocation of accreditation;

(6) inspection requirements for asbestos projects and asbestos-related occupations credentials;

(7) criteria to determine whether and what type of control measures are necessary for an asbestos project and whether a project is completed in a manner sufficient to protect public health, including criteria setting allowable limits on indoor airborne asbestos. A determination of whether asbestos abatement of a structure is necessary may not be based solely upon the results of airborne asbestos testing.

(8) requirements for issuance of asbestos project permits and conditions that permitholders must meet;

(9) standards for seeking injunctions, criminal and civil penalties, or emergency actions;

HeinOnline -- 1989 vol. II 1430 1989

(10) advance notification procedures and issuance of permits for asbestos projects; and

(11) (a) fees for:

(i) review and approval of training courses;

(ii) application for and renewal of accreditation by a person seeking to pursue an asbestos-related occupation;

(iii) issuance of asbestos project permits; and

(iv) requested inspections of asbestos projects.

(b) fees must be commensurate with costs;

(c) for asbestos projects having a cost of $3,000 or less, the department shall issue asbestos project permits within 7 calendar days following the receipt of a properly completed permit application and the appropriate fee.

Section 4. **Facility permits — fee.** (1) The department shall provide by rule a procedure for the issuance of an annual asbestos project permit to any facility that has an asbestos health and safety program meeting department criteria and that continuously employs accredited asbestos workers. This permit allows a facility to conduct asbestos projects within the confines of the facility's controlled area during the period for which the permit is in force. The provisions of this permit may not preclude state and federal requirements for asbestos project notification.

(2) The fee for a facility permit must reflect the actual cost of the department's application review, permit issuance, and facility inspections.

Section 5. **Accreditation requirements — restrictions.** (1) To qualify for accreditation in a particular asbestos-related occupation, a person must:

(a) (i) successfully complete an asbestos-related training course for that occupation approved by the department or the United States environmental protection agency; and

(ii) pass an examination approved by the department;

(b) satisfactorily demonstrate equivalent previous training or experience in the occupation as prescribed by department rule; or

(c) have successfully completed an asbestos-related training course for that occupation, approved by the United States environmental protection agency, during the time period immediately following the passage of [this act] and ending on December 31, 1989.

(2) After January 1, 1990, a person may not:

(a) engage in an asbestos-related occupation unless accredited in that occupation by the department;

(b) conduct an asbestos project without a permit from the department or violate the conditions of a permit;

(c) contract with or employ in an asbestos-related occupation a person not accredited in that occupation by the department; or

HeinOnline -- 1989 vol. II 1431 1989

(d) offer a training course for an asbestos-related occupation to meet the accreditation requirements of this section unless the department approves the course.

(3) A person who applies for accreditation shall submit the fees and follow procedures prescribed by department rule.

Section 6. **Fee disposition.** The department shall deposit fees collected under [this act] into the resource indemnity trust fund created in 15-38-201.

Section 7. **Records.** A person engaged in an asbestos project shall maintain the records required by department rule concerning the nature of project activities.

Section 8. **Advisory committee.** (1) An advisory committee is created to coordinate and advise the department on the formulation of rules to be promulgated by the department under [sections 3 and 4]. This advisory committee consists of at least one representative from the following:

(a) asbestos manufacturing and construction industries;

(b) asbestos suppliers;

(c) building industries;

(d) labor organizations;

(e) employers with employees involved in on-premises asbestos abatement; and

(f) other individuals as considered appropriate by the department.

(2) The advisory committee must be abolished upon final adoption of rules provided for in [sections 3 and 4].

Section 9. **Criminal penalties — disposition of civil penalties.** (1) The department may suspend, deny, or revoke the accreditation of or reprimand a person who:

(a) fraudulently or deceptively obtains or attempts to obtain accreditation;

(b) fails to meet the qualifications for accreditation or comply with the requirements of [this act] or any rule adopted by the department; or

(c) fails to meet any applicable federal or state standard for asbestos projects.

(2) Notwithstanding the provisions of any other law, a person who purposely or knowingly violates any provision of [this act] or an adopted rule or order issued pursuant to [this act] is guilty of a misdemeanor.

(3) If the department determines that a violation of [this act] or a rule promulgated pursuant to [this act] has occurred, it may issue an order compelling the person receiving the order to end the violation immediately.

(4) In addition to or instead of the remedies listed in subsections (1) through (3), an accredited person who purposely or knowingly violates [this

HeinOnline -- 1989 vol. II 1432 1989

act] or a rule adopted pursuant to [this act] that concerns the conduct of an asbestos project may be assessed a civil penalty by the district court of not more than $1,000 a day for an initial violation and $5,000 a day for each subsequent violation occurring within a 3-year period from the date of the initial violation.

(5) A district court may assess a civil penalty of not more than $25,000 a day upon a person who engages in an asbestos project without valid accreditation or a permit. In the case of a continuing violation, each day the violation continues constitutes a separate violation.

(6) Civil penalties collected under [this act] must be deposited into the resource indemnity trust fund created in 15-38-201.

Section 10. **Coordination instruction.** If [Senate Bill No. 259 (LC 857)] is not passed and approved, [this act] is not void.

Section 11. **Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 12. **Effective dates.** (1) [Sections 3, 4, 8, and this section] are effective July 1, 1989.

(2) [Sections 1, 2, 5 through 7, and 9] are effective January 1, 1990.

Approved April 20, 1989.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 40-8-125, MCA, is amended to read:

**"40-8-125. Effect of final decree.** (1) After the final decree of adoption is entered, the relation of parent and child and all the rights, duties, and other legal consequences of the natural relation of child and parent shall thereafter exist between such adopted child and the adoptive parents adopting such child and the kindred of the adoptive parents.

(2) After *the* final decree of adoption is entered, the natural parents and the kindred of the natural parents of the adopted child, unless they are the adoptive parents or the spouse of an adoptive parent, shall be relieved of

HeinOnline -- 1989 vol. II 1433 1989

all parental responsibilities for said child and have no rights over such adopted child.

*(3) The relationship of parent and child for the purposes of intestate succession is governed by Title 72."*

Section 2. Section 72-1-108, MCA, is amended to read:

**"72-1-108. Evidential rules applicable — evidence as to death or status.** (1) In proceedings under this code the rules of evidence in courts of general jurisdiction, including any relating to simultaneous deaths, are applicable unless specifically displaced by the code.

(2) In addition, the following rules relating to determination of death and status are applicable:

(a) A certified or authenticated copy of a death certificate purporting to be issued by an official or agency of the place where the death purportedly occurred is prima facie proof of the fact, place, date, and time of death and the identity of the decedent.

(b) A certified or authenticated copy of any record or report of a governmental agency, domestic or foreign, that a person is missing, detained, dead, or alive is prima facie evidence of the status and of the dates, circumstances, and places disclosed by the record or report.

*(c) In the absence of prima facie evidence of death under subsection (2)(a) or (2)(b), the fact of death may be established by clear and convincing evidence, including circumstantial evidence.*

*(d)* A person *whose death is not established under subsections (2)(a) through (2)(c),* who is absent for a continuous period of 5 years, during which he has not been heard from, and whose absence is not satisfactorily explained after diligent search or inquiry is presumed to be dead. His death is presumed to have occurred at the end of the period unless there is sufficient evidence for determining that death occurred earlier."

Section 3. Section 72-2-104, MCA, is amended to read:

**"72-2-104. Homicide — effect on intestate succession, wills, joint assets, life insurance, and beneficiary designations.** (1) A surviving spouse, heir, or devisee who feloniously and intentionally kills the decedent is not entitled to any benefits under the will or under this chapter, and the estate of *the* decedent passes as if the killer had predeceased the decedent. Property appointed by the will of the decedent to or for the benefit of the killer passes as if the killer had predeceased the decedent.

(2) Any joint tenant who feloniously and intentionally kills another joint tenant thereby effects a severance of the interest of the decedent so that the share of the decedent passes as his property and the killer has no rights by survivorship. This provision applies to joint tenancies in real and personal property, joint accounts in banks, savings and loan associations, credit unions, and other institutions, and any other form of co-ownership with survivorship incidents.

(3) A named beneficiary of a bond, life insurance policy, or other contractual arrangement who feloniously and intentionally kills the principal

HeinOnline -- 1989 vol. II 1434 1989

obligee or the person upon whose life the policy is issued is not entitled to any benefit under the bond, policy, or other contractual arrangement, and it becomes payable as though the killer had predeceased the decedent.

(4) Any other acquisition of property or interest by the killer shall be treated in accordance with the principles of this section.

(5) A final judgment of conviction of felonious and intentional killing is conclusive for purposes of this section. In the absence of a conviction of felonious and intentional killing, the court may determine by a preponderance of evidence whether the killing was felonious and intentional for purposes of this section.

(6) This section does not affect the rights of any person who, before rights under this section have been adjudicated, purchases from the killer for value and without notice property which the killer would have acquired except for this section, but the killer is liable for the amount of the proceeds or the value of the property. Any insurance company, bank, or other obligor making payment according to the terms of its policy or obligation is not liable by reason of this section unless prior to payment it has received at its home office or principal address written notice of a claim under this section.

*(7) For the purposes of this section, a felonious and intentional killing includes a deliberate homicide as defined in 45-5-102 and a mitigated deliberate homicide as defined in 45-5-103.*"

Section 4. Section 72-2-202, MCA, is amended to read:

"**72-2-202. Share of spouse.** The intestate share of the surviving spouse is:

(1) if there is no surviving issue or if there are surviving issue all of whom are issue of the surviving spouse also, the entire remaining estate;

(2) if there are surviving issue one or more of whom are not issue of the surviving spouse, as follows:

(a) if there is surviving only one child or the issue of one child, one-half of the intestate estate;

(b) if there are surviving *two or more children, the issue of two or more deceased children, or one or more children* and the issue of one or more deceased children, one-third of the intestate estate."

Section 5. Section 72-2-305, MCA, is amended to read:

(2) A will is not invalid because the will is signed by an interested witness."

Section 6. Section 72-2-516, MCA, is amended to read:

"**72-2-516. Nonademption of specific devises in certain cases.** *(1)* A specific devisee has the right to the specifically devised property and:

HeinOnline -- 1989 vol. II 1435 1989

(a) any balance of the purchase price (together with any security interest) owing from a purchaser to the testator at death by reason of sale of the property;

(b) any amount of a condemnation award for the taking of the property unpaid at death;

(c) any proceeds unpaid at death on fire or casualty insurance on the property; and

(d) property owned by testator at his death, as a result of foreclosure or obtained in lieu of foreclosure of the security for a specifically devised obligation.

*(2) If specifically devised property is sold by a conservator or an agent acting within the authority of a durable power of attorney for a principal who is under a disability, or if a condemnation award or insurance proceeds are paid to a conservator or an agent acting within the authority of a durable power of attorney for a principal who is under a disability, as a result of condemnation, fire, or casualty, the specific devisee has the right to a general pecuniary devise equal to the net sale price, the condemnation award, or the insurance proceeds. This subsection does not apply if after the sale, condemnation, or casualty it is adjudicated that the disability of the testator has ceased and the testator survives the adjudication by 1 year. The right of the specific devisee under this subsection is reduced by any right he has under subsection (1).*"

Section 7. Section 72-2-517, MCA, is amended to read:

"**72-2-517. Changes in devised securities — distributions prior to death.** (1) If the testator intended a specific devise of certain securities rather than the equivalent value thereof, the specific devisee is entitled only to:

(a) as much of the devised securities as is a part of the estate at time of the testator's death;

(b) any additional or other securities of the same entity owned by the testator by reason of action initiated by the entity, *excluding any securities acquired by exercise of purchase options*;

(c) securities of another entity owned by the testator as a result of a merger, consolidation, reorganization, or other similar action initiated by the entity; and

(d) any additional securities of the entity owned by the testator as a result of a plan of reinvestment.

(2) Distributions prior to death with respect to a specifically devised security not provided for in subsection (1) are not part of the specific devise."

Section 8. Section 72-2-704, MCA, is amended to read:

"**72-2-704. Surviving spouse — allowance — exemptions.** A surviving spouse is entitled to homestead allowance, exempt property, and family allowance whether or not he elects to take an elective share."

HeinOnline -- 1989 vol. II 1436 1989

Section 9. Section 72-3-122, MCA, is amended to read:

**"72-3-122. Time limit on probate, testacy, and appointment proceedings — exceptions.** (1) No informal probate or appointment proceeding or formal testacy or appointment proceeding, other than a proceeding to probate a will previously probated at the testator's domicile and appointment proceedings relating to an estate in which there has been a prior appointment, may be commenced more than 3 years after the decedent's death, except:

(a) if a previous proceeding was dismissed because of doubt about the fact of the decedent's death, appropriate probate, appointment, or testacy proceedings may be maintained at any time thereafter upon a finding that the decedent's death occurred prior to the initiation of the previous proceeding and the applicant or petitioner has not delayed unduly in initiating the subsequent proceeding;

(b) appropriate probate, appointment, or testacy proceedings may be maintained in relation to the estate of an absent, disappeared, or missing person for whose estate a conservator has been appointed at any time within 3 years after the conservator becomes able to establish the death of the protected person;

(c) a proceeding to contest an informally probated will and to secure appointment of the person with legal priority for appointment in the event the contest is successful may be commenced within the later of 12 months from the informal probate or 3 years from the decedent's death; *and*

*(d) if no proceeding concerning the succession or administration of the estate has occurred within 3 years after the decedent's death, a formal testacy proceeding may be commenced at any time thereafter for the sole purpose of establishing a devise of property which the devisee or his successors and assigns possessed in accordance with the will or property which was not possessed or claimed by anyone by virtue of the decedent's title during the 3-year period, and the order of the court must be limited to that property.*

(2) These limitations do not apply to proceedings to construe probated wills or determine heirs of an intestate.

(3) In cases under (1)(a) or (1)(b) above, the date on which a testacy or appointment proceeding is properly commenced shall be deemed to be the date of the decedent's death for purposes of other limitations provisions of this code which relate to the date of death."

Section 10. Section 72-3-213, MCA, is amended to read:

**"72-3-213. Rules for grant or denial of informal probate.** (1) A will which appears to have the required signatures and which contains an attestation clause showing that requirements of execution under 72-2-302, 72-2-303, or 72-2-306 have been met shall be probated without further proof. In other cases the clerk may assume execution if the will appears to be properly executed, or he may accept a sworn statement or affidavit of any person having knowledge of the circumstances of execution, whether or not the person was a witness to the will.

HeinOnline -- 1989 vol. II 1437 1989

(2) The application shall be denied if it indicates that a personal representative has been appointed in another county of this state or, except as provided in subsection (3) below, if it appears that this or another will of the decedent has been the subject of a previous probate order.

(3) Informal probate of a will which has been previously probated elsewhere may be granted at any time upon written application by any interested person, together with deposit of an authenticated copy of the will and of the statement probating it from the office or court where it was first probated.

(4) A will from a place which does not provide for probate of a will after death and which is not eligible for probate under 72-3-212 may be probated in this state upon receipt by the clerk of a duly authenticated copy of the will and a duly authenticated certificate of its legal custodian that the copy filed is a true copy and that the will has become operative under the law of the other place.

(5) Application for informal probate which relates to one or more of a known series of testamentary instruments (other than *a will and one or more codicils to the will*), the latest of which does not expressly revoke the earlier, shall be declined."

Section 11. Section 72-3-603, MCA, is amended to read:

**"72-3-603. Notice of appointment to heirs and devisees.** (1) Not later than 30 days after his appointment, every personal representative, except any special administrator, shall give information of his appointment to the heirs and devisees, including, if there has been no formal testacy proceeding and if the personal representative was appointed on the assumption that the decedent died intestate, the devisees in any will mentioned in the application for appointment of a personal representative. The information shall be delivered or sent by ordinary mail to each of the heirs and devisees whose address is reasonably available to the personal representative. The duty does not extend to require information to persons who have been adjudicated in a prior formal testacy proceeding to have no interest in the estate.

(2) *(a)* The information *must*:

*(i)* include the name and address of the personal representative;

*(ii)* indicate that it is being sent to persons who have or may have some interest in the estate being administered;

*(iii)* indicate whether bond has been filed; and

*(iv)* describe the court where papers relating to the estate are on file.

*(b) The information must state that the estate is being administered by the personal representative under the uniform probate code without supervision by the court but that recipients are entitled to information regarding the administration from the personal representative and may petition the court in any matter relating to the estate, including distribution of assets and expenses of administration.*

HeinOnline -- 1989 vol. II 1438 1989

(3) The personal representative's failure to give this information is a breach of his duty to the persons concerned but does not affect the validity of his appointment, his powers, or other duties.

(4) A personal representative may inform other persons of his appointment by delivery or ordinary first-class mail."

Section 12. Section 72-3-607, MCA, is amended to read:

**"72-3-607. Inventory — appraisal — copy to department of revenue.** (1) Within *the time required for the filing of a United States estate tax return plus any extensions granted by the internal revenue service*, a personal representative, who is not a special administrator or a successor to another representative who has previously discharged this duty, shall prepare and file or mail an inventory, which inventory shall include listing of all property which:

(a) the decedent owned, had an interest in or control over, individually, in common, or jointly, or otherwise had at the time of his death;

(b) the decedent had possessory or dispository rights over at the time of his death or had disposed of for less than its fair market value within 3 years of his death; or

(c) was affected by the decedent's death for the purpose of inheritance or estate taxes.

(2) The inventory shall include a statement of the full and true value of the decedent's interest in every item listed in such inventory. In this connection the personal representative shall appoint one or more qualified and disinterested persons to assist him in ascertaining the fair market value as of the date of the decedent's death of all assets included in the estate. Different persons may be employed to appraise different kinds of assets included in the estate. The names and addresses of any appraiser shall be indicated on the inventory with the item or items he appraised.

(3) The personal representative shall send a copy of the inventory to interested persons who request it, or he may file the original of the inventory with the court. In any event, a copy of the inventory and statement of value shall be mailed to the department of revenue."

Section 13. Section 72-3-805, MCA, is amended to read:

**"72-3-805. Allowance and disallowance of claims — interest on allowed claims.** (1) As to claims presented in the manner described in 72-3-804 within the time limit prescribed in 72-3-803, the personal representative may mail a notice to any claimant stating that the claim has been disallowed. If, after allowing or disallowing a claim, the personal representative changes his decision concerning the claim, he shall notify the claimant. The personal representative may not change a disallowance of a claim after the time for the claimant to file a petition for allowance or to commence a proceeding on the claim has run and the claim has been barred. Every claim which is disallowed in whole or in part by the personal representative is barred so far as not allowed unless the claimant files a petition for allowance in the court or commences a proceeding against the personal representative not later than 60 days after the mailing of the notice of

HeinOnline -- 1989 vol. II 1439 1989

disallowance or partial allowance if the notice warns the claimant of the impending bar. Failure of the personal representative to mail notice to a claimant of action on his claim for 60 days after the time for original presentation of the claim has expired has the effect of a notice of *allowance.*

*(2) After allowing or disallowing a claim, the personal representative may change the allowance or disallowance as provided in this section. The personal representative may change the allowance to a disallowance, in whole or in part, prior to payment, but not after allowance by a court order or judgment or an order directing payment of the claim. The personal representative shall notify the claimant of the change to disallowance, and the disallowed claim is then subject to bar as provided in subsection (1). The personal representative may change a disallowance to an allowance, in whole or in part, until it is barred under subsection (1). After it is barred, it may be allowed and paid only if the estate is solvent and all successors whose interests would be affected consent.*

*(3)* Upon the petition of the personal representative or of a claimant in a proceeding for the purpose, the court may allow, in whole or in part, any claim or claims presented to the personal representative or filed with the clerk of the court in due time and not barred by subsection (1). Notice in this proceeding shall be given to the claimant, the personal representative, and those other persons interested in the estate as the court may direct by order entered at the time the proceeding is commenced.

*(4)* A judgment in a proceeding in another court against a personal representative to enforce a claim against a decedent's estate is an allowance of the claim.

*(5)* Unless otherwise provided in any judgment in another court entered against the personal representative, *an* allowed *claim bears* interest at the legal rate for the period commencing 60 days after the time for original presentation of the claim has expired unless based on a contract making a provision for interest, in which case *the claim bears* interest in accordance with that provision."

Section 14. Section 72-3-902, MCA, is amended to read:

**"72-3-902. Distribution in kind preferred — method — valuation.** Unless a contrary intention is indicated by the will, the distributable assets of a decedent's estate shall be distributed in kind to the extent possible through application of the following provisions:

(1) A specific devisee is entitled to distribution of the thing devised to him, and a spouse or child who has selected particular assets of an estate as provided in 72-2-802 shall receive the items selected.

(2) Any homestead or family allowance or devise *of a stated sum of* money may be satisfied in kind, provided:

(a) the person entitled to the payment has not demanded payment in cash;

(b) the property distributed in kind is valued at fair market value as of the date of its distribution; and

HeinOnline -- 1989 vol. II 1440 1989

(c) no residuary devisee has requested that the asset in question remain a part of the residue of the estate.

(3) For the purpose of valuation under subsection (2), *any security* regularly traded on *a* recognized *exchange*, if distributed in kind, *is* valued at the price for the last sale of like securities traded on the business day prior to distribution or, if there was no sale on that day, at the median between amounts bid and *asked* at the close of that day. *An asset* consisting of *a sum* owed the decedent or the estate by *a* solvent *debtor* as to which there is no known dispute or defense *is* valued at the sum due with accrued interest or discounted to the date of distribution. For *an asset* which *has no* readily ascertainable *value*, a valuation as of a date not more than 30 days prior to the date of distribution, if otherwise reasonable, controls. For purposes of facilitating distribution, the personal representative may ascertain the value of *any asset* as of the time of the proposed distribution in any reasonable way, including the employment of qualified appraisers, even if the *asset* may have been previously appraised.

(4) The residuary estate shall be distributed in *any equitable manner.*"

Section 15. Section 72-3-917, MCA, is amended to read:

"**72-3-917. Distribution to person under disability.** *(1)* A personal representative may discharge his obligation to distribute to any person under legal disability by distributing *in a manner expressly provided in the will.*

*(2) Unless contrary to an express provision in the will, the personal representative may discharge his obligation to distribute to a minor or person under other disability as authorized by 72-5-501 or any other statute. If the personal representative knows that a conservator has been appointed or that a proceeding for appointment of a conservator is pending, the personal representative is authorized to distribute only to the conservator.*

*(3) (a) If the heir or devisee is under disability other than minority, the personal representative is authorized to distribute to:*

*(i) an attorney-in-fact who has authority under a power of attorney to receive property for that person; or*

*(ii) the spouse, parent, or other close relative with whom the person under disability resides if the distribution is of amounts not exceeding $10,000 a year or property not exceeding $10,000 in value, unless the court authorizes a larger amount or greater value.*

*(b) Any person receiving money or property for the disabled person is obligated to apply the money or property to the support of that person, but may not pay himself except by way of reimbursement for out-of-pocket expenses for goods and services necessary for the support of the disabled person. Excess sums must be preserved for future support of the disabled person. The personal representative is not responsible for the proper application of money or property distributed pursuant to this subsection (3).*"

Section 16. Section 72-3-1103, MCA, is amended to read:

HeinOnline -- 1989 vol. II 1441 1989

**"72-3-1103. Summary procedure for disbursement and distribution.** If it appears from the inventory and appraisal that the value of the entire estate, less liens and encumbrances, does not exceed homestead allowance, exempt property, family allowance, costs and expenses of administration, reasonable funeral expenses, and reasonable and necessary medical and hospital expenses of the last illness of the decedent, the personal representative, without giving notice to *the* creditors, may immediately disburse and distribute the estate to the persons entitled thereto and file a closing statement as provided in 72-3-1104."

Section 17. Section 72-3-1104, MCA, is amended to read:

**"72-3-1104. Closing by sworn statement of personal representative — termination of appointment.** (1) Unless prohibited by order of the court and except for estates being administered by supervised personal representatives, a personal representative may close an estate administered under the summary procedures of 72-3-1103 by filing with the court, at any time after disbursement and distribution of the estate, a verified statement stating that:

(a) to the best knowledge of the personal representative, the value of the entire estate, less liens and encumbrances, did not exceed homestead allowance, exempt property, family allowance, costs and expenses of administration, reasonable funeral expenses, and reasonable, necessary medical and hospital expenses of the last illness of the decedent;

(b) the personal representative has fully administered the estate by payment of inheritance taxes and by disbursing and distributing it to the persons entitled thereto; and

(c) the personal representative has sent a copy of the closing statement to all distributees of the estate and to all creditors or other claimants of whom he is aware whose claims are neither paid nor barred and has furnished a full account in writing of his administration to the distributees whose interests are affected.

(2) If no actions or proceedings involving the personal representative are pending in the court 1 year after the closing statement is filed, the appointment of the personal representative terminates.

(3) A closing statement filed under this section has the same effect as one filed under 72-3-1004."

Section 18. Section 72-5-302, MCA, is amended to read:

**"72-5-302. Testamentary appointment of guardian for incapacitated person — when effective — priorities.** (1) The parent of an *unmarried* incapacitated person may *appoint* by will *or other writing signed by the parent and attested by at least two witnesses* a guardian of the incapacitated person. *If both parents are dead or the surviving parent is adjudged incapacitated, a parental* appointment becomes effective when, after having given 7 days' prior written notice of intention to do so to the incapacitated person and to the person having care *of the person* or to *the* nearest adult relative, the guardian files acceptance of appointment in the court in which the will is informally or formally probated, *or, in the case*

HeinOnline -- 1989 vol. II 1442 1989

*of a nontestamentary nominating instrument, in the court at the place where the incapacitated person resides or is present. The notice must state that the appointment may be terminated by filing a written objection in the court, as provided by 72-5-304.* If both parents are dead, an effective appointment by the parent who died later has priority.

(2) The spouse of a married incapacitated person may *appoint* by will *or other writing signed by the spouse and attested by at least two witnesses* a guardian of the incapacitated person. The appointment becomes effective when, after having given 7 days' prior written notice of intention to do so to the incapacitated person and to the person having care *of the incapacitated person* or to *the* nearest adult relative, the guardian files acceptance of appointment in the court in which the will is informally or formally probated *or, in the case of nontestamentary nominating instrument, in the court at the place where the incapacitated person resides or is present. The notice must state that the appointment may be terminated by filing a written objection in the court, as provided by 72-5-304.* An effective appointment by a spouse has priority over an appointment by a parent."

Section 19. Section 72-5-303, MCA, is amended to read:

**"72-5-303. Recognition of appointment of guardian by foreign will.** *An* appointment effected by filing *the guardian's* acceptance under a will probated *in the state of the decedent's* domicile *is effective in this state.*"

Section 20. Section 72-5-304, MCA, is amended to read:

**"72-5-304. Objection by alleged incapacitated person to testamentary appointment.** *Upon* the filing *in* the court in which the will was probated *or, in the case of a nontestamentary nominating instrument, in the court at the place where the incapacitated person resides or is present,* of written objection to the appointment by the *incapacitated* person for whom a *parental or spousal* appointment of guardian has been made, the appointment is terminated. An objection does not prevent appointment by the court in a proper proceeding of the *parental or spousal* nominee or any other suitable person upon an adjudication of incapacity in proceedings under *72-5-305 through 72-5-325.*"

Section 21. Section 72-5-325, MCA, is amended to read:

**"72-5-325. Petition for removal or resignation of guardian — termination of incapacity.** (1) On petition of the ward or any person interested in *the ward's* welfare, the court, *after hearing,* may remove a guardian if in the best interests of the ward. On petition of the guardian, the court, *after hearing,* may accept *a* resignation.

(2) An order adjudicating incapacity may specify a minimum period, not exceeding *6 months,* during which *a* petition for an adjudication that the ward is no longer incapacitated may *not* be filed without special leave. Subject to *that* restriction, the ward or any person interested in *the* welfare *of the ward* may petition for an order that *the ward* is no longer incapacitated and for *termination* of the *guardianship.* A request for *an* order may *also* be made *informally* to the court, and any person who knowingly interferes with transmission of *the* request may be adjudged guilty of contempt of court.

HeinOnline -- 1989 vol. II 1443 1989

(3) *Upon removal, resignation, or death of the* guardian *or if the* guardian *is determined to be incapacitated,* the court may *appoint a successor* guardian and *make any other appropriate order. Before appointing a successor guardian or ordering that a ward's incapacity has terminated, the court shall follow the same procedures to safeguard the rights of the ward that apply to a petition for appointment of a guardian.*"

Section 22. Section 72-5-438, MCA, is amended to read:

"**72-5-438. Accounts — final and intermediate.** (1) *Each* conservator *shall* account to the court for administration of the trust *not less than* annually, *unless the court directs otherwise,* upon resignation or removal, *and at other times as the court may direct.* On termination of the protected person's minority or disability, a conservator *shall* account to the court or to the *formerly* protected person or *the successors of that person.*

(2) Subject to appeal or vacation within the time permitted, an order, *after* notice and hearing, allowing an intermediate account of a conservator adjudicates as to liabilities concerning the matters considered in connection *with the hearing*; and an order, *following* notice and hearing, allowing a final account adjudicates as to all previously unsettled liabilities of the conservator to the protected person or *the protected person's* successors relating to the conservatorship.

(3) In connection with any account, the court may require a conservator to submit to a physical check of the estate, to be made in any manner the court *specifies.*"

Section 23. Section 72-5-435, MCA, is amended to read:

"**72-5-435. Persons dealing with conservator — protection.** (1) A person who in good faith either assists a conservator or deals with him for value in any transaction other than those requiring a court order as provided in 72-5-421 is protected as if the conservator properly exercised the power. The fact that a person knowingly deals with a conservator does not alone require the person to inquire into the existence of a power or the propriety of its exercise, except that restrictions on powers of conservators which are endorsed on letters as provided in 72-5-430 are effective as to third persons. A person is not bound to see to the proper application of estate assets paid or delivered to a conservator.

(2) The protection expressed *in this section* extends to *any* procedural irregularity or jurisdictional defect *occurring* in proceedings leading to the issuance of letters *and is not a substitution for protection provided by comparable provisions of the law relating to commercial transactions or laws simplifying transfers of securities by fiduciaries.*

(3) The protection here expressed is not by substitution for that provided by comparable provisions of the laws relating to commercial transactions and laws simplifying transfers of securities by fiduciaries."

Section 24. Section 72-5-501, MCA, is amended to read:

"**72-5-501. When power of attorney not affected by disability.** (1) A durable power of attorney is a power of attorney by which a principal designates another his attorney-in-fact or agent in writing and the writing

HeinOnline -- 1989 vol. II 1444 1989

contains the words, "This power of attorney shall not be affected by subsequent disability or incapacity of the principal or lapse of time" or "This power of attorney shall become effective upon the disability or incapacity of the principal" or similar words showing the intent of the principal that the authority conferred shall be exercisable notwithstanding the principal's subsequent disability or incapacity, and, unless it states a time of termination, notwithstanding the lapse of time since the execution of the instrument. All acts done by the attorney-in-fact pursuant to *a durable* power *of attorney* during any period of disability or incapacity *of* the principal have the same effect and inure to the benefit of and bind the principal and his successors in interest as if the principal were alive, competent, and not disabled. *Unless the instrument states a time of termination, the power is exercisable notwithstanding the lapse of time since the execution of the instrument.*

(2) If a conservator thereafter is appointed for the principal, the attorney-in-fact or agent, during the continuance of the appointment, is accountable to the conservator as well as the principal. The conservator has the same power to revoke or amend the power of attorney that the principal would have had if he were not disabled or incapacitated. A principal may nominate, by a durable power of attorney, the conservator of his estate or guardian of his person for consideration by the court if protective proceedings for the principal's person or estate are *later* commenced. The court shall make its appointment in accordance with the principal's most recent nomination in a durable power of attorney except for good cause or disqualification."

Section 25. Section 72-16-301, MCA, is amended to read:

**"72-16-301. Taxable transfers generally — contemplation of death.** *(1)* A tax shall be and is hereby imposed upon any transfer of property, real, personal, or mixed, or any interest therein or income therefrom in trust or otherwise to any person, association, or corporation in the following cases, except as provided *in this section*:

*(a)* when the transfer is by will or by intestate laws of this state from any person dying possessed of the property while a resident of the state;

*(b)* when a transfer is by will or intestate law of property within the state or within its jurisdiction and the decedent was a nonresident of the state at the time of his death; *or*

*(c)* when the transfer is of property made by a resident or by a nonresident when such nonresident's property is within the state or within its jurisdiction by deed, grant, bargain, sale, or gift made in contemplation of the death of the grantor, vendor, or donor or intended to take effect in possession or enjoyment at or after such death.

*(2) No* transfer made *before the 3-year period ending on the date of the decedent's* death shall be *considered* to have been made in contemplation of death.

*(3) Every transfer during the* 3-year period *ending on the date of the decedent's death must be considered to have been made in contemplation of death, except:*

*(a) no transfer shown to be a bona fide sale for an adequate and full consideration in money or money's worth may be considered to be a gift made in contemplation of death;*

*(b) if the transfer was a gift to a donee made during the calendar year and if the decedent was not required by section 6019 of the internal revenue code to file any gift tax return for the year with respect to the donee, the transfer may not be considered to be a gift made in contemplation of death.*

*(4) Subsection (3)(b) does not apply to any transfer with respect to a life insurance policy."*

Section 26. Section 72-16-302, MCA, is amended to read:

**"72-16-302. Transfer under power of appointment.** *(1) To the extent of any property with respect to which the decedent has at the time of his death a general* power of appointment, such *property* shall be *considered to have been transferred in* a transfer taxable under the provisions of parts 1 through 8, *whether or not the decedent exercised the power of appointment.*

*(2) The term "general power of appointment" means a power that is exercisable in favor of the decedent, his estate, his creditors, or the creditors of his estate, except that a power to consume, invade, or appropriate property for the benefit of the decedent which is limited by an ascertainable standard relating to the health, education, support, or maintenance of the decedent may not be considered a general power of appointment."*

Section 27. Section 72-16-303, MCA, is amended to read:

**"72-16-303. Joint estates — transfer by right of survivorship taxable.** (1) Whenever any property is held by two or more persons in joint tenancy *with right of survivorship*, the right of the survivor or survivors to the immediate possession or ownership is a taxable transfer.

(2) The tax is *on the full value of the property held as joint tenants with right of survivorship, except a part of the property as may be shown to have originally belonged to the survivor or survivors and never to have been received or acquired by the latter from the decedent for less than adequate and full consideration in money or money's worth. When the property or any part of the property, or part of the consideration with which the property was acquired, is shown to have been at any time acquired by the other person from the decedent for less than an adequate and full consideration in money or money's worth, only the part of the value of the property as is proportionate to the consideration furnished by the other person may be excepted. When any property has been acquired by gift, bequest, devise, or inheritance as joint tenants with right of survivorship and their interests are not otherwise specified or fixed by law, the tax is on the value of a fractional part to be determined by dividing the value of the property by the number of joint tenants with right of survivorship."*

Section 28. Section 72-16-906, MCA, is amended to read:

**"72-16-906. Required filings.** The personal representative of the estate of any decedent whose estate is subject to the payment of a United

States estate tax shall file *a duplicate* of the United States estate tax *return* with the department of revenue. He shall also file with the department a certificate or other evidence from the internal revenue service showing the amount of the United States estate tax as computed by *the internal revenue service.*"

Section 29. Section 72-26-502, MCA, is amended to read:

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 85-7-1501, MCA, is amended to read:

**"85-7-1501. Qualifications of commissioners and term of office.** (1) *A* person may *not* be a commissioner unless he is an owner of *irrigable* land within the *division of the* district *he is to represent* and is a resident of the county in which the division of the district or some portion *of the division* is situated.

(2) The commissioners appointed shall hold their respective offices until their respective successors are elected and qualified. Each of the commissioners shall qualify in the same manner as justices of the peace. The bond for a commissioner *must* be approved by the district court or judge *of the district court* and filed in the office of the clerk of the court."

HeinOnline -- 1989 vol. II 1449 1989

Section 2. Section 85-7-1703, MCA, is amended to read:

**"85-7-1703. Vacancies among commissioners.** In case of a vacancy in the board of commissioners, from any cause, *the* vacancy *must* be filled until the next regular or special election by appointment by the *board. The remaining commissioners shall constitute a quorum for the purpose of filling any vacancy. If a vacancy exists for every position on the board, the* judge of the district court of the county in which the division or major portion *of the division* is situated *shall make the appointments.* The appointee *must* be an owner of *irrigable* land within the *division of the* district *he represents and must* be a resident of the county in which the division of the district or some portion of the division is situated. *A commissioner appointed under this section* shall hold office until his successor is elected and qualified."

Section 3. Section 85-7-1710, MCA, is amended to read:

**"85-7-1710. Qualification of electors and nature of voting rights.** (1) At all elections held under the provisions of this part, except as otherwise expressly provided, the following holders of title or evidence of title to *irrigable* lands within the district, herein designated "electors", are entitled to vote:

(a) all individuals having the qualifications of electors under the constitution and general election laws of the state, except that no registration of electors may be required;

(b) guardians, executors, administrators, and trustees;

(c) domestic corporations, by their duly authorized agents.

(2) In all elections held under this part, each elector is permitted to cast one vote for each 40 acres of irrigable land or major fraction thereof owned by the elector within the district, irrespective of the location of the irrigable lands within the tracts designated by the commissioners for assessment and taxation purposes or within congressional subdivisions, platted lots or blocks (except as hereinafter provided for), election precincts, or district divisions, but any elector owning any less than 40 acres of irrigable land is entitled to one vote. Until the irrigable area under the proposed plan of reclamation is determined, all land included within the boundaries of the district *must* be considered irrigable land for election purposes.

(3) Whenever land is owned by co-owners, the owners may designate one of their number or an agent to cast the vote for the owners, and one vote only for each 40 acres of irrigable land or major fraction thereof may be cast by the voting co-owner or agent. Whenever land is under contract of sale to a purchaser residing within the state, the purchaser may vote on behalf of the owner of the land. When voting, the agent of a corporation or co-owners, the co-owner designated for purpose of voting, or the purchaser of land under contract of sale, as the case may be, shall file with the secretary of the district or with the election officials a written instrument of his authority, executed and acknowledged by the proper officers of the corporation, by the co-owners, or by the owner of land under contract of sale, as the case may be, and thereupon the agent or co-owner or purchaser, as the case may be, is an elector within the meaning of this part.

HeinOnline -- 1989 vol. II 1450 1989

Whenever the total irrigable acreage within any one district has been platted or subdivided into lots or blocks to the extent of 5% or more of the total acreage of the district or whenever the majority of the district board adopts a resolution allowing it, each elector is permitted to cast one vote for each acre of irrigable land or major fraction *of an acre of irrigable land* owned by the elector within the district, irrespective of the location of such irrigable lands within the tracts designated by the commissioners for assessment and taxation purposes or within the congressional subdivisions, but any elector owning any less than 1 acre of irrigable land within the district is entitled to one vote.

*(4) The board of commissioners shall choose one of the following methods of balloting:*

*(a)* 10 votes or less, separate ballots will be used; more than 10 votes, the elector shall vote in blocks of 10 using one ballot for each 10 votes and separate ballots for odd votes over multiples of 10*; or*

*(b) the elector shall submit a ballot that includes the number of acres owned and the number of votes being cast.*"

Section 4. Section 85-7-2136, MCA, is amended to read:

"**85-7-2136. Collection of taxes or assessment.** (1) On or before the third Monday in August of each year the board of commissioners shall furnish the agent of the department of revenue in each county in which any of the lands of the district are situate a correct list of all the district lands in *the* county, together with the amount of the total taxes or assessments against *the* lands for district purposes. The agent of the department of revenue in each county shall immediately thereafter, and prior to the delivery of the assessment book to the county treasurer, cause *the* assessment roll to be entered in the assessment book of *the* county for each year.

(2) It *is* the duty of the county treasurer of each county in which any irrigation district is located, in whole or in part, to collect and receipt for all taxes and assessments levied by *the* district, in the same manner and at the same time as is required in the collection of taxes upon real estate for county purposes as provided in 15-16-102. *The* treasurer shall receive from any taxpayer, at any time, the amount due on account of any district assessments of any kind, whether other taxes on the same real estate are paid or not.

*(3) If requested in writing by a board of commissioners of an irrigation district, the county treasurer may receive assistance from an employee of the irrigation district or a commissioner of the district for the purpose of collecting district assessments as provided in 15-16-102, investing district funds as directed by the board of commissioners of the district, and preparing district assessment notices.*

*(4)* When any real estate on account of which *the* district taxes and assessments have been levied has been sold to the county and tax certificate of sale is held by the county, the taxpayer may pay to the treasurer at any time any semiannual installment of *the* district tax or assessment, together with the penalty and interest to date of payment on such installment. *However, the* payment *may* not be *considered* a redemption of *the*

property from *the* tax sale but *must* be credited on account of any redemption that may be made. In case of any payment pursuant to this subsection, a separate tax receipt *must* issue showing exactly what assessments have been paid and *must* show that no other tax on *the* real estate has been received by *the* treasurer. *The* county treasurer *may* not collect or receive or receipt for any taxes levied for county purposes upon real estate situated wholly or in part within any irrigation district upon which an assessment for the purposes of *the* irrigation district has been levied unless the assessment levied for irrigation district purposes *is* paid as herein permitted and the receipt *for the payment* presented to the county treasurer at the time *the* taxes are paid, or paid at the same time."

Section 5. **Definition of irrigable land.** As used in this chapter, "irrigable land" means:

(1) land that can receive irrigation water and is classified as irrigable by the district or the United States government; or

(2) land decreed as taxable acreage under 85-7-1841 through 85-7-1845.

Section 6. **Codification instruction.** [Section 5] is intended to be codified as an integral part of Title 85, chapter 7, and the provisions of Title 85, chapter 7, apply to [section 5].

[HB 742]

AN ACT PROVIDING FLEXIBILITY IN ESTABLISHING GENERAL ASSISTANCE BY REPLACING BENEFIT SCHEDULES WITH AMOUNTS DETERMINED BY RULE; AMENDING SECTIONS 53-3-205, 53-3-206, AND 53-3-311, MCA; AND PROVIDING EFFECTIVE DATES.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 53-3-205, MCA, is amended to read:

**"53-3-205. Eligibility for general relief.** (1) A person or persons constituting a household may receive general relief assistance for basic necessities if the household is determined to be eligible under the provisions of this section and is in need of such assistance as a result of their infirmity, misfortune, or indigency.

(2) A household is eligible for general relief if the household income, exclusive of the first $50 earned each month by each household member, does not exceed *the amount established by the department by rule. The department shall establish the amount, taking into account the size of the household and the estimated number of eligible households. The amount must be based on a percentage of the federal poverty index. The percentage is established in the state general appropriations act.*

(3) Able-bodied persons without dependent minor children living in the household are not eligible for nonmedical general relief assistance, except as provided in 53-3-209.

(4) (a) When the household's income exceeds the monthly income standard for a household of that size because of receipt of lump-sum income, the household will be ineligible for general relief for the full number of months, beginning with the month of receipt, derived by dividing the total of the lump-sum income and other income by the monthly income standard for a household of that size. Any income remaining from this calculation will be considered as income in the first month following the period of ineligibility.

(b) The period of ineligibility may be recalculated if the household size changes or if a portion of the lump sum was used to pay medical bills for a serious medical condition.

(c) Ineligibility due to the receipt of a lump sum does not preclude eligibility for general relief medical assistance.

(5) All applicants for and recipients of general relief assistance who reside in the same residence are considered as one household.

(6) Prospective income that is reasonably certain to be received by the household during an eligibility period must be considered when determining eligibility.

(7) The following resources of a household must be excluded from consideration of resources for eligibility purposes:

(a) the domicile of the household, including necessary appurtenant land not exceeding 10 acres;

(b) a motor vehicle that has no more than $1,500 in equity value;

(c) personal items, clothing, household furniture, appliances, and other essential household items, the total equity value of which does not exceed resource eligibility limits established by rule; and

(d) tools of a trade that are essential to the current or future employment of a household member.

(8) A person who is committed or sentenced by legal process to a state institution or a secure facility or who is incarcerated in a secure facility pending resolution of legal process is not eligible for general relief.

(9) A person who resides for a period of 1 day or more in any state or federally operated institution or residence is not eligible for general relief for the period of that residency.

(10) For the purposes of an eligibility determination, an applicant for or recipient of general relief may be requested to produce all financial and other information concerning the household.

(11) Whenever practical, an eligibility determination must be made within 30 days of the date of application and the applicant must be notified in writing of the eligibility determination and the reasons for the determination.

HeinOnline -- 1989 vol. II 1453 1989

(12) An alien determined to be illegally within the United States is not eligible for general relief."

Section 2. Section 53-3-206, MCA, is amended to read:

**"53-3-206. Eligibility for general relief medical assistance.** (1) In order to be considered for eligibility for general relief medical assistance, a person must be found to have a serious medical condition.

(2) Eligibility for general relief medical assistance must be determined as provided in this section and 53-3-205. A person with a serious medical condition must apply for general relief medical assistance prior to the provision of medical services or within 90 days of the date the medical service is first provided. Eligibility is determined as of the date medical service is first provided.

(3) All persons who reside in the same residence and are legally related to or responsible for each other are considered to be one household for purposes of determining general relief medical assistance.

(4) All individual or household resources must be used to offset medical obligations except those excluded in 53-3-205(7).

(5) To determine eligibility for county general relief medical assistance, a county welfare board may promulgate rules to establish the circumstances under which persons are unable to pay for their medical aid and hospitalization. However, no household with an income exceeding 300% of the amount set forth in 53-3-205(2) is eligible for such medical assistance.

(6) In a county with state-assumed welfare services:

(a) covered medical services must be provided at no cost to the person residing in a household if the average household monthly income that is reasonably certain to be received in a 12-month period beginning with the month the medical service was provided does not exceed the amount in 53-3-205(2);

(b) a person is not eligible for medical services if the household in which he resides has an average monthly income reasonably certain to be received in a 12-month period beginning with the month the medical service was provided in excess of *the amount established by the department by rule. The department shall establish the amount, taking into account the size of the household and the estimated number of eligible households. The amount must be 150% of the amount established in 53-3-205(2).*

(c) if the average household monthly income reasonably certain to be received in a 12-month period beginning with the month the medical service was provided is between the amount in 53-3-205(2) and the monthly income level set forth in subsection (b), a household must first incur covered medical costs equal to the difference between its average monthly income and the monthly income standard in 53-3-205(2) before medical assistance is provided."

Section 3. Section 53-3-311, MCA, is amended to read:

**"53-3-311. Amount of general relief for basic necessities.** (1) In a county without state-assumed welfare services, the amounts of general

(2) In a county with state-assumed welfare services, the amount of general relief for basic necessities available to an eligible household is the amount *determined* for the same size household *pursuant to* 53-3-205(2), less income and resources not excluded in 53-3-205(7)."

Section 4. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 5. **Effective dates.** (1) [Section 4 and this section] are effective on passage and approval.

(2) (a) Each order must state that the water judge will reopen the decree or decrees and, upon a hearing, review the water court's determination of any claim in the decree or decrees if an objection to the claim has been filed for the purpose of protecting rights to the use of water from sources:

(i) within the basin for which the decree was entered; or

(ii) in other basins that are hydrologically connected to sources within the basin for which the decree was entered.

(b) A person may not raise an objection to a matter in a reopened decree if he was a party to the matter when the matter was previously litigated and resolved as the result of the previous objection process, unless the objection is allowed for any of the following reasons:

(5) No objection may cause a reopening and review of a claim unless the objection is filed with the appropriate water court within 180 days after the issuance of the order under subsection (1). This period of time may, for good cause shown, be extended by the water judge for up to two 90-day periods if an application for extension is made within the original 180-day period or any extension of it.

(6) The water judge shall provide notice to the claimant of any timely objection to his claim and, after further reasonable notice to the claimant, the objector or objectors, and other interested persons, set the matter for hearing. The water judge may conduct individual or consolidated hearings, and any hearing must be conducted according to the Montana Rules of Civil Procedure. On an order of the water judge, a hearing may be conducted by a water master, who shall prepare a report of the hearing as provided in Rule 53(e), Montana Rules of Civil Procedure.

(7) The water judge shall, on the basis of any hearing held on the matter, take action as warranted from the evidence before him, including dismissal of the objection or modification of the portion of the decree describing the contested claim.

[SB 368]

AN ACT TO EXTEND THE EXEMPTION OF CERTAIN STRIPPER WELLS FROM SEVERANCE TAXES; AMENDING SECTION 15-36-101; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A CONTINGENT RETROACTIVE APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 15-36-101, MCA, is amended to read:

**"15-36-101. Definitions and rate of tax.** (1) Every person engaging in or carrying on the business of producing petroleum, other mineral or

crude oil, or natural gas within this state or engaging in or carrying on the business of owning, controlling, managing, leasing, or operating within this state any well or wells from which any merchantable or marketable petroleum, other mineral or crude oil, or natural gas is extracted or produced sufficient in quantity to justify the marketing of the same must, except as provided in 15-36-121, each year when engaged in or carrying on any such business in this state pay to the department of revenue for the exclusive use and benefit of the state of Montana a severance tax computed at the following rates:

(a) except as provided in subsections (1)(b), (1)(c), and (1)(d), 5% of the total gross value of all the petroleum and other mineral or crude oil produced by *the* person from each lease or unit; but in determining the amount of *severance* tax there shall be excluded from consideration all petroleum or other crude or mineral oil produced and used by *the* person during *the* year in connection with his operations in prospecting for, developing, and producing *the* petroleum or crude or mineral oil;

(b) 2.65% of the total gross value of natural gas produced from each lease or unit; but in determining the amount of *severance* tax there shall be excluded from consideration all gas produced and used by *the* person during *the* year in connection with his operations in prospecting for, developing, and producing *the* gas or petroleum or crude or mineral oil; and there shall also be excluded from consideration all gas, including carbon dioxide gas, recycled or reinjected into the ground;

(c) 2.5% of the total gross value of the incremental petroleum and other mineral or crude oil produced from each lease or unit in a tertiary recovery project after July 1, 1985. For purposes of this section, a tertiary recovery project must meet the following requirements:

(i) the project must be approved as a tertiary recovery project by the department of revenue. *The* approval may be extended only after notice and hearing in accordance with Title 2, chapter 4.

(ii) the property to be affected by the project must be adequately delineated according to the specifications required by the department; and

(iii) the project must involve the application of one or more tertiary recovery methods that can reasonably be expected to result in an increase, determined by the department to be significant in light of all the facts and circumstances, in the amount of crude oil which may potentially be recovered. For the purpose of this section, tertiary recovery methods include but are not limited to:

(A) miscible fluid displacement;

(B) steam drive injection;

(C) micellar/emulsion flooding;

(D) in situ combustion;

(E) polymer augmented water flooding;

(F) cyclic steam injection;

HeinOnline -- 1989 vol. II 1459 1989

(G) alkaline or caustic flooding;

(H) carbon dioxide water flooding;

(I) immiscible carbon dioxide displacement; *or*

(J) any other method approved by the department as a tertiary recovery method.

(d) 3% of the total gross value of all the petroleum and other mineral or crude oil, after the first 5 barrels, produced by a stripper well, as defined in 15-36-121, that produces more than 5 barrels a day during the period beginning April 1, *1989*, and ending March 31, *1991*.

(2) For purposes of this section, the term "incremental petroleum and other mineral or crude oil" means the amount of oil, as determined by the department of revenue, to be in excess of what would have been produced by primary and secondary methods. The determination arrived at by the department must be made only after notice and hearing and shall specify through the life of a tertiary project, calendar year by calendar year, the combined amount of primary and secondary production that must be used to establish the incremental production from each lease or unit in a tertiary recovery project.

(3) Nothing in this part may be construed as requiring laborers or employees hired or employed by any person to drill any oil well or to work in or about any oil well or prospect or explore for or do any work for the purpose of developing any petroleum or other mineral or crude oil to pay *the* severance tax, nor may work done or the drilling of *a* well or wells for the purpose of prospecting or exploring for petroleum or other mineral or crude oils or for the purpose of developing *them* be considered to be the engaging in or carrying on of *the* business. If, in the doing of any work, in the drilling of any oil well, or in prospecting, exploring, or development work, any merchantable or marketable petroleum or other mineral or crude oil in excess of the quantity required by *the* person for carrying on *the* operation is produced sufficient in quantity to justify the marketing of the *petroleum or other mineral or crude oil, the* work, drilling, prospecting, exploring, or development work is considered to be the engaging in and carrying on of *the* business *of producing petroleum or other mineral or crude oil* within this state within the meaning of this section.

(4) Every person required to pay *the severance* tax *under this section* shall pay the *tax* in full for his own account and for the account of each of the other owner or owners of the gross proceeds in value or in kind of all the marketable petroleum or other mineral or crude oil or natural gas extracted and produced, including owner or owners of working interest, royalty interest, overriding royalty interest, carried working interest, net proceeds interest, production payments, and all other interest or interests owned or carved out of the total gross proceeds in value or in kind of *the* extracted marketable petroleum or other mineral or crude oil or natural gas, except that any of the interests that are owned by the federal, state, county, or municipal governments shall be exempt from taxation under this chapter. Unless otherwise provided in a contract or lease, the pro rata share of any royalty owner or owners will be deducted from any settlements

under *the* lease or leases or division of proceeds orders or other contracts. **(Subsection (1)(d) terminates on occurrence of contingency—sec. 7, Ch. 656, L. 1987.)"**

Section 2. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 3. **Effective date — contingent retroactive applicability.** [This act] is effective on passage and approval and if approved after April 1, 1989, applies retroactively, within the meaning of 1-2-109, to petroleum or other mineral or crude oil produced on or after April 1, 1989.

Approved April 20, 1989.

[HB 26]

AN ACT TO INCLUDE THE UNITS OF THE MONTANA UNIVERSITY SYSTEM AND THE VOCATIONAL-TECHNICAL CENTERS UNDER THE UNIFORM STATE CENTRAL PAYROLL SYSTEM; TO PROVIDE AN APPROPRIATION; AMENDING SECTION 2-18-401, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

## STATEMENT OF INTENT

This bill requires the state auditor to provide for the inclusion of the units of the university system and the vocational-technical centers into the state central payroll system.

The legislature recognizes the need to include the five vocational-technical centers under the central payroll system by July 1, 1989, when the vocational-technical center employees become employees of the board of regents.

The legislature further recognizes the complexity and enormity of the task of including all units of the Montana university system under the central payroll system. Therefore, the legislature intends that the information services division of the department of administration, in consultation with the state auditor and under the direction of the office of budget and program planning, conduct a study to be performed and finalized by November

HeinOnline -- 1989 vol. II 1463 1989

1, 1989. The purpose of the study is to determine the necessary modifications and costs required for the university system to be included under a uniform state central payroll, personnel, and position control system. It is expected that the state auditor and the information services division of the department of administration work closely with the board of regents and each unit of the Montana university system to ensure that a systematic implementation of each unit on the uniform state central payroll, personnel, and position control system as approved by the office of budget and program planning be completed no later than January 1, 1991.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 2-18-401, MCA, is amended to read:

**"2-18-401. Central payroll system — state auditor to provide for inclusion of agencies.** The state auditor shall install and operate a uniform state central payroll system for all state agencies, *including units of the Montana university system and the vocational-technical centers.* The auditor may provide for the orderly inclusion of state agencies into such system and may make exceptions from the operation thereof for such periods as he determines necessary."

Section 2. **Effective date.** [This act] is effective on passage and approval.

Section 3. **Appropriation.** There is appropriated from the general fund in House Bill No. 100, The General Appropriations Act, $625,000 to the department of administration and $25,000 to the state auditor to conduct the study and provide for the implementation of each university unit on the uniform state central payroll, personnel, and position control system.

Approved April 20, 1989.

according to the information contained in gasoline distributors' returns and the applications for payment of the alcohol production tax incentive. Alcohol that is exported from Montana and eligible for the tax incentive must be included in the computations.

(4) Regardless of the alcohol tax incentive provided in subsection (2) or (3), the total payments made for the incentive under this part may not exceed *$1,250,000* in any consecutive 12-month period beginning April 1, 1985.

Section 1. **Short title.** [Sections 1 through 18] may be cited as the "Montana Underground Storage Tank Installer Licensing and Permitting Act".

Section 2. **Findings and purpose.** (1) Leaking underground storage tanks have been identified as a significant source of underground contamination and as a potential hazard for fire and explosion. Government and industry studies show that a major cause of leaking underground storage tanks is improper installation or closure. Proper installation or closure requires specialized knowledge, training, and experience.

(2) To protect the health of Montana citizens and the quality of state waters and other natural resources, it is the intent of the legislature to require permits for the installation or closure of underground storage tanks; to limit the conduct of these activities to persons with demonstrated competence, training, and experience; and to assess fees to support state and local administration of permitting, licensing, and inspection activities.

Section 3. **Definitions.** As used in [sections 1 through 18], unless the context requires otherwise, the following definitions apply:

(1) "Board" means the board of health and environmental sciences provided for in 2-15-2104.

(2) "Closure" or "to close" means the process of properly removing or filling in place an underground storage tank that is no longer in service.

(3) "Department" means the department of health and environmental sciences provided for in Title 2, chapter 15, part 21.

(4) (a) "Installation" or "to install" means the placement of an underground storage tank, including excavation, tank placement, backfilling, and piping of underground portions of the underground storage tank that store or convey regulated substances. Installation also includes repair or modification of an underground storage tank through such means as tank relining or the repair or replacement of valves, fillpipes, piping, vents, or in-tank liquid-level monitoring systems.

(b) The terms do not include:

(i) the process of conducting a precision (tightness) test to establish the integrity of the underground storage tank;

(ii) the installation of a leak detection device that is external to and not attached to the underground storage tank; or

HeinOnline -- 1989 vol. II 1467 1989

(iii) the installation and maintenance of a cathodic protection system.

(5) "Installer" means an individual who is engaged in the business of installation or closure of underground storage tanks.

(6) "License" means a license issued by the department under [section 6] to conduct the installation or closure of underground storage tanks.

(7) "Licensed installer" means an individual who holds a valid underground storage tank installer license.

(8) "Operator" means a person in control of or having responsibility for the operation, maintenance, or management of an underground storage tank.

(9) "Owner" means a person who owns an underground storage tank used for the storage, use, or dispensing of regulated substances.

(10) "Person" means an individual, firm, trust, estate, partnership, company, association, corporation (whether organized for profit or not), city, town, local governmental entity, or any other governmental or private entity.

(11) "Regulated substance" means a regulated substance as defined in 75-10-403.

(12) "Underground storage tank" means an underground storage tank as defined in 75-10-403.

Section 4. **Rulemaking authority.** The department may adopt rules governing the installation and closure of underground storage tanks. Rules may include but are not limited to the following:

(1) the requirements for issuance, denial, renewal, modification, suspension, and revocation of permits for the installation and closure of underground storage tanks;

(2) the requirements for issuance, denial, renewal, modification, suspension, and revocation of licenses for underground storage tank installers;

(3) the requirements for examination and training of underground storage tank installers;

(4) the requirements for qualifications of inspectors, use of inspectors, and methods for conducting an inspection;

(5) a schedule of fees for obtaining licenses and license renewals by underground storage tank installers;

(6) a schedule of fees for the review of applications for underground storage tank permits;

(7) a schedule of fees for inspection of installations or closures; and

(8) the mechanism for remittance of inspection or permitting fees to local governments.

Section 5. **Permits — requirement for licensed installer.** (1) An owner or operator of an underground storage tank may not install or close,

HeinOnline -- 1989 vol. II 1468 1989

or cause to be installed or closed, an underground storage tank without a permit issued by the department as provided in [section 8].

(2) In addition to obtaining a permit, an owner or operator shall obtain the services of a licensed installer for the installation or closure of an underground storage tank unless the installation or closure is:

(a) inspected by a department inspector or a designated local inspector as provided in [section 9]; or

(b) exempt from the requirement for a licensed installer, as provided in [section 10].

Section 6. **Licensing — interim licenses — regular licenses.** (1) An installer may not install or close an underground storage tank unless he has a valid license issued by the department.

(2) From April 1, 1990, through September 30, 1990, the department shall grant an installer an interim license if the installer submits, on a form supplied by the department, information demonstrating competency and experience in the installation and closure of underground storage tanks. All interim licenses expire on October 1, 1990.

(3) The department shall grant an installer a regular license, beginning October 1, 1990, if the installer demonstrates competency and experience in the installation and closure of underground storage tanks, passes a written examination conducted by the department, and pays the license fee established by department rule.

(4) The department shall conduct written examinations for the purpose of qualifying individuals to receive an underground storage tank installer license. The department shall determine the times and locations of the examinations and shall provide public notice of the examinations.

(5) An underground storage tank installer license is valid for a period not to exceed 3 years and is subject to periodic renewal as prescribed by department rule.

(6) As a condition of renewal, the department may require that an installer demonstrate continuing competency in the installation and closure of tanks.

(7) An installer need not be a Montana resident to qualify for a license.

Section 7. **Denial, modification, suspension, or revocation of license — grounds.** (1) The department may deny, modify, condition, suspend, or revoke a license if the installer:

(a) fails to achieve a passing grade on a written examination;

(b) fails to pay a license fee;

(c) commits fraud or deceit with respect to the license application;

(d) has had a similar license suspended or revoked in another state or territory; or

(e) violates any state or federal law, rule, permit, or order relating to the installation or closure of an underground storage tank.

HeinOnline -- 1989 vol. II 1469 1989

(2) If the department modifies, conditions, suspends, or revokes a license, it shall inform the applicant or license holder in writing of the reason for the action. The installer may request a hearing before the board. If the board grants a hearing, the hearing must be held in accordance with the provisions of the Montana Administrative Procedure Act.

Section 8. **Permits — application procedure — issuance.** (1) Before the installation or closure of an underground storage tank, the owner or operator shall file a permit application with the department on forms provided by the department. The time between the filing of a permit application with the department and the installation or closure may be provided by department rule. The department may provide by rule for emergency permits to apply to emergency conditions pertaining to the installation or closure of underground storage tanks.

(2) The permit application must, at a minimum, require the owner or operator to provide information concerning:

(a) the date of the tank installation or closure;

(b) the location of the tank installation or closure;

(c) the type of construction of the tank;

(d) the contents of the tank being closed or the anticipated contents of the tank being installed; and

(e) the name of the licensed installer who will be installing or closing the underground storage tank or, if the owner or operator is not going to have the underground storage tank installed or closed by a licensed installer, the estimated date for inspection by the department.

(3) After receipt of a completed application that meets the requirements of this section and any rules adopted under [section 4(1)], the department shall issue the permit.

Section 9. **Inspection of installations and closures — fee.** (1) After being issued a permit, an owner or operator may obtain an inspection by the department in lieu of obtaining the services of a licensed installer. The owner or operator shall provide timely notice to the department of the date and location of the underground storage tank installation or closure and shall establish with the department the time when an inspection may be conducted.

(2) An owner or operator may conduct an installation or closure under this section only if an inspector is present.

(3) An inspection fee must be paid by the owner or operator to the department to cover the costs associated with an inspection. The inspection is not considered complete until the owner or operator pays the fee.

(4) Department officials or local government officers, such as local health officers, sanitarians, local fire chiefs, or other persons designated or hired by the department, shall conduct inspections on behalf of the department.

HeinOnline -- 1989 vol. II 1470 1989

(5) The department shall pay the person conducting an inspection on the department's behalf, as provided in subsection (4), from the underground storage tank license and permit account established in [section 18] up to 80% of any fee collected by the department for the inspection. When an inspection is conducted by an officer of a county or city, the payment must be made by the department to the appropriate county or city treasurer. A county or city shall use payments received under this section only for costs incurred in conducting inspections under this section.

(6) A copy of an installation inspection report must be kept on file by the owner or operator for as long as the department may require by rule. A copy of a closure inspection report must be kept by the owner or operator for 3 years after the date of closure.

(7) The department may enter and inspect the premises or any appurtenant property of an owner or operator at any time to ensure compliance with laws or rules pertaining to underground storage tanks.

Section 10. **Exemption.** The owner or operator of a farm or residential tank with a capacity of 1,100 gallons or less that is used for storing motor fuel for noncommercial purposes or a tank used for storing heating oil for consumptive use on the premises where stored shall obtain a permit for the installation or closure of the tank but is not required to obtain the services of a licensed installer.

Section 11. **Administrative enforcement.** (1) When the department believes that a person has violated [sections 1 through 18], a rule adopted thereunder, or a permit provision, it may serve written notice of the violation on the person or his agent. The notice must specify the alleged violation and the facts that constitute the alleged violation. The notice may include an order to provide information pertaining to the installation or closure or an order to take necessary corrective action within a reasonable time as stated in the order. The notice and order may be signed and served by a department inspector if it is personally given to the person or to his agent. Every other notice and order must be signed by the director of the department or his deputy and must be served by certified mail upon the person or his agent. The order becomes final unless, within 30 days after the notice is served, the person requests in writing a hearing before the board. On receipt of the request, the board shall schedule a hearing. Service by mail is complete on the date of mailing.

(2) If, pursuant to a hearing held under subsection (1), the board finds that a violation has occurred, it shall either affirm or modify the department's order. An order issued by the department or the board may prescribe the date by which the violation must cease and may prescribe time limits for particular action. If, after a hearing, the board finds that no violation has occurred, it shall rescind the department's order.

(3) Instead of issuing an order pursuant to subsection (1), the department may either:

(a) require the alleged violator to appear before the board for a hearing at a time and place specified in the notice and answer the charges described in the notice of violation; or

(b) initiate action under [section 12, 14, or 15].

(4) This section does not prevent the board or department from attempting to obtain voluntary compliance through issuance of a warning, a conference, or any other appropriate administrative or judicial means.

Section 12. **Injunctions.** The department may institute and maintain in the name of the state actions for injunctive relief as provided in Title 27, chapter 19, to:

(1) immediately restrain any person from engaging in unauthorized activity that is endangering public health or causing damage to the environment;

(2) enjoin a violation of [sections 1 through 18], a rule adopted under [sections 1 through 18], or an order of the department or the board; or

(3) require compliance with [sections 1 through 18], a rule adopted under [sections 1 through 18], or an order of the department or the board.

Section 13. **Imminent hazard.** Upon receipt of evidence that the installation or closure of an underground storage tank may present an imminent and substantial danger to public health or the environment, the department may commence administrative or judicial proceedings to immediately abate the danger or to restrain, order, or enjoin any person from causing the danger. The department may take other judicial or administrative action as may be necessary.

Section 14. **Civil penalties.** (1) Any person who violates any provision of [sections 1 through 18], a rule adopted under [sections 1 through 18], or an order of the department or the board is subject to a civil penalty not to exceed $10,000 per violation. Each day of violation of [sections 1 through 18], a rule adopted under [sections 1 through 18], or an order constitutes a separate violation.

(2) The department may institute and maintain in the name of the state any enforcement proceedings under this section. Upon request of the department, the attorney general or the county attorney of the county where the violation occurred shall petition the district court to impose, assess, and recover the civil penalty.

(3) Action under this section does not bar:

(a) enforcement of [sections 1 through 18], rules adopted under [sections 1 through 18], orders of the department or the board, or terms of a license or permit by injunction or other appropriate remedy; or

(b) action under [section 15].

Section 15. **Criminal penalties.** (1) Any owner or operator who knowingly installs or closes an underground storage tank without a permit and either an inspection or the use of the services of a licensed installer as required in [section 5]; any installer who knowingly installs or closes an underground storage tank without being licensed; or any person who knowingly makes any false statements or representations in any application, permit, report, licensing form, or other document filed or maintained as

HeinOnline -- 1989 vol. II 1472 1989

required by [sections 1 through 18] or required by rules adopted under [sections 1 through 18] is subject to a fine not to exceed $10,000 for each violation or imprisonment not to exceed 6 months, or both. Each day of violation constitutes a separate violation.

(2) A person convicted of a second or subsequent criminal violation is subject to a fine not to exceed $20,000 for each violation or imprisonment not to exceed 1 year, or both. Each day of violation constitutes a separate violation.

(3) Action under this section does not bar enforcement of [sections 1 through 18], rules adopted under [sections 1 through 18], orders of the department or the board, or terms of a license or permit by injunction or other appropriate remedy.

Section 16. **Compliance with other laws — limitation on local ordinances.** (1) Nothing in [sections 1 through 18] limits or alters the responsibility of an owner, operator, or installer to comply with all other state laws or rules.

(2) Ordinances adopted by local government units requiring installation or closure permits or licensed installers, or both, may be no less stringent than the requirements of [sections 1 through 18].

Section 17. **Application of other law.** (1) The provisions of [sections 1 through 18] and rules adopted under [sections 1 through 18] govern if they conflict with other provisions of Montana law or any action taken by the department under the other provisions of law.

(2) The remedies provided for in [sections 1 through 18] are cumulative with other remedies provided by law.

Section 18. **Underground storage tank license and permit account.** (1) There is an underground storage tank license and permit account within the state special revenue fund established in 17-2-102.

(2) There must be paid into the account:

(a) revenues from permit, license, and inspection fees collected under [sections 1 through 18]; and

(b) revenues from penalties or damages collected under [sections 1 through 18].

(3) Appropriations may be made from the underground storage tank license and permit account only for the administration of the underground storage tank program.

Section 19. **Appropriation.** (1) (a) There is appropriated as a loan from the general fund to the underground storage tank license and permit account $50,000 for the biennium ending June 30, 1991.

(b) There is appropriated $50,000 from the account to the department of health and environmental sciences for the administration of [sections 1 through 18].

(2) The department shall use money from the underground storage tank license and permit account to repay over a 10-year period to the general

fund the loan amount, plus interest at a rate equivalent to the previous fiscal year's average rate of return on the board of investments' short-term interest pool.

Section 20. **Exemption from sunrise and audit requirement.** [This act] is exempt from the legislative audit committee report provided for in 2-8-203.

Section 21. **Effective dates.** (1) [Sections 4, 20, and this section] are effective on passage and approval.

(2) [Sections 18 and 19] are effective July 1, 1989.

[HB 563]

AN ACT APPROPRIATING OIL OVERCHARGE MONEY FOR PROGRAMS ADMINISTERED BY THE STATE OF MONTANA; AND PROVIDING AN EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Policy.** As a result of overcharges on the sales of domestic crude oil, the federal courts have ordered or approved settlements requiring the repayment of the total amount of overcharges, plus interest, into an escrow account to be distributed by the U.S. treasury to the states, territories, and possessions of the United States. It is the policy of this state to use the oil overcharge money distributed to the state to supplement state and federal programs that the state administers and to use the money in a manner consistent with federal court orders establishing or approving the payment of the funds to the state of Montana.

Section 2. **Definitions.** As used in [this act], the following definitions apply:

(1) "Cities service payments" means the oil overcharge payments made to the U.S. treasury for distribution to the state of Montana pursuant to the consent agreement between cities service oil and gas and the U.S.

HeinOnline -- 1989 vol. II 1477 1989

department of energy as affirmed by the federal energy regulatory commission and any interest accrued on the payments.

(2) "Getty oil payments" means the oil overcharge payments made to the U.S. treasury for distribution to the state of Montana pursuant to the order of disbursement issued in civil action no. 77-347 (MMS) in the U. S. district court for the district of Delaware and any interest accrued on the payments.

(3) (a) "Stripper well payments" means the oil overcharge payments made to the U.S. treasury for distribution to the state of Montana as the result of the final settlement agreement in the U.S. district court for the district of Kansas, Cause No. M.D.L. 378, and any interest accrued on the payments. The term also includes but is not limited to cities service payments, as defined in subsection (1), getty oil payments, as defined in subsection (2), texaco payments, as defined in subsection (4), and any unspent project funds, as defined in subsection (5).

(b) The term does not include stripper well payments that have been expended or legally obligated or have been incorporated into any of the existing federal energy programs as the result of prior appropriations by the legislature.

(4) "Texaco payments" means the oil overcharge payments made to the U.S. treasury for distribution to the state of Montana pursuant to the texaco final consent order, 53 Fed. Reg. 32929, August 29, 1988, and any interest accrued on the payments.

(5) "Unspent project funds" means stripper well payments that were not expended or otherwise legally obligated during the 1989 biennium but were appropriated for the 1989 biennium in House Bill 621, Laws of 1987, in:

(a) section 4, subsection (5);

(b) section 9, subsections (8) and (9); and

(c) section 10.

Section 3. **Deposit of oil overcharge revenue.** All funds from stripper well payments must be deposited by the state treasurer in the federal special revenue fund. All interest earned on any of these funds or payments must also be deposited in the federal special revenue fund.

Section 4. **Payment of attorney's fees and costs — appropriation.** There is appropriated $35,000 from the stripper well payments contained in the federal special revenue fund to the department of justice to pay attorney's fees and costs incurred in connection with recovering such payments.

Section 5. **Low-income home weatherization — appropriation.** There is appropriated $900,000 from the stripper well payments contained in the federal special revenue fund to the department of social and rehabilitation services for use in the home weatherization program created in 90-4-201.

HeinOnline -- 1989 vol. II 1478 1989

Section 6. **Matching funds for low-income energy assistance — appropriation.** (1) There is appropriated $50,000 from the stripper well payments contained in the federal special revenue fund to the department of social and rehabilitation services for each year in the biennium ending June 30, 1991, for the purpose described in subsection (2).

(2) The department of social and rehabilitation services shall match private contributions to energy share, inc., to be used to assist persons not eligible for federal low-income energy assistance whose income is less than 150% of the federal poverty threshold published by the U.S. bureau of the census in the most recent edition of its publication, Poverty in the United States 1986 (Current Population Reports, Series P-60, No. 160). All of the funds appropriated to the department for this purpose under subsection (1) must be used for clients' fuel bills or other energy needs.

Section 7. **Biological agents for weed control — appropriation.** There is appropriated $150,000 from the stripper well payments contained in the federal special revenue fund to the department of agriculture to continue the collection and distribution of biological agents to control leafy spurge and spotted knapweed. The project will reduce energy consumption by reducing the need for repeated chemical applications and will build upon the accomplishments derived from the funding provided in section 8, House Bill 621, Laws of 1987.

Section 8. **Transloading facility — appropriation.** (1) There is appropriated $300,000 from the stripper well payments contained in the federal special revenue fund to the department of commerce for the project described in subsection (2).

(2) The department of commerce is authorized to issue to Toole County, Montana, a grant for the construction of a truck/train transloading facility. Toole County submitted its proposal to construct a transloading facility following the department's issuance of requests for proposals as required in section 5, House Bill 621, Laws of 1987. The department ranked Toole County's proposal second in its evaluation of the proposals it received and could not fund the project in the 1989 biennium.

Section 9. **State building energy bond program — appropriation.** (1) There is appropriated $550,000 from the stripper well payments contained in the federal special revenue fund to the department of natural resources and conservation for the purpose described in subsection (2).

(2) If [House Bill No. 750 (LC 227)] is passed and approved, the department will use the state of Montana's tax-exempt bonding authority to raise capital to install cost-effective energy retrofit measures on state buildings. Proceeds from the bond sales will pay design and construction costs for the installation of energy retrofit measures. Principal and interest on the bonds will be retired with the energy savings from the installed improvements. After the program is established, it will be revenue-neutral and self-sustaining. The stripper well payments appropriated to the department in subsection (1) are provided to initiate the program and must be

HeinOnline -- 1989 vol. II 1479 1989

used to conduct engineering studies to identify cost-effective energy retrofit opportunities in state-owned buildings, to train facility staff to maintain energy savings, and to administer the program.

Section 10. **Technical assistance to local governments — appropriation.** There is appropriated $235,000 from the stripper well payments contained in the federal special revenue fund to the department of natural resources and conservation to award a grant to a public or private entity to provide technical assistance to local government entities for the purpose of identifying energy conservation measures. The grant must be approved pursuant to 10 CFR 465.8.

Section 11. **Institutional conservation program — appropriation.** There is appropriated $950,000 from the stripper well payments contained in the federal special revenue fund to the department of natural resources and conservation for use in the institutional conservation program for schools and hospitals administered by the department pursuant to 10 CFR 455.

Section 12. **Biennial appropriations.** Except for the low-income energy assistance appropriation provided in [section 6], the appropriations made in [this act] are biennial appropriations.

Section 13. **Appropriations prioritized.** The appropriations in [this act] are approved in order of priority as they appear in [sections 4 through 11], with the appropriation in [section 4] having the highest priority and the appropriation in [section 11] having the lowest priority. If the U.S. department of energy does not approve one or more of the programs that are funded by [this act] or if [House Bill No. 750 (LC 227)] is not passed and approved, any stripper well payments that are not used to fund higher priority programs must be provided to lower ranked programs up to the amounts appropriated in [this act]. If stripper well payments are insufficient to fully fund the appropriations made in [this act], the lowest ranking program must have its appropriation reduced until the deficiency is eliminated. If the deficiency is in excess of the appropriation to the lowest ranking program, the next lowest ranking program must have its appropriation reduced until the deficiency is eliminated, and so forth as the programs are prioritized. In order to provide continuity for the programs when establishing the appropriations for the 1990-91 biennium, anticipated getty oil and texaco oil payments that will be received under the terms of the agreements during the biennium n.ay be considered to establish appropriations to fund the activities. The appropriation provided for in [section 10] must not be made until the state has actually received payments that are sufficient to fund all higher ranked programs approved for funding by the U.S. department of energy. The expenditures authorized by [this act] may not exceed the amount of stripper well payments available in the biennium.

Section 14. **Effective date.** [This act] is effective July 1, 1989.

Approved April 20, 1989.

(5) (a) After the owner completes the application form, the county treasurer shall issue to the applicant two copies of the completed application, with one marked "file copy", and shall forward one copy and the original application to the department of justice. The department of justice shall enter the information contained in the application upon the corresponding records of its office and shall send the applicant a certificate of ownership containing a permanent ownership number and information from the application considered necessary by the department of justice.

(b) The certificate of ownership is not required to be renewed annually and is valid as long as the person holding it owns the off-highway vehicle.

fisheries are diminished in value by water pollution, water shortages, and riparian erosion and that there is a need for a program to promote the beneficial use and productivity of our river systems. The legislature further finds that establishment of a river restoration program, funded by anglers from across the state and nation, is a sound and proper method to help ensure that the rivers and fisheries that anglers and others have treasured for Montana's first 100 years will continue to serve the state and its people.

Section 2. **Definitions.** As used in [sections 1 through 5], the following definitions apply:

(3) The department shall work cooperatively with individuals, conservation districts, and state, local, private, tribal, and federal organizations to achieve the goals of the program and may contract with private organizations to implement specific river restoration projects.

(4) The department shall present projects to the local conservation district for review and recommendations and obtain any applicable permits.

(5) The department shall receive the consent of the landowner or lessee of any associated lands before initiating physical projects on these lands.

(6) No project conducted under the program may restrict or interfere with the exercise of any water right.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 77-2-301, MCA, is amended to read:

**"77-2-301. Sales of state land under board control.** The board is hereby vested with the power and authority to decide when sales of state la..ᵭ are to be held and what state lands are to be offered for sale, subject to the limitations of this title, as the best interests of the state may appear to require. As a general rule *and except as provided in [section 3]*, no sale of state lands shall be held unless applications have been made for the purchase of lands within one county by prospective purchasers representing at least 12 families."

Section 2. Section 77-2-303, MCA, is amended to read:

**"77-2-303. Restrictions on land available for sale.** (1) *Except as provided in [section 3], lands* classified as timberlands are not subject to sale, but timber thereon may be sold and disposed of in the manner provided by law.

(2) Lands which in the judgment of the board are likely to contain valuable deposits of coal, oil, oil shale, phosphate, metals, sodium, or other valuable mineral deposits are not subject to sale, either the surface land or any of such deposits therein. However, this does not prohibit the sale of lands containing sand, gravel, building stone, brick clay, or similar materials.

(3) (a) There is also reserved from sale from all state lands bordering on navigable lakes or bordering on nonnavigable meandered lakes and from

HeinOnline -- 1989 vol. II 1495 1989

all state lands bordering on navigable streams, as the board may deem in the best interests of the state, a strip of land which shall include all the land lying between low-water mark and high-water mark and which in addition shall extend in width landward from the line of high-water mark of such lake or stream the full width of the 40-acre tract or government lot abutting the line of high-water mark. If the width of such abutting government lot at its narrowest point is less than 100 feet, then the strip hereby reserved shall extend to and include the next adjoining 40-acre tract or government lot. The land reserved from sale by this subsection shall be subject to the granting of easements the same as other state lands.

(b) Such strips of land bordering on meandering lakes or on navigable streams, except the strip lying between low-water and high-water mark, whether surveyed and platted into blocks and lots or not, may, however, be leased as provided in this title for the leasing of other state lands."

Section 3. **Sale of leased cabin or home sites or city or town lots.** (1) At the request of the lessee and if consistent with the orderly development and management of state lands, the board may make available for sale, in the manner provided in this part, any leased cabin or home site or city or town lot that was under lease on [the effective date of this act].

(2) The lessee requesting the sale shall have prepared a current certificate of survey for the property. The cost of preparation of the certificate of survey must be included in the settlement for improvements, as provided for in 77-2-325, if a person other than the lessee is the purchaser.

(3) The sale of a lease is exempt from the subdivision laws, except that the development of any new, replacement, or additional water supply or sewage disposal system on the property must be approved pursuant to the review procedure, fee, and other requirements of Title 76, chapter 4, part 1.

(4) The sale of a leased cabin or home site or city or town lot under [this act] must be completed no later than 10 years after [the effective date of this act]. A lessee may request a lease sale at any time during the 10-year period. Upon request, the board may grant a handicapped lessee or a lessee 65 years of age or older an additional 10-year period to request a sale of leased land.

(5) Upon a sale of leased land, the department shall, upon compliance with 77-2-101 through 77-2-106, grant a permanent easement across state lands to secure access using current routes.

Section 4. **Conservation easement for certain sales.** As a condition of any sale initiated pursuant to [section 3], the board shall, if consistent with its trust responsibility, grant to the state of Montana a conservation easement, as provided for in 76-6-203, for the leased cabin or home site or city or town lot to be sold. The conservation easement must run with the land in perpetuity and must:

(1) prohibit subdivision of the land, lake, or stream;

(2) for property within 100 feet of a river, stream, or lake, prohibit the cutting of trees except as necessary for construction on the lot, fire prevention, safety, or protection of personal property; and

HeinOnline -- 1989 vol. II 1496 1989

(3) require that any permanent structure be set back 25 feet from the high-water mark of a lake or stream.

Section 5. **Appraisal review board.** The department shall establish an appraisal review board consisting of three independent appraisers who shall make the final decision on a disputed state appraisal made for purposes of [section 3] when the appraisal value is less than the amount of bid made pursuant to 77-2-323.

Section 6. Section 77-2-324, MCA, is amended to read:

**"77-2-324. Preference to lessee of land.** The lessee of the land need not make a higher bid than others, but he shall *have the option to match the high bid and must* be given the preference. *If the lessee matches the high bid, bidding must be reopened to all bidders, with the lessee retaining the right of preference to match the ultimate high bid and be awarded the sale.*"

Section 7. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 8. **Codification instruction.** [Sections 3 through 5] are intended to be codified as an integral part of Title 77, chapter 2, part 3, and the provisions of Title 77, chapter 2, part 3, apply to [sections 3 through 5].

Approved April 21, 1989.

# CHAPTER NO. 603

[SB 134]

AN ACT TO PROVIDE GREATER FINANCIAL INCENTIVES FOR GENERAL RELIEF ASSISTANCE RECIPIENTS TO OBTAIN EMPLOYMENT BY ALLOWING A GREATER EARNED INCOME DISREGARD, BY EXTENDING ELIGIBILITY FOR GENERAL RELIEF MEDICAL ASSISTANCE IF ELIGIBILITY FOR GENERAL RELIEF ASSISTANCE IS LOST DUE TO EMPLOYMENT, AND BY ELIMINATING THE INCOME SPENDDOWN REQUIREMENT FOR GENERAL RELIEF MEDICAL ASSISTANCE; AMENDING SECTIONS 53-3-205, 53-3-206, AND 53-3-311, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 53-3-205, MCA, is amended to read:

**"53-3-205. Eligibility for general relief.** (1) A person or persons constituting a household may receive general relief assistance for basic necessities if the household is determined to be eligible under the provisions of this section and is in need of such assistance as a result of their infirmity, misfortune, or indigency.

HeinOnline -- 1989 vol. II 1497 1989

(2) A household is eligible for general relief if the household income, exclusive of the *earned income disregard provided for in subsection (3)*, does not exceed that set forth in the following table:

| Number of Persons in Household | Monthly Income Standard |
|---|---|
| 1 | $212 |
| 2 | 282 |
| 3 | 354 |
| 4 | 426 |
| 5 | 501 |
| 6 | 570 |
| 7 | 642 |
| 8 | 713 |
| 9 | 785 |
| 10 or more | 857 |

*(3) For 4 consecutive months, the first $30 plus one-third of the remainder of the total income earned each month by each household member who is a current recipient must be disregarded in determining a household's eligibility for general relief assistance. If the total household income, exclusive of this amount, exceeds that set forth in the table in subsection (2), the household is not eligible for general relief assistance. A current recipient is one who has been receiving general relief assistance for at least 1 complete calendar month.*

*(4)* Able-bodied persons without dependent minor children living in the household are not eligible for nonmedical general relief assistance, except as provided in 53-3-209.

*(5)* (a) When the household's income exceeds the monthly income standard for a household of that size because of receipt of lump-sum income, the household will be ineligible for general relief for the full number of months, beginning with the month of receipt, derived by dividing the total of the lump-sum income and other income by the monthly income standard for a household of that size. Any income remaining from this calculation will be considered as income in the first month following the period of ineligibility.

(b) The period of ineligibility may be recalculated if the household size changes or if a portion of the lump sum was used to pay medical bills for a serious medical condition.

(c) Ineligibility due to the receipt of a lump sum does not preclude eligibility for general relief medical assistance.

*(6)* All applicants for and recipients of general relief assistance who reside in the same residence are considered as one household.

*(7)* Prospective income that is reasonably certain to be received by the household during an eligibility period must be considered when determining eligibility.

HeinOnline -- 1989 vol. II 1498 1989

*(8)* The following resources of a household must be excluded from consideration of resources for eligibility purposes:

(a) the domicile of the household, including necessary appurtenant land not exceeding 10 acres;

(b) a motor vehicle that has no more than $1,500 in equity value;

(c) personal items, clothing, household furniture, appliances, and other essential household items, the total equity value of which does not exceed resource eligibility limits established by rule; and

(d) tools of a trade that are essential to the current or future employment of a household member.

*(9)* A person who is committed or sentenced by legal process to a state institution or a secure facility or who is incarcerated in a secure facility pending resolution of legal process is not eligible for general relief.

*(10)* A person who resides for a period of 1 day or more in any state or federally operated institution or residence is not eligible for general relief for the period of that residency.

*(11)* For the purposes of an eligibility determination, an applicant for or recipient of general relief may be requested to produce all financial and other information concerning the household.

*(12)* Whenever practical, an eligibility determination must be made within 30 days of the date of application and the applicant must be notified in writing of the eligibility determination and the reasons for the determination.

*(13)* An alien determined to be illegally within the United States is not eligible for general relief."

Section 2. Section 53-3-206, MCA, is amended to read:

**"53-3-206. Eligibility for general relief medical assistance.** (1) In order to be considered for eligibility for general relief medical assistance, a person must be found to have a serious medical condition.

(2) Eligibility for general relief medical assistance must be determined as provided in this section and 53-3-205. A person with a serious medical condition must apply for general relief medical assistance prior to the provision of medical services or within 90 days of the date the medical service is first provided. Eligibility is determined as of the date medical service is first provided.

(3) All persons who reside in the same residence and are legally related to or responsible for each other are considered to be one household for purposes of determining general relief medical assistance.

(4) All individual or household resources must be used to offset medical obligations except those excluded in 53-3-205*(8)*.

(5) To determine eligibility for county general relief medical assistance, a county welfare board may promulgate rules to establish the circumstances

HeinOnline -- 1989 vol. II 1499 1989

under which persons are unable to pay for their medical aid and hospitalization. However, no household with an income exceeding 300% of the amount set forth in 53-3-205(2) is eligible for such medical assistance.

(6) In a county with state-assumed welfare services, a person is not eligible for medical services if the household in which he resides has an average monthly income *after consideration of the earned income disregard provided for in 53-3-205(3),* reasonably certain to be received in a 12-month period beginning with the month the medical service was provided, in excess of that set forth in the following table:

| Family Size | Monthly Income Level |
|---|---|
| 1 | $ 287 |
| 2 | 433 |
| 3 | 526 |
| 4 | 618 |
| 5 | 714 |
| 6 | 804 |
| 7 | 896 |
| 8 | 988 |
| 9 | 1,081 |
| 10 | 1,173 |
| 11 | 1,194 |
| 12 | 1,215 |
| 13 | 1,236 |
| 14 | 1,256 |
| 15 | 1,277 |
| 16 or more | 1,298 |

*(7) Notwithstanding the other provisions of this section, in a county with state-assumed welfare services, a person whose eligibility for general relief assistance is terminated because of earned income from employment may continue to receive general relief medical assistance for 1 month."*

Section 3. Section 53-3-311, MCA, is amended to read:

**"53-3-311. Amount of general relief for basic necessities.** (1) In a county without state-assumed welfare services, the amounts of general relief for basic necessities must be determined and adopted at the discretion of the county welfare board.

(2) In a county with state-assumed welfare services, the amount of general relief for basic necessities available to an eligible household is the amount listed for the same size household in the table in 53-3-205(2), less income and resources not excluded in 53-3-205*(3) and (8).*"

Section 4. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 5. **Coordination instruction.** If House Bill No. 742 is passed and approved and if it contains a section eliminating the monthly income

HeinOnline -- 1989 vol. II 1500 1989

standard in 53-3-205, then [section 1(3) of this act] is amended so the language that reads "If the total household income, exclusive of this amount, exceeds that set forth in the table in subsection (2)" will read "If the total household income, exclusive of this amount, exceeds the amount established by the department under subsection (2)".

Section 6. **Effective date — applicability.** [This act] is effective on passage and approval and applies to eligibility and grant determinations beginning July 1, 1989.

Approved April 21, 1989.

Section 2. Section 3-7-211, MCA, is amended to read:

**"3-7-211. Appointment of water commissioners.** The *district court having jurisdiction over the hydrologically interrelated portion of a*

*water division as described in 85-2-231(2) in which the controversy arises* may appoint and supervise a water commissioner as provided for in Title 85, chapter 5."

Section 3. Section 3-7-212, MCA, is amended to read:

**"3-7-212. Enforcement of decrees.** The *district court having jurisdiction* may enforce the provisions of a final decree. *In the absence of any final decree having been issued, the district court having jurisdiction may enforce the provisions of a temporary preliminary decree or preliminary decree entered under 85-2-231, as modified by a water judge after objections and hearings.*"

Section 4. Section 3-7-501, MCA, is amended to read:

**"3-7-501. party to the controversy *or any person whose rights are or may be affected by enforcement of the decree* may petition the district court for relief. The district court from which relief is sought may grant injunctive or other relief which is necessary and appropriate to preserve property rights or the status quo pending the issuance of the final decree.

(3) *A controversy between appropriators from a source that has been the subject of a final decree under part 2 of this chapter must be settled by the district court that issued the final decree. The order of the district court settling the controversy may not alter the existing rights and priorities established in the final decree except to the extent the court alters rights based upon abandonment, waste, or illegal enlargement or change of right. In cases involving permits issued by the department, the court may not amend the respective rights established in the permits or alter any terms of the permits unless the permits are inconsistent or interfere with rights and priorities established in the final decree. The order settling the controversy must be appended to the final decree, and a copy must be filed with the department. The department must be served with process in any proceeding under this subsection, and the department may, in its discretion, intervene in the proceeding.*

*(4) If an action to enforce a temporary preliminary decree is commenced, the water judge shall upon referral from the district court establish, in a form determined to be appropriate by the water judge, one or more tabulations or lists of all existing rights and their relative priorities.*

Section 7. Section 85-5-101, MCA, is amended to read:

**"85-5-101. Appointment of water commissioners.** (1) Whenever the rights of persons to use the waters of any stream, ditch or extension of ditch, watercourse, spring, lake, reservoir, or other source of supply have been determined by a decree of a court of competent jurisdiction, *including temporary preliminary, preliminary, and final decrees issued by a water judge,* it shall be the duty of the judge of the district court having jurisdiction of the subject matter, upon the application of the owners of at least 15% of the water rights affected by the decree, in the exercise of his discretion, to appoint one or more commissioners. The commissioners shall have authority to admeasure and distribute to the parties owning water rights in the source affected by the decree the waters to which they are entitled, according to their rights as fixed by the decree and by any certificates and permits issued under chapter 2 of this title. When petitioners make proper showing that they are not able to obtain the application of the owners of at least 15% of the water rights affected and they are unable to obtain the water to which they are entitled, the judge of the district court having jurisdiction may, in his discretion, appoint a water commissioner.

HeinOnline -- 1989 vol. II 1503 1989

The water commissioner shall distribute to the appropriators, from the source or in the area, the water to which they are entitled.

(3) The department of natural resources and conservation or any person or corporation operating under contract with the department or any other owner of stored waters may petition the court to have such stored waters distributed by the water commissioners appointed by said court. The court may thereupon make an order requiring the commissioner or commissioners appointed by the court to distribute such stored water when and as released to water users entitled to the use thereof.

(4) At the time of the appointment of such water commissioner or commissioners, the district court shall fix their compensation, and the owners and users of the distributed waters, including permittees and certificate holders, shall pay their proportionate share of such fees and compensation.

(5) Upon the application of the board or boards of one or more irrigation districts entitled to the use of water stored in a reservoir which is turned into the natural channel of any stream and withdrawn or diverted at a point downstream for beneficial use, the district court of the judicial district wherein the most irrigable acres of the irrigation district or districts are situated may appoint a water commissioner to equitably admeasure and distribute such stored water to said irrigation district or districts from the channel of the stream into which it has been turned. A commissioner appointed under this subsection has the powers of any commissioner appointed under this chapter, limited only by the purposes of this subsection. His compensation is set by the appointing judge and paid by each district and other users of stored water affected by the admeasurement and distribution of such stored water. In all other matters the provisions of this chapter apply so long as they are consistent with this subsection."

Section 8. **Repealer.** Section 3-7-213, MCA, is repealed.

Section 9. **Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

AN ACT PROVIDING THAT A WATER JUDGE MAY ISSUE A TEMPORARY PRELIMINARY DECREE IF THE DECREE IS NECESSARY FOR THE ORDERLY ADJUDICATION OR ADMINISTRATION OF WATER RIGHTS; PROVIDING FOR OBJECTIONS AND HEARINGS ON TEMPORARY PRELIMINARY DECREES; INCREASING THE TIME LIMIT FOR REQUESTING A HEARING ON A TEMPORARY PRELIMINARY DECREE OR A PRELIMINARY DECREE; AMENDING SECTIONS 85-2-231 THROUGH 85-2-233 AND 85-2-235, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 85-2-231, MCA, is amended to read:

**"85-2-231. Temporary preliminary and preliminary decree.** *(1) A water judge may issue a temporary preliminary decree prior to the issuance of a preliminary decree if the temporary preliminary decree is necessary for the orderly adjudication or administration of water rights.*

*(2) (a)* The water judge shall issue a preliminary decree. The preliminary decree shall be based on:

*(i)* the statements of claim before the water judge;

*(ii)* the data submitted by the department;

*(iii)* the contents of compacts approved by the Montana legislature and the tribe or federal agency or, lacking an approved compact, the filings for federal and Indian reserved rights; and

*(iv)* any additional data obtained by the water judge.

*(b)* The preliminary decree shall be issued within 90 days after the close of the special filing period set out in 85-2-702(3) or as soon thereafter as is reasonably feasible.

HeinOnline -- 1989 vol. II 1505 1989

*(c)* This section does not prevent the water judge from issuing an interlocutory decree or other temporary decree, pursuant to 85-2-321 *or as provided in subsection (1) of this section,* or if such a decree is otherwise necessary for the orderly administration of water rights prior to the issuance of a preliminary decree.

*(3)* A preliminary decree may be issued for any hydrologically interrelated portion of a water division, including but not limited to a basin, subbasin, drainage, subdrainage, stream, or single source of supply of water, at a time different from the issuance of other preliminary decrees or portions of the same decree.

*(4)* The preliminary decree shall contain the information and make the determinations, findings, and conclusions required for the final decree under 85-2-234. The water judge shall include in the preliminary decree the contents of a compact negotiated under the provisions of part 7 that has been approved by the legislature and the tribe or federal agency.

*(5)* If the water judge is satisfied that the report of the water master meets the requirements for the preliminary decree set forth in subsections (1) and (3) and is satisfied with the conclusions contained in the report, the water judge shall adopt the report as the preliminary decree. If the water judge is not so satisfied, he may, at his option, recommit the report to the master with instructions, or modify the report and issue the preliminary decree.

*(6) In issuing a subsequent preliminary decree, the water judge shall incorporate the temporary preliminary decree for the basin as modified by objections and hearings. [The temporary preliminary decree or preliminary decree, as modified after objections and hearings, is enforceable and administrable according to its terms among parties ordered under 85-2-406.] The preliminary decree, as modified after objections and hearings, shall upon issuance supersede and replace the temporary preliminary decree."*

Section 2. Section 85-2-232, MCA, is amended to read:

**"85-2-232. Availability of temporary preliminary or preliminary decree.** (1) The water judge shall send *to the department* a copy of *any temporary preliminary decree or* preliminary decree *issued for a basin,* and the water judge shall serve by mail a notice of availability of the *temporary preliminary decree or* preliminary decree to each person who has filed a claim of existing right *within the decreed basin* and to the purchaser under contract for deed, as defined in 70-20-115, of property in connection with which a claim of existing right has been filed *within the decreed basin* or, in the Powder River Basin, to each person who has filed a declaration of an existing right. The water judge shall enclose with the notice an abstract of the disposition of such person's claimed or declared existing right. The notice of availability shall also be served upon those issued or having applied for and not having been denied a permit *to beneficially use water within the decreed basin* pursuant to Title 85, chapter 2, part 3, those granted a reservation *within the decreed basin* pursuant to 85-2-316, or other interested persons who request service of the notice from the water judge. The clerk or person designated by the water judge to mail the notice shall make a general certificate of mailing certifying that a copy of

HeinOnline -- 1989 vol. II 1506 1989

the notice has been placed in the United States mail, postage prepaid, addressed to each party required to be served notice of the *temporary preliminary decree or* preliminary decree. Such certificate shall be conclusive evidence of due and legal notice of entry of decree.

*(2) Notice of the availability of a preliminary decree must also be published at least once each week for 3 consecutive weeks in at least three newspapers of general circulation which cover the water division or divisions in which the decreed basin is located. This notice must be provided before the final decree for the basin is issued.*

*(3)* Any person may obtain a copy of the *temporary preliminary decree or* preliminary decree upon payment of a fee of $20 or the cost of printing, whichever is greater, to the water judge."

Section 3. Section 85-2-233, MCA, is amended to read:

**"85-2-233. Hearing on temporary preliminary decree or preliminary decree.** (1) *(a) For good cause shown, a hearing shall be held before the water judge on any objection to a temporary preliminary decree or* preliminary decree by*:*

*(i)* the department*;*

*(ii)* a person named in the *temporary preliminary decree or* preliminary decree*;*

*(iii)* any person *within the basin entitled to receive notice under 85-2-232(1); or*

*(iv) any other person who claims rights to the use of water from sources in other basins that are hydrologically connected to the sources within the decreed basin and who would be entitled to receive notice under 85-2-232 if his claim or claims were from sources within the decreed basin.*

*(b) A person does not waive the right to object to a preliminary decree by failing to object to a temporary preliminary decree. However, a person may not raise an objection to a matter in a preliminary decree if he was a party to the matter when the matter was previously litigated and resolved as the result of an objection raised in a temporary preliminary decree, unless the objection is allowed for any of the following reasons:*

*(i) mistake, inadvertence, surprise, or excusable neglect;*

*(ii) newly discovered evidence that by due diligence could not have been discovered in time to move for a new trial under Rule 59(b) Montana Rules of Civil Procedure;*

*(iii) fraud, misrepresentation, or other misconduct of an adverse party;*

*(iv) the judgment is void; or*

*(v) any other reason justifying relief from the operation of the judgment.*

(2) If a hearing is requested, *the* request must be filed with the water judge within *180* days after entry of the *temporary preliminary decree or* preliminary decree. The water judge may, for good cause shown, extend this

time limit *up to two* additional *90-day periods* if application for *an* extension is made *prior to expiration of the original 180-day period or any extension of it.*

(3) The request for a hearing shall contain a precise statement of the findings and conclusions in the *temporary preliminary decree or* preliminary decree with which the department or person requesting the hearing disagrees. The request shall specify the paragraphs and pages containing the findings and conclusions to which objection is made. The request shall state the specific grounds and evidence on which the objections are based.

(4) Upon expiration of the time for filing objections and upon timely receipt of a request for a hearing, the water judge shall notify each party named in the *temporary preliminary decree or* preliminary decree that a hearing has been requested. The water judge shall fix a day when all parties who wish to participate in future proceedings must appear or file a statement. The water judge shall then set a date for a hearing. The water judge may conduct individual or consolidated hearings. A hearing shall be conducted as for other civil actions. At the order of the water judge a hearing may be conducted by the water master, who shall prepare a report of the hearing as provided in M.R.Civ.P., Rule 53(e).

(5) Failure to object under subsection (1) to a compact negotiated and ratified under 85-2-702 or 85-2-703 bars any subsequent cause of action in the water court.

(6) If the court sustains an objection to a compact, it may declare the compact void. The agency of the United States, the tribe, or the United States on behalf of the tribe party to the compact shall be permitted 6 months after the court's determination to file a statement of claim, as provided in 85-2-224, and the court shall thereafter issue a new preliminary decree in accordance with 85-2-231; provided, however, that any party to a compact declared void may appeal from such determination in accordance with those procedures applicable to 85-2-235, and the filing of a notice of appeal shall stay the period for filing a statement of claim as required under this subsection."

Section 4. Section 85-2-235, MCA, is amended to read:

"**85-2-235. Appeals from final decree.** A person whose existing rights and priorities are determined in the final decree may appeal the determination only if:

(1) he requested a hearing and appeared and entered objections to *the temporary preliminary decree or* the preliminary decree; or

(2) his rights *or priorities* as determined in the *temporary preliminary decree or the* preliminary decree were *affected* as the result of *an objection filed* by another person."

Section 5. **Coordination instruction.** If Senate Bill No. 166 [LC 684] is not passed and approved, the bracketed language in [section 1 of this act] is void.

Section 6. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 8] grants rulemaking authority to the newly created state fund to adopt or repeal rules or amend existing rules to implement the new state compensation mutual insurance fund. The chief purposes of creating the state fund as a mutual insurer and placing it in a department other than the department of labor are:

(1) to remove the inherent conflict between the interests of the workers' compensation division in regulating all workers' compensation insurers in this state, including the state compensation insurance fund, and the interests of the state fund as a workers' compensation insurer; and

(2) to ensure the solvency of the new state fund.

The legislature recognizes that the fund actuary has determined that at June 30, 1988, a full funding deficiency of $157.3 million existed for the present state compensation insurance fund. The legislature intends that the new state compensation mutual insurance fund adopt rules in a manner that will assure the solvency of the new fund. Rates must be set on an actuarially sound basis as required by state law. The new state fund would be bound to insure all employers who apply to it for workers' compensation coverage and shall insure state agencies.

As the primary means of ensuring the solvency of the state fund, it must institute safety programs and set rates in a manner that awards employers who provide a safe working environment and penalizes employers who do not.

HeinOnline -- 1989 vol. II 1522 1989

The legislature further intends that the new state fund institute programs to automate the processing of claims and payment of benefits. The state fund may contract out to the private sector certain claims administration and servicing functions if the state fund determines it to be cost-effective.

The legislature intends that the governor shall implement staggered terms in naming the initial members of the board.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Intent and purpose of plan.** It is the intent and purpose of the state fund to allow employers the option to insure their liability for workers' compensation and occupational disease coverage with a nonprofit, independent public corporation. The state fund is required to insure any employer in this state requesting coverage, and it may not refuse coverage for an employer unless an assigned risk plan is established under [section 12] and is in effect. The state fund must be neither more nor less than self-supporting. Premium rates must be set at a level sufficient to fund the insurance program, including the costs of administration, benefits, and adequate reserves. For the purpose of keeping the state fund solvent, it must implement variable pricing levels within individual rate classifications to reward an employer with a good safety record and penalize an employer with a poor safety record.

Section 2. **Definitions.** Unless the context requires otherwise, in [sections 1, 2, and 4 through 11] the following definitions apply:

(1) "Board" means the board of directors of the state compensation mutual insurance fund provided for in [section 3].

(2) "Department" means the department of administration provided for in 2-15-1001.

(3) "Executive director" means the chief executive officer of the state compensation mutual insurance fund.

(4) "State fund" means the state compensation mutual insurance fund provided for in [section 4]. It is also known as compensation plan No. 3 or plan No. 3.

Section 3. **Board of directors of the state compensation mutual insurance fund.** (1) There is a board of directors of the state compensation mutual insurance fund.

(2) The board is allocated to the department for administrative purposes only as prescribed in 2-15-121. However, the board may employ its own staff.

(3) The board may provide for its own office space and the office space of the state fund.

(4) The board consists of five members appointed by the governor. The executive director of the state fund is an ex officio nonvoting member.

HeinOnline -- 1989 vol. II 1523 1989

(5) At least three of the five members shall represent state fund policyholders and may be employees of state fund policyholders. At least three members of the board shall represent private, for-profit enterprises. A member of the board may not:

(a) represent or be an employee of an insurance company that is licensed to transact workers' compensation insurance under compensation plan No. 2; or

(b) be an employee of a self-insured employer under compensation plan No. 1.

(6) A member is appointed for a term of 4 years. The terms of board members must be staggered. A member of the board may serve no more than two 4-year terms. A member shall hold office until a successor is appointed and qualified.

(7) The members must be appointed and compensated in the same manner as members of a quasi-judicial board as provided in 2-15-124, except that the requirement that at least one member be an attorney does not apply.

Section 4. **State compensation mutual insurance fund created.** There is a state compensation mutual insurance fund known as the state fund that is a nonprofit, independent public corporation established for the purpose of allowing an option for employers to insure their liability for workers' compensation and occupational disease coverage under this chapter. The state fund exists as a domestic mutual insurer as defined in 33-3-102.

Section 5. **Management of state fund — powers and duties of the board.** (1) The management and control of the state fund is vested solely in the board.

(2) The board is vested with full power, authority, and jurisdiction over the state fund. The board may perform all acts necessary or convenient in the exercise of any power, authority, or jurisdiction over the state fund, either in the administration of the state fund or in connection with the insurance business to be carried on under the provisions of [sections 1, 2, and 4 through 11], as fully and completely as the governing body of a private mutual insurance carrier, in order to fulfill the objectives and intent of [sections 1, 2, and 4 through 11].

Section 6. **Personal liability excluded.** The members of the board, the executive director, and employees of the state fund are not liable personally, either jointly or severally, for any debt or obligation created or incurred by the state fund.

Section 7. **Appointment of executive director — management staff.** The board shall appoint an executive director of the state fund who has general responsibility for the operations of the state fund. The executive director must have executive level experience, with knowledge of the insurance industry. The executive director must receive compensation as set by the board and serve at the pleasure of the board. The executive director may hire the management staff of the state fund, each of whom serves at the pleasure of the executive director.

HeinOnline -- 1989 vol. II 1524 1989

Section 8. **Powers of the state fund — rulemaking.** For the purposes of carrying out its functions, the state fund may:

(1) insure any employer for workers' compensation and occupational disease liability as the coverage is required by the laws of this state and, in connection with the coverage, provide employers' liability insurance. The state fund may charge a minimum yearly premium to cover its administrative costs for coverage of a small employer.

(2) sue and be sued;

(3) adopt, amend, and repeal rules relating to the conduct of its business;

(4) enter into contracts relating to the administration of the state fund, including claims management, servicing, and payment;

(5) collect and disburse money received;

(6) adopt classifications and charge premiums for the classifications so that the state fund will be neither more nor less than self-supporting. The state fund must belong to the national council on compensation insurance and shall use the classifications of employment adopted by the national council and corresponding rates as a basis for setting its own rates.

(7) pay the amounts determined due under a policy of insurance issued by the state fund;

(8) hire personnel;

(9) declare dividends if there is an excess of assets over liabilities. However, dividends may not be paid until the unfunded liability of the state fund is eliminated and adequate actuarially determined reserves are determined.

(10) perform all functions and exercise all powers of a domestic mutual insurer that are necessary, appropriate, or convenient for the administration of the state fund.

Section 9. **Property of the state fund — investment required.** All premiums and other money paid to the state fund, all property and securities acquired through the use of money belonging to the state fund, and all interest and dividends earned upon money belonging to the state fund are the sole property of the state fund and must be used exclusively for the operations and obligations of the state fund. The money collected by the state fund may not be used for any other purpose. However, state fund money must be invested by the board of investments provided for in 2-15-1808.

Section 10. **State fund a mutual insurance carrier.** (1) The state fund is a domestic mutual insurer controlled by the laws relating to the regulation of domestic mutual insurers in this state. However, the formation, incorporation, bylaws, and bonding requirements set forth in Title 33, chapter 3, do not apply to the state fund. The state fund is not a member insurer for the purposes of the insurance guaranty association established pursuant to Title 33, chapter 10, part 1.

HeinOnline -- 1989 vol. II 1525 1989

(2) The commissioner of insurance may not terminate the operations of the state fund based on insolvency due to the unfunded liability that is recognized to exist on the date of passage of [sections 1, 2, and 4 through 11].

(3) If an assigned risk plan is established and administered pursuant to [section 12], the state fund is subject to the premium tax liability for insurers as provided in 33-2-705 based on earned premium and paid on revenue from the previous fiscal year.

Section 11. **Assets and liabilities of prior state fund.** All assets and funds held by the state compensation insurance fund established in 39-71-2301 through 39-71-2308 and 39-71-2321 through 39-71-2327 must be transferred to the state fund, and the state fund shall assume liability for all outstanding claims and indebtedness of the previously existing state fund.

Section 12. **Assigned risk plan.** (1) Following the date on which the provisions of [this act] are implemented but no later than December 31, 1990, the commissioner of the department of labor and industry may order the establishment of and administer a plan to equitably apportion among the state fund, plan No. 3, and private insurers, plan No. 2, the coverage required by this chapter for employers who are unable to procure coverage through ordinary methods. In determining whether to order an assigned risk plan to be established, the commissioner shall consider the effect a plan would have on the availability of workers' compensation insurance and the need to provide competitive workers' compensation premium rates for employers in this state. If the commissioner orders the establishment of an assigned risk plan, it may not take effect until at least 6 months following the commissioner's order creating the plan.

(2) All plan No. 2 insurers and the state fund shall subscribe to and participate in the assigned risk plan.

(3) If an insurer refuses to accept its equitable apportionment under the assigned risk plan, the commissioner of insurance may suspend or revoke the insurer's authority to issue workers' compensation insurance policies in this state.

(4) If an assigned risk plan is established and in effect, the state fund, plan No. 3, is not required to insure any employer in this state requesting coverage, and it may refuse coverage for an employer, except for a state agency.

(5) If an assigned risk plan is established and in effect, an employer who is refused the coverage required by this chapter by the state fund, plan No. 3, and by at least two private insurers, plan No. 2, may be assigned coverage by the commissioner under the assigned risk plan pursuant to the procedure established by the commissioner for the equitable apportionment of coverage.

It is the duty of the worker's attending physician to lend all necessary assistance in making application for compensation and such proof of other matters as may be required by the rules of the *department* without charge to the worker. The filing of forms or other documentation by the attending physician does not constitute a claim for compensation.

# CHAPTER NO. 614

[SB 437]

THE AIDS PREVENTION ACT; MANDATING THAT HIV ANTIBODY TESTING BE ADMINISTERED ONLY IN CONJUNCTION WITH ADEQUATE PRETEST AND POSTTEST COUNSELING; REQUIRING INFORMED CONSENT FOR HIV ANTIBODY TESTING; PROVIDING FOR CONFIDENTIALITY OF HIV TEST RESULTS IN A MANNER CONSISTENT WITH THE REQUIREMENTS OF THE UNIFORM HEALTH CARE INFORMATION ACT; AND REQUIRING HIV ANTIBODY TESTING OF DONORS OF SEMEN AND HUMAN BODY PARTS.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Short title.** [Sections 1 through 7] may be cited as the "AIDS Prevention Act".

HeinOnline -- 1989 vol. II 1546 1989

medical conditions constitutes a serious danger to the public health and welfare. In the absence of a vaccine or a cure and because of the sexual and intravenous drug use behaviors by which the virus is predominately spread, control of the epidemic is dependent on the education of those infected or at risk for infection.

(2) It is the intent of the legislature that education directed at preventing the transmission of HIV be provided to those infected and at risk of infection and to entreat such persons to come forward to determine their HIV infection status and to obtain appropriate education.

Section 3. **Definitions.** As used in [sections 1 through 7], the following definitions apply:

(14) (a) "Written informed consent" means an agreement in writing freely executed by the subject of an HIV-related test or the subject's legal guardian that includes at least the following:

(i) an explanation of the test, including its purpose, potential uses, limitations, and the meaning of its results; and

(iii) a discussion of whether and to whom the subject's name and test results may be disclosed; and

(iv) a statement that the test may be obtained anonymously if the subject wishes.

(b) The department shall develop a form agreement that may be used for purposes of this subsection.

Section 4. **Testing — counseling — informed consent — penalty.** (1) A person may not request an HIV-related test without first receiving the written informed consent of the subject of the test or the subject's legal guardian. A health care provider shall certify in writing that informed consent has been received prior to requesting testing. Testing may only be requested by a health care provider.

(2) Prior to executing an informed consent agreement, the subject of the test or the subject's legal guardian must be given pretest counseling.

(3) A health care provider who does not provide HIV-related tests on an anonymous basis shall inform a person who wishes to be tested anonymously that anonymous testing is available at one of the counseling testing sites established by the department.

(4) The results of an HIV-related test must be given to the health care provider designated by the subject, who shall inform the subject of the results in person.

(2) A knowing or purposeful violation of this section is a misdemeanor punishable by a fine of up to $1,000 or imprisonment of up to 6 months, or both.

Section 6. **Confidentiality of records.** (1) A person may not disclose or be compelled to disclose the identity of a subject of an HIV-related test or the results of a test in a manner that permits identification of the subject of the test, except to the extent allowed under the Uniform Health Care Information Act, Title 50, chapter 16, part 5.

(2) If a health care provider informs the subject of an HIV-related test that the results are positive, the provider shall encourage the subject to notify persons with whom there has been a contact capable of spreading HIV. If the subject is unable or unwilling to notify all contacts, the health care provider may ask the subject to disclose voluntarily the identities of the contacts and to authorize notification of those contacts by a health care provider. A notification may state only that the contact may have been exposed to HIV and may not include the time or place of possible exposure or the identity of the subject of the test.

Section 7. **Civil remedy.** (1) A person aggrieved by a violation of [sections 1 through 7] has a right of action in the district court and may recover for each violation:

HeinOnline -- 1989 vol. II 1549 1989

(3) The department may maintain a civil action to enforce [sections 1 through 7] in which the court may order any relief permitted under subsection (1).

(5) Nothing in [sections 1 through 7] may be construed to impose civil liability or criminal sanctions for disclosure of an HIV-related test result in accordance with any reporting requirement for a diagnosed case of AIDS or an HIV-related condition by the department or the centers for disease control of the United States public health service.

(i) in the case of a youth in need of supervision, such commitment does not authorize the department to place the youth in a state youth correctional facility. The court shall include such determination in the order committing the youth to the department.

(ii) in the case of a delinquent youth who is a serious juvenile offender, the judge may specify that the youth be placed in physical confinement in an appropriate facility only if the judge finds that such confinement is necessary for the protection of the public;

(h) require the medical and psychological evaluation of the youth, his parents, his guardians, or the persons having legal custody of the youth;

(i) require the parents, guardians, or other persons having legal custody of the youth to furnish such services as the court may designate; or

(2) At any time after the youth has been taken into custody, the court may, with the consent of the youth in the manner provided in 41-5-303 for consent by a youth to a waiver of his constitutional rights or after the youth has been adjudicated delinquent or in need of supervision, order the youth to be evaluated by the department for a period not to exceed 45 days. The department shall determine the place and manner of evaluation.

(3) No evaluation of a youth may be performed at the Montana state hospital unless such youth is transferred to the district court under 41-5-206.

Section 3. Section 15-30-111, MCA, is amended to read:

"**15-30-111. Adjusted gross income.** (1) Adjusted gross income shall be the taxpayer's federal income tax adjusted gross income as defined in section 62 of the Internal Revenue Code of 1954 or as that section may be labeled or amended and in addition shall include the following:

*(d) depreciation or amortization taken on a title plant as defined in 33-25-105(15).*

(2) Notwithstanding the provisions of the federal Internal Revenue Code of 1954 as labeled or amended, adjusted gross income does not include the following which are exempt from taxation under this chapter:

(a) all interest income from obligations of the United States government, the state of Montana, county, municipality, district, or other political subdivision thereof;

(b) interest income earned by a taxpayer age 65 or older in a taxable year up to and including $800 for a taxpayer filing a separate return and $1,600 for each joint return;

(c) all benefits, not in excess of $3,600, received:

(g) all Montana income tax refunds or credits thereof;

(h) all benefits paid under 19-11-602, 19-11-604, and 19-11-605 to retired and disabled firefighters, their surviving spouses and orphans or specified as exempt from taxation by 19-13-1003;

(i) all benefits paid under the municipal police officers' retirement system that are specified as exempt from taxation by 19-9-1005;

(l) all benefits received under the workers' compensation laws;

(m) all health insurance premiums paid by an employer for an employee if attributed as income to the employee under federal law; and

(n) all benefits paid under an optional retirement program that are specified as exempt from taxation by 19-21-212.

(3) In the case of a shareholder of a corporation with respect to which the election provided for under subchapter S. of the Internal Revenue Code of 1954, as amended, is in effect but with respect to which the election provided for under 15-31-202, as amended, is not in effect, adjusted gross income does not include any part of the corporation's undistributed taxable income, net operating loss, capital gains or other gains, profits, or losses required to be included in the shareholder's federal income tax adjusted gross income by reason of the said election under subchapter S. However, the shareholder's adjusted gross income shall include actual distributions from the corporation to the extent they would be treated as taxable dividends if the subchapter S. election were not in effect.

(4) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(l) shall include in his adjusted gross income the earnings and profits of the DISC in the same manner as provided by federal law (section 995, Internal Revenue Code) for all periods for which the DISC election is effective.

(5) A taxpayer who, in determining federal adjusted gross income, has reduced his business deductions by an amount for wages and salaries for which a federal tax credit was elected under section 44B of the Internal Revenue Code of 1954 or as that section may be labeled or amended is allowed to deduct the amount of such wages and salaries paid regardless of the credit taken. The deduction must be made in the year the wages and salaries were used to compute the credit. In the case of a partnership or

HeinOnline -- 1989 vol. II 1562 1989

small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(6) Married taxpayers filing a joint federal return who must include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(7) A taxpayer receiving retirement disability benefits who has not attained age 65 by the end of the taxable year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 per week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion and before application of the two-earner married couple deduction exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, permanently and totally disabled means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(8) A person receiving benefits described in subsections (2)(d) through (2)(f), (2)(h), or (2)(i) may not exclude benefits described in subsection (2)(c) from adjusted gross income unless the benefits received under subsections (2)(d) through (2)(f), (2)(h), or (2)(i) are less than $3,600, in which case the person may combine benefits to exclude up to a total of $3,600 from adjusted gross income. **(Subsection (2)(k) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983.)"**

Section 4. Section 15-31-114, MCA, is amended to read:

**"15-31-114. Deductions allowed in computing income.** In computing the net income, the following deductions shall be allowed from the gross income received by such corporation within the year from all sources:

(1) All the ordinary and necessary expenses paid or incurred during the taxable year in the maintenance and operation of its business and properties, including reasonable allowance for salaries for personal services actually rendered, subject to the limitation hereinafter contained, rentals or other payments required to be made as a condition to the continued use or possession of property to which the corporation has not taken or is not taking title or in which it has no equity. No deduction shall be allowed for salaries paid upon which the recipient thereof has not paid Montana state income tax; provided, however, that where domestic corporations are taxed on income derived from without the state, salaries of officers paid in connection with securing such income shall be deductible.

(2) (a) All losses actually sustained and charged off within the year and not compensated by insurance or otherwise, including a reasonable allowance for the wear and tear and obsolescence of property used in the trade

or business, such allowance to be determined according to the provisions of section 167 of the Internal Revenue Code in effect with respect to the taxable year. All elections for depreciation shall be the same as the elections made for federal income tax purposes. No deduction shall be allowed for any amount paid out for any buildings, permanent improvements, or betterments made to increase the value of any property or estate, and no deduction shall be made for any amount of expense of restoring property or making good the exhaustion thereof for which an allowance is or has been made. *No depreciation or amortization deduction shall be allowed on a title plant as defined in 33-25-105(15).*

(b) (i) There shall be allowed as a deduction for the taxable period a net operating loss deduction determined according to the provisions of this subsection. The net operating loss deduction is the aggregate of net operating loss carryovers to such taxable period plus the net operating loss carrybacks to such taxable period. The term "net operating loss" means the excess of the deductions allowed by this section, 15-31-114, over the gross income, with the modifications specified in (ii) of this subsection. If for any taxable period beginning after December 31, 1970, a net operating loss is sustained, such loss shall be a net operating loss carryback to each of the three taxable periods preceding the taxable period of such loss and shall be a net operating loss carryover to each of the five taxable periods following the taxable period of such loss. A net operating loss for any taxable period ending after December 31, 1975, in addition to being a net operating loss carryback to each of the three preceding taxable periods, shall be a net operating loss carryover to each of the seven taxable periods following the taxable period of such loss. The portion of such loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of such loss over the sum of the net income for each of the prior taxable periods to which such loss was carried. For purposes of the preceding sentence, the net income for such prior taxable period shall be computed with the modifications specified in (ii)(B) of this subsection and by determining the amount of the net operating loss deduction without regard to the net operating loss for the loss period or any taxable period thereafter, and the net income so computed shall not be considered to be less than zero.

(ii) The modifications referred to in (i) of this subsection shall be as follows:

(A) No net operating loss deduction shall be allowed.

(B) The deduction for depletion shall not exceed the amount which would be allowable if computed under the cost method.

(C) Any net operating loss carried over to any taxable years beginning after December 31, 1978, must be calculated under the provisions of this section effective for the taxable year for which the return claiming the net operating loss carryover is filed.

(iii) A net operating loss deduction shall be allowed only with regard to losses attributable to the business carried on within the state of Montana.

(iv) In the case of a merger of corporations, the surviving corporation shall not be allowed a net operating loss deduction for net operating losses

HeinOnline -- 1989 vol. II 1564 1989

sustained by the merged corporations prior to the date of merger. In the case of a consolidation of corporations, the new corporate entity shall not be allowed a deduction for net operating losses sustained by the consolidated corporations prior to the date of consolidation.

(v) Notwithstanding the provisions of 15-31-531, interest shall not be paid with respect to a refund of tax resulting from a net operating loss carryback or carryover.

(vi) The net operating loss deduction shall not be allowed with respect to taxable periods which ended on or before December 31, 1970, but shall be allowed only with respect to taxable periods beginning on or after January 1, 1971.

(3) In the case of mines, other natural deposits, oil and gas wells, and timber, a reasonable allowance for depletion and for depreciation of improvements; such reasonable allowance to be determined according to the provisions of the Internal Revenue Code in effect for the taxable year. All elections made under the Internal Revenue Code with respect to capitalizing or expensing exploration and development costs and intangible drilling expenses for corporation license tax purposes shall be the same as the elections made for federal income tax purposes.

(4) The amount of interest paid within the year on its indebtedness incurred in the operation of the business from which its income is derived; but no interest shall be allowed as a deduction if paid on an indebtedness created for the purchase, maintenance, or improvement of property or for the conduct of business unless the income from such property or business would be taxable under this part.

(5) (a) Taxes paid within the year, except the following:

(i) Taxes imposed by this part.

(ii) Taxes assessed against local benefits of a kind tending to increase the value of the property assessed.

(iii) Taxes on or according to or measured by net income or profits imposed by authority of the government of the United States.

(iv) Taxes imposed by any other state or country upon or measured by net income or profits.

(b) Taxes deductible under this part shall be construed to include taxes imposed by any county, school district, or municipality of this state.

(6) That portion of an energy-related investment allowed as a deduction under 15-32-103.

(7) (a) Except as provided in subsection (b), charitable contributions and gifts that qualify for deduction under section 170 of the Internal Revenue Code, as amended.

(b) The public service commission shall not allow in the rate base of a regulated corporation the inclusion of contributions made under this subsection.

HeinOnline -- 1989 vol. II 1565 1989

(8) In lieu of the deduction allowed under subsection (7), the taxpayer may deduct the fair market value, not to exceed 30% of the taxpayer's net income, of a computer or other sophisticated technological equipment or apparatus intended for use with the computer donated to an elementary, secondary, or accredited postsecondary school located in Montana if:

(a) the contribution is made no later than 5 years after the manufacture of the donated property is substantially completed;

(b) the property is not transferred by the donee in exchange for money, other property, or services; and

(c) the taxpayer receives a written statement from the donee in which the donee agrees to accept the property and representing that the use and disposition of the property will be in accordance with the provisions of (b) of this subsection (8)."

Section 5. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 6. **Applicability.** [This act] applies to taxable years beginning after December 31, 1989.

(4) "Benefit year", with respect to any individual, means the 52-consecutive-week period beginning with the first day of the calendar week in which such individual files a valid claim for benefits, except that the benefit year shall be 53 weeks if filing a new valid claim would result in overlapping any quarter of the base year of a previously filed new claim. A subsequent benefit year may not be established until the expiration of the current benefit year. (6) "Calendar quarter" means the period of 3 consecutive calendar months ending on March 31, June 30, September 30, or December 31.

(4) A determination or redetermination shall be deemed final unless an interested party entitled to notice thereof applies for reconsideration of the determination or appeals therefrom within 10 days after such notification was mailed to the interested party's last-known address, provided that such period may be extended for good cause.

*(5) Except as provided in subsection (6), no redetermination of a claim for benefits may be made after 2 years from the date of the initial determination.*

(d) the mental disabilities board of visitors provided for in 2-15-211.

Section 3. **Joint review and inspection.** Each state agency shall, if possible and practical, participate in joint review and inspection of community mental health centers. All joint announced on-site review and inspection activities of state agencies must be coordinated by function so that similar review and inspection activities of each state agency are conducted at one time.

Section 4. **Authorization for employees to perform functions of other state agency.** Each state agency may enter into an interagency agreement with other state agencies to authorize its employees to conduct specific review and inspection of community mental health centers under the jurisdiction of another state agency. Prior to authorizing employees of another state agency to conduct review and inspection under its jurisdiction, each state agency may require minimum standards of knowledge and training relevant to the type of activity to be conducted.

# CHAPTER NO. 620

[SB 330]

AN ACT GENERALLY REVISING THE LAWS RELATING TO THE INSURANCE INDUSTRY; REQUIRING HOLDING COMPANY SYSTEMS TO REGISTER PROPERLY AND TO PROVIDE ACCURATE INFORMATION TO THE COMMISSIONER OF INSURANCE ABOUT THEIR AFFILIATED COMPANIES' TRANSACTIONS; MODIFYING THE LAWS ALLOWING CREDIT FOR REINSURANCE; AND AMENDING SECTIONS 33-2-119, 33-2-1103, 33-2-1105, 33-2-1106, 33-2-1111, 33-2-1113, 33-2-1120, AND 33-2-1205, MCA.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 6(2)(a)(ii)(E)] authorizes the commissioner of insurance of the state of Montana to specify by rule a material transaction that adversely affects the interests of an insurer's policyholders and [section 8(9)] allows the commissioner to adopt rules implementing [sections 1 through 8]. The legislature intends that the rules the commissioner adopts to implement this bill be designed principally to protect Montana insurance consumers.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 33-2-119, MCA, is amended to read:

**"33-2-119. Suspension or revocation for violations and special grounds.** (1) The commissioner may, in his discretion, suspend or revoke an insurer's certificate of authority if, after a hearing thereon, he finds that the insurer has:

(a) violated any lawful order of the commissioner or any provision of this code other than those for which suspension or revocation is mandatory;

(b) reinsured more than 90% of its risks resident, located, or to be performed in Montana, in another insurer. In considering suspension or revocation, the commissioner shall consider all relevant factors, including whether:

(i) after the reinsurance transaction all parties will be in compliance with Montana law; and

(ii) the transaction will substantially reduce protection and service to Montana policyholders.

HeinOnline -- 1989 vol. II 1580 1989

(2) The commissioner shall, after a hearing thereon, suspend or revoke an insurer's certificate of authority if he finds that the insurer:

(a) is in unsound condition or in such condition or using such methods or practices in the conduct of its business as to render its further transaction of insurance in Montana injurious or hazardous to its policyholders or to the public;

(b) has refused to be examined or to produce its accounts, records, and files for examination or if any of its officers have refused to give information with respect to its affairs, when required by the commissioner;

(c) has failed to pay any final judgment rendered against it in Montana within 30 days after the judgment became final;

(d) with such frequency as to indicate its general business practice in Montana, has without just cause refused to pay *a* proper *claim* arising under its policies, whether *the* claim is in favor of an insured or is in favor of a third person with respect to the liability of an insured to *the* third person, or without just cause compels *the* insured or claimant to accept less than the amount due *him* or to employ attorneys or to bring suit against the insurer or insured to secure full payment or settlement of *the* claims;

(e) is affiliated with and under the same general management or interlocking directorate or ownership as another insurer which transacts direct insurance in Montana without having a certificate of authority therefor, except as permitted as to a surplus lines insurer under part 3 of this chapter.

(3) The commissioner may, in his discretion and without advance notice or a hearing thereon, immediately suspend the certificate of authority of any insurer as to which proceedings for receivership, conservatorship, rehabilitation, or other delinquency proceedings have been commenced in any state."

Section 2. Section 33-2-1103, MCA, is amended to read:

**"33-2-1103. Additional investment authority — exemption from other investment restrictions — determination of qualification — divestiture.** (1) In addition to investments in common stock, preferred stock, debt obligations, and other securities permitted under this part, a domestic insurer may also:

(a) invest, in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries, amounts which do not exceed the lesser of *10%* of *the* insurer's assets or 50% of *the* insurer's surplus as regards policyholders, provided that after *the* investments the insurer's surplus as regards policyholders will be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs. In calculating the amount of *the* investments, there *must* be included total net *money* or other consideration expended and obligations assumed in the acquisition or formation of a subsidiary, including all organizational expenses and contributions to capital and surplus of *the* subsidiary, whether or not represented by the purchase of capital stock or issuance of other securities, and all amounts expended in acquiring additional common stock, preferred stock,

HeinOnline -- 1989 vol. II 1581 1989

debt obligations, and other securities and all contributions to the capital or surplus of a subsidiary subsequent to its acquisition or formation.

(b) if the insurer's total liabilities, as calculated for national association of insurance commissioners annual statement purposes, are less than 10% of assets, invest any amount in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries, provided that after *the* investment the insurer's surplus as regards policyholders, considering *the* investment as if it were a disallowed asset, will be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs;

(c) invest any amount in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries, provided that each subsidiary agrees to limit its investments in any asset so that *the* investments will not cause the amount of the total investment of the insurer to exceed any of the investment limitations specified in this section. The total investment of the insurer must include:

(i) any direct investment by the insurer in an asset;

(ii) the insurer's proportionate share of any investment in an asset by any subsidiary of the insurer, which *is* calculated by multiplying the amount of the subsidiary's investment by the percentage of the insurer's ownership of such subsidiary.

(d) with the approval of the commissioner, invest *a greater* amount in common stock, preferred stock, debt obligations, or other securities of one or more subsidiaries, provided that after *the* investment, the insurer's surplus as regards policyholders will be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(2) Investments in common stock, preferred stock, debt obligations, or other securities of subsidiaries made pursuant to subsection (1) are not subject to any of the otherwise applicable restrictions or prohibitions contained in this part applicable to such investments of insurers.

(3) Whether any investment pursuant to subsection (1) meets the applicable requirements thereof is to be determined immediately after *the* investment is made, taking into account the then outstanding principal balance on all previous investments in debt obligations and the value of all previous investments in equity securities as of the date they were made.

(4) If an insurer ceases to control a subsidiary, it shall dispose of any investment therein made pursuant to this section within 3 years from the time of the cessation of control or within such further time as the commissioner may prescribe, unless at any time after *the* investment *is* made, *the* investment *meets* the requirements for investment under any other section of this part and the insurer has notified the commissioner thereof."

Section 3. Section 33-2-1105, MCA, is amended to read:

**"33-2-1105. Approval by commissioner — hearings — notice.** (1) The commissioner shall approve any merger or other acquisition of control referred to in 33-2-1104(1) unless, after a public hearing thereon, he finds that:

HeinOnline -- 1989 vol. II 1582 1989

(a) after the change of control the domestic insurer referred to in 33-2-1104(1) would not be able to satisfy the requirements for the issuance of a license to write the line or lines of insurance for which it is presently licensed;

(b) the effect of the merger or other acquisition of control would be substantially to lessen competition in insurance in this state or tend to create a monopoly therein;

(c) the financial condition of any acquiring party might jeopardize the financial stability of the insurer or prejudice the interest of its policyholders or the interests of any remaining securityholders who are unaffiliated with *the* acquiring party;

(d) the terms of the offer, request, invitation, agreement, or acquisition referred to in 33-2-1104(1) are unfair and unreasonable to the securityholders of the insurer;

(e) the plans or proposals which the acquiring party has to liquidate the insurer, sell its assets or consolidate or merge it with any person, or to make any other material change in its business or corporate structure or management are unfair and unreasonable to policyholders of the insurer and not in the public interest;

(f) the competence, experience, and integrity of those persons who would control the operation of the insurer are such that it would not be in the interest of policyholders of the insurer and of the public to permit the merger or other acquisition of control.

(2) The public hearing referred to in subsection (1) *must* be held within 30 days after the statement required by 33-2-1104(1) is filed, and at least 20 days notice thereof *must* be given by the commissioner to the person filing the statement. Not less than 7 days' notice of *the* public hearing *must* be given by the person filing the statement to the insurer and to other persons as may be designated by the commissioner. The insurer shall give notice to its securityholders. The commissioner shall make a determination within 30 days after the conclusion of *the* hearing. At *the* hearing, the person filing the statement, the insurer, any person to whom notice of hearing was sent, and any other person whose interests may be affected thereby *has* the right to present evidence, examine and cross-examine witnesses, and offer oral and written arguments and in connection therewith *is* entitled to conduct discovery proceedings in the same manner as is presently allowed in the district court of this state. All discovery proceedings *must* be concluded not later than 3 days prior to the commencement of the public hearing.

(3) All statements, amendments, or other material filed pursuant to subsections (1) through (4) of 33-2-1104 and all notices of public hearings held pursuant to subsection (1) *must* be mailed by the insurer to its shareholders within 5 business days after the insurer has received *the* statements, amendments, other material, or notices. The expenses of mailing *must* be borne by the person making the filing. As security for the payment of *the* expenses, *the* person shall file with the commissioner an acceptable bond or other deposit in an amount to be determined by the commissioner.

HeinOnline -- 1989 vol. II 1583 1989

*(4) The commissioner may retain at the acquiring party's expense any attorneys, actuaries, accountants, and other experts not otherwise a part of the commissioner's staff as may be reasonably necessary to assist the commissioner in reviewing the proposed acquisition of control."*

Section 4. Section 33-2-1106, MCA, is amended to read:

**"33-2-1106. Exemptions — violations — jurisdiction.** (1) The provisions of 33-2-1104, 33-2-1105, and this section *do* not apply to *an* offer, request, invitation, agreement, or acquisition which the commissioner by order shall exempt therefrom as:

*(a)* not having been made or entered into for the purpose and not having the effect of changing or influencing the control of a domestic insurer; or

*(b)* otherwise not comprehended within the purposes of 33-2-1104 and 33-2-1105.

(2) The following *are* violations of 33-2-1104, 33-2-1105, and this section:

(a) the failure to file any statement, amendment, or other material required to be filed pursuant to subsections (1) through (4) of 33-2-1104;

(b) the effectuation or any attempt to effectuate an acquisition of control of or merger with a domestic insurer unless the commissioner has given his approval thereto.

(3) The courts of this state are hereby vested with jurisdiction over every person not resident, domiciled, or authorized to do business in this state who files a statement with the commissioner under 33-2-1104 and over all actions involving *the* person arising out of violations of 33-2-1104, 33-2-1105, and this section, and each such person *is considered* to have performed acts equivalent to and constituting an appointment by such a person of the commissioner to be his true and lawful attorney upon whom may be served all lawful process in any action, suit, or proceeding arising out of violations of this section. Copies of all such lawful process *must* be served on the commissioner and transmitted by certified mail by the commissioner to *the* person at his last-known address."

Section 5. Section 33-2-1111, MCA, is amended to read:

**"33-2-1111. Registration of insurers — requisites — termination.** (1) Every insurer which is authorized to do business in this state and which is a member of an insurance holding company system shall register with the commissioner, except a foreign insurer subject to disclosure requirements and standards adopted by statute or regulation in the jurisdiction of its domicile which are substantially similar to those contained in this section. Any insurer which is subject to registration under this section shall register within 60 days after July 1, 1971, or 15 days after it becomes subject to registration, whichever is later, unless the commissioner for good cause shown extends the time for registration, and then within such extended time. The commissioner may require any authorized insurer which is a member of a holding company system which is not subject to

HeinOnline -- 1989 vol. II 1584 1989

registration under this section to furnish a copy of the registration statement or other information filed by such insurance company with the insurance regulatory authority of domiciliary jurisdiction.

(2) Every insurer subject to registration shall file *with the commissioner, on or before April 30 each year,* a registration statement on a form provided by the commissioner, which *must* contain current information about:

(a) the capital structure, general financial condition, ownership, and management of the insurer and any person controlling the insurer;

(b) the identity of every member of the insurance holding company system;

(c) the following agreements in force, relationships subsisting, and transactions currently outstanding between such insurer and its affiliates:

(i) loans, other investments, or purchases, sales, or exchanges of securities of the affiliates by the insurer or of the insurer by its affiliates;

(ii) purchases, sales or exchanges of assets;

(iii) transactions not in the ordinary course of business;

(iv) guaranties or undertakings for the benefit of an affiliate which result in an actual contingent exposure of the insurer's assets to liability, other than insurance contracts entered into in the ordinary course of the insurer's business;

(v) all management and service contracts and all cost-sharing arrangements, other than cost allocation arrangements based upon generally accepted accounting principles;

(vi) reinsurance agreements covering all or substantially all of one or more lines of insurance of the ceding company;

*(vii) dividends and other distributions to shareholders; and*

*(viii) consolidated tax allocation agreements;*

*(d) any pledge of the insurer's stock, including stock of a subsidiary or controlling affiliate for a loan made to a member of the insurance holding company system;*

*(e)* all matters concerning transactions between registered insurers and any affiliates as may be included from time to time in any registration forms adopted or approved by the commissioner.

*(3) A registration statement must contain a summary outlining each item in the current registration statement that represents a change from the prior registration statement.*

*(4)* No information need be disclosed on the registration statement filed pursuant to subsection (2) if such information is not material for the purposes of this section. Unless the commissioner by rule or order provides otherwise, sales, purchases, exchanges, loans or extensions of credit, or investments involving ½ of 1% or less of an insurer's admitted assets as of

December 31 next preceding *may* not be deemed material for purposes of this section.

*(5) A person within an insurance holding company system subject to registration shall provide complete and accurate information to an insurer if the information is reasonably necessary to enable the insurer to comply with Title 33, chapter 2, part 11.*

*(6)* Each registered insurer shall keep current the information required to be disclosed in its registration statement by reporting all material changes or additions on amendment forms provided by the commissioner within 15 days after the end of the month in which it learns of each such change or addition. *Except as provided in* 33-2-1114, each registered insurer shall report all dividends and other distributions to shareholders within 2 business days following the declaration thereof.

*(7)* The commissioner shall terminate the registration of any insurer which demonstrates that it no longer is a member of an insurance holding company system.

*(8)* The commissioner may require or allow two or more affiliated insurers subject to registration hereunder to file a consolidated registration statement or consolidated reports amending their consolidated registration statement or their individual registration statements.

*(9)* The commissioner may allow an insurer which is authorized to do business in this state and which is part of an insurance holding company system to register on behalf of any affiliated insurer which is required to register under subsection (1) and to file all information and material required to be filed under this section."

Section 6. Section 33-2-1113, MCA, is amended to read:

**"33-2-1113. Transactions with affiliates — standards.** (1) Material transactions by registered insurers with their affiliates *are* subject to the following standards:

(a) The terms *must* be fair and reasonable.

*(b) Charges or fees for services performed must be reasonable.*

*(c) Expenses incurred and payments received must be allocated to the insurer in conformity with customary insurance accounting practices consistently applied.*

*(d)* The books, accounts, and records of each party *must* be so maintained as to clearly and accurately disclose the precise nature and details of the transactions, *including such accounting information as is necessary to support the reasonableness of the charges or fees to the respective parties.*

*(e)* The insurer's surplus as regards policyholders following any dividends or distributions to shareholder affiliates *must* be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

*(2) (a) The following transactions involving a domestic insurer and a person in its holding company system may not be entered into unless the*

*insurer has notified the commissioner in writing of its intention to enter into a transaction and the commissioner has not disapproved it within at least 30 days prior to the transaction, or a shorter period as the commissioner may permit:*

*(i) sales, purchases, exchanges, loans or extensions of credit, guaranties, or investments if, as of the prior December 31, the transactions are equal to or exceed:*

*(A) with respect to insurers other than life insurers, the lesser of 3% of the insurer's admitted assets or 25% of its surplus as regards policyholders; and*

*(B) with respect to life insurers, 3% of the insurer's admitted assets;*

*(ii) loans or extensions of credit to a person who is not an affiliate if the insurer makes the loans or extensions of credit with the agreement or understanding that the proceeds of the transactions, in whole or in substantial part, are to be used to make loans or extensions of credit to, to purchase assets of, or to make investments in an affiliate of the insurer making the loans or extensions of credit if such transactions, as of the prior December 31, are equal to or exceed:*

*(A) with respect to insurers other than life insurers, the lesser of 3% of the insurer's admitted assets or 25% of its surplus as regards policyholders;*

*(B) with respect to life insurers, 3% of the insurer's admitted assets;*

*(C) reinsurance agreements or modifications to reinsurance agreements in which the reinsurance premium or a change in the insurer's liabilities equals or exceeds 5% of the insurer's surplus as regards policyholders, as of the prior December 31, including those agreements that may require as consideration the transfer of assets from an insurer to a nonaffiliate, if an agreement or understanding exists between the insurer and nonaffiliate that a portion of the assets will be transferred to one or more affiliates of the insurer;*

*(D) all management agreements, service contracts, and cost-sharing arrangements; and*

*(E) any material transactions, specified by rule, that the commissioner determines may adversely affect the interests of the insurer's policyholders.*

*(b) Nothing in this subsection (2) is considered to authorize or permit a transaction that, in the case of an insurer that is not a member of the same holding company system, would otherwise be contrary to law.*

*(3) A domestic insurer may not enter into a transaction that is part of a plan or series of like transactions with a person within the holding company system if the purpose of those separate transactions is to avoid the statutory threshold amount review. If the commissioner determines that the separate transactions were entered into over a 12-month period for the purpose of evading review, he may exercise his authority under 33-2-1120.*

*(4) The commissioner, in reviewing a transaction pursuant to subsection (2), shall consider whether the transaction complies with the standards set*

HeinOnline -- 1989 vol. II 1587 1989

*forth in subsection (1) and whether it may adversely affect the interests of a policyholder.*

*(5) The commissioner must be notified within 30 days of an investment by a domestic insurer in a corporation if the total investment in the corporation by the insurance holding company system exceeds 10% of the corporation's voting securities.*

*(6)* For purposes of this section, in determining whether an insurer's surplus as regards policyholders is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, the following factors, among others, *must* be considered:

(a) the size of the insurer as measured by its assets, capital and surplus, reserves, premium writings, insurance in force, and other appropriate criteria;

(b) the extent to which the insurer's business is diversified among the several lines of insurance;

(c) the number and size of risks insured in each line of business;

(d) the extent of the geographical dispersion of the insurer's insured risks;

(e) the nature and extent of the insurer's reinsurance program;

(f) the quality, diversification, and liquidity of the insurer's investment portfolio;

(g) the recent past and projected future trend in the size of the insurer's surplus as regards policyholders;

(h) the surplus as regards policyholders maintained by other comparable insurers;

(i) the adequacy of the insurer's reserves;

(j) the quality and liquidity of investments in subsidiaries made pursuant to 33-2-1104 through 33-2-1106. The commissioner may treat any such investment as a disallowed asset for purposes of determining the adequacy of surplus as regards policyholders whenever in his judgment *the* investment so warrants."

Section 7. Section 33-2-1120, MCA, is amended to read:

**"33-2-1120. Criminal or civil proceedings — penalties.** (1) *An insurer failing without just cause to file a registration statement as required in 33-2-1111 shall, after notice and hearing, pay a penalty of $100 for each day of delinquency. The maximum penalty under this subsection is $25,000. The commissioner may reduce the penalty if the insurer demonstrates to the commissioner that the imposition of the penalty would constitute a financial hardship to the insurer.*

*(2) A director or an officer of an insurance holding company system who knowingly violates, participates in, or assents to a transaction or who knowingly permits an officer or agent of the insurer to engage in a transaction or make an investment that has not been properly reported or submitted pursuant to 33-2-1111 or 33-2-1113 or that violates any other*

HeinOnline -- 1989 vol. II 1588 1989

*provision of Title 33, chapter 2, part 11, shall, after notice and hearing, pay, in his individual capacity, a fine of not more than $5,000 for each violation. To determine the amount of the fine, the commissioner shall consider the appropriateness of the fine with respect to the gravity of the violation, the history of previous violations, and such other matters as justice may require.*

*(3) If the commissioner determines that an insurer subject to Title 33, chapter 2, part 11, or a director, officer, employee, or agent of the insurer has engaged in a transaction or entered into a contract that is subject to 33-2-1113 and that would not have been approved had approval been requested, the commissioner may order the insurer to cease and desist immediately any further activity under that transaction or contract. After notice and hearing, the commissioner may also order the insurer to void the contract and restore the status quo if such action is in the best interest of policyholders, creditors, or the public.*

*(4)* Whenever it appears to the commissioner that any insurer or any director, officer, employee, or agent thereof has committed a willful violation of this part, the commissioner may cause criminal proceedings to be instituted by the district court for the county in which the principal office of the insurer is located or if such insurer has no such office in the state, then by the district court for Lewis and Clark County against such insurer or the responsible director, officer, employee, or agent thereof.

*(5)* Any insurer which willfully violates this part may be fined not more than *$25,000.*

*(6)* Any individual who willfully violates this part may be fined not more than *$5,000* or, if such willful violation involves the deliberate perpetration of a fraud upon the commissioner, imprisoned not more than 2 years or both."

Section 8. Section 33-2-1205, MCA, is amended to read:

**"33-2-1205. Reinsurance — limitations — credit as asset.** (1) An insurer may accept reinsurance only of such kinds of risks, and retain risk thereon within such limits, as it is otherwise authorized to insure.

(2) *Credit for reinsurance is allowed a ceding insurer as either an asset or a deduction from liability on account of ceded reinsurance only if the reinsurance is ceded to a* solvent insurer authorized to transact insurance in *a state* and having surplus to policyholders in *an* amount not less than the paid-in capital stock required of a domestic stock insurer transacting like kinds of insurance.

(3) *Credit for reinsurance is* allowed to *a ceding* insurer, as an asset or a deduction from liability, for reinsurance ceded to an alien insurer *only if:*

*(a) the reinsurance is ceded to an assuming insurer that maintains a trust fund in a United States bank or trust company for the payment of the valid claims of its United States policyholders and ceding insurers and their assigns and successors in interest. The assuming insurer shall report annually to the commissioner information substantially the same as that*

HeinOnline -- 1989 vol. II 1589 1989

*required to be reported on the national association of insurance commissioners annual statement form by authorized insurers, to enable the commissioner to determine the sufficiency of the trust fund. In the case of a single assuming insurer, the trust fund must consist of a trusteed account representing the assuming insurer's liabilities attributable to business written in the United States and, in addition, must include a trusteed surplus of not less than $20 million. In the case of a group of individual unincorporated underwriters, the trust must consist of a trusteed account representing the group's liabilities attributable to business written in the United States and, in addition, include a trusteed surplus of not less than $100 million, and the group shall make available to the commissioner an annual certification of the solvency of each underwriter provided by the group's domiciliary regulator and its independent public accountants.*

*(i) The trust fund must be established in a United States bank or trust company that is a member of the federal reserve system, in a form approved by the commissioner. The trust instrument must provide that contested claims are valid and enforceable upon the final order of a court of competent jurisdiction in the United States. The trust fund must vest legal title to its assets in the trustees of the trust fund for its United States policyholders and ceding insurers and their assigns and successors in interest. The trust fund and the assuming insurer are subject to examination as determined by the commissioner. The trust fund described herein must remain in effect for as long as the assuming insurer has outstanding obligations due under the reinsurance agreements subject to the trust fund.*

*(ii) No later than February 28 of each year, the trustees of the trust fund shall report to the commissioner in writing, setting forth the balance of the trust fund and listing the trust's investments at the preceding yearend, and shall certify the date of termination of the trust fund, if so planned, or certify that the trust fund will not expire before the following December 31.*

*(b) the reinsurance is ceded to an assuming insurer not meeting the requirements of subsection (2) but only with respect to the insurance of risks located in jurisdictions other than the United States where such reinsurance is required by applicable law or rule of that jurisdiction.*

*(4) (a) If the assuming insurer is not authorized to transact insurance in this state, the credit permitted by subsections (2) or (3) is not allowed unless the assuming insurer agrees in the reinsurance agreement:*

*(i) that, if the assuming insurer fails to perform its obligations under the terms of the reinsurance agreement, the assuming insurer, at the request of the ceding insurer or its domiciliary liquidator or receiver, will:*

*(A) submit to the jurisdiction of a court of competent jurisdiction in a state of the United States;*

*(B) comply with all requirements necessary to give the court jurisdiction; and*

*(C) abide by the final decision of the court or of an appellate court in the event of an appeal; and*

HeinOnline -- 1989 vol. II 1590 1989

*(ii) to designate the commissioner or a designated attorney as its attorney upon whom lawful process may be served in an action, suit, or proceeding instituted by or on behalf of the ceding insurer.*

*(b) This provision is not intended to conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes if the obligation is created in the agreement.*

*(5) A reduction from liability for the reinsurance ceded to an assuming insurer not meeting the requirements of subsection (2) must be allowed in an amount not exceeding the liabilities carried by the ceding insurer. The reduction must be in the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the ceding insurer under a reinsurance contract with the assuming insurer as security for the payment of obligations under the reinsurance contract, if the security is held in the United States subject to withdrawal solely by and under the exclusive control of the ceding insurer or, in the case of a trust, if the security is held in a United States bank or trust company that is a member of the federal reserve system. This security may be in the form of:*

*(a) cash;*

*(b) securities listed by the security valuation office of the national association of insurance commissioners and qualifying as admitted assets;*

*(c) clean, irrevocable, unconditional letters of credit issued or confirmed in writing by a bank or trust company that is a member of the federal reserve system; or*

*(d) any other form of security acceptable to the commissioner.*

*(6)* Credit *must* be allowed as an asset or a deduction from liability to a ceding insurer for reinsurance ceded to an assuming insurer qualified therefor under the foregoing provisions of this section, except that credit *may not* be allowed unless the reinsurance is payable by the assuming insurer on the basis of the liability of the ceding insurer under the contracts reinsured without diminution because of the insolvency of the ceding insurer.

*(7)* Upon request of the commissioner, an insurer shall promptly inform the commissioner in writing of the cancellation or any other material change of any of its reinsurance treaties or arrangements.

*(8)* This section *does* not apply to wet marine and transportation insurance.

*(9) The commissioner may adopt rules implementing the provisions of this part."*

Section 9. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 10. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of

[this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Welcome and farewell signs — design, erection, maintenance — completion date — exceptions — use of existing signs.** (1) (a) The department shall:

[HB 44]

AN ACT REVISING PROVISIONS CONCERNING INTERENTITY LOANS WITHIN STATE GOVERNMENT; AMENDING SECTION 17-2-107, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 17-2-107, MCA, is amended to read:

**"17-2-107. Accurate accounting records and interentity loans.** (1) The department of administration shall record receipts and disbursements for treasury funds and for *accounting entities* within treasury funds

and shall maintain records in such a manner as to reflect the total cash and invested balance of each fund and each *accounting entity*. The department of administration shall adopt the necessary procedures to insure that interdepartmental or intradepartmental transfers of money *or loans* do not result in inflation of figures reflecting total governmental costs and revenues.

(2) *(a)* When the expenditure of an appropriation *from a fund designated in 17-2-102(1)(a) through (1)(c)* is necessary and the cash balance in the *accounting entity* from which the appropriation was made is insufficient, the department of administration may authorize a temporary loan, bearing no interest, of unrestricted *money* from other *accounting entities if* there is reasonable evidence that the income will be sufficient to *repay the loan* within 1 calendar year and *if* the loan is recorded in the state accounting records. *An accounting entity receiving a loan or an accounting entity from which a loan is made may not be so impaired that all proper demands on the accounting entity cannot be met even if the loan is extended.*

*(b) (i) When an expenditure from a fund or subfund designated in 17-2-102(1)(d)(i)(A) through (1)(d)(vi) is necessary and the cash balance in the fund or subfund from which the expenditure is to be made is insufficient, the commissioner of higher education may authorize a temporary loan, bearing interest as provided in subsection (4), of money from the agency's other funds or subfunds if there is reasonable evidence that the income will be sufficient to repay the loan within 1 calendar year and if the loan is recorded in the state accounting records. A fund or subfund receiving a loan or from which a loan is made may not be so impaired that all proper demands on the fund or subfund cannot be met even if the loan is extended.*

*(ii) One accounting entity within each fund or subfund designated in 17-2-102(1)(d)(i)(A) through (1)(d)(vi) must be established for the sole purpose of recording loans between the funds or subfunds. This accounting entity is the only accounting entity within each fund or subfund that may receive a loan or from which a loan may be made.*

*(c) A* loan *made under subsection (2)(a) or (2)(b)* must be repaid within 1 calendar year of the date the loan is approved unless it is extended under subsection (3) or by specific legislative authorization.

(3) Under unusual circumstances the director of the department of administration *or the board of regents* may grant one extension for up to 1 year *for a loan made under subsection (2)(a) or (2)(b).* The *director or board* shall prepare a written justification and proposed repayment plan for each loan extension authorized and shall furnish a copy of the written justification and proposed repayment plan to the house appropriations and senate finance and claims committees at the next legislative session.

(4) Any loan from the current unrestricted subfund to funds designated in *17-2-102*(1)(d)(i)(D) and (1)(d)(ii) through (1)(d)(vi) *must* bear interest at a rate equivalent to the previous fiscal year's average rate of return on the board of investments' short-term investment pool. Except for investment earnings on restricted donations, all designated and restricted subfund investment earnings, other than investment earnings on student

HeinOnline -- 1989 vol. II 1594 1989

activity fees used to support student governments at units of the university system, are credited to the state general fund.

*(5) If for two consecutive fiscal yearends a loan or an extension of a loan has been authorized to the same accounting entity as provided in subsection (2) or (3), the department of administration or the commissioner of higher education shall submit to the legislative finance committee by September 1 of the following fiscal year a written report containing an explanation as to why the second loan or extension was made, an analysis of the solvency of the accounting entity or accounting entities within the university fund or subfund, and a plan for repaying the loans.*

*(6) If for two consecutive fiscal yearends an accounting entity in a fund or subfund designated in 17-2-102(1)(d)(i) through (1)(d)(vi) has a negative cash balance, the commissioner of higher education shall submit to the legislative finance committee by September 1 of the following fiscal year a written report containing an explanation as to why the accounting entity has a negative cash balance, an analysis of the solvency of the accounting entity, and a plan to address any problems concerning the accounting entity's negative cash balance or solvency.*

*(7) (a) An* accounting entity *in a fund designated in 17-2-102(1)(a) through (1)(c)* may *not* have a negative cash balance at fiscal yearend. The department of administration may, however, allow *an accounting entity* to carry a negative balance at any point during the fiscal year *if the* negative cash *balance does* not exist *for* more than 7 working days.

(b) *(i) Except as provided in subsection (7)(b)(ii), a unit* of the university system *or* vocational-technical *center shall* maintain *a* positive cash *balance* in the *funds and* subfunds *designated in 17-2-102*(1)(d)(i)(A) through (1)(d)(i)(D) and (1)(d)(ii) through (1)(d)(vi).

*(ii) If a fund or subfund inadvertently has a negative cash balance, the department of administration may allow the fund or subfund to carry the negative cash balance for no more than 7 working days. If the negative cash balance exists for more than 7 working days, a transaction may not be processed through the statewide accounting system for that fund or subfund.*

*(8)* Notwithstanding the provisions of subsections (2) through (4), the department of social and rehabilitation services may maintain positive cash balances in the federal special revenue fund with long-term repayment whenever necessary due to the timing for transmittal of obligated matching funds if it can be demonstrated to the satisfaction of the department of administration that the total loan balance does not exceed total receivables from federal and county governments and receivables have been billed on a timely basis. The loan must be repaid under such terms and conditions as may be determined by the department of administration or by specific legislative authorization."

Section 2. **Effective date.** [This act] is effective on passage and approval.

Approved April 24, 1989.

clerk and recorder must charge the treasurer with the amount of taxes due on the delinquent tax list, *minus taxes suspended or canceled under the provisions of [section 11]*, and within 3 days thereafter deliver the list, duly certified, to the county treasurer."

Section 6. Section 15-16-401, MCA, is amended to read:

**"15-16-401. Tax due as a judgment or lien.** *Unless suspended or canceled under the provisions of [section 11], every* tax has the effect of a judgment against the person, and every lien created by this title has the force and effect of an execution duly levied against all personal property in the possession of the person assessed from and after the date the assessment is made. The county treasurer may issue a writ of execution for delinquent personal property taxes, *unless suspended or canceled under the provisions of [section 11]*, and deliver the writ to the sheriff. The sheriff shall thereupon proceed upon the writ in all respects, with like effect, and in the same manner prescribed by law in respect to executions issued against property upon judgments of a court of record and shall be entitled to the fees provided for in 15-17-911. The judgment is not satisfied nor the lien removed until the taxes are paid or the property sold for the payment thereof."

Section 7. Section 15-16-402, MCA, is amended to read:

**"15-16-402. Tax on personal property lien on realty — separate assessment.** (1) Every tax due upon personal property is a prior lien upon any or all of such property, which lien shall have precedence over any other lien, claim, or demand upon such property, and except as hereinafter provided, every tax upon personal property is also a lien upon the real property of the owner thereof on and after January 1 of each year.

(2) The taxes upon personal property based upon a taxable value up to and including $1,000 shall be a first and prior lien upon the real property of the owner of such personal property. Taxes upon personal property based upon the taxable value thereof in excess of $1,000 shall be a first and prior lien upon the real property of the owner unless the owner or holder of any mortgage or other lien upon said real property appearing of record in the office of the clerk and recorder of the county where such real property is situated, at or before the time such personal property tax attached thereto, shall have filed the notice hereinafter provided for, in which event the taxes upon such excess of $1,000 of taxable value shall not be a lien on the real property of such owner. It shall be the duty of the county treasurer to issue to any mortgagee or lien holder, upon his request, a statement of the personal property tax due upon the taxable value up to and including $1,000. Personal property taxes upon a taxable value up to $1,000 may be paid, redeemed from a tax sale as by law provided, or discharged separately from any personal property taxes in excess of such amount. Payment of such taxes upon a taxable value up to $1,000, as herein provided, shall operate to discharge the tax lien upon the personal property of the owner to the extent of such payment in the order that the person paying such tax shall direct.

(3) The holder of any mortgage or lien upon real property who desires to obtain the benefits of this section shall file in the office of the county treasurer of said county a notice giving:

HeinOnline -- 1989 vol. II 1617 1989

(c) the description of the land;

(d) the date of record and expiration of the mortgage or lien;

(e) the amount thereof; and

(f) a statement that he claims the benefit of the provisions of this section.

(4) Such notice shall be ineffectual as to any taxes which shall have become a lien on real property prior to the filing of such notice as aforesaid. If the mortgage be not paid at maturity, such notice shall thereafter be filed annually unless the mortgage be extended for a definite period to be stated in such notice.

(5) Any owner of a mortgage on real estate upon which personal property taxes are by this section made a lien, where the owner of such real estate and personal property has failed to pay taxes due upon such real estate and personal property for 1 or more years, may file with the department of revenue or its agent in the county in which such property is located a written request to have the personal property and real estate of the owner separately assessed. Such request must be made by registered or certified mail at least 10 days prior to January 1 in the year for which property is assessed. Upon receipt by the department or its agent of such request, it is hereby made the duty of the department or its agent to make a separate assessment of real and personal property of the owner thereof, and such personal taxes shall not be a lien upon the real estate so mortgaged of the owner thereof, and the personal property taxes shall be collected in the manner provided by law for other personal property.

*(6) The provisions of this section do not apply to property for which delinquent property taxes have been suspended or canceled under the provisions of [section 11].*"

Section 8. Section 15-16-404, MCA, is amended to read:

"**15-16-404. County lien on moneys of taxpayer.** The county has a general lien, dependent on possession, upon any moneys in its possession belonging to any taxpayer for any amounts due the county for any delinquent personal property taxes *that are* not a lien on real estate of the taxpayer *and that are not delinquent personal property taxes suspended or canceled under the provisions of [section 11].* Due notice shall be given the lien holder, if known."

Section 9. Section 15-17-122, MCA, is amended to read:

"**15-17-122. Notice of pending tax sale.** (1) The county treasurer shall publish or post a notice of pending tax sale. The notice must include:

HeinOnline -- 1989 vol. II 1618 1989

(b) a statement that the delinquent taxes, including penalties, interest, and costs, are a lien upon the property and that unless the delinquent taxes, penalties, interest, and costs are paid prior to the time of the tax sale, the lien will be offered for sale at the time and place specified in subsection (1)(a).

(2) The notice required in subsection (1) must also include a statement that a list of each property on which the taxes are delinquent is on file in the office of the county treasurer and open to inspection. The list must include:

(a) the name and address of the person to whom the delinquent taxes are assessed;

(b) the amounts of the delinquent taxes, all accrued penalties, interest, and other costs; and

(c) a statement that penalties, interest, and costs will be added to delinquent taxes.

(3) The notice must be published once a week for 3 consecutive weeks in the newspaper designated for county printing as provided in 7-5-2411. If no newspaper is published in the county, the notice must be posted by the county treasurer in three public places. The notice must be first published or posted on or before the last Monday in June.

(4) Except as provided in 15-17-211(2), the sale may not be held less than 21 days or more than 28 days from the date of first publication or first day the notice is posted.

(5) The sale must be held at the county courthouse.

(6) Property on which taxes are delinquent but for which proper notification was not made may not be included in the current year's notice and sale. In the event of improper notification, the sale may be held on all property properly noticed.

Section 10. Section 15-17-911, MCA, is amended to read:

"**15-17-911. Sale of personal property for delinquent taxes — fee — disposition of proceeds — unsold property.** (1) The tax on personal property may be collected and payment enforced by the seizure and sale of any personal property in the possession of the person assessed. Seizure and sale are authorized at any time after the date the taxes become delinquent or by the institution of a civil action for its collection in any court of competent jurisdiction. A resort to one method does not bar the right to resort to any other method. Any of the methods provided may be used until the full amount of the tax is collected.

(2) The provisions of 15-16-113 and this section apply to a seizure and sale under subsection (1).

HeinOnline -- 1989 vol. II 1619 1989

(3) A sale under subsection (1) must be at public auction. The minimum bid for any property offered for sale must be of a sufficient amount to pay the delinquent taxes, including penalties, interest, and costs.

(4) For seizing and selling personal property, the treasurer shall charge $25, plus the mileage allowance provided by law to the sheriff, plus reasonable expenses for seizing, handling, keeping, or caring for any property so seized. The charge and other costs may be charged only when property is actually seized and offered for sale or sold.

(5) On payment of the price bid for any property sold as provided in this section, delivery of the property, with a bill of sale, vests the title of the property in the purchaser.

(6) (a) All money collected from the sale of property in liquidation of the delinquency, including delinquent taxes, penalties, and interest but not costs, must be credited by the treasurer to the appropriate funds.

(b) Any money collected in excess of the delinquent tax, penalties, interest, costs, and charges must be returned to the person owning the property prior to the sale, if known. If the person does not claim the excess immediately following the sale, the treasurer shall deposit the money in the county treasury for a period of 1 year from the date of sale. If the person has not claimed the excess within 1 year from the date of sale, the county treasurer shall deposit the amount in the county general fund and the person has no claim to it thereafter.

(7) Any property seized for the purpose of liquidating a delinquency by a tax sale that remains unsold following a sale may be left at the place of sale at the risk of the owner.

*(8) The provisions of this section do not apply to property for which delinquent property taxes have been suspended or canceled under the provisions of [section 11].*"

Section 11. **Suspension and cancellation of collection of certain property taxes on commercial property — local government discretion.** (1) The governing body of a county or consolidated local government unit may suspend collection of delinquent property taxes on commercial property to facilitate the purchase and continued operation of a business utilizing the commercial property if the property has not been used in a business for 6 months immediately preceding the date of suspension.

(2) The governing body may refuse to suspend delinquent taxes if it determines that the purchase of the commercial property is not an arm's length transaction or if the purchase otherwise appears to be a restructuring of ownership for the primary purpose of escaping payment of delinquent property taxes or if the governing body determines the cancellation is not in the best interest of the county.

(3) If a purchaser of such commercial property continuously utilizes the property in a profit-oriented, employment-stimulating business for 3 years from the date of purchase, the governing body may cancel the collection of the suspended delinquent property taxes. The governing body may not cancel the suspended delinquent property taxes if the purchaser is delinquent

HeinOnline -- 1989 vol. II 1620 1989

on taxes for any other property within the governing body's taxing jurisdiction.

(4) (a) In order for the governing body to grant a suspension or cancellation of delinquent property taxes pursuant to this section, it shall adopt a resolution after:

(i) providing notice, as set forth in 7-1-2121;

(ii) holding a public hearing; and

(iii) notifying the governor's office of budget and program planning and the department of revenue about a proposed action to suspend or cancel delinquent property taxes. The governor's office of budget and program planning and the department of revenue shall consult with the governing body regarding the impact on programs that would result from the proposed granting of the suspension or cancellation of the delinquent property taxes, and the governing body shall consider the information before reaching a final decision.

(b) The resolution must state that the suspension or cancellation is in the best interest of the people of the county or consolidated local government, based on full disclosure of all pertinent financial information by the new owner as required by the local government.

(5) The suspension or cancellation of delinquent property taxes pursuant to this section:

(a) applies to all mills levied in the county or otherwise required under state law, including levies or assessments required under Title 15, chapter 10, 20-9-331, 20-9-333, and 20-25-423;

(b) does not apply to assessments made against property for the payment of bonds issued pursuant to Title 7, chapter 12.

Section 12. **Payment of suspended delinquent property taxes.** If collection of delinquent property taxes has been suspended in accordance with [section 11] but the purchaser of the commercial property fails to comply with any of the provisions of the resolution granting suspension under [section 11], the governing body that adopted the resolution may revoke the suspension. Upon revocation, the tax lien for the delinquent taxes, penalties, and interest is reinstated. Penalties and interest are to be calculated from the date of delinquency as if there had been no suspension of collection of the delinquent taxes.

Section 13. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 14. **Codification instruction.** (1) [Section 11] is intended to be codified as an integral part of Title 15, chapter 24, and the provisions of Title 15 apply to [section 11].

[this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 16. **Effective date — retroactive applicability.** [This act] is effective on passage and approval and applies retroactively, within the meaning of 1-2-109, to taxable years beginning after December 31, 1983.

Section 17. **Termination date.** [This act] terminates December 31, 1993.

(3) A taxpayer shall appeal the new value in advance of its placement on the tax rolls by filing an appeal pursuant to 15-15-102 before the first Monday in June or 15 days after receiving notice of the new valuation amount, whichever is later, or be barred from appealing for untimeliness.

(4) For the taxable year beginning January 1, *1990*, and for every taxable year thereafter, the department shall conduct a stratified sales assessment ratio study of all residential *land and improvements, agricultural*

HeinOnline -- 1989 vol. II 1629 1989

*1-acre homesites and improvements, and commercial land and improvements. The sales assessment ratio based on property sales finalized and recorded by no later than November 1 must be used to determine appraisals for the immediately succeeding tax year.*

(5) The study required in subsection (4) must be based on:

(a) *commonly accepted statistical* standards and methodology;

*(b)* a statistically valid sample of sales, using data from realty transfer certificates filed for *up to 3* taxable *years prior to the year the study is made, taking into account the dates of the included sales in the statistical analysis*; and

*(c)* the assessments and sales for areas of the state that are economically, demographically, and geographically similar in order to determine the sales assessment *ratios* for a specific area.

(6) For purposes of conducting the study required by subsection (4), the *department shall partition the state into as many as 100 areas for residential property and as many as 20 areas for commercial property. The areas must contain statistically sufficient numbers of sales and be as economically and demographically homogeneous as reasonably practicable.*

*(7)* The department shall use the following procedure to validate sales information:

(a) Department staff *who did not participate in the determination of appraised values* are required to review *the* sales *transactions* evidenced by a realty transfer certificate. The review must be conducted to determine whether each sale *used in the study* was a valid, arm's-length transaction. Only valid, arm's-length sales may be used in the sales assessment ratio study.

(b) The sales information *entered in* the computer-assisted appraisal system is considered confidential, as provided in 15-7-308. *However, the department shall annually publish a report containing the results of all sales assessment ratio studies done in each of the areas described in subsection (6). The report containing the results of the study must be made available to the public by request or by general disclosure.*

(c) The department shall exclude from the sales assessment ratio study any parcels in which the improvements have been remodeled, reconstructed, or expanded *between the time of* the assessment *and the time of the sales.*

(d) The department shall exclude sales assessment ratios of less than 50% or greater than 200%.

*(8) (a)* The department shall have equalized property values throughout the state *and may not make further adjustments to values under this section* when the *assessments* for each stratum within each area identified in subsection (6) *are rescaled to bring all ratios to common value 1 and when the sample size produces a standard error of less than 5%*;

*(b) Under the method described in subsection (8)(a), taxable property in each area is considered revalued for each tax year, based on the results of*

*the sales assessment ratio study and the adjustments required by that study.*

*(c) Assessments in an area are considered equalized under subsection (8)(a) if the ratio for the area is within plus or minus 5% of common value 1.*"

Section 3. Section 15-10-412, MCA, is amended to read:

**"15-10-412. (Temporary) Property tax limited to 1986 levels — clarification — extension to all property classes.** Section 15-10-402 is interpreted and clarified as follows:

(1) The limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

(2) The limitation on the amount of taxes levied is interpreted to mean that, *except as otherwise provided in this section,* the actual tax liability for an individual property is capped at the dollar amount due in each taxing unit for the 1986 tax year. In tax years thereafter, the property must be taxed in each taxing unit at the 1986 cap or the product of the taxable value and mills levied, whichever is less for each taxing unit.

(3) The limitation on the amount of taxes levied does not mean that no further increase may be made in the total taxable valuation of a taxing unit as a result of:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(g) transfer of property from tax-exempt to taxable status;

(h) revaluations caused by:

(i) cyclical reappraisal; or

(ii) expansion, addition, replacement, or remodeling of improvements*; or*

*(i) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.*

(4) The limitation on the amount of taxes levied does not mean that no further increase may be made in the taxable valuation or in the actual tax liability on individual property in each class as a result of:

(a) construction, expansion, replacement, or remodeling of improvements that adds value to the property;

(b) transfer of property into a taxing unit;

(c) reclassification of property;

(d) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(e) annexation of the individual property into a new taxing unit;

(f) conversion of the individual property from tax-exempt to taxable status; *or*

*(g) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.*

(5) Property in classes four, twelve, and fourteen is valued according to the procedures used in 1986, including the designation of 1982 as the base year, until the reappraisal cycle beginning January 1, 1986, is completed and new valuations are placed on the tax rolls and a new base year designated, if the property is:

(a) new construction;

(b) expanded, deleted, replaced, or remodeled improvements;

(c) annexed property; or

(d) property converted from tax-exempt to taxable status.

(6) Property described in subsections (5)(a) through (5)(d) that is not class four, class twelve, or class fourteen property is valued according to the procedures used in 1986 but is also subject to the dollar cap in each taxing unit based on 1986 mills levied.

(7) The limitation on the amount of taxes, as clarified in this section, is intended to leave the property appraisal and valuation methodology of the department of revenue intact. Determinations of county classifications, salaries of local government officers, and all other matters in which total taxable valuation is an integral component are not affected by 15-10-401 and 15-10-402 except for the use of taxable valuation in fixing tax levies. In fixing tax levies, the taxing units of local government may anticipate the deficiency in revenues resulting from the tax limitations in 15-10-401 and 15-10-402, while understanding that regardless of the amount of mills levied, a taxpayer's liability may not exceed the dollar amount due in each taxing unit for the 1986 tax year unless the taxing unit's taxable valuation decreases by 5% or more from the previous tax year. If a taxing unit's taxable valuation decreases by 5% or more from the previous tax year, it may levy additional mills to compensate for the decreased taxable valuation, but in no case may the mills levied exceed a number calculated to equal the revenue from property taxes for the 1986 tax year in that taxing unit.

(8) The limitation on the amount of taxes levied does not apply to the following levy or special assessment categories, whether or not they are based on commitments made before or after approval of 15-10-401 and 15-10-402:

(a) rural improvement districts;

(b) special improvement districts;

HeinOnline -- 1989 vol. II 1632 1989

(c) levies pledged for the repayment of bonded indebtedness, including tax increment bonds;

(d) city street maintenance districts;

(e) tax increment financing districts;

(f) satisfaction of judgments against a taxing unit;

(g) electric company street lighting assessments; and

(h) revolving funds to support any categories specified in this subsection (8).

(9) The limitation on the amount of taxes levied does not apply in a taxing unit if the voters in the taxing unit approve an increase in tax liability following a resolution of the governing body of the taxing unit containing:

(a) a finding that there are insufficient funds to adequately operate the taxing unit as a result of 15-10-401 and 15-10-402;

(b) an explanation of the nature of the financial emergency;

(c) an estimate of the amount of funding shortfall expected by the taxing unit;

(d) a statement that applicable fund balances are or by the end of the fiscal year will be depleted;

(e) a finding that there are no alternative sources of revenue;

(f) a summary of the alternatives that the governing body of the taxing unit has considered; and

(g) a statement of the need for the increased revenue and how it will be used.

(10) The limitation on the amount of taxes levied does not apply to levies required to address the funding of relief of suffering of inhabitants caused by famine, conflagration, or other public calamity. **(Terminates December 31, 1989—sec. 6, Ch. 654, L. 1987.)**"

Section 4. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 5. **Coordination instruction.** If [this act] and Senate Bill No. 65 are passed and approved, the amendment to 15-10-412(3)(i) in Senate Bill No. 65 and the language in the amendment to Senate Bill No. 65 inserting 15-10-412(4)(a)(ii) that reads "or a sales assessment ratio study" are void.

Section 6. **Effective date — applicability.** [This act] is effective on passage and approval and applies to taxable years beginning after December 31, 1989.

The rules may include provisions governing the procedures for contacting financial institutions to determine if they would accept the state as a sponsoring entity for a credit card program and for negotiating the rate for the state's fee.

In participating in a credit card program, the state may contract with a number of financial institutions to establish the state as a sponsoring entity. The state may not contract to assume any liability for lost or stolen credit cards.

*Be it enacted by the Legislature of the State of Montana:*

(a) the financial institution or its holding company or affiliate currently administers a credit card program;

(b) the credit card program provides a fee or commission on retail sales to the sponsoring entity for the issuance and use of the credit card; and

(c) the credit card program would accept the state as a sponsoring entity.

(2) If the department determines that the state may be a sponsoring entity for a financial institution credit card, the department shall negotiate the most favorable rate for the state's fee by a credit card issuer. The state may not offer a more favorable rate to any credit card issuer. The rate must be expressed as a percentage of the gross sales from the use of the credit card. The proceeds of the fee must be deposited one-half in the general fund and one-half in the state special revenue fund for state equalization aid to public schools.

[SB 315]

AN ACT GENERALLY REVISING THE LAW RELATING TO WORKERS' COMPENSATION; REQUIRING THE STATE WORKERS' COMPENSATION INSURANCE FUND AND PRIVATE WORKERS' COMPENSATION INSURERS TO ALLOW AN EMPLOYER THE OPTION OF INCLUDING A MEDICAL DEDUCTIBLE TERM IN ANY WORKERS' COMPENSATION POLICY; PROVIDING THAT BENEFITS PAID UNDER A MEDICAL DEDUCTIBLE TERM MAY NOT BE INCLUDED BY THE STATE WORKERS' COMPENSATION INSURANCE FUND FOR THE PURPOSE OF SETTING AN EMPLOYER'S INSURANCE RATE; AMENDING SECTION 39-71-2304, MCA; CONTINGENTLY REPEALING CHAPTER 428, LAWS OF 1989; AND PROVIDING AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Deductible option for medical benefits.** (1) In order to lower the amount an employer is required to pay to obtain workers' compensation insurance coverage under this chapter, a workers' compensation policy issued by the state compensation insurance fund under plan No. 3 or by a private insurer under plan No. 2 may offer a deductible for the medical, hospital, and related services allowed under 39-71-704. The medical deductible must be offered in amounts of $500 increments, up to a total of $2,500 per claim.

(2) If the insured employer chooses to offer a medical deductible, the insured employer is liable for the amount of the deductible for the medical benefits paid for each otherwise compensable claim of work injury suffered by an employee.

(3) The insured employer shall contract with the insurer to have the insurer pay the entire cost of the covered medical benefits directly to the provider of medical or related services and then seek reimbursement from the insured employer for the deductible amount. The insurer is entitled to reimbursement only for medical, hospital, and related services allowed under 39-71-704, up to the amount of the deductible.

(4) If an insured employer who has contracted with an insurer for a medical deductible does not pay the medical deductible amount to the insurer through reimbursement, the amount paid by the insurer on the claim may be included as benefits paid in a determination of the insured employer's rate.

Section 2. Section 39-71-2304, MCA, is amended to read:

**"39-71-2304. Determination of rates and classifications by division.** (1) The division *shall* determine premium rates and classifications as in its judgment and experience may be necessary or expedient. *However, a* change in the classification or rates prescribed *may not* be effective until 30 days after the date of the order making *the* change.

HeinOnline -- 1989 vol. II 1640 1989

(2) The industrial insurance program *must* be neither more nor less than self-supporting. Employments affected by the provisions *of this chapter must* be divided by the division into classes, whose rates may be readjusted at times as the division may actuarially determine. Separate accounts *must* be kept of the amounts collected and expended in each class for actuarially determining rates, *except that the money paid under the medical deductible provided for in [section 1] may not be included as an amount collected. However,* for payment of compensation and dividends, the industrial insurance expendable trust fund *must* be one and indivisible.

(3) The division shall determine the hazards of the different classes of occupations or industries and fix the premiums *for the classes* at the lowest rate consistent with maintenance of an actuarially sound industrial insurance fund and the creation of actuarially sound surplus and reserves, and for *that* purpose may adopt a system of schedule rating in a manner as to take account of the peculiar hazard of each risk and shall utilize the experience and information afforded to it. *To the extent that a hazard of a class or a peculiar hazard of a particular risk is determined by benefits paid in regard to the hazard, money paid under a medical deductible as provided in [section 1] may not be included as benefits paid.*

(4) In addition, compensation plan No. 3 *must* use an experience rating system for employers enrolled under it. This system *must* reward employers with a better than average safety record *and* penalize employers with a worse than average safety record and may provide for premium volume discount. *To the extent that an employer's experience rating or safety record is based on benefits paid, money paid under a medical deductible as provided in [section 1] may not be included as benefits paid so as to penalize an employer or otherwise harm or lower his experience rating.*

(5) The division in fixing rates shall provide for the expenses of administering the industrial insurance expendable trust fund allowed by law, the disbursements on account of injuries and deaths of employees in each class, an actuarially sound catastrophe reserve, reserves actuarially determined to meet anticipated and unexpected losses, and *any* other reserves and surplus as may be determined by the division. The amounts of *the* reserves and surplus *must* be as determined from time to time by the division to be adequate but not excessive for the purposes intended.

(6) The division shall charge a minimum annual premium on each contract and policy of insurance sufficient to cover the cost of administering the contract or policy."

Section 3. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 4. **Codification instruction.** [Section 1] is intended to be codified as an integral part of Title 39, chapter 71, part 4, and the provisions of Title 39, chapter 71, part 4, apply to [section 1].

Section 5. **Applicability.** [This act] applies to workers' compensation policies issued after September 30, 1989, unless an employer and insurer

HeinOnline -- 1989 vol. II 1641 1989

agree to renegotiate a workers' compensation policy in effect on [the effective date of this act] to include a term allowing for a medical deductible.

Section 6. **Contingent repealer.** If Senate Bill No. 405 is not passed and approved, Chapter 428, Laws of 1989, is repealed.

STATEMENT OF INTENT

This bill requires a statement of intent because [section 7] authorizes the department of justice to adopt administrative rules to implement [this act]. [This act] is intended to provide uniform statewide regulation of gambling in Montana under the supervision of the attorney general.

It is the intent of the legislature that the department of justice adopt necessary rules to implement uniform statewide regulation of gambling in Montana consistent with the purposes and policies set forth in [section 1] of this bill.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Public policy of state concerning gambling.** (1) The legislature finds that for the purpose of ensuring the proper gambling environment in this state it is necessary and desirable to adopt a public policy regarding public gambling activities in Montana. The legislature therefore declares it is necessary to:

HeinOnline -- 1989 vol. II 1642 1989

(a) create and maintain a uniform regulatory climate that assures players, owners, tourists, citizens, and others that the gambling industry in this state is fair and is not influenced by corrupt persons, organizations, or practices;

(b) protect legal public gambling activities from unscrupulous players and vendors and detrimental influences;

(c) protect the public from unscrupulous proprietors and operators of gambling establishments, games, and devices;

(d) protect the state and local governments from those who would conduct illegal gambling activities that deprive those governments of their tax revenues;

(e) protect the health, safety, and welfare of all citizens of this state, including those who do not gamble, by regulating gambling activities; and

(f) promote programs necessary to provide assistance to those who are adversely affected by legalized gambling, including compulsive gamblers and their families.

(2) The legislature adopts the policy that an applicant for a license or permit or other department approval under parts 1 through 6 of this chapter does not have a right to the issuance of a license or permit or the granting of the approval sought. The issuance of a license or permit issued or other department approval granted pursuant to the provisions of parts 1 through 6 of this chapter is a privilege revocable only for good cause. A holder does not acquire a vested right in the license or permit issued or other department approval granted. A license or permit issued under parts 1 through 6 of this chapter may not be sold, assigned, leased, or transferred.

(3) Revenue to fund the expense of administration and control of gambling as regulated by parts 1 through 6 of this chapter must be derived solely from fees, taxes, and penalties on gambling activities, except the gambling activities of the Montana state lottery and the parimutuel industry.

Section 2. **General application.** This chapter applies only to public gambling activities within the state of Montana.

Section 3. Section 23-5-101, MCA, is amended to read:

# CHAPTER NO. 646

[HB 700]

AN ACT GRANTING AN EMPLOYMENT PREFERENCE TO CERTAIN MILITARY VETERANS AND THEIR ELIGIBLE RELATIVES IN INITIAL HIRING TO CERTAIN POSITIONS AND IN RETENTION DURING REDUCTIONS IN FORCE; ELIMINATING THE EMPLOYMENT PREFERENCE PROVIDED TO VETERANS AND THEIR ELIGIBLE SPOUSES UNDER THE MONTANA VETERANS' AND HANDICAPPED PERSONS' EMPLOYMENT PREFERENCE ACT; AMENDING SECTIONS 10-2-402, 39-30-101 THROUGH 39-30-103, 39-30-201 THROUGH 39-30-203, 39-30-207, 49-2-405, AND 49-3-103, MCA; AND PROVIDING A TERMINATION DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 6] requires the department of administration to adopt rules to implement [sections 1 through 5]. The legislature intends the rules to adequately provide for the administration of the point preference provided for in [section 2] and the retention preference provided for in [section 5], but to include only those rules that are reasonably necessary.

It is the desire of the legislature that the department take all necessary steps in formulating, proposing, and adopting rules to ensure that the public, particularly those persons and organizations that have shown past interest in the employment preference law, is afforded sufficient time and opportunity to participate in the rulemaking procedure. The department should give ample notice and hold necessary hearings to ensure adequate public participation.

Rules adopted by the department apply to both state and local government employers. In formulating its rules, the department should take this into consideration and adopt rules that can be used and applied by the broad spectrum of public employers.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Definitions.** For the purposes of [sections 1 through 6], the following definitions apply:

(1) "Active duty" means full-time duty with military pay and allowances in the armed forces, except for training, determining physical fitness, or service in the reserve or national guard.

(2) "Armed forces" means the United States:

(a) army, navy, air force, marine corps, and coast guard; and

(b) merchant marine for service recognized by the United States department of defense as active military service for the purpose of laws administered by the veterans administration.

(3) "Disabled veteran" means a person:

(a) whether or not he is a veteran as defined in this section, who was separated under honorable conditions from active duty in the armed forces and has established the present existence of a service-connected disability or is receiving compensation, disability retirement benefits, or pension because of a law administered by the veterans administration or a military department; or

(b) who has received a purple heart medal.

(4) "Eligible relative" means:

(a) the unmarried surviving spouse of a veteran or disabled veteran;

(b) the spouse of a disabled veteran who is unable to qualify for appointment to a position;

(c) the mother of a veteran who lost his life under honorable conditions while serving in the armed forces if:

(i) her husband is totally and permanently disabled; or

(ii) she is the widow of the father of the veteran and has not remarried;

(d) the mother of a service-connected permanently and totally disabled veteran if:

(i) her husband is totally and permanently disabled; or

(ii) she is the widow of the father of the veteran and has not remarried.

(5) "Position" means a permanent, temporary, or seasonal position as defined in 2-18-101 for a state position or a similar permanent, temporary, or seasonal position with a public employer other than the state. The term does not include:

(a) a state or local elected office;

(b) appointment by an elected official to a body such as a board, commission, committee, or council;

(c) appointment by an elected official to a public office if the appointment is provided for by law;

(d) a department head appointment by the governor or an executive department head appointment by a mayor, city manager, county commissioner, or other chief administrative or executive officer of a local government; or

(e) engagement as an independent contractor or employment by an independent contractor.

HeinOnline -- 1989 vol. II 1672 1989

(6) "Public employer" means:

(a) a department, office, board, bureau, commission, agency, or other instrumentality of the executive, legislative, or judicial branches of the government of this state;

(b) a unit of the Montana university system or a vocational-technical center;

(c) a school district or community college; and

(d) a county, city, or town.

(7) "Scored procedure" means a written test, structured oral interview, performance test, or other selection procedure or a combination of these procedures that result in a numerical score to which percentage points may be added.

(8) "Under honorable conditions" means a discharge or separation from active duty characterized by the armed forces as under honorable conditions. The term includes honorable discharges and general discharges but does not include dishonorable discharges or other administrative discharges characterized as other than honorable.

(9) "Veteran" means a person who was separated under honorable conditions from active duty in the armed forces after having served more than 180 consecutive days, other than for training.

Section 2. **Point preference in initial hiring for certain applicants.** (1) Subject to the restrictions in subsections (2) and (3), whenever a public employer uses a scored procedure, an applicant for an initial hiring, as defined in 39-30-103, must have added to his score the following percentage points of the total possible points that may be granted in the scored procedure:

(a) 5 percentage points if the applicant is a veteran; and

(b) 10 percentage points if the applicant is a disabled veteran or an eligible relative.

(2) A veteran, disabled veteran, or eligible relative may not receive the percentage points provided for in subsection (1) unless the person:

(a) is a United States citizen; and

(b) received 70 or more percentage points of the total possible points that may be granted in the scored procedure.

(3) A disabled veteran who receives 10 percentage points under subsection (1)(b) may not receive an additional 5 percentage points under subsection (1)(a).

Section 3. **Notice and claim of preference.** (1) A public employer shall, by posting or on the application form, give notice of the point preference provided in [section 2].

(2) A job applicant who believes he is eligible to receive a point preference shall claim the preference in writing before the time for filing applications for the position involved has passed. Failure to make a timely

HeinOnline -- 1989 vol. II 1673 1989

preference claim for a position is a complete defense to an action instituted by an applicant under [section 4] with regard to that position.

(3) If an applicant for a position makes a timely written preference claim, the public employer shall give written notice of its hiring decision to the applicant claiming preference.

Section 4. **Enforcement of preference.** (1) An applicant who believes he is entitled to but has not been given the point preference provided in [section 2] may, within 30 days of receipt of the notice of the hiring decision provided for in [section 3], submit to the public employer a written request for an explanation of the public employer's hiring decision. Within 15 days of receipt of the request, the public employer shall give the applicant a written explanation.

(2) After following the procedure described in subsection (1), the applicant may, within 90 days after receipt of notice of the hiring decision, file a petition in the district court in the county in which his application was received by the public employer. The petition must state facts that on their face entitle the applicant to a point preference.

(3) (a) Upon filing of the petition, the court shall order the public employer to appear in court at a specified time not less than 5 or more than 10 days after the day the petition was filed and show cause why the applicant was not hired for the position. At the hearing, the public employer has the burden of proving by a preponderance of the evidence that the employer applied the points under [section 2] and made a reasonable hiring decision. The applicant has the burden of proving by a preponderance of the evidence that he is a preference eligible applicant.

(b) The time to appear provided in subsection (3)(a) may be waived by stipulation of the parties. If a time to appear has been specified pursuant to subsection (3)(a), the court may, on motion of one of the parties or on stipulation of all of the parties, grant a continuance.

(c) If the public employer does not carry its burden of proof under subsection (3)(a) and the court finds that the applicant is a preference eligible applicant, the court shall order the public employer to comply with the provisions of [section 2]. In addition, the court shall, upon proper proof, grant an award of backpay, reasonable attorney fees, and costs.

(4) Failure of an applicant to file a petition under subsection (2) within 90 days bars the filing of a petition. If a public employer fails to provide an explanation under subsection (1) within 15 days and a petition is filed under subsection (2), the court shall order the public employer to comply with the provisions of [section 2].

(5) The Montana Rules of Civil Procedure apply to a proceeding under this section to the extent that they do not conflict with this section.

Section 5. **Retention during reduction in force.** (1) Subject to the restriction in subsections (2) and (3), during a reduction in force, a public employer shall retain in a position:

(a) a veteran, disabled veteran, or eligible relative whose performance has not been rated unacceptable under a performance appraisal system over

HeinOnline -- 1989 vol. II 1674 1989

other employees with similar job duties and qualifications and same length of service; and

(b) a disabled veteran with a service-connected disability of 30% or more whose performance has not been rated unacceptable under a performance appraisal system over other veterans, disabled veterans, and eligible relatives with similar job duties and qualifications and same length of service.

(2) An employee is not entitled to preference in retention under subsection (1) unless he is a United States citizen.

(3) The preference in retention under subsection (1) does not apply to a position covered by a collective bargaining agreement.

Section 6. **Adoption of rules.** The department of administration shall adopt rules implementing [sections 1 through 5]. The department's rules apply to all local and state public employers.

Section 7. Section 10-2-402, MCA, is amended to read:

**"10-2-402. Superintendent to be given veterans' preference.** In the selection of the superintendent of the Montana veterans' home, the department of institutions shall apply the preference granted to veterans and disabled veterans *under [section 2]*, but not the preference granted to other persons *under [section 2] or* Title 39, chapter 30."

At the hearing, the public employer has the burden of proving by a preponderance of the evidence that the employer made a reasonable determination pursuant to 39-30-103*(7)*, and the applicant has the burden of proving by a preponderance of the evidence that he is a preference eligible applicant.

(b) The time to appear provided in subsection (3)(a) may be waived by stipulation of the parties. If a time to appear has been specified pursuant to subsection (3)(a), the court may, on motion of one of the parties or on stipulation of all of the parties, grant a continuance.

The remedy provided by this section is the only remedy for a violation of this chapter, and a court may not grant any other relief in an action for violation of this chapter.

(4) Failure of an applicant to file a petition under subsection (2) within 90 days bars the filing of a petition. If a public employer fails to provide an explanation under subsection (1) within 15 days and a petition is filed under subsection (2), the court shall order the public employer to reopen the selection process.

(2) If a city or consolidated city-county qualifies under this section for funds but fails to either recognize a nonprofit convention and visitors bureau or submit and gain approval for an annual marketing plan as required in 15-65-122, then those funds must be allocated to the tourism region in which the city or consolidated city-county is located.

(3) If a regional nonprofit tourism corporation fails to submit and gain approval for an annual marketing plan as required in 15-65-122, then those

*(b) Exemption under subsection (3)(a) remains in effect until testing and certification procedures, as determined by board rule, are implemented on or before July 1, 1991. At a minimum, board rules must address:*

*(i) minimum education requirements;*

*(5)* This chapter does not prohibit the selling of veterinary remedies and instruments by a registered pharmacist at his regular place of business."

Section 3. Section 37-18-202, MCA, is amended to read:

**"37-18-202. Powers of board and department — examinations — prosecutions.** (1) The board may adopt rules and orders necessary for the performance of its duties, *including but not limited to:*

*(a) development of continuing professional education requirements and exceptions therefrom;*

*(b) prescribing of* forms for application for examination and license; and

*(c) preparation of* examinations.

*(2)* The department shall, subject to 37-1-101, supervise the examination of applicants for license to practice veterinary medicine, obtain the services of professional examination agencies instead of its own preparation of examinations, and grant and revoke licenses.

*(3)* The department may employ attorneys, subject to the approval of the attorney general, to assist county attorneys in prosecutions brought under this chapter in the respective district courts of the state or to assist the attorney general in representing the board before the supreme court."

Section 4. Section 37-18-307, MCA, is amended to read:

**"37-18-307. Renewal — fee — continuing education — automatic renewal for military personnel.** (1) A person licensed to practice veterinary medicine in this state shall procure from the department before November 1 annually his certificate of registration. The certificate shall be issued by the department on the payment of a fee fixed by the board and *on* presentation of evidence satisfactory to the board that the licensee *has complied with continuing education requirements established* by the board. *The* board may *waive, relax, or suspend continuing education requirements or particular program requirements for applicants who cannot fulfill those requirements because of individual hardship. New* licensees who secure licenses by examination shall be granted a renewal the first year without attending the educational programs. The certificate is prima facie evidence of the right of the holder to practice veterinary medicine in this state during the time for which it is issued.

(2) Failure of a person licensed to procure a certificate of registration before November 1, annually, constitutes a forfeiture of the license held by the person. A person who has thus forfeited his license may have it restored to him by making written application for restoration within 1 year of the forfeiture, setting forth the reasons for failure to procure the certificate of registration at the time specified and accompanied by payment of the registration fee provided for in this section and an additional restoration fee as the board requires and by presentation of evidence satisfactory to the board that he has fulfilled *all* continuing educational requirements *to the date of application for restoration.* The person making application for restoration of license within 1 year of its forfeiture is not required to submit to examination.

HeinOnline -- 1989 vol. II 1691 1989

(3) Notwithstanding any other provisions in this chapter, a person licensed who enters or is called to active duty by a branch of the armed services of the United States is entitled to receive automatic registration of his license during the period of his duty with the armed services. However, within 1 year after release or discharge from duty in the armed services he shall procure a certificate of renewal from the department and pay the regular fee. Failure to procure the certificate of renewal within 1 year after release or discharge is the equivalent of a failure to procure a certificate of registration before November 1 of any year, and the same forfeiture and restoration requirements apply.

(4) A person licensed shall at all times have his residence and office address on file with the department."

Section 5. Section 37-18-311, MCA, is amended to read:

**"37-18-311. Refusal, suspension, or revocation of license — right to notice and hearing.** (1) The board may, with respect to the practice of veterinary medicine, either refuse to grant a license or a certificate of registration or suspend or revoke a license and certificate of registration on any of the following grounds:

(b) publication or use of an untruthful or improper statement or representation with the view of deceiving the public or a client or customer in connection with the practice of veterinary medicine;

(c) conviction of a felony as shown by a certified copy of the record of the court of conviction, subject to chapter 1, part 2, of this title;

(d) habitual intemperance in the use of intoxicating liquors or habitual addiction to the use of morphine, cocaine, or other habit-forming drugs or, subject to chapter 1, part 2, of this title, conviction of a violation of a federal or state law relating to narcotic drugs;

(e) unprofessional conduct, *as defined by rule of the board,* manifestly disqualifying the licensee from practicing veterinary medicine;

(f) malpractice, including failure to furnish to the board on written application by it a report or information relating thereto;

(g) employment of unlicensed persons to perform work which under this chapter can lawfully be done only by persons licensed to practice veterinary medicine;

(h) fraud or dishonest conduct in applying or reporting diagnostic biological tests or in issuing health certificates;

(i) failure to keep one's premises in a clean and sanitary condition;

(j) violation of this part or of the rules or orders of the board;

(k) revocation by proper authorities for any of the above reasons of a license issued by another state.

(2) The board may not refuse to issue a license or certificate of registration or suspend or revoke a license and certificate of registration for any

cause unless the person accused has been given notice and a public hearing by the board."

Section 6. Section 37-18-502, MCA, is amended to read:

**"37-18-502. Injunction.** The board or any person may bring an action in the district court to enjoin any person who is not licensed from engaging in the practice of veterinary medicine unless otherwise exempted under 37-18-104*(4)*. If the court finds that the defendant is violating or threatening to violate any provision of Title 37, chapter 18, it shall enter an order restraining him from the violation, without regard to any criminal provisions of Title 37, chapter 18."

Section 7. **Municipal license fee prohibited.** No license fee or license tax may be imposed upon a person who practices veterinary medicine, as a condition to the practice of his profession, by any municipality or other political subdivision of the state, including a local government with self-governing powers.

Section 8. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 9. **Applicability.** The provisions of [this act] clarify existing authority of the board of veterinary medicine to regulate veterinary practices. The provisions of Title 2, chapter 8, part 2, and 5-4-207 do not apply to [this act].

Section 10. **Effective date.** [This act] is effective on passage and approval.

# CHAPTER NO. 651

[SB 303]

AN ACT REQUIRING LICENSURE OF ESCROW BUSINESSES BY THE DEPARTMENT OF COMMERCE; REGULATING ESCROW BUSINESSES; PROVIDING FOR FEES AND PENALTIES.

## STATEMENT OF INTENT

A statement of intent is required for this bill because it grants rule-making authority to the director of the department of commerce to adopt rules to license and regulate escrow businesses.

The legislature intends that the rules adopted be designed to protect property buyers in this state by requiring those businesses that offer escrow services to become licensed and subject to state regulation and to prohibit certain unsound practices regarding the transaction of escrow services.

The legislature further intends that the director:

HeinOnline -- 1989 vol. II 1693 1989

(1) make reasonable rules that do not extend, modify, or conflict with any law of this state or with any reasonable implication of those laws; and

(2) make or amend those rules.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Title and purpose.** (1) [This act] shall be known and may be cited as the "Regulation of Escrow Businesses Act".

(2) It is the intent of the legislature that the escrow industry be supervised and regulated by the financial division of the department of commerce in order to protect the citizens of the state and to provide that the business practices of the escrow industry are fair and orderly among the members of the escrow industry, with due regard to the ultimate consumers in this important area of property protection.

Section 2. **Definitions.** As used in [this act], unless the context requires otherwise the following definitions apply:

(1) "Department" means the department of commerce as provided for in Title 2, chapter 15, part 18.

(2) "Director" means the director of the department of commerce.

(3) "Escrow" means any transaction in which one person, for the purpose of effecting the sale, transfer, encumbrance, or lease of real or personal property to another person or for the purpose of making payments under any encumbrance of the property, delivers any written instrument, money, evidence, title to real or personal property, or other thing of value to a third person to be held by that third person until the happening of a specified event or the performance of a prescribed condition, when the instrument, money, evidence, title, or thing of value is to be delivered by the third person to a grantee, grantor, promisee, promisor, obligee, obligor, bailee, or bailor or to any of his agents or employees pursuant to the written escrow instructions.

(4) "Escrow business" means a commercial activity characterized by the regular and continuous carrying on of escrow transactions.

(5) "Licensee" means a person holding a valid license under [this act] as an escrow business.

(6) "Person" means an individual, cooperative, association, company, firm, partnership, corporation, or other legal entity.

Section 3. **Exemptions.** (1) The provisions of [this act] do not apply to the following:

(a) a person licensed by this state pursuant to Title 37, chapter 61, as an attorney at law who is not actively engaged in the escrow business;

(b) a person licensed by this state pursuant to Title 37, chapter 50, as a public accountant who is not actively engaged in the escrow business;

(d) a financial institution, as defined in 32-6-103, that has its escrow accounts regularly audited or examined. The financial institution must supply a copy of the most recently prepared audit or examination to the director upon his request.

(ii) for which a real estate license is required; and

(f) any person furnishing escrow services under the order of a court.

(2) A trust account of a broker licensed by the Montana board of realty regulation is not an escrow account within the meaning of [this act].

Section 4. **Exemption or exception — burden of proof.** In any proceeding under [this act], the burden of proving an exemption or exception from a definition is upon the person claiming it.

Section 5. **Director — powers and duties.** (1) The director shall exercise general supervision and control over persons doing escrow business in this state.

(2) In addition to the other duties imposed upon him by law, the director shall:

(a) adopt reasonable rules necessary to effectuate the purposes of [this act];

(b) conduct examinations and investigations that may be necessary to determine whether a person has engaged or is about to engage in any act or practice constituting a violation of any provisions of [this act];

(c) conduct examinations, investigations, and hearings necessary and proper for the efficient administration of [this act]; and

(d) establish fees commensurate with the costs of issuing the license and examining an escrow business.

Section 6. **Application for license — issuance.** (1) A person must be licensed pursuant to [this act] before engaging in an escrow business.

(b) the applicant has complied with all the requirements of [this act] and any rules promulgated under it.

(4) An escrow business shall immediately notify the department of any material change in the information contained in the application.

Section 7. **Transferability.** An escrow business license is not transferable or assignable. The provisions of this section apply to the change of ownership of any escrow business, including the change of control over any corporation licensed as an escrow business. For purposes of this section, "change of control" means the transfer of 25% or more of the outstanding voting stock of the corporation.

Section 8. **Maintenance of records.** (1) A licensee shall establish and maintain the books, accounts, and records necessary to enable the director at any time to determine whether the escrow transactions performed by the licensee comply with the provisions of [this act]. The books, accounts, and records must be maintained in accordance with generally accepted accounting principles and good business practice.

(2) A licensee shall establish and maintain the following records concerning general accounts:

(a) a general record reflecting the assets, liabilities, capital, income, and expense of the business, maintained in accordance with generally accepted accounting principles;

(b) a cash receipt and disbursement journal; and

(c) a reconciliation of monthly statements to the general record.

(d) all statements of account;

(e) all escrow instructions and amendments to them; and

(f) all additional records pertinent to each escrow transaction.

(5) A licensee shall perform one of the following:

(a) file annually with the director, on or before April 30, a statement of its financial condition, transactions, and affairs as of the preceding December 31. The director may grant an extension, not to exceed 10 days, on or before the April 30 filing date if the licensee demonstrates good cause for an extension. The financial statement must be certified by an independent public accountant and must be in a form and contain the information prescribed by the director.

(b) request that the director examine the financial condition, transactions, and affairs of the licensee pursuant to procedures prescribed by the director.

Section 9. **Statement of account.** A licensee shall provide a full statement of an escrow account established under an escrow agreement within 14 days of a written request made by a party to the escrow agreement. The statement must state:

(1) credits to principal;

(2) interest earned for the period; and

(3) other information requested.

Section 10. **Deposit of funds required — disbursement.** (1) All money deposited in an escrow to be delivered upon the close of the escrow or upon any other contingency must be deposited with a financial institution, as defined in 32-6-103, doing business in this state and must be kept separate, distinct, and apart from funds belonging to the escrow business. The funds, when deposited, must be designated as "escrow accounts" or given some other appropriate designation indicating that the funds are not the funds of the escrow business.

(2) A person may not knowingly keep or cause to be kept any funds or money with a financial institution, as defined in 32-6-103, under the heading of "escrow accounts" or any other name designating the funds or money as belonging to the clients of any escrow business, except actual escrow funds deposited with the escrow business.

(3) Escrow funds are not subject to execution or attachment on any claim against the escrow business.

(4) Any interest received on funds deposited with an escrow business in connection with any escrow that is deposited in an authorized depository must be paid over to the depositing party to the escrow account and may

HeinOnline -- 1989 vol. II 1697 1989

not be transferred to an account of the escrow business. This section does not limit or restrain the right of the depositing party to contract with respect to the interest received on the deposits by an independent agreement.

(5) An escrow business may not disburse funds from any escrow account until cash, items, or drafts in an amount sufficient to fund any disbursements from the account have been received and deposited in the account and are available for withdrawal from the account as a matter of right. For the purposes of this subsection:

(a) "Available for withdrawal from the account as a matter of right" means that the bank or savings and loan association in which an item has been deposited considers the item available for withdrawal as a matter of right and that a final settlement will occur in writing with respect to that item.

(b) "Item" means any check, including a cashier's check, negotiable order of withdrawal, share draft, traveler's check, or money order.

Section 11. **Fees.** (1) (a) An applicant for licensure shall pay a license fee set by the director, commensurate with the costs of licensing the applicant.

(b) A licensee may be charged an examination fee based on the actual costs of the examination.

(2) All fees collected by the department for the licensure and examination of escrow businesses must be paid to the state treasurer to the credit of the state special revenue fund for use by the department in its licensure and examination functions under [this act].

Section 12. **Unauthorized business practices — penalty.** (1) Unauthorized business practices of escrow businesses include but are not limited to the following:

(a) issuing, circulating, making use of, or publishing, by any means of communication, an advertisement indicating that a person is in the escrow business if that person is not a licensed escrow business;

(b) soliciting or accepting an escrow instruction or amended or supplemental escrow instruction containing any blank to be filled in after the signing or initialing of the escrow instruction or permitting any person to make any addition to, deletion from, or alteration of an escrow instruction or amended or supplemental escrow instruction unless the addition, deletion, or alteration is signed or initialed by the affected party who signed or initialed the escrow instruction or amended or supplemental escrow instruction prior to the addition, deletion, or alteration;

(c) failing to carry out the escrow transactions pursuant to the written escrow instructions unless amended by the written agreement of all parties to the escrow agreement or their assigns;

(d) accepting any escrow transaction that requires or has required the prepayment, deduction, or withholding of any sum to cover payments on the indebtedness or any prior encumbrance if the payments are not due

HeinOnline -- 1989 vol. II 1698 1989

and payable to the mortgagee or obligee at the time the escrow is established. However, payments may be made on property taxes for the current year or for the next annual premium on hazard insurance.

(e) refusing to allow parties to an escrow transaction or designated agents of those parties access to the records of the escrow transaction; and

(f) failing to promptly distribute funds pursuant to escrow instructions.

(2) Any licensee who engages in an unauthorized business practice is subject to the revocation or suspension of the licensee's license.

Section 13. **Investigations by director — desist order — injunctions or other actions.** (1) The director may investigate, upon complaint or otherwise, if it appears that:

(a) an escrow business is conducting its business in an unsafe and injurious manner or in violation of [this act] or any rule promulgated pursuant to [this act]; or

(b) a person is engaging in the escrow business without being licensed under the provisions of [this act].

(2) (a) If it appears to the director, upon sufficient grounds or evidence satisfactory to the director, that an escrow business has engaged or is about to engage in any act or practice in violation of [this act] or any rule or order issued pursuant to [this act] or that the assets or capital of any escrow business or company are impaired or the licensee's affairs are in an unsafe condition, the director may summarily order the escrow business to cease and desist from the act or practice or the director may apply to the district court of the first judicial district of Lewis and Clark County to enjoin the act or practice and to enforce compliance with [this act] or for any other appropriate equitable relief.

(b) Upon a proper showing, the court may:

(i) grant a temporary restraining order, followed by a preliminary injunction and a permanent injunction;

(ii) appoint a receiver for the defendant or defendant's assets;

(iii) cancel the licensee's license; and

(iv) order other equitable remedies the court considers necessary and appropriate.

(3) The court may not require the director to post a bond.

Section 14. **Subpoenas — oaths — examinations of witness and evidence.** (1) In the conduct of any examination, investigation, or hearing, the director may:

(a) compel the attendance of any person or obtain any documents by subpoena;

(b) administer oaths;

(c) examine any person under oath concerning the business and conduct of affairs of any person subject to the provisions of [this act]; and

HeinOnline -- 1989 vol. II 1699 1989

(d) require the production of any books, records, or papers relevant to the inquiry.

(2) If a person refuses to obey a subpoena issued to the director, the district court of the first judicial district of Lewis and Clark County or other district court having proper venue, upon application by the director, may order the person to produce documentary evidence or to give evidence relating to the matter under investigation or in question. If a person fails to obey the order of the court, the person may be punished by the court as contempt of court.

Section 15. **Hearings and appeals.** The provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a contested case brought under [this act].

Section 16. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 17. **Codification instruction.** [Sections 1 through 15] are intended to be codified as an integral part of Title 32 and the provisions of Title 32 apply to [sections 1 through 15].

Section 18. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

**"61-3-332. Number plates.** (1) Every motor vehicle *that is* driven upon the streets or highways of *Montana must* display both front and rear number *plates*, bearing the distinctive number assigned *the* vehicle. *The* number *plates are* in eight series: one series for owners of motorcars, one for owners of motor vehicles of the motorcycle or quadricycle type, one for trailers, one for trucks, one for dealers in vehicles of the motorcycle or quadricycle type *that* bear the distinctive letters "MCD" or the letters "MC" and the word "DEALER", one for franchised dealers in new motorcars (including trucks and trailers) or new and used motorcars (including trucks and trailers) *that* bear the distinctive letter "D" or the word "DEALER", one for dealers in used motorcars only (including used trucks and trailers) *that* bear the distinctive letters "UD" or the letter "U" and the word "DEALER", and one for dealers in trailers and/or semitrailers (new or used) *that* bear the distinctive letters "DTR" or the letters "TR" and the word "DEALER". All markings for the aforementioned kinds of dealers' plates *must* be placed on the number plates assigned thereto in *the* position *that* the department *designates*.

(2) All number plates for motor vehicles *must* be issued for a minimum period of 4 years, bear a distinctive marking, and be furnished by the state. In years when number plates are not issued, the department shall provide nonremovable stickers bearing appropriate registration numbers *that must* be affixed to the license plates in use.

HeinOnline -- 1989 vol. II 1703 1989

*(3) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section, and it shall manufacture the newly designed number plates for issuance after January 1, 1991, to replace, at renewal as required in 61-3-312 and 61-3-314, number plates that were displayed on motor vehicles before that date.*

*(4)* In the case of motorcars and trucks, plates *must* be of metal 6 inches wide and 12 inches in length. (b) For vehicles *that are* owned by the counties, municipalities, irrigation districts organized under the laws of Montana and not operating for profit, and school districts and *that are* used and operated by officials and employees thereof in line of duty and for vehicles on loan from the United States government or the state of Montana, to, or owned by, the civil air patrol and used and operated by officials and employees thereof in the line of duty, there *must* be placed on the number plates assigned thereto, in *a* position *that* the department may designate, the letter "X" or the word "EXEMPT". *Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 2-17-101, MCA, is amended to read:

**"2-17-101. Allocation of space.** (1) The department of administration shall *determine* the *space required by* state agencies other than the university system and shall *allocate* space in buildings *owned or leased by the state, based on each agency's need. To efficiently and effectively allocate space, the department periodically shall identify the amount, location, and nature of space used by each agency.*

The department, in consultation with the agency, shall determine the amount and nature of the space needed and locate space within a building owned or leased by the state to meet the agency's requirements. If no space is available in a building owned or leased by the state, the department shall locate space to be leased in an appropriate building or recommend alternatives to leasing, such as remodeling or exchanging space with another agency. [HB 507]

AN ACT REVISING THE LAWS GOVERNING ADMINISTRATION OF THE CULTURAL AND AESTHETIC PROJECTS GRANTS PROGRAM; ESTABLISHING PRIORITIES FOR GRANT AWARDS; APPROPRIATING MONEY FOR CULTURAL AND AESTHETIC GRANTS; AMENDING SECTIONS 22-2-306 AND 22-2-309, MCA; AND PROVIDING AN EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 22-2-306, MCA, is amended to read:

**"22-2-306. Grant conditions — additional funds — accounts and reports.** (1) *A* grant may *not* be awarded unless the grantee accepts the Montana arts council's conditions of the grant and signs a contract stipulating those conditions.

(2) A grantee must agree in writing that:

(a) the grantee is the official and sole agency for the administration of the project described in the grant agreement; and

(b) no person will, on the grounds of race, color, national origin, sex, or age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity that results from the expenditure of grant funds.

(3) The grantee must agree that the funds granted will be expended solely for the purpose and activities described in the approved proposal. All funds granted to the grantee must be spent or encumbered during the grant period.

(4) Disbursements to grantees must be as follows, based upon the cash flow needs of the projects and the revenues available:

(a) Projects that are to receive more than $10,000 may receive an amount not exceeding 25% of the grant award in the first 6 months of the biennium, 50% in the first year of the biennium, 75% in the first 18

HeinOnline -- 1989 vol. II 1709 1989

months of the biennium, and the balance in the remainder of the biennium. Within *the* limitations *contained in this subsection*, the amount of each payment must be determined by the Montana arts council in its discretion. Each payment may be made only after an examination of the costs incurred in the project and the amount, if any, of the unencumbered or unexpended balance of prior grant payments for the project.

(b) Projects that are to receive $10,000 or less may receive the total grant in any fiscal quarter if the Montana arts council determines that the cultural and aesthetic project account has funds available and that, after an examination of the costs incurred by the project, total payment is appropriate.

(c) A grant award budget may be modified in accordance with this subsection. A grantee may modify line items in an approved budget in an amount not to exceed 10% of the total grant award. A grantee may, with permission of the Montana arts council, modify line items in an approved budget in an amount not to exceed 20% of the total grant award. *A* modification may *not* increase the grant award or change the scope or purpose of the award.

(5) The grantee must maintain accounts, records, and other pertinent material pertaining to the costs incurred and expenditures made under the grant. The system of accounting employed by the grantee must be in accordance with generally accepted accounting principles and be applied in a consistent manner so that project costs and expenditures can be clearly identified. Accounts, records, and other pertinent material must be maintained for 3 years from the official termination date of the grant period or until an audit, approved by the council, has been completed and any questions arising from the audit have been resolved to the satisfaction of the council.

(6) Grantees must submit to the council semiannual reports of expenditures during the course of the project and other financial and descriptive reports *that* the council may require. The grantee must submit, within 30 days after completion of the project, a final financial report and a narrative report stating what was accomplished with the grant. Five percent of the total grant award must be held pending receipt of final reports by the council. *With regard to grantees who in the past have submitted late reports, 30% of the grant award may be held pending receipt of final reports by the council.*

(7) The council may, at the principal place of business of the grantee and during regular business hours, examine any directly pertinent records, accounts, and documents of the grantee involving transactions related to the grant."

Section 2. Section 22-2-309, MCA, is amended to read:

**"22-2-309. Grant categories.** (1) The following categories are established for grant funds:

(a) special projects which are specific cultural and aesthetic activities, services, or events of limited duration;

HeinOnline -- 1989 vol. II 1710 1989

(b) operational support for cultural institutions that have been in existence for at least 2 years and whose budgets reflect only the cost of continuing their current program;

(c) capital expenditures for acquisition, construction, or renovation of facilities; and

(d) challenge grants for permanent endowments to benefit cultural nonprofit grant recipients.

(2) The Montana arts council may require a match in cash or donated services for special project and operational support grants. There is a presumption that the match must represent $1 in value for each dollar of the grant. The Montana arts council may accept matches in excess of the presumed value or may in its discretion require a lesser amount.

(3) Capital expenditures may not exceed 25% of the total grant funds appropriated. Capital expenditure grants require a match of at least $3 in cash or donated goods and services, which goods and services must be donated specifically for the capital expenditure project, to receive each dollar of grant funds.

(4) Challenge grants require a match of at least $3 in cash or irrevocable planned or deferred gifts to receive each dollar of grant funds. Challenge grants are available upon meeting the specified match. Not less than one-third of the specified match must be in cash. Not more than one-third of the match may be in wills, devises, bequests, *and paid-up life insurance policies. A devise may include retention of an irrevocable life estate by the donor.*"

Section 3. **Appropriation of cultural and aesthetic grant funds — priority of disbursement.** (1) The Montana arts council shall disburse money appropriated by [this act] with priority given to subsection (2), followed by subsections (3) and (4), respectively. The Montana arts council shall include in the award contract under this section a statement binding the grant to any contingencies established in the recommendations of the cultural and aesthetic projects advisory committee submitted to the legislature under 22-2-302 or any other contingencies as modified by the long-range planning subcommittee and as reflected in the official minutes of the subcommittee.

(2) If the funds in the cultural and aesthetic projects account were insufficient in the biennium ending June 30, 1989, to fund projects in the amount for which they were appropriated, the funds for the projects are reappropriated from the account until funds have been disbursed to fully cover appropriations or until October 1, 1990, whichever comes first.

(1) to a person who is providing health care to the patient;

(2) to any other person who requires health care information for health care education; to provide planning, quality assurance, peer review, or administrative, legal, financial, or actuarial services to the health care provider; for assisting the health care provider in the delivery of health care; *or to a third-party health care payor who requires health care information* and if the health care provider reasonably believes that the person will:

(a) not use or disclose the health care information for any other purpose; and

(b) take appropriate steps to protect the health care information;

(3) to any other health care provider who has previously provided health care to the patient, to the extent necessary to provide health care to the patient, unless the patient has instructed the health care provider not to make the disclosure;

(4) to immediate family members of the patient or any other individual with whom the patient is known to have a close personal relationship, if made in accordance with the laws of the state and good medical or other professional practice, unless the patient has instructed the health care provider not to make the disclosure;

(5) to a health care provider who is the successor in interest to the health care provider maintaining the health care information;

(6) for use in a research project that an institutional review board has determined:

(a) is of sufficient importance to outweigh the intrusion into the privacy of the patient that would result from the disclosure;

(b) is impracticable without the use or disclosure of the health care information in individually identifiable form;

(c) contains reasonable safeguards to protect the information from improper disclosure;

(d) contains reasonable safeguards to protect against directly or indirectly identifying any patient in any report of the research project; and

(e) contains procedures to remove or destroy at the earliest opportunity, consistent with the purposes of the project, information that would enable the patient to be identified, unless an institutional review board authorizes retention of identifying information for purposes of another research project;

(7) to a person who obtains information for purposes of an audit, if that person agrees in writing to:

HeinOnline -- 1989 vol. II 1715 1989

(a) remove or destroy, at the earliest opportunity consistent with the purpose of the audit, information that would enable the patient to be identified; and

(b) not disclose the information further, except to accomplish the audit or to report unlawful or improper conduct involving fraud in payment for health care by a health care provider or patient or other unlawful conduct by a health care provider; and

(8) to an official of a penal or other custodial institution in which the patient is detained."

Section 4. Section 50-16-535, MCA, is amended to read:

**"50-16-535. When health care information available by compulsory process.** *(1)* Health care information may not be disclosed by a health care provider pursuant to compulsory legal process or discovery in any judicial, legislative, or administrative proceeding unless:

*(a)* the patient has consented in writing to the release of the health care information in response to compulsory process or a discovery request;

*(b)* the patient has waived the right to claim confidentiality for the health care information sought;

*(c)* the patient is a party to the proceeding and has placed his physical or mental condition in issue;

*(d)* the patient's physical or mental condition is relevant to the execution or witnessing of a will or other document;

*(e)* the physical or mental condition of a deceased patient is placed in issue by any person claiming or defending through or as a beneficiary of the patient;

*(f)* a patient's health care information is to be used in the patient's commitment proceeding;

*(g)* the health care information is for use in any law enforcement proceeding or investigation in which a health care provider is the subject or a party, except that health care information so obtained may not be used in any proceeding against the patient unless the matter relates to payment for his health care or unless authorized under subsection *(i)*;

*(h)* the health care information is relevant to a proceeding brought under 50-16-551 through 50-16-553;

*(i)* a court has determined that particular health care information is subject to compulsory legal process or discovery because the party seeking the information has demonstrated that there is a compelling state interest that outweighs the patient's privacy interest; *or*

*(j) the health care information is requested pursuant to an investigative subpoena issued under 46-4-301.*

*(2) Nothing in this part authorizes the disclosure of health care information by compulsory legal process or discovery in any judicial, legislative,*

*or administrative proceeding where disclosure is otherwise prohibited by law.*"

Section 5. Section 50-16-536, MCA, is amended to read:

"**50-16-536. Method of compulsory process.** (1) Unless the court for good cause shown determines that the notification should be waived or modified, if health care information is sought under 50-16-535 *(1)(b), (1)(d), or (1)(e)* or in a civil proceeding or investigation under 50-16-535 *(1)(i)*, the person seeking discovery or compulsory process shall mail a notice by first-class mail to the patient or the patient's attorney of record of the compulsory process or discovery request at least 10 days before presenting the certificate required under subsection (2) to the health care provider.

(2) Service of compulsory process or discovery requests upon a health care provider must be accompanied by a written certification, signed by the person seeking to obtain health care information or his authorized representative, identifying at least one subsection of 50-16-535 under which compulsory process or discovery is being sought. The certification must also state, in the case of information sought under 50-16-535 *(1)(b), (1)(d), or (1)(e)* or in a civil proceeding under 50-16-535 *(1)(i)*, that the requirements of subsection (1) for notice have been met. A person may sign the certification only if the person reasonably believes that the subsection of 50-16-535 identified in the certification provides an appropriate basis for the use of discovery or compulsory process. Unless otherwise ordered by the court, the health care provider shall maintain a copy of the process and the written certification as a permanent part of the patient's health care information.

*(3) In response to service of compulsory process or discovery requests, where authorized by law, a health care provider may deny access to the requested health care information. Additionally, a health care provider may deny access to the requested health care information under 50-16-542(1). If access to requested health care information is denied by the health care provider under 50-16-542(1), the health care provider shall submit to the court by affidavit or other reasonable means an explanation of why the health care provider believes the information should be protected from disclosure.*

*(4) Where access to health care is denied under 50-16-542(1), the court may order disclosure of health care information, with or without restrictions as to its use, as the court considers necessary. In deciding whether to order disclosure, the court shall consider the explanation submitted by the health care provider, the reasons for denying access to health care information set forth in 50-16-542(1), and any arguments presented by interested parties.*

*(5) A health care provider required to disclose health care information pursuant to compulsory process may charge a reasonable fee, not to exceed the health care provider's actual cost for providing the information, and may deny examination or copying of the information until the fee is paid.*

*(6)* Production of health care information under 50-16-535 and this section does not in itself constitute a waiver of any privilege, objection, or defense existing under other law or rule of evidence or procedure."

HeinOnline -- 1989 vol. II 1717 1989

Section 6. Section 50-16-542, MCA, is amended to read:

**"50-16-542. Denial of examination and copying.** (1) A health care provider may deny access to health care information by a patient if the health care provider reasonably concludes that:

(a) knowledge of the health care information would be injurious to the health of the patient;

(b) knowledge of the health care information could reasonably be expected to lead to the patient's identification of an individual who provided the information in confidence and under circumstances in which confidentiality was appropriate;

(c) knowledge of the health care information could reasonably be expected to cause danger to the life or safety of any individual;

(d) the health care information was compiled and is used solely for litigation, quality assurance, peer review, or administrative purposes;

*(e) the health care information might disclose birth out of wedlock or provide information from which knowledge of birth out of wedlock might be obtained and which information is protected from disclosure pursuant to 50-15-206;*

*(f)* the health care provider obtained the information from a person other than the patient; or

*(g)* access to the health care information is otherwise prohibited by law.

(2) Except as provided in 50-16-521, a health care provider may deny access to health care information by a patient who is a minor if:

(a) the patient is committed to a mental health facility; or

(b) the patient's parents or guardian have not authorized the health care provider to disclose the patient's health care information.

(3) If a health care provider denies a request for examination and copying under this section, the provider, to the extent possible, shall segregate health care information for which access has been denied under subsection (1) from information for which access cannot be denied and permit the patient to examine or copy the disclosable information.

(4) If a health care provider denies a patient's request for examination and copying, in whole or in part, under subsection (1)(a) or (1)(c), he shall permit examination and copying of the record by another health care provider who is providing health care services to the patient for the same condition as the health care provider denying the request. The health care provider denying the request shall inform the patient of the patient's right to select another health care provider under this subsection."

Section 7. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Approved May 11, 1989.

Section 2. Section 85-2-402, MCA, is amended to read:

**"85-2-402. Changes in appropriation rights.** (1) An appropriator may not make a change in an appropriation right except as permitted

under this section and with the approval of the department or, if applicable, of the legislature.

(2) Except as provided in subsections (3) through (5), the department shall approve a change in appropriation right if the appropriator proves by substantial credible evidence that the following criteria are met:

(a) The proposed use will not adversely affect the water rights of other persons or other planned uses or developments for which a permit has been issued or for which water has been reserved.

(b) *Except for a lease authorization pursuant to [section 6] that does not require appropriation works, the* proposed means of diversion, construction, and operation of the appropriation works are adequate.

(c) The proposed use of water is a beneficial use.

(3) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by substantial credible evidence that:

(a) the criteria in subsection (2) are met;

(b) the proposed change is a reasonable use. A finding of reasonable use must be based on a consideration of:

(i) the existing demands on the state water supply, as well as projected demands of water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(4) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:

(a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (3) are met; and

(b) the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

HeinOnline -- 1989 vol. II 1721 1989

(5) (a) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:

(b) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (3) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (5)(b)(ii) and (5)(b)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.

(6) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change. The department shall provide notice and may hold one or more hearings

HeinOnline -- 1989 vol. II 1722 1989

upon any other proposed change if it determines that a change might adversely affect the rights of other persons.

(7) The department or the legislature, if applicable, may approve a change subject to terms, conditions, restrictions, and limitations as it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change. The department may extend time limits specified in the change approval under the applicable criteria and procedures of 85-2-312(3).

(8) If a change is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change approval.

(9) The original of a change approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.

(10) A person holding an issued permit or change approval that has not been perfected may change the place of diversion, place of use, purpose of use, or place of storage by filing an application for change pursuant to this section.

(11) A change in appropriation right contrary to the provisions of this section is invalid. *An* officer, agent, agency, or employee of the state may *not* knowingly permit, aid, or assist in any manner *an* unauthorized change in appropriation right. *A* person or corporation may *not*, directly or indirectly, personally or through an agent, officer, or employee, attempt to change an appropriation right except in accordance with this section."

Section 3. Section 85-2-404, MCA, is amended to read:

**"85-2-404. Abandonment of appropriation right.** (1) If an appropriator ceases to use all or a part of his appropriation right with the intention of wholly or partially abandoning the right or if he ceases using his appropriation right according to its terms and conditions with the intention of not complying with those terms and conditions, the appropriation right shall, to that extent, be considered abandoned and shall immediately expire.

(2) If an appropriator ceases to use all or part of his appropriation right or ceases using his appropriation right according to its terms and conditions for a period of 10 successive years and there was water available for his use, there *is* a prima facie presumption that the appropriator has abandoned his right in whole or for the part not used.

(3) If an appropriator ceases to use all or part of his appropriation right because the land to which the water is applied to a beneficial use is contracted under a state or federal conservation set-aside program:

(a) the set-aside and resulting reduction in use of the appropriation right does not represent an intent by the appropriator to wholly or partially

HeinOnline -- 1989 vol. II 1723 1989

abandon the appropriation right or to not comply with the terms and conditions attached to the right; and

(b) the period of nonuse that occurs for part or all of the appropriation right as a result of the contract may not create or may not be added to any previous period of nonuse to create a prima facie presumption of abandonment.

*(4) The lease of an existing right pursuant to [section 6] does not constitute an abandonment by the lessor or serve as evidence that could be used to establish an abandonment by the lessor of any part of the right.*

*(5)* Subsections (1) and (2) do not apply to existing rights until they have been determined in accordance with part 2 of this chapter."

Section 4. **Board designation of eligible stream reaches.** (1) The department of fish, wildlife, and parks, with the consent of the commission, may apply to the board for designation of stream reaches for which water leasing to maintain or enhance streamflows pursuant to [section 6] may occur.

(2) The board may declare a stream reach eligible for leasing pursuant to [section 6] only if it finds that water leasing is necessary to maintain or enhance streamflows for fisheries.

(3) The board may designate no more than five stream reaches in the state where water leasing pursuant to [section 6] may occur.

Section 5. **Contributions for leasing appropriation rights — general spending authority.** (1) The department may accept contributions from public or private entities for the purpose of leasing appropriation rights to maintain or enhance instream flows for the benefit of fisheries.

(a) Any contributions accepted by the department under this section must be deposited in the fish and wildlife mitigation trust fund established in 87-1-611.

(b) The department shall expend money obtained under this section and deposited in the fish and wildlife mitigation trust fund exclusively to lease existing rights for the purpose of maintaining or enhancing instream flows for fisheries.

(2) The department may also expend other departmental funds to lease existing rights for the purpose of maintaining or enhancing instream flows for fisheries.

Section 6. **Water leasing study.** (1) The department of fish, wildlife, and parks and the department, in consultation with the water policy committee, shall conduct and coordinate a study that, at a minimum:

(a) provides the following data for each designated stream reach and each pilot lease entered into under subsection (2):

(i) the length of the stream reach and how it is determined;

(ii) technical methods and data used to determine critical streamflow or volume needed to preserve fisheries;

HeinOnline -- 1989 vol. II 1724 1989

(iii) legal standards and technical data used to determine and substantiate the amount of water available for instream flows through leasing of existing rights;

(iv) contractual parameters, conditions, and other steps taken to ensure that each lease in no way harms other appropriators, particularly if the stream is one that experiences natural dewatering; and

(v) methods and technical means used to monitor use of water under each lease;

(b) based on the data provided under subsection (1)(a), develops a complete model of a water lease and lease authorization that includes a step-by-step explanation of the process from initiation to completion.

(2) For purposes of undertaking the study described in subsection (1) and as authorized by law, the department of fish, wildlife, and parks and the department may engage in the activities described in this subsection. For purposes of this study, this section is the exclusive means by which the department of fish, wildlife, and parks may seek to change an appropriation right to an instream flow purpose.

(a) The department of fish, wildlife, and parks, with the consent of the commission, may lease existing rights for the purpose of maintaining or enhancing streamflows for the benefit of fisheries in stream reaches determined eligible by the board pursuant to [section 4].

(b) Upon receipt of an application for a lease from the department of fish, wildlife, and parks, the department shall publish notice of the application as provided in 85-2-307. Parties who believe they may be adversely affected by the proposed lease may file an objection as provided in 85-2-308. A lease may not be approved until all objections are resolved. After resolving all objections filed under 85-2-308, the department shall authorize a lease of an existing right for the purpose of maintaining or enhancing streamflows for the benefit of fisheries if the applicant submits a complete application and meets the requirements of 85-2-402.

(c) The application for a lease authorization must include specific information on the length and location of the stream reach in which the streamflow must be maintained or enhanced and must provide a detailed streamflow measuring plan that describes the points where and the manner in which the streamflow must be measured.

(d) The maximum quantity of water that may be leased is the amount historically diverted by the lessor. However, only the amount historically consumed, or a smaller amount if specified by the department in the lease authorization, may be used to maintain or enhance streamflows below the lessor's point of diversion.

(e) The lease may not be issued for a term of more than 4 years but may be renewed for up to 10 years per renewal, if allowed by law and upon notification to the department. If this section terminates without reauthorization by the legislature, all leases and lease authorizations expire on the date of termination. Upon receiving notice of a lease renewal, the department shall notify other appropriators potentially affected by the lease

HeinOnline -- 1989 vol. II 1725 1989

and shall allow 30 days for submission of new evidence of adverse effects to other water rights. A lease authorization is not required for a renewal unless an appropriator other than an appropriator described in subsection (2)(i) submits evidence of adverse effects to his rights that has not been considered previously. If new evidence is submitted, a lease authorization must be obtained according to the requirements of 85-2-402.

(f) During the term of the original lease, the department may modify or revoke the lease authorization if an appropriator, other than an appropriator described in subsection (2)(i), proves by substantial credible evidence that his water right is adversely affected.

(g) The priority of appropriation for a lease under this section is the same as the priority of appropriation of the right that is leased.

(h) Neither a change in appropriation right nor any other authorization is required for the reversion of the appropriation right to the lessor's previous use.

(i) A person issued a water use permit with a priority of appropriation after the date of filing of an application for a lease authorization under this section may not object to the exercise of the lease according to its terms, the renewal of the lease, or the reversion of the appropriation right to the lessor according to the lessor's previous use.

(j) The department of fish, wildlife, and parks shall pay all costs associated with installing measuring devices or providing personnel to measure streamflows according to the measuring plan submitted under this section.

(3) A study report must be adopted by the board and commission and submitted to the water policy committee, which shall complete a final report by December 1, 1990.

Section 7. **Appropriation of federal revenue for water leasing study.** For the biennium ending June 30, 1991, the department of fish, wildlife, and parks may expend up to $60,000 of federal special revenue to undertake the water leasing study required under [section 6].

Section 8. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 9. **Codification instruction.** (1) [Sections 4 and 6] are intended to be codified as an integral part of Title 85, chapter 2, part 4, and the provisions of Title 85, chapter 2, part 4, apply to [sections 4 and 6].

(2) [Section 5] is intended to be codified as an integral part of Title 87, chapter 1, part 6, and the provisions of Title 87, chapter 1, part 6, apply to [section 5].

Section 10. **Effective date.** [This act] is effective on passage and approval.

Section 11. **Termination.** [This act] terminates June 30, 1993.

# CHAPTER NO. 659

[HB 769]

## THE MONTANA SUSTAINABLE AGRICULTURE RESEARCH AND EDUCATION ACT.

WHEREAS, an ever-increasing number of farmers and ranchers in Montana are seeking ways to adopt resource conserving, energy efficient, and economical production techniques that improve soil quality, protect ground and surface water resources, reduce soil erosion, and generate higher value cash crops; and

WHEREAS, over the long term, adoption of more diversified, resource conserving systems of agricultural production can benefit the producing, consuming, and tax-paying public; and

WHEREAS, the widespread adoption of environmentally sound and economically viable agriculture production management systems depends on a program that will allow effective broad-based transfer of low-input, sustainable agriculture information to Montana producers.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Short title.** [This act] may be cited as the "Montana Sustainable Agriculture Research and Education Act".

Section 2. **Purpose.** The purpose of [this act] is to promote more research and education on sustainable agricultural practices, such as crop rotations, green manuring, integrated pest management, and maintenance of livestock health and quality with reduced use of growth hormones and antibiotics. [This act] is intended to foster economically and ecologically beneficial means of soil improvement, pest management, irrigation, cultivation, harvesting, animal husbandry, transportation, and marketing for Montana agriculture, based on methods designed to accomplish the following:

(1) control pests and diseases of agricultural importance through management practices and alternatives that reduce or eliminate dependence on pesticides and petrochemicals;

(2) improve soil fertility and tilth through the use of practices that reduce dependence on synthetically compounded petrochemical-based fertilizers;

(3) produce, process, and distribute food and fiber in ways that consider the interactions among soil, plants, water, air, animals, tillage, machinery, labor, energy, and transportation to enhance resource efficiency, conservation, and public health; and

(4) provide Montana farmers and ranchers with useful agriculture production and marketing information on alternative and specialty crops and livestock.

Section 3. **Duties of Montana agricultural experiment station and cooperative extension service.** The Montana agricultural experiment station and the cooperative extension service shall:

HeinOnline -- 1989 vol. II 1727 1989

(1) develop a usable data base of existing research in low-input, sustainable agriculture;

(2) conduct educational programs for producers using material from the data base. Programs must include teaching producers techniques of low-input agriculture, assessment of risks involved with change, and marketing of products from their farms and ranches.

(3) The pay schedules provided in 2-18-313 *through* 2-18-315 *must* be implemented as follows:

(a) (i) The pay schedules provided for in 2-18-313 indicate the annual compensation for the contracted school term for teachers employed under

the authority of the department of institutions or the department of family services for fiscal years *1990* and *1991*.

(ii) *On* the first day of the first pay period in July *1989, each teacher shall advance three steps on the appropriate pay schedule for fiscal year 1990 from* the step *that he* occupied on June 30, *1989*.

(ii) The compensation of each employee on the first day of the first pay period in fiscal year *1990* or *1991 is* that amount *corresponding* to *the* grade occupied on the last day of the preceding fiscal year.

(c) (i) The pay *schedules* provided in 2-18-315 *indicate* the maximum hourly compensation for fiscal years ending June 30, *1990*, and June 30, *1991*, for employees in apprentice trades and crafts and other blue-collar occupations recognized in the state blue-collar classification plan who are members of units that have collectively bargained separate classification and pay plans.

(ii) The compensation of each employee on the first day of the first pay period in fiscal year *1990* or *1991 is* that amount *corresponding* to *the* grade occupied on the last day of the preceding fiscal year.

(4) (a) (i) *A* member of a bargaining unit may *not* receive the amounts indicated in the respective pay schedules provided in 2-18-312 through 2-18-315 until the bargaining unit of which he is a member ratifies a completely integrated collective bargaining agreement covering the biennium ending June 30, *1991*.

(ii) *If* negotiation and ratification of a completely integrated collective bargaining agreement as required by subsection (4)(a)(i) are not completed by July 1, *1989*, retroactivity to that date may be negotiated.

(iii) *If* negotiation and ratification of a completely integrated collective bargaining agreement as required by subsection (4)(a)(i) are not completed by July 1, *1989*, members of the bargaining unit involved *must* continue to receive the compensation they were receiving as of June 30, *1989*.

(b) Methods of administration not inconsistent with the purpose of this part and necessary to properly implement the pay schedules provided in 2-18-312 through 2-18-315 may be provided for in collective bargaining agreements.

(6) The department may authorize a separate pay schedule for medical doctors if the rates provided in 2-18-312 are not sufficient to attract and retain fully licensed and qualified physicians at the state institutions.

HeinOnline -- 1989 vol. II 1732 1989

(7) The department may develop programs *that* enable the department to mitigate problems associated with difficult recruitment, retention, transfer, or other exceptional circumstances. Insofar as the program may apply to employees within a collective bargaining unit, it *is* a negotiable subject under 39-31-305.

*(8) The department shall review the competitiveness of the compensation provided to registered nurses and other occupations under this part. If the department finds that substantial problems exist with recruitment and retention because of inadequate salaries when compared to competing employers, the department may establish criteria allowing an adjustment in pay or classification to mitigate the problems. Insofar as these adjustments may apply to employees within a collective bargaining unit, the implementation of these adjustments is a negotiable subject under 39-31-305."*

# CHAPTER NO. 662

[SB 65]

AN ACT REVISING THE PROPERTY TAX FREEZE PROVISIONS; GRANTING TAXING JURISDICTIONS AUTHORITY TO EXCEED STATUTORY MILL LEVY LIMITATIONS; SPECIFYING THAT THE 5 PERCENT TAXABLE VALUATION DECREASE PROVISION IS BASED ON A COMPARISON WITH 1986 VALUES; REMOVING THE TERMINATION PROVISION OF THE BILL INTERPRETING THE PROPERTY TAX FREEZE; AMENDING SECTION 15-10-412, MCA; REPEALING SECTION 6, CHAPTER 654, LAWS OF 1987; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE, A RETROACTIVE APPLICABILITY DATE, AND A DELAYED APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 15-10-412, MCA, is amended to read:

**"15-10-412. Property tax limited to 1986 levels — clarification — extension to all property classes.** Section 15-10-402 is interpreted and clarified as follows:

(1) The limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

(2) The limitation on the amount of taxes levied is interpreted to mean that the actual tax liability for an individual property is capped at the dollar amount due in each taxing unit for the 1986 tax year. In tax years

HeinOnline -- 1989 vol. II 1744 1989

thereafter, the property must be taxed in each taxing unit at the 1986 cap or the product of the taxable value and mills levied, whichever is less for each taxing unit, *except in a taxing unit that levied a tax in tax years 1983 through 1985 but did not levy a tax in 1986, in which case the actual tax liability for an individual property is capped at the dollar amount due in that taxing unit for the 1985 tax year.*

(3) The limitation on the amount of taxes levied does not mean that no further increase may be made in the total taxable valuation of a taxing unit as a result of:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(g) transfer of property from tax-exempt to taxable status; or

(h) revaluations caused by:

(i) cyclical reappraisal *or a sales assessment ratio study*; or

(ii) expansion, addition, replacement, or remodeling of improvements.

(4) The limitation on the amount of taxes levied does not mean that no further increase may be made in the taxable valuation or in the actual tax liability on individual property in each class as a result of:

(a) *a revaluation caused by:*

*(i)* construction, expansion, replacement, or remodeling of improvements that adds value to the property; *or*

*(ii) cyclical reappraisal or a sales assessment ratio study;*

(b) transfer of property into a taxing unit;

(c) reclassification of property;

(d) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(e) annexation of the individual property into a new taxing unit; or

(f) conversion of the individual property from tax-exempt to taxable status.

(5) Property in classes four, twelve, and fourteen is valued according to the procedures used in 1986, including the designation of 1982 as the base year, until the reappraisal cycle beginning January 1, 1986, is completed and new valuations are placed on the tax rolls and a new base year designated, if the property is:

HeinOnline -- 1989 vol. II 1745 1989

(a) new construction;

(b) expanded, deleted, replaced, or remodeled improvements;

(c) annexed property; or

(d) property converted from tax-exempt to taxable status.

(6) Property described in subsections (5)(a) through (5)(d) that is not class four, class twelve, or class fourteen property is valued according to the procedures used in 1986 but is also subject to the dollar cap in each taxing unit based on 1986 mills levied.

(7) The limitation on the amount of taxes, as clarified in this section, is intended to leave the property appraisal and valuation methodology of the department of revenue intact. Determinations of county classifications, salaries of local government officers, and all other matters in which total taxable valuation is an integral component are not affected by 15-10-401 and 15-10-402 except for the use of taxable valuation in fixing tax levies. In fixing tax levies, the taxing units of local government may anticipate the deficiency in revenues resulting from the tax limitations in 15-10-401 and 15-10-402, while understanding that regardless of the amount of mills levied, a taxpayer's liability may not exceed the dollar amount due in each taxing unit for the 1986 tax year unless the taxing unit's taxable valuation decreases by 5% or more from the *1986* tax year. If a taxing unit's taxable valuation decreases by 5% or more from the *1986* tax year, it may levy additional mills to compensate for the decreased taxable valuation, but in no case may the mills levied exceed a number calculated to equal the revenue from property taxes for the 1986 tax year in that taxing unit.

(8) The limitation on the amount of taxes levied does not apply to the following levy or special assessment categories, whether or not they are based on commitments made before or after approval of 15-10-401 and 15-10-402:

(a) rural improvement districts;

(b) special improvement districts;

(c) levies pledged for the repayment of bonded indebtedness, including tax increment bonds;

(d) city street maintenance districts;

(e) tax increment financing districts;

(f) satisfaction of judgments against a taxing unit;

(g) street lighting assessments; and

(h) revolving funds to support any categories specified in this subsection (8).

(9) The limitation on the amount of taxes levied does not apply in a taxing unit if the voters in the taxing unit approve an increase in tax liability following a resolution of the governing body of the taxing unit containing:

HeinOnline -- 1989 vol. II 1746 1989

(a) a finding that there are insufficient funds to adequately operate the taxing unit as a result of 15-10-401 and 15-10-402;

(b) an explanation of the nature of the financial emergency;

(c) an estimate of the amount of funding shortfall expected by the taxing unit;

(d) a statement that applicable fund balances are or by the end of the fiscal year will be depleted;

(e) a finding that there are no alternative sources of revenue;

(f) a summary of the alternatives that the governing body of the taxing unit has considered; and

(g) a statement of the need for the increased revenue and how it will be used.

(10) The limitation on the amount of taxes levied does not apply to levies required to address the funding of relief of suffering of inhabitants caused by famine, conflagration, or other public calamity.

*(11) The limitation on the amount of taxes levied by a taxing jurisdiction subject to a statutory maximum mill levy does not prevent a taxing jurisdiction from increasing its number of mills beyond the statutory maximum mill levy to produce revenue equal to its 1986 revenue.*"

Section 2. **Repealer.** Section 6, Chapter 654, Laws of 1987, is repealed.

Section 3. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 4. **Coordination instruction.** If 15-10-401, 15-10-402, 15-10-411, and 15-10-412 are repealed, [this act] is void.

Section 5. **Effective date — retroactive applicability — delayed applicability.** [This act] is effective on passage and approval and applies:

(1) retroactively, within the meaning of 1-2-109, to taxable years beginning after December 31, 1988, for the revisions made to [section 1(7)]; and

(2) to taxable years beginning after December 31, 1989, for the revisions made to [section 1(3)(h) and (4)(a)].

Approved May 11, 1989.

# CHAPTER NO. 665

[SB 285]

AN ACT TO ALLOW PUBLIC CORPORATIONS OTHER THAN STATE AGENCIES TO ESTABLISH, SEPARATELY OR JOINTLY, A WORKERS' COMPENSATION SELF-INSURANCE FUND THROUGH THE ISSUANCE AND SALE OF BONDS AND NOTES; AMENDING SECTION 39-71-403, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 39-71-403, MCA, is amended to read:

**"39-71-403. Plan three exclusive for state agencies — election of plan by other public corporations — financing of self-insurance fund.** (1) *If* a state agency is the employer, the terms, conditions, and provisions of compensation plan No. 3 *are* exclusive, compulsory, and obligatory upon both employer and employee. Any sums necessary to be paid under the provisions of this chapter by any state agency *must* be considered to be ordinary and necessary expense of the agency. *The* agency shall make appropriation of and pay *the* sums into the state compensation insurance fund at the time and in the manner provided for in this chapter, notwithstanding that the state agency may have failed to anticipate *the* ordinary and necessary expense in any budget, estimate of expenses, appropriations, ordinances, or otherwise.

(2) A public corporation, other than a state agency, may elect coverage under compensation plan No. 1, plan No. 2, or plan No. 3, separately or jointly with any other public corporation other than a state agency. A public corporation electing compensation plan No. 1 may purchase reinsurance *or issue bonds or notes pursuant to subsection (3)(b).* A public corporation electing compensation plan No. 1 is subject to the same provisions as a private employer electing compensation plan No. 1.

(3) *(a)* A public corporation, other than a state agency, that elects plan No. 1 may establish a fund sufficient to pay the compensation and benefits provided for in this chapter and chapter 72 and to discharge all liabilities that reasonably incur during the fiscal year for which the election is effective. Proceeds from the fund must be used only to pay claims covered by this chapter and chapter 72 and for actual and necessary expenses required for the efficient administration of the fund, *including debt service on any bonds and notes issued pursuant to subsection (3)(b).*

HeinOnline -- 1989 vol. II 1752 1989

*(b) (i) A public corporation, other than a state agency, separately or jointly with another public corporation, other than a state agency, may issue and sell its bonds and notes for the purpose of establishing, in whole or in part, the self-insurance workers' compensation fund provided for in subsection (3)(a) and to pay the costs associated with the sale and issuance of the bonds. Bonds and notes may be issued in an amount not exceeding 3% of the taxable valuation of the public corporation as of the date of issue. The bonds and notes must be authorized by resolution of the governing body of the public corporation and are payable from an annual property tax levied in the amount necessary to pay principal and interest on the bonds or notes. This authority to levy an annual property tax exists despite any provision of law or maximum levy limitation to the contrary. The revenues derived from the sale of the bonds and notes may not be used for any other purpose.*

*(ii) The bonds and notes:*

*(A) may be sold at public or private sale;*

*(B) do not constitute debt within the meaning of any statutory debt limitation; and*

*(C) may contain other terms and provisions as the governing body determines.*

*(iii) Two or more public corporations, other than state agencies, may agree to exercise their respective borrowing powers jointly under this subsection (3)(b) or may authorize a joint board to exercise the powers on their behalf.*

*(iv) The fund established from the proceeds of bonds and notes issued and sold under this subsection (3)(b) may, if sufficient, be used in lieu of a surety bond, reinsurance, specific and aggregate excess insurance, or any other form of additional security necessary to demonstrate the public corporation's ability to discharge all liabilities as provided in subsection (3)(a). Subject to the 3% of taxable valuation limitation in (3)(b)(i), a public corporation may issue bonds and notes to establish a fund sufficient to discharge liabilities for periods greater than 1 year.*

(4) All money in the fund established under subsection (3)*(a)* not needed to meet immediate expenditures must be invested by the governing body of the public corporation *or the joint board created by two or more public corporations as provided in subsection (3)(b)(iii)*, and all proceeds of the investment *must* be credited to the fund."

## STATEMENT OF INTENT

A statement of intent is required for this bill in order to provide guidance to the department of agriculture and the department of health and environmental sciences concerning the administration of the provisions of the bill and the adoption of rules.

Because the departments share responsibility for certain duties established by the bill, the departments shall coordinate their rulemaking efforts and whenever possible adopt identical rules for the areas of shared responsibility, including:

(1) ground water monitoring as authorized by [sections 10 and 11];

(2) field and laboratory operational quality assurance, quality control, and confirmatory procedures as authorized by [sections 7, 10, and 11];

(3) maintenance of confidentiality of certain data as required by [section 8]; and

(4) administrative civil penalties as authorized by [section 22].

The board of health and environmental sciences is responsible for adoption of certain ground water quality standards for agricultural chemicals as required by [section 9]. The board shall adopt appropriate rules as necessary to comply with the special requirements and considerations that apply to the adoption of these standards as specified in [section 9], including acquisition of current and scientifically valid data from the United States environmental protection agency (EPA) and other sources and communications with EPA concerning the content and status of promulgated federal standards, nonpromulgated federal standards, and other relevant EPA regulations and materials.

HeinOnline -- 1989 vol. II 1756 1989

The department of agriculture is responsible for the development of agricultural chemical ground water management plans. The department shall adopt appropriate rules to ensure compliance with the requirements of [section 12], including procedures for the development of the plans, communication with sources of information needed for the plans, communication with citizens who may be affected by the plans, and criteria for ensuring that the content of the plans meets the objectives of preventing ground water impairment, minimizing the presence of agricultural chemicals in ground water, and protecting present and future beneficial uses of ground water as specified in [section 12]. The department of agriculture shall also adopt rules specifying procedures for obtaining comments on agricultural chemical ground water management plans from the department of health and environmental sciences, for adoption of completed plans, and for making modifications to adopted plans.

HeinOnline -- 1989 vol. II 1760 1989

extension service may spend the funds for the purposes set forth in this section.

Section 7. **Research.** The department or the department of health and environmental sciences shall promote, for the purposes described in [section 3], cooperative ground water research programs with units of the university system and associated agricultural experiment stations, the bureau of mines and geology, and other appropriate agencies, organizations, and individuals.

Section 8. **Confidentiality.** (1) The department and the department of health and environmental sciences shall maintain the confidentiality of data declared confidential by EPA and chemical registrant data and information protected from disclosure by federal or state law.

(2) The department of health and environmental sciences shall comply with the requirements of 75-5-105 and the department shall comply with the requirements of 80-8-107 and 80-10-210, except as otherwise provided by this section.

Section 9. **Ground water standards.** (1) The board shall adopt standards and, as applicable, interim numerical standards for agricultural chemicals in ground water. The standards must be the same as any promulgated or nonpromulgated federal standard established by EPA, although the board may determine, pursuant to the requirements of subsection (4), that an interim numerical standard different from either a promulgated or nonpromulgated federal standard is justified. Promulgated federal standards must receive preference. Except as provided in subsections (3) and (4), if more than one nonpromulgated federal standard exists for an agricultural chemical, the board must adopt the most recently established nonpromulgated federal standard.

(2) The board is not required to adopt a standard or interim numerical standard for every agricultural chemical registered in the state. The only standards and interim numerical standards required are for those agricultural chemicals:

(a) that are addressed by promulgated and nonpromulgated federal standards;

(b) the presence of which has been verified in ground water as provided in [section 10]; or

(c) that the department and the department of health and environmental sciences predict may appear in ground water, in accordance with the procedures and determinations specified in [sections 10 and 11].

(3) If no promulgated federal standard has been adopted or no nonpromulgated federal standard has been published for an agricultural chemical for which the board is required to establish a standard or interim numerical standard as specified in subsections (2)(b) and (2)(c), the department of health and environmental sciences shall request EPA to establish a promulgated or nonpromulgated federal standard. If the department of health and environmental sciences determines that EPA cannot comply with the request within 15 days, the board shall adopt an interim numerical

HeinOnline -- 1989 vol. II 1761 1989

standard, provided that the board shall review the interim numerical standard whenever EPA adopts a promulgated federal standard or publishes a nonpromulgated federal standard for the agricultural chemical in question.

(4) The board may adopt an interim numerical standard that is different from either a promulgated or nonpromulgated federal standard, if there is significant new and relevant technical information available that is scientifically valid. The board shall review the interim numerical standard when EPA establishes or revises the promulgated or nonpromulgated federal standard for the agricultural chemical in question.

(5) The board shall consider the following in adopting any interim numerical standard under either subsection (3) or (4):

(a) effects on a person weighing 70 kilograms and drinking 2 liters of water per day over a lifetime; and

(b) EPA's conclusions regarding the no observable effect level, including the margin of safety identified by EPA when scientific data indicates oncogenic potential for the agricultural chemical and EPA has determined that a numerical risk assessment is not justified, is inappropriate, or does not serve as the primary toxicological basis for regulation.

(6) Nothing in this section may interfere with the board's responsibility to adopt rules and standards under Title 75, chapter 6.

Section 10. **Monitoring programs.** (1) The department or the department of health and environmental sciences shall conduct monitoring programs to determine:

(a) whether residues of agricultural chemicals are present in ground water; and

(b) the likelihood of an agricultural chemical to enter ground water, if either department determines that sufficient valid scientific data is available to reasonably predict the behavior of a particular agricultural chemical in the soil.

(2) Any person who receives a chemical analysis indicating the presence of an agricultural chemical in ground water shall notify the department of health and environmental sciences.

(3) The department and the department of health and environmental sciences shall evaluate all information relating to this section that is received from any person based upon standard procedures, protocols, and confirmatory procedures established by rules. Information found to be insufficient based on the adopted procedures and protocols, including analytical results, may be used only for informational purposes.

Section 11. **Evaluation and use of monitoring results.** (1) When providing preliminary monitoring results or confirmed monitoring results to ground water users or the public, the departments shall also provide any applicable standard or interim numerical standard.

(2) When monitoring results reveal the presence of an agricultural chemical in ground water:

HeinOnline -- 1989 vol. II 1762 1989

(a) the department of health and environmental sciences is the lead department for determining health risks; and

(b) the department is the lead department for determining compliance with agricultural chemical ground water management plans authorized by [section 12] and with agricultural chemical registration, use, and labeling requirements and conditions pursuant to Title 80, chapters 8 and 10.

(3) The department and the department of health and environmental sciences shall cooperatively evaluate the results of monitoring programs authorized by [section 10].

(4) Based on the results of monitoring, the department and the department of health and environmental sciences shall implement appropriate actions specified in [sections 1 through 24] to mitigate any existing impacts of an agricultural chemical found in ground water and to prevent future impacts of an agricultural chemical that may be found in ground water, in relation to human health, agriculture, and the environment.

(5) The department may not undertake compliance and enforcement actions authorized by [sections 1 through 24] and the department of health and environmental sciences may not undertake compliance and enforcement actions authorized by Title 75, chapter 5, unless there is sufficient evidence collected through:

(a) monitoring at a point of standards application that reveals that a person using an agricultural chemical or introducing or discharging the chemical into ground water has violated a provision of [section 17] or Title 75, chapter 5; or

(b) other investigations that reveal that a person using an agricultural chemical or introducing or discharging the chemical into ground water has violated a provision of [section 17] or Title 75, chapter 5; or

(c) monitoring that reveals a significant probability for an agricultural chemical to enter ground water.

Section 12. **Agricultural chemical ground water management plans.** (1) The department shall develop and implement a general state agricultural chemical ground water management plan to achieve the policies of [section 3]. This plan must include general program elements set forth in [sections 1 through 24] and best management plans and best management practices. Prior to publication of the plan, the department shall provide a 30-day period for the department of health and environmental sciences to prepare and submit comments on the plan.

(2) Except as provided in subsection (11), the department shall develop and implement agricultural chemical ground water management plans specific to particular agricultural chemicals and to a defined geographical area:

(a) when the level of an agricultural chemical found in ground water is at 50% of the standard or interim numerical standard at a point of standards application and is scientifically validated;

(b) when a definite trend of increased presence of the agricultural chemical in ground water at a point of standards application is scientifically validated;

HeinOnline -- 1989 vol. II 1763 1989

(c) when agricultural chemicals have been determined to have migrated in the ground water from the point of detection;

(d) when EPA proposes to suspend or cancel registration of an agricultural chemical, prohibits or restricts the chemical's sale or use in the state, or otherwise initiates action against a chemical because of ground water concerns and when EPA's action, restriction, or prohibition will be implemented unless the state develops an adequate management plan; or

(e) when agricultural chemicals that possess or are suspected of possessing properties that indicate potential to migrate to ground water are being applied on areas underlaid by ground water that is vulnerable to impairment.

(3) Any person using an agricultural chemical that is addressed by a specific agricultural chemical ground water management plan in the geographical region that is addressed by the plan shall comply with the plan. The department may specifically identify and designate persons who are under the plan and may inform any person about the plan.

(4) The department shall prioritize preparation of specific agricultural chemical ground water management plans in consideration of the specific circumstances of each area and within available resources.

(5) In developing general and specific agricultural chemical ground water management plans, the department shall consider the current and potential beneficial use of the ground water included in or affected by the plans. If the ground water has not been classified, the department shall consider it to be included in the classification representing the highest quality of ground water until such time as the ground water is classified by the department of health and environmental sciences, and the department may proceed to develop an agricultural chemical ground water management plan as required by subsection (2).

(6) The department may request the department of health and environmental sciences to classify certain ground water and may collect the data and information required by the department of health and environmental sciences to classify the ground water. If adequate technical data and financial resources are available as determined by the department of health and environmental sciences, the department of health and environmental sciences shall classify ground water at locations as requested by the department.

(7) A specific agricultural chemical ground water management plan must include:

(a) requirements to prevent ground water impairment that are based on ground water use, value, and vulnerability and that address all applicable aspects of agricultural chemical use; and

(b) requirements to prevent or minimize further presence of the agricultural chemical in the ground water and to provide protection for the present and future beneficial use of the ground water.

(8) A specific agricultural chemical ground water management plan may include but is not limited to the following elements:

HeinOnline -- 1989 vol. II 1764 1989

(a) identification of geographical areas where an agricultural chemical may be used;

(b) ground water, soil, meteorological, and geological characteristics;

(c) best management plans and best management practices;

(d) identification of high priority ground water;

(9) When developing and implementing a specific agricultural chemical ground water management plan, the department shall consider the benefits of appropriate use of the agricultural chemical and shall consult with the Montana state university extension service.

(10) Within available resources, the department shall contact users of an agricultural chemical and user groups that will be subject to a general or specific agricultural chemical ground water management plan to request their recommendations concerning the development of the plan.

(11) The department may develop and implement a commercial fertilizer ground water management plan if the department and the department of health and environmental sciences determine that residues from commercial fertilizer are present in the ground water or when EPA implements a program to protect ground water from fertilizers.

(12) The department shall adopt specific agricultural chemical ground water management plans through rulemaking, provided that the department may implement emergency plans as set forth in 80-8-105(4) or as authorized by the Montana Administrative Procedure Act. Prior to rulemaking, the department shall provide to the department of health and environmental sciences a copy of each proposed specific agricultural chemical ground water management plan. A 30-day period must be provided for the department of health and environmental sciences to prepare comments on the plan.

(13) The department shall review agricultural chemical ground water management plans periodically to determine if the requirements contained

HeinOnline -- 1989 vol. II 1765 1989

in the plans need to be modified based on new scientific data and information. Plan modifications must be accomplished by rulemaking.

(14) A person who sells agricultural land that is subject to the provisions of a specific agricultural chemical ground water management plan shall provide the buyer with written notice about his obligations under the plan and shall forward a copy of the notice to the department. The department is not responsible for enforcement of this subsection.

Section 13. **Department of health and environmental sciences to amend rules.** The department of health and environmental sciences shall amend Rules 16.20.603, 16.20.1003, 16.20.1011, and 16.20.1012, Administrative Rules of Montana, to define a specific agricultural chemical ground water management plan prepared pursuant to [section 12] as reasonable land, soil, and water conservation practices for point and nonpoint source agricultural operations involving the use of agricultural chemicals and to exclude those agricultural operations from Montana ground water pollution control system permit requirements.

Section 14. **Agricultural chemical ground water protection accounts — acceptance and expenditure of gifts, grants, and funds.** (1) There is a department of agriculture agricultural chemical ground water protection special revenue account and a department of health and environmental sciences agricultural chemical ground water protection special revenue account within the state special revenue fund established by 17-2-102.

(2) Both accounts named in subsection (1) may receive funds from any source as gifts, grants, cost-share funds, or other funds designated for agricultural chemical ground water protection purposes.

(3) The department and the department of health and environmental sciences may individually or jointly spend funds received by their respective accounts for the purposes authorized by [sections 1 through 24].

Section 15. **Special funding.** (1) A fee of $15 is assessed for the registration of pesticides in addition to the fee imposed by 80-8-201(4).

(2) A fee of $10 is assessed for the registration of fertilizers in addition to the fee imposed by 80-10-201(1). The additional fee must be used for the ground water protection responsibilities of the department relating to fertilizers. Revenues collected from this fee must be credited to the commercial fertilizer account within the state special revenue fund for the administration of [sections 1 through 24].

Section 16. **Authority to investigate and inspect.** Authorized representatives of the department, consistent with the responsibilities set forth in [sections 1 through 24] and upon presentation of department-issued credentials, may at reasonable times or under emergency conditions enter upon any public or private property to:

(1) investigate conditions relating to compliance with agricultural chemical labels, agricultural chemical ground water management plans, monitoring requirements, or ground water protection requirements and to investigate violations of plans or compliance orders;

HeinOnline -- 1989 vol. II 1766 1989

(2) gain access to and copy any records required by the department in the administration of [sections 1 through 24];

(3) establish and inspect monitoring equipment; and

(4) sample ground water, including drinking water supply sources such as wells and similar structures.

Section 17. **Prohibited activity.** It is unlawful for a person to:

(1) violate any provision of a specific agricultural chemical ground water management plan;

(2) violate any lawful order issued pursuant to [sections 1 through 24]; or

(3) violate any provision of [sections 1 through 24].

Section 18. **Compliance orders.** (1) In furtherance of [section 17], the department may issue a compliance order to any person violating a standard, an interim numerical standard, or any other requirement established pursuant to [sections 1 through 24]. The department shall coordinate its proposed actions pursuant to this section with proposed actions of the department of health and environmental sciences pursuant to 75-5-613, if any. Issuance of a compliance order under [sections 1 through 24] precludes the department from taking other enforcement actions for the same violation under Title 80, chapter 8 or 10.

(2) The department may issue a compliance order to any person, including the person's employees, agents, and subcontractors, whether or not the person is subject to a specific management plan, to require the cleanup of any agricultural chemical that the person has accidentally or purposely dumped, spilled, or misused or unlawfully used that has a significant probability of entering ground water.

(3) When issuing a compliance order, the department may require a person who has violated a provision of [section 17] to conduct monitoring to assist in determining the presence or level of concentration of an agricultural chemical in ground water and the effectiveness of cleanup efforts. The department shall specify criteria in the compliance order for determining the duration of monitoring.

(4) A compliance order must specify the requirement violated and must set a time for compliance. In establishing a time for compliance, the department shall take into account the seriousness of the violation and any good-faith efforts that the person has made to comply with the requirement that has been violated. A compliance order issued under this section must be served either personally by a person qualified to perform service under the Montana Rules of Civil Procedure or by certified mail.

Section 19. **Injunctions authorized.** The department may commence a civil action seeking appropriate relief, including a permanent or temporary injunction, pursuant to 80-8-306 or 80-10-303, as applicable, for a violation that is subject to a compliance order under [section 18].

Section 20. **Emergencies.** Notwithstanding any other provisions of [sections 1 through 24], if the department finds that an emergency exists

HeinOnline -- 1989 vol. II 1767 1989

that requires immediate action to protect ground water from agricultural chemicals or to prevent use of ground water impaired or likely to be impaired by agricultural chemicals, the department may, without notice or hearing, issue necessary orders or adopt rules to protect public health, welfare, and safety. The duration of an emergency order or rule is limited to the emergency provisions of the Montana Administrative Procedure Act as specified in 2-4-303.

Section 21. **Violators subject to penalties.** (1) A person found to be in violation of [sections 1 through 24] or a rule established pursuant to [sections 1 through 24] is subject to the penalty provisions of [sections 22 through 24].

(2) For the purpose of this section, the term "person" means, in addition to the definition in [section 2], any responsible corporate officer.

(3) Nothing in [sections 1 through 24] may be construed as requiring the department or an authorized agent of the department to report minor violations of [sections 1 through 24] for prosecution when the department or a duly authorized agent believes that the public interest will be best served by other remedial action, by a suitable notice of warning in writing, or by a lawful written order.

(4) Action under [sections 22 through 24] does not bar the department from enforcement of [sections 1 through 24] or of rules or orders issued under [sections 1 through 24] by injunction or other appropriate remedy.

(5) The department and the department of health and environmental sciences shall coordinate actions when a violator is subject to the penalties authorized by [sections 22 through 24] and penalties authorized by Title 75, chapter 5, for the same violation.

Section 22. **Administrative civil penalty.** (1) A person who commits a violation of [sections 1 through 24] may be assessed an administrative civil penalty by either the department or the department of health and environmental sciences, consistent with their respective responsibilities, of not more than $1,000 for each offense. Farm applicators possessing a pesticide permit or using a fertilizer may not be assessed an administrative civil penalty of more than $500 for the first offense. Assessment of a civil penalty may be made in conjunction with any other warning, order, or administrative action authorized by [sections 1 through 24] or Title 75, chapter 5, that is issued or undertaken by either the department or the department of health and environmental sciences.

(2) No administrative civil penalty may be assessed unless the person charged is given notice and opportunity for a hearing pursuant to Title 2, chapter 4, part 6, of the Montana Administrative Procedure Act.

(3) In determining an appropriate administrative civil penalty, the responsible department shall consider the effect on the person's ability to continue in business, the gravity of the violation that occurred, the degree of care exercised by the offender, and whether significant harm resulted to public health, agricultural crops, livestock, or the environment.

HeinOnline -- 1989 vol. II 1768 1989

(4) If the responsible department is unable to collect the administrative civil penalty or if a person fails to pay all or a set portion of the administrative civil penalty as determined by the responsible department, the department may seek to recover the amount in the appropriate district court.

(5) A person against whom the department or the department of health and environmental sciences has assessed an administrative civil penalty may, within 30 days of the final agency action making the assessment, appeal the assessment to the district court of the county in which the violation is alleged to have occurred. A jury trial must be granted when demanded under Rule 38 of the Montana Rules of Civil Procedure.

Section 23. **Judicial civil penalty.** A person who commits a violation as specified in [section 17] shall be subject to a judicial civil penalty not to exceed $10,000. Each occurrence constitutes a separate violation.

Section 24. **Criminal penalties.** (1) A person who intentionally commits a violation as specified in [section 17] is guilty of an offense and subject to a fine not to exceed $25,000 for each day the violation continues or imprisonment for not more than 1 year, or both. Following an initial conviction under this section, a subsequent conviction subjects a person to a fine of not more than $50,000 for each day the violation continues or imprisonment for not more than 2 years, or both.

(2) Except as otherwise provided in [sections 1 through 24], a person convicted of violating any of the provisions of [sections 1 through 24] or rules issued under [sections 1 through 24] or who misrepresents, impedes, obstructs, hinders, or otherwise prevents or attempts to prevent the department from performance of its duties in connection with the provisions of [sections 1 through 24] is guilty of a misdemeanor and shall be fined not less than $100 but not more than $1,500.

(3) A person who knowingly makes any false statement, representation, or certification in any record, report, or other document filed or required to be maintained under [sections 1 through 24] or who falsifies, tampers with, or knowingly renders inaccurate any monitoring device or method required to be maintained under [sections 1 through 24] shall, upon conviction, be punished by a fine of not more than $5,000 or by imprisonment for not more than 6 months, or both.

(4) A person who with intent to defraud uses or reveals confidential information and data provided under [sections 1 through 24] or rules issued under [sections 1 through 24] shall, upon conviction, be fined not more than $5,000 or imprisoned for not more than 1 year, or both.

Section 25. Section 75-5-105, MCA, is amended to read:

**"75-5-105. Confidentiality of records.** *Except as provided in [section 8], any* information concerning sources of pollution which is furnished to the board or department or which is obtained by either of them is a matter of public record and open to public use. However, any information unique to the owner or operator of a source of pollution which would, if disclosed, reveal methods or processes entitled to protection as trade secrets shall be maintained as confidential if so determined by a court of

competent jurisdiction. The owner or operator shall file a declaratory judgment action to establish the existence of a trade secret if he wishes such information to enjoy confidential status. The department shall be served in any such action and may intervene as a party therein. Any information not intended to be public when submitted to the board or department shall be submitted in writing and clearly marked as confidential. The data describing physical and chemical characteristics of a waste discharged to state waters shall not be considered confidential. The board may use any information in compiling or publishing analyses or summaries relating to water pollution if such analyses or summaries do not identify any owner or operator of a source of pollution or reveal any information which is otherwise made confidential by this section."

Section 26. Section 75-5-301, MCA, is amended to read:

**"75-5-301. Classification and standards for state waters.** *Consistent with the provisions of [section 9], the* board shall:

(2) formulate standards of water purity and classification of water according to its most beneficial uses, giving consideration to the economics of waste treatment and prevention;

(3) review, from time to time at intervals of not more than 3 years, established classifications of waters and standards of water purity and classification."

Section 27. Section 80-8-105, MCA, is amended to read:

**"80-8-105. Rules.** (1) The department may adopt by reference without a public hearing regulations adopted under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. The department may, after a public hearing, adopt all rules necessary to carry out this chapter.

(2) The rules may prescribe methods of:

(a) registration, suspension or cancellation of registration, application, use or restricting use, prohibiting use, offering or exposing for sale of any pesticide;

(b) determining whether pesticides are highly toxic to man;

(c) determining standards of coloring or discoloring for pesticides and subjecting pesticides to the requirements of 80-8-202;

(k) revoking licenses and permits;

(l) registering or controlling any spray adjuvant, such as a wetting agent, spreading agent, deposit builder, adhesive, emulsifying agent, deflocculating agent, water modifier, or similar agent with or without toxic properties of its own intended to be used with any other pesticide as an aid to the application or effect of that other pesticide, whether or not distributed in a package or container separate from that of a pesticide with which it is to be used;

An order or rule issued under this subsection is effective for the period prescribed by the Montana Administrative Procedure Act. If the department determines that the emergency order or rule should remain in effect, a public hearing under 80-8-106 shall be held within the above period to determine whether the order or rule should be adopted by the department.

(5) All rules and orders issued by the department shall be in writing, shall be entered in full in books to be kept by the department for that purpose, shall be indexed, and shall be public records open for inspection at all times during reasonable office hours. # CHAPTER NO. 669

[HB 614]

AN ACT ESTABLISHING A PROGRAM TO PROVIDE SPECIALIZED TELECOMMUNICATIONS EQUIPMENT AND SERVICES TO THE HANDICAPPED; PROVIDING FOR A STATEWIDE DUAL-PARTY RELAY SYSTEM TO CONNECT PERSONS WHO ARE HANDICAPPED WITH ALL PHASES OF PUBLIC TELECOMMUNICATIONS SERVICE; ESTABLISHING A COMMITTEE THAT INCLUDES MEMBERS OF GOVERNMENT, BUSINESS, REGULATED TELECOMMUNICATIONS SERVICES, AND THE HANDICAPPED TO OVERSEE ADMINISTRATION OF THE PROGRAM; AUTHORIZING A 10-CENT MONTHLY CHARGE ON TELEPHONE CUSTOMERS TO FINANCE THE PROGRAM; APPROPRIATING FUNDS; AND PROVIDING AN EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because it requires the committee on telecommunications services for the handicapped to adopt rules to administer and fund a program to provide specialized telecommunications equipment and services to persons who are handicapped.

It is the intent of the legislature that the committee adopt rules, in accordance with [section 8], as may be necessary to administer the program. Rules adopted by the committee may address matters such as:

(1) eligibility for participation in the program;

(2) the types of equipment and services to be provided under the program;

(3) the conditions and terms for the loan or lease of specialized telecommunications equipment to eligible participants in the program;

HeinOnline -- 1989 vol. II 1773 1989

(4) requirements governing the purchase or lease of specialized telecommunications equipment from qualified wholesale manufacturers; and

(5) the definition of terms used in the bill.

In addition, the legislature intends that the program be self-supporting and be funded by a 10-cent monthly charge on telephone customers provided for in [section 12].

In adopting rules, the committee should consider the success of programs in other states that provide specialized telecommunications equipment and services to the handicapped, including programs established in Oregon and Idaho.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Legislative findings and declaration.** (1) The legislature finds and declares that many Montana citizens are physically handicapped and are unable to use traditional telecommunications equipment and services without assistance. These citizens constitute a substantial and valuable resource within the United States and the state of Montana, and this segment of our population needs access to telecommunications services in order to function as contributing and productive members of our society.

(2) The legislature further finds and declares that the role of telecommunications in our world today is inestimable. Telecommunications is the primary vehicle of commerce and industry, the means to convey and receive information and knowledge, and the way we connect with others on a personal as well as business level. Telecommunications gives people independence and self-sufficiency, and it provides goods and services, human contact, and fellowship.

(3) The legislature further finds that access to telecommunications services should be provided to persons who are handicapped not only for their own sake but for the benefit of society at large. Access to telecommunications services would enhance the business and personal lives of handicapped persons, and its availability to the handicapped would be an investment of benefit to all of Montana.

(4) Consistent with the findings stated in subsections (1) through (3), the legislature finds it appropriate to provide handicapped persons access to telecommunications services by creating a program to make specialized telecommunications equipment and services available to the handicapped.

Section 2. **Definitions.** As used in [this act], unless the context requires otherwise, the following definitions apply:

(1) "Committee" means the committee on telecommunications services for the handicapped established in [section 3].

(2) "Dual-party relay system" means a service that permits full and simultaneous communication between those using telecommunications devices for the deaf (TDD) and those using conventional telephone equipment.

HeinOnline -- 1989 vol. II 1774 1989

(3) "Handicapped" means the condition of a person who is blind, deaf, hard-of-hearing, or speech-impaired.

(4) "Local exchange company" means a telecommunications company that provides telephone access lines to members of the general public who are its customers.

(5) "Program" means the program established in [section 7].

(6) "Specialized telecommunications equipment" means any telecommunications device that enables or assists a person who is handicapped to communicate with others by means of the conventional telephone network. The term includes but is not limited to telecommunications devices for the deaf (TDD), amplifiers, signaling devices, puff-blow devices, electronic artificial larynx devices, and telebraille.

(7) "Telephone access line" means the telephone exchange access line or channel that provides access from the premises of a customer of a local exchange company to the telecommunications network to effect the transfer of information.

Section 3. **Committee on telecommunications services for the handicapped — composition — allocation.** (1) There is a committee on telecommunications services for the handicapped.

(2) The committee consists of 11 members appointed by the governor as follows:

(a) four members who are handicapped, two of whom must be deaf or hard-of-hearing;

(b) two members who are not handicapped, one of whom must be engaged in a business other than a business in the telecommunications industry and one of whom must be a senior citizen;

(c) one member from the department of social and rehabilitation services;

(d) one member from the largest local exchange company in Montana;

(e) one member from an independent local exchange company;

(f) one member from an interLATA interexchange carrier; and

(g) one member from the public service commission.

(3) The committee is allocated to the department of social and rehabilitation services for administrative purposes only as provided in 2-15-121.

Section 4. **Term of office — vacancies.** (1) Each member of the committee shall serve for a term of 3 years, except that the governor shall appoint four of the initial members to serve terms of 1 year and four of the initial members to serve terms of 2 years.

(2) A vacancy on the committee must be filled in the same manner as the original appointment.

Section 5. **Officers — meetings — quorum — compensation.** (1) The committee shall choose a chairman from its members.

HeinOnline -- 1989 vol. II 1775 1989

(2) The committee shall meet at least once every 3 months and at such other times as determined by the chairman or by a majority of the committee.

(3) Six members of the committee constitute a quorum for the transaction of business.

(4) All members of the committee are entitled to reimbursement of expenses as provided in 2-18-501 through 2-18-503. Members of the committee who are not state employees are also entitled to receive compensation of $50 for each day they are engaged in official business of the committee.

Section 6. **Power and duties.** The committee shall oversee administration of the program provided for in [section 7]. In fulfilling this duty, the committee shall:

(1) establish policies and procedures governing administration of the program;

(2) analyze and approve a budget for administration of services under the program;

(3) monitor the expenditure of funds for the program;

(4) provide for administration of eligibility and the delivery of services for the program as provided for in [sections 7, 8, 9, and 10]; and

(5) perform any other duties necessary to properly oversee administration of the program.

Section 7. **Program established — purpose.** (1) The committee shall establish and administer a program to provide specialized telecommunications equipment and services to persons who are handicapped.

(2) The purpose of the program is to:

(a) furnish specialized telecommunications equipment to meet the needs of persons who are handicapped; and

Section 8. **Provision of services.** In administering the program established in [section 7], the committee shall:

(1) develop an appropriate means test to determine eligibility for participation in the program;

(2) require that participants in the program be residents of Montana and that residency be maintained as a condition of eligibility for continued participation in the program;

(3) require that participants provide satisfactory evidence that they are handicapped and would benefit from the use of specialized telecommunications equipment;

HeinOnline -- 1989 vol. II 1776 1989

(4) provide specialized telecommunications equipment to participants on the basis of a loan or lease arrangement that may include cost-sharing between the handicapped person and his employer;

(5) determine the type of specialized telecommunications equipment it considers necessary and economically feasible for use by Montana's handicapped;

(6) purchase or lease all specialized telecommunications equipment through bid by wholesale manufacturers on a competitive basis;

(7) require, as a condition of each equipment purchase or lease, that the original manufacturer provide repair and maintenance service for new and returned equipment;

(8) maintain records of each item of equipment, including the location, serial number, and telephone number of each device;

(9) require an appropriate security deposit for equipment at the time of delivery, which deposit must be refunded without interest when the equipment is returned;

(10) make reasonable efforts to recover equipment from those who become ineligible for continued participation in the program;

(11) provide a dual-party relay system that, if feasible, would be available statewide for operation 7 days a week, 24 hours a day, including holidays;

(12) implement the service described in subsection (11) within 2 years following [the effective date of this act]; and

(13) adopt rules necessary to administer the program.

Section 9. **Dual-party relay system — requirements.** The committee shall contract with a qualified provider to design and implement a dual-party relay system that fulfills the purpose described in [section 7]. The committee shall require, under the terms of the contract, that:

(1) the system relay all messages promptly and accurately;

(2) the system maintain the privacy of persons using the system; and

(3) the provider preserve the confidentiality of all telephone communications, except in instances in which such confidentiality would further a violation of the law.

Section 10. **Gifts and grants.** The committee may accept contributions, gifts, and grants, in money or otherwise, to the program established in [section 7]. Monetary contributions, gifts, and grants must be deposited in the fund provided for in [section 11].

(2) Each customer of a local exchange company is liable for payment to the local exchange company of any charge properly imposed pursuant to [this act]. The local exchange company is not liable for any uncollected charge, nor does the company have an obligation to take legal action to enforce the collection of any charge that is unpaid by its customers.

(3) Each local exchange company shall bill each customer for the charge provided for in subsection (1). Except as provided in subsection (4), all charges billed and collected by a local exchange company must be transmitted to the state treasurer no later than the last day of the month following the end of each calendar quarter in which the charge is billed. All charges received by the state treasurer must be deposited in the fund established in [section 11] to the credit of the committee.

# CHAPTER NO. 670

[HB 193]

AN ACT PROVIDING FOR STATE AID TO PUBLIC LIBRARIES; PROVIDING FOR A DISTRIBUTION OF GRANTS TO PUBLIC LIBRARIES BY THE STATE LIBRARY COMMISSION ON A PER CAPITA AND PER SQUARE MILE BASIS; PROVIDING FOR REIMBURSEMENT FOR INTERLIBRARY LOAN LENDING; PROVIDING THAT SUCH AID MAY NOT BE USED TO SUPPLANT LOCAL OPERATING SUPPORT OF LIBRARIES; PROVIDING FOR BASE GRANTS TO LOCAL LIBRARIES FOR SUPPORT OF COOPERATIVE SERVICES THROUGH FEDERATIONS; PROVIDING FOR A STATE MULTILIBRARY CARD; PROVIDING AN APPROPRIATION; AMENDING SECTION 22-1-301, MCA; AND PROVIDING AN EFFECTIVE DATE.

STATEMENT OF INTENT

This bill requires a statement of intent because [section 6] provides for rulemaking by the state library commission. The legislature intends that the rules should include criteria and procedures for:

(1) granting or withholding funds to individual libraries;

(2) developing a state multilibrary card program;

(3) approving or denying requests for state multilibrary cards;

(4) governing the usage of multilibrary cards;

(5) reimbursing individual libraries for participation in interlibrary loan programs; and

(6) generally administering the funds appropriated for this program.

It is the legislature's intent that the rules permit local libraries to broaden their services to meet the needs of their communities, allow greater access to libraries by Montana's citizens, and encourage libraries to use the interlibrary loan program.

It is not the intent of the legislature that this bill allow local governments to decrease their support for public libraries in anticipation of state funding.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Short title.** [This act] may be cited as the "Information Access Montana Act".

Section 2. **State aid to public libraries.** (1) As provided in [sections 1 through 5], the commission shall administer state aid to public libraries. The purposes of state aid are to:

(a) broaden access to existing information by strengthening public libraries;

(b) augment and extend services provided by public libraries; and

(c) permit new types of library services based on local need.

(2) Money appropriated for the purposes of this section may not be used to supplant general operating funds of recipient public libraries. The commission may withhold a distribution to a library that receives less support from a mill levy or local government appropriation than its average for the preceding 3 fiscal years if such a decrease may reasonably be linked to money received or expected to be received under [sections 1 through 5].

Section 3. **State aid — per capita — per square mile.** The commission shall distribute grants to public libraries on a per capita and per square mile basis.

Section 4. **State interlibrary loan program — reimbursement — eligibility.** (1) Each Montana library eligible for reimbursement under this section for participation in the statewide interlibrary loan program must be reimbursed according to the rules adopted by the commission.

(2) Libraries eligible for interlibrary loan reimbursement under this section include public libraries, libraries operated by public schools or school districts, libraries operated by public colleges or universities, libraries operated by public agencies for institutionalized persons, and libraries operated by nonprofit private educational or research institutions.

Section 5. **State multilibrary card.** The commission shall develop a program to allow Montana libraries to issue to residents a state multilibrary card as defined in 22-1-301.

Section 6. **Commission rulemaking authority.** The commission may adopt rules and procedures for the distribution of state aid to public libraries on a per capita and per square mile basis, for issuance of state multilibrary cards, and for reimbursement for interlibrary loan lending.

Section 7. **Base grants.** The commission shall provide a base grant for each public library to support the cooperative activities and services of the six library federations in the state.

Section 8. Section 22-1-301, MCA, is amended to read:

**"22-1-301. Definitions.** *Unless otherwise provided, the following definitions apply in this part:*

*(1) "City"* means city or town.

*(2) "Commission" means the state library commission.*

*(3) "Public library" means a library created under 22-1-303 through 22-1-317 that provides library services to the public by means of central facilities, branch facilities, or bookmobiles.*

*(4) "State multilibrary card" means a card that is issued to a Montana resident by a public library created under 22-1-303 and that may be used for library services in every public library in the state."*

Section 9. **Appropriation.** There is appropriated from the state general fund to the state library commission for the 1989-91 biennium the following amounts for the designated purposes:

HeinOnline -- 1989 vol. II 1780 1989

(1) to direct aid to local public libraries on a per capita and per square mile basis; ~~$932,082~~;

(2) to reimburse libraries for interlibrary loan lending, $400,000;

(3) to reimburse for development and issuance of a state multilibrary card, ~~$179,418~~; and

(4) to provide a base grant for each public library to provide support for federation libraries, $166,000; and

(5) for administration, ~~$25,162~~.

(ii) no commission or other remuneration is paid or given directly or indirectly for soliciting any prospective buyer; provided, however, that a commission may be paid to a registered broker-dealer if the securities involved are registered with the United States securities and exchange commission under the federal Securities Act of 1933, as amended.

(b) For the purpose of the exemption provided for in subsection (8)(a), an offer to sell is made in this state, whether or not the offeror or any of the offerees is then present in this state, if the offer either originates from this state or is directed by the offeror to this state and received at the place to which it is directed (or at any post office in this state in the case of a mailed offer).

(12) any offer (but not a sale) of a security for which a registration statement has been filed under parts 1 through 3 of this chapter and the commissioner in his discretion does not disallow the offer in writing within 10 days of such filing;

(13) the issuance of any stock dividend, whether the corporation distributing the dividend is the issuer of the stock or not, if nothing of value is given by stockholders for the distribution other than the surrender of a right to a cash dividend where the stockholder can elect to take a dividend in cash or stock;

(14) any transaction incident to a right of conversion or a statutory or judicially approved reclassification, recapitalization, reorganization, quasi-reorganization, stock split, reverse stock split, merger, consolidation, or sale of assets;

For the purposes of this subsection, physical delivery is considered to have occurred if, within the 7-day period, the quantity of precious metals, whether in specifically segregated or fungible bulk, purchased by such payment is delivered into the possession of a depository (other than the seller) that:

(i) (A) is a financial institution (meaning a bank, savings institution, or trust company organized under or supervised pursuant to the laws of the United States or of this state);

(B) is a depository the warehouse receipts of which are recognized for delivery purposes for any commodity on a contract market designated by the commodity futures trading commission; or

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 15-23-801, MCA, is amended to read:

**"15-23-801. Definitions.** As used in this part, the following definitions apply:

(2) "Department" means the department of revenue.

(3) "Gross proceeds" or "gross metal yield" *or "gross value of product"* means the *receipts* realized from the extraction *and sale* of metals *or concentrate containing metals.*

*(4)* "Merchantable value" means the *receipts* of all salable metals produced or extracted in a county over a 12-month period. If the extracted ores are milled, smelted, or reduced by the taxpayer, the merchantable value in the county in which they are extracted *is* the *receipts received for* these metals after processing.

*(5) "Receipts received" means the monetary payment or refined metal received by the mining company from the metal trader, smelter, roaster, or refinery, determined by multiplying the quantity of metal received by the metal trader, smelter, roaster, or refinery by the quoted price for the metal and then subtracting basic treatment and refinery charges, quantity deductions, price deductions, interest, and penalty metal, impurity, and moisture deductions as specified by contract between the mining company and the receiving metal trader, smelter, roaster, or refinery. Deductions are not allowed, either directly or indirectly as an offset to payments, for the cost of transportation from the mine or mill to the smelter, roaster, or refinery. Demurrage, storage, interest, or any other miscellaneous costs related to transporting the mineral product are considered transportation and are not deductible."*

Section 2. Section 15-37-102, MCA, is amended to read:

*(2) Concentrate shipped to a smelter, mill, or reduction work is taxed* at the following rates:

HeinOnline -- 1989 vol. II 1787 1989

*(3) Gold, silver, or any platinum-group metal that is dore, bullion, or matte and that is shipped to a refinery is taxed at the following rates:*

**"15-37-104. Mine operator's statement of gross value — reports and sampling.** (1) Every person engaged in or carrying on the business of working or operating any mine or mining property in this state from which gold, silver, copper, lead, or any other metal or metals, precious or semiprecious gems or stones are produced must, not later than *March 31* of each *year* when engaged in or carrying on any *mining* business, work, or operation, make out a statement of the gross value of product from all mines and mining properties worked or operated by *the* person during the calendar *year* immediately preceding. If good cause is shown, the department may grant a reasonable extension of the time for filing statements. The statement shall be in the form prescribed by the department of revenue and shall show the following:

(a) the name, address, and telephone number of the owner, lessee, or operator of the mine or mining property;

(b) the mine's location by county and legal description;

(c) the number of tons of ore, concentrate, or other mineral products or deposits extracted from the mine or mining property during the period covered by the statement;

(d) the name and location of the smelter, mill, or reduction works to which *the* ore or concentrate has been shipped or sold during the period covered by the statement and other information as the department may require;

**"15-37-105. Computation and payment of tax.** (1) The tax due under this part is computed according to 15-37-103 and is due and payable on or before March *31* of each year for the products produced in the preceding calendar year. The tax due under this part becomes delinquent as of midnight on March *31* of the year immediately following the production year. If good cause is shown, the department may grant a reasonable extension of time for payment of the tax. During the period of any extension granted, the tax due bears interest at a rate of 1% a month or any part thereof.

(2) If any person has sold or otherwise disposed of any of *the* mine's products at a price substantially below the true market price of *the* product at the time and place of sale or disposal, then the department shall compute the gross value of *the* portion of *the* mine's product sold or disposed of substantially below the market price. *The* gross value shall be based upon the quotations of the price of *the* mine's product in New York City at the time *the* portion of the product was sold or otherwise disposed of as evidenced by some established authority or market report, such as the Engineering and Mining Journal of New York, or some other standard publication, giving the market reports for the year covered by *the* statement. *If* there *is* no quotation covering any particular product, then the department shall fix the value of *the* gross product or portion *of the gross product that was* sold or otherwise disposed of at a price substantially below the true market price at the time and place of sale or disposal in a manner as may seem to be equitable."

Section 6. Section 15-37-106, MCA, is amended to read:

Procedure in case of failure to file statements.** If any person shall fail, refuse, or neglect to make and file *the* required *annual statement* of gross yield for a production year on or before March *31* of the year immediately following the production year, the department of revenue shall, immediately after *the* time has expired, ascertain and determine as nearly as may be possible from any returns or reports filed with any state or county officer or board under any law of this state and from any other information which the department may be able to obtain the total gross value of product of *the* person from *the* business during the calendar year immediately preceding the year in which the license tax is to be paid. *The department* shall make and file a statement showing the amount of *the* gross value of product and shall ascertain, determine, compute, and assess the amount of the license taxes due from and to be paid by *the* person and shall immediately give notice to *the* person in the same manner as though *the* statement had been filed within time. *The department* shall proceed to collect *the* license tax, *along with* the same penalty and interest as provided for other delinquencies."

Section 7. Section 15-37-108, MCA, is amended to read:

HeinOnline -- 1989 vol. II 1789 1989

**"15-37-108. Delinquent taxes — penalty.** All license taxes assessed under the provisions of this part shall become delinquent if not paid on or before midnight of March *31* of the year immediately following the production year. The department shall add to the amount of delinquent metalliferous mines tax a penalty of *10%*. The whole amount of license tax, together with penalty, shall bear interest at the rate of 1% per month or fraction thereof. Interest shall be computed from the date the tax becomes delinquent until it is paid. The department may waive the *10%* penalty if it determines that a reasonable cause exists for failure to pay the tax on or before March *31* of the year immediately following the production year."

Section 8. Section 15-37-117, MCA, is amended to read:

**"15-37-117. Disposition of metalliferous mines license taxes.** *(1)* Metalliferous mines license taxes collected under the provisions of this part are allocated as follows:

*(B) 33 ⅓% is allocated to the elementary school districts within the county that have been affected by the development or operation of the metal mine; and*

*(C) 33 ⅓% is allocated to the high school districts within the county that have been affected by the development or operation of the metal mine.*

*(2) When an impact plan for a large-scale mineral development approved pursuant to 90-6-307 identifies a jurisdictional revenue disparity, the county shall distribute the proceeds allocated under subsection (1)(d) in a manner similar to that provided for property tax sharing under Title 90, chapter 6, part 4.*

*(3) The department shall return to the county in which metals are produced the tax collections allocated under subsection (1)(d). The allocation to the county described by subsection (1)(d) is a statutory appropriation pursuant to 17-7-502."*

(2) Money received by a county pursuant to 15-37-117 or [section 10] must remain in the account and may not be appropriated by the governing body until:

(a) a mining operation has permanently ceased all mining related activity; or

(b) the number of persons employed full-time in mining activities by the mining operation is less than one-half of the average number of persons employed full-time in mining activities by the mining operation during the immediately preceding 5-year period.

(3) If the circumstances described in subsections (2)(a) or (2)(b) occur, the governing body of the county must allocate at least one-third of the funds proportionally to affected high school districts and elementary school districts in the county, and may use the remaining funds in the account to:

(a) pay for outstanding capital project bonds or other expenses incurred prior to the end of mining activity or the reduction in the mining work force described in subsection (2)(b);

(b) decrease property tax mill levies that are directly caused by the cessation or reduction of mining activity;

(c) promote diversification and development of the economic base within the jurisdiction of a local government unit;

(d) attract new industry to the impact area;

(e) provide cash incentives for expanding the employment base of the area impacted by the changes in mining activity described in subsection (2); or

(f) provide grants or loans to other local government jurisdictions to assist with impacts caused by the changes in mining activity described in subsection (2).

(4) Except as provided in subsection (3)(b), money held in the account may not be considered as cash balance for the purpose of reducing mill levies.

(5) Money in the reserve account must be invested as provided by law. Interest and income from the investment of funds in the account must be credited to the account.

Section 10. **Fund transfer.** (1) On July 1, 1990, and on each July 1 thereafter, all funds remaining in the hard-rock mining impact trust account established in 90-6-304(2) after June 30 immediately preceding must be transferred to the county for which the funds have been held in deposit. The funds so transferred must be deposited in the county hard-rock mine trust reserve account established in [section 9].

HeinOnline -- 1989 vol. II 1791 1989

(2) The transfer of funds required by this section is a statutory appropriation pursuant to 17-7-502.

Thereafter, only the net earnings may be appropriated and expended until the fund reaches $100 million. Thereafter, all net earnings and all receipts shall be appropriated by the legislature and expended, provided that the balance in the fund may never be less than $100 million.

(2) At the beginning of each biennium, an amount not to exceed $175,000 is allocated from the interest income of the resource indemnity trust fund to the environmental contingency account pursuant to the conditions of 75-1-1101. The remainder of the interest income is allocated as follows:

STATEMENT OF INTENT

A statement of intent is required for this bill in order to provide guidance to the department of health and environmental sciences concerning the adoption of rules authorized by the bill. The purpose of the new rules is to establish appropriate requirements for groundwater monitoring at municipal solid waste landfills and other disposal sites as specified in the bill. The rules must address the following topics:

(a) the types and quality of information the department requires from owners and operators of municipal solid waste landfills and other disposal sites in order to prepare the groundwater monitoring priority compliance list;

(b) requirements concerning the number and placement of monitoring wells, considering hydrologic, geologic, and other relevant factors;

(c) the content of plans for the design, construction, and maintenance of monitoring wells and systems; and

(d) requirements for collecting, recording, and reporting monitoring results.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 75-10-203, MCA, is amended to read:

Section 2. **Groundwater monitoring.** (1) Owners and operators of municipal solid waste landfills and other disposal sites that at any time accepted household waste, that are in operation as of [the effective date of this act], and that serve a geographic area with a population of 5,000 or more persons as determined by the most recent census are required to monitor groundwater as specified by the department.

(2) If the owner or operator of a municipal solid waste landfill or other disposal site specified in subsection (1) can demonstrate to the department that there is no potential for migration of constituents from the site that could cause pollution of groundwater during the active life of the site, including the closure period, and during postclosure care, the requirement for groundwater monitoring specified in subsection (1) does not apply. The information provided to the department to make this demonstration must be certified by a qualified geologist, hydrogeologist, or geotechnical engineer and must include reliable site-specific data.

(a) proximity to current and potential drinking water supplies;

(b) site hydrologic and geologic characteristics; and

(c) age and design of the site.

(4) Owners and operators of municipal solid waste landfills and other disposal sites specified in subsection (1) shall submit proposed plans to the department for accomplishing groundwater monitoring, consistent with requirements specified by department rules. The plans may be based on the information owners and operators provide to the department as specified in subsection (3). The department may approve the plans as submitted or require modifications to the plans as necessary to accomplish the purposes of this section.

(5) All sites included on the priority compliance list authorized by subsection (3) must comply with this section by January 1, 1991. All other sites subject to this section must comply by January 1, 1992.

Section 5. **Revolving fund.** (1) There is established in the state treasury a separate account designated as the wastewater treatment works revolving fund. There are established in the revolving fund as subaccounts a federal allocation account, a state allocation account, an administration account, an investment income account, and a debt service account.

(2) There must be credited to:

(b) the state allocation account, the proceeds of bonds of the state issued pursuant to [section 11] and other money appropriated by the legislature;

(c) the administration account, 4%, or the maximum amount allowed by the federal act, of the capitalization grant award for payment of administrative costs;

(3) Each loan made as authorized by [section 10] must be funded and disbursed from the federal allocation account or the state allocation account, or both, by the department of natural resources and conservation as recommended by the department, and all amounts received in repayment of principal of a loan must be credited in the same proportion to the federal allocation account or the state allocation account, or both. All amounts received in payment of interest on a loan must be credited to the revolving fund. If bonds have been issued pursuant to [section 11] and are outstanding, the interest payments must be transferred to the debt service account securing the bonds. Money in the debt service account that is not required for debt service may be transferred by the board of examiners, upon request of the department of natural resources and conservation, to other accounts within the revolving fund.

(4) The department of natural resources and conservation may establish additional accounts and subaccounts within the revolving fund as it considers necessary to account for the program money and to ensure compliance with the federal act and [this act].

Section 6. **Uses of revolving fund.** Money in the revolving fund may be used to:

HeinOnline -- 1989 vol. II 1806 1989

(1) make loans to municipalities and private concerns to finance all or a portion of the cost of a project;

(2) buy or refinance debt obligations of municipalities that were issued to finance projects within the state at or below market rates, provided that the obligations were incurred after March 7, 1985;

(7) pay reasonable administrative costs of the revolving loan program not to exceed 4%, or the maximum amount allowed under the federal act, of all federal grant awards to the fund.

Section 7. **Applications.** (1) The department shall, after consultation with the department of natural resources and conservation, establish loan application procedures, including forms for the applications. Each application for a loan to finance construction of a project must include:

(a) a reasonably detailed description of the project;

(b) a reasonably detailed estimate of the cost of the project;

(c) a timetable for the construction of the project and for payment of the cost of the project;

(d) identification of the source or sources of funds to be used in addition to the proceeds of the loan to pay the cost of the project;

(e) the source or sources of revenue proposed to be used to repay the loan;

(f) if the applicant is a municipality, a statement as to whether, at the time of application, there are any outstanding bonds, notes, or other obligations of the municipality that were issued or incurred to finance any part of the municipality's sewage system and, if so, a description of the bonds, notes, or other obligations; and

(g) any other information that the department or the department of natural resources and conservation may require to determine the feasibility of a project and the applicant's ability to repay the loan, including but not limited to engineering reports, economic feasibility studies, and legal opinions.

(2) Each application for a loan to refinance a project, including a purchase of outstanding obligations issued by a municipality to finance a project in whole or in part, must include:

(a) a reasonably detailed description of the project;

(b) a schedule of the cost of the project;

(c) the date on which construction of the project began;

(d) a description of the bonds, notes, or other obligations to be refinanced and of any other notes, bonds, or obligations issued or incurred to finance any part of the municipality's sewage system; and

(3) Each application for financial assistance in the form of a guaranty or the purchase of insurance for a municipal obligation must include all items required by subsection (1) and any other information the department may require.

Section 8. **Evaluation of applications.** After consultation with the department of natural resources and conservation, the department shall evaluate and annually rank applications for loans and other financial assistance. In ranking the applications, the department must consider the following factors:

(1) the ability of the municipality or private concern to pay the costs of the project without the requested financial assistance;

(2) the amount available for financial assistance in the revolving fund;

(3) the total amount requested by other applications that have been received or that are likely to be received;

(4) the need for and benefit to be derived from the project;

(5) in the case of an application to refinance an outstanding obligation, the benefit of refinancing as measured by a decrease in interest rates and whether the refinancing permits the construction of an additional project by the municipality; and

(6) any other criteria that the department determines appropriate, considering the purposes of the federal act and the program.

Section 9. **Rulemaking.** The board and the board of natural resources and conservation may adopt rules within their respective authorities established within the provisions of [this act], including rules:

(1) prescribing the form and content of applications for loans and refinancing agreements;

(2) governing the application of the criteria for awarding loans;

(3) establishing additional terms and conditions for the making of loans and the security instruments and other necessary agreements; and

(4) establishing ceilings on the amount of individual loans to be made to municipalities and private concerns, if considered appropriate and necessary for the successful administration of the program.

Section 10. **Loans.** (1) Upon approval of an application by the department, the department of natural resources and conservation may lend

HeinOnline -- 1989 vol. II 1808 1989

amounts on deposit in the revolving fund to a municipality or private concern to pay part or all of the cost of a project or to buy or refinance an outstanding obligation of a municipality that was issued to finance a project. The loan is subject to the municipality or private concern complying with the following conditions:

(a) meeting requirements of financial capability set by the department of natural resources and conservation to assure sufficient revenues to operate and maintain the project for its useful life and to repay the loan;

(b) agreeing to operate and maintain the project properly over its structural and material design life, which may not be less than 20 years;

(c) agreeing to maintain proper financial records in accordance with recognized government accounting procedures and agreeing that all records are subject to audit;

(d) meeting the requirements listed in the federal act for projects constructed with funds directly made available by federal capitalization grants;

(e) providing legal assurance that all necessary property titles, easements, and rights-of-way have been obtained to construct, operate, and maintain the project;

(f) submitting an engineering report evaluating the proposed project, including information demonstrating its cost-effectiveness and environmental information necessary for the department and the department of natural resources and conservation to fulfill their responsibilities under the Montana Environmental Policy Act and rules adopted to implement that act;

(g) complying with plan and specification requirements for public wastewater systems established by the board; and

(h) providing for proper construction inspection and project management.

(2) Each loan, unless prepaid, is payable subject to the limitations of the federal act, with interest paid in annual or more frequent installments, the first of which must be received not more than 1 year after the completion date of the project and the last of which must be received not more than 20 years after the completion date.

(3) Subject to the limitations of the federal act, the interest rate on a loan must enable the state to pay the principal of and interest on the bonds issued pursuant to [section 11].

(a) The interest rate must be determined as of the date the loan is authorized by the department of natural resources and conservation.

(b) The rate may include any additional rate that the department of natural resources and conservation considers reasonable or necessary to provide a reserve for the repayment of the loan. The additional rate may be fixed or variable or may be calculated according to a formula, and it may differ from the rate established for any other loan.

(4) Each loan must be evidenced by a bond, note, or other evidence of indebtedness of the municipality or private concern, in a form prescribed

HeinOnline -- 1989 vol. II 1809 1989

or approved by the department of natural resources and conservation, except that the bond, note, or other evidence must include provisions required by the federal act and must be consistent with the provisions of [this act]. The bond, note, or other evidence is not required to be identical for all loans.

(5) As a condition to making a loan, the department of natural resources and conservation, with the concurrence of the department, may impose a reasonable administrative fee that may be paid from the proceeds of the loan or other available funds of the municipality or private concern. Administrative fees must be deposited in a special administrative costs account that the department of natural resources and conservation may create for that purpose outside the revolving fund provided for in [section 5]. Money deposited in the special administrative costs account must be used for the payment of administrative costs of the program.

Section 11. **Authorization of bonds — appropriation of proceeds.** (1) The board of examiners is authorized, upon request of the department of natural resources and conservation, to issue and sell bonds of the state in an aggregate principal amount not exceeding $10 million to provide money for the revolving loan program. The bonds are general obligations on which the full faith, credit, and taxing powers of the state are pledged for payment of the principal and interest. The bonds must be issued as provided by Title 17, chapter 5, part 8.

(2) The proceeds of the bonds, other than any premium and accrued interest received, are appropriated to the state allocation account of the wastewater treatment works revolving fund. Any premium and accrued interest must be deposited to the debt service account. Proceeds of bonds deposited in the state allocation account may be used to pay the costs of issuing the bonds. For purposes of sections 17-5-803 and 17-5-804, the state allocation account constitutes a capital projects account. The proceeds must be available to the department and the department of natural resources and conservation and may be used for the purposes authorized in [this act] without further budgetary authorization.

(3) In the resolution authorizing the sale and issuance of the bonds, the board of examiners, upon the request of the department of natural resources and conservation, may create separate accounts or subaccounts to provide for the payment security of the bonds and may pledge the interest component of the loan repayments credited to the revolving fund and the revolving fund as security for the bonds.

Section 12. **Statutory appropriation.** Money in the revolving fund is statutorily appropriated, as provided in 17-7-502, for the purposes of making loans to municipalities and private concerns and paying debt service on obligations. Money in the special administrative costs account authorized by [section 10] is subject to legislative appropriation constraints, and expenditures from this account must be made from temporary appropriations, as described in 17-7-501(1) or (2), made for that purpose.

Section 13. **Creation of debt.** The legislature, through the enactment of this law by a two-thirds vote of the members of each house, authorizes the creation of state debt in an amount not to exceed $10 million and the

HeinOnline -- 1989 vol. II 1810 1989

issuance and sale of general obligation bonds in this amount for the purpose of providing the state's share of the program.

Section 14. Section 17-7-502, MCA, is amended to read:

**"17-7-502. Statutory appropriations — definition — requisites for validity.** (1) A statutory appropriation is an appropriation made by permanent law that authorizes spending by a state agency without the need for a biennial legislative appropriation or budget amendment.

(2) Except as provided in subsection (4), to be effective, a statutory appropriation must comply with both of the following provisions:

(a) The law containing the statutory authority must be listed in subsection (3).

(b) The law or portion of the law making a statutory appropriation must specifically state that a statutory appropriation is made as provided in this section.

(3) The following laws are the only laws containing statutory appropriations: 2-9-202; 2-17-105; 2-18-812; 10-3-203; 10-3-312; 10-3-314; 10-4-301; 13-37-304; 15-25-123; 15-31-702; 15-36-112; 15-65-121; 15-70-101; 16-1-404; 16-1-410; 16-1-411; 17-3-212; 17-5-404; 17-5-424; 17-5-804; 19-8-504; 19-9-702; 19-9-1007; 19-10-205; 19-10-305; 19-10-506; 19-11-512; 19-11-513; 19-11-606; 19-12-301; 19-13-604; 20-4-109; 20-6-406; 20-8-111; 23-5-610; 23-5-1027; 33-31-212; 33-31-401; 37-51-501; 39-71-2504; 53-6-150; 53-24-206; 67-3-205; 75-1-1101; 75-7-305; 76-12-123; 80-2-103; 80-2-228; 82-11-136; 90-3-301; 90-3-302; 90-3-412; 90-4-215; 90-9-306; 90-15-103; section 13, House Bill No. 861, Laws of 1985; section 1, Chapter 454, Laws of 1987; *and [section 12]*.

(4) There is a statutory appropriation to pay the principal, interest, premiums, and costs of issuing, paying, and securing all bonds, notes, or other obligations, as due, that have been authorized and issued pursuant to the laws of Montana. Agencies that have entered into agreements authorized by the laws of Montana to pay the state treasurer, for deposit in accordance with 17-2-101 through 17-2-107, as determined by the state treasurer, an amount sufficient to pay the principal and interest as due on the bonds or notes have statutory appropriation authority for such payments. **(In subsection (3): pursuant to sec. 15, Ch. 607, L. 1987, the inclusion of 15-65-121 terminates June 30, 1989; pursuant to sec. 10, Ch. 664, L. 1987, the inclusion of 39-71-2504 terminates June 30, 1991; and pursuant to sec. 6, Ch. 454, L. 1987, the inclusion of sec. 1, Ch. 454, L. 1987, terminates July 1, 1988.)"**

Section 16. **Requirements for approval of state debt — severability.** Because [section 13] authorizes the creation of a state debt, a vote of two-thirds of the members of each house is required for enactment of [section 13]. If [this act] is not approved by the required vote, [section 13]

*(3)* The commissioner may adopt reasonable rules that prohibit policy provisions not otherwise specifically authorized by statute that, in the opinion of the commissioner, are unjust, unfair, or unfairly discriminatory to any person insured or proposed for coverage under a medicare supplement policy.

*(4)* Notwithstanding any other provisions of the law, a medicare supplement policy may not deny a claim for losses incurred more than 6 months from the effective date of coverage for a preexisting condition. The policy may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within 6 months before the effective date of coverage."

Section 4. Section 33-22-905, MCA, is amended to read:

**"33-22-905. Minimum standards for benefits and payment of claims — rules.** The commissioner shall *adopt* reasonable rules to establish minimum standards for benefits *and payment of claims* for medicare supplement policies."

*supplement insurance benefits to a resident of this state shall file a copy of the master policy and each certificate used in this state with the commissioner as required by 33-1-501. The filing must be made not less than 60 days in advance of the delivery of any certificate or policy to a resident of this state.*

*(2)* Medicare supplement policies are expected to return to policyholders benefits that are reasonable in relation to the premium charged. The commissioner shall adopt reasonable rules to establish minimum standards for loss ratios of medicare supplement policies on the basis of incurred claims experience *or incurred health care expenses, where coverage is provided by a health maintenance organization on a service rather than reimbursement basis,* and earned premiums for the entire period for which rates are computed to provide coverage and in accordance with accepted actuarial principles and practices. For purposes of rules adopted pursuant to this section, medicare supplement policies issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be treated as individual policies. *Every entity providing medicare supplement insurance benefits to a resident of this state shall make premium adjustments:*

*(a) necessary to produce an expected loss ratio under the policy or contract that meets the minimum loss ratio standards for medicare supplement policies as established by rule; and*

*(b) expected to result in a loss ratio at least as great as that originally anticipated by the entity when it established current premiums for the medicare supplement insurance policy or contract.*

*(3) The commissioner shall by rule establish the timing and manner of the premium adjustments. Every entity providing medicare supplement policies or certificates in this state shall annually file with the commissioner its rates, rating schedule, and supporting documentation demonstrating that it is in compliance with the applicable loss ratio standards of this part. An entity transacting medicare supplement insurance in this state may not adjust its rates more than twice a year and may not adjust its rates for the first year a policy is in force, except to allow for changes in federal laws or regulations relating to medicare. Each filing of rates and rating schedules must demonstrate that the actual and expected losses in relation to premiums complies with the requirements of this part.*

*(4) An entity may not provide compensation to its agents or solicitors that is greater than the renewal compensation that would be paid on an existing policy if:*

*(a) the existing policy were replaced by another policy with the same insurer and the new policy benefits are substantially similar to the benefits under the old policy; and*

*(b) the old policy was issued by the same insurer or insurance group."*

Section 6. Section 33-22-907, MCA, is amended to read:

**"33-22-907. Disclosure standards — informational brochure — rules.** (1) In order to provide for full and fair disclosure in the sale of

medicare supplement policies, a medicare supplement policy may not be delivered or issued for delivery in this state and a certificate may not be delivered pursuant to a group medicare supplement policy delivered or issued for delivery in this state unless an outline of coverage is delivered to the applicant at the time application is made. *The outline of coverage must be filed with the commissioner as required by 33-1-501. The filing must be made at least 60 days in advance of the date the outline of coverage is delivered to any resident of this state.*

(2) (a) The commissioner shall prescribe the format and content of the outline of coverage required by subsection (1).

(b) For purposes of this section, "format" means style, arrangements, and overall appearance, including such items as the size, color, and prominence of type and the arrangement of text and captions.

(c) The outline of coverage must include:

(i) a description of the principal benefits and coverage provided in the policy;

(iii) a statement of the renewal provisions including any reservation by the insurer of a right to change premiums;

(iv) a statement that the outline of coverage is a summary of the policy issued or applied for and that the policy should be consulted to determine governing contractual provisions.

(3) The commissioner may prescribe by rule a standard form and the contents of an informational brochure for persons eligible for medicare by reason of age, which is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of medicare. Except in the case of direct response insurance policies, the commissioner may require by rule that the information brochure be provided to any prospective insureds eligible for medicare at the same time the outline of coverage is delivered. With respect to direct response insurance policies, the commissioner may require by rule that the prescribed brochure be provided upon request, but not later than the time of policy delivery, to any prospective insureds eligible for medicare by reason of age.

(4) The commissioner may adopt reasonable rules for captions or notice requirements, determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not medicare supplement coverages, for all accident and sickness insurance policies sold to persons eligible for medicare by reason of age, other than:

(a) medicare supplement policies;

(b) disability income policies;

(c) basic, catastrophic, or major medical expense policies;

(d) single premium, nonrenewable policies; or

(e) other policies *excepted* in 33-22-903*(6)*.

(5) The commissioner may further adopt reasonable rules to govern the full and fair disclosure of the information in connection with the replacement of accident and sickness policies, subscriber contracts, or certificates by persons eligible for medicare by reason of age.

*(6) As soon as practicable, but no later than 30 days before the annual effective date of a medicare benefit change, every entity providing medicare supplement insurance or benefits to a resident of this state shall notify its policyholders, contract holders, and certificate holders, in a format that the commissioner prescribes by rule, of the changes it has made to the medicare supplement insurance policy or contract."*

Section 7. Section 33-22-908, MCA, is amended to read:

**"33-22-908. Notice of free examination.** Medicare supplement policies or certificates must have a notice prominently printed on the first page of the policy *or certificate* or attached thereto stating in substance that the applicant has the right to return the policy or certificate within *30* days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the applicant is not satisfied for any reason. *The insurer shall pay any refund made pursuant to this section directly to the applicant in a timely manner."*

Section 8. **Filing requirements for advertising.** Every entity providing medicare supplement insurance or benefits in this state shall provide to the commissioner for his review a copy of any medicare supplement advertising intended for use in this state, whether through written, radio, or television medium.

Section 9. **Penalties.** In addition to any other penalties for violations of the insurance code, the commissioner may after hearing require entities violating any provision of or rule adopted under Title 33, chapter 16, or this part to cease marketing a medicare supplement policy or certificate in this state that is related directly or indirectly to the violation or take such action as is necessary to comply with the provisions of Title 33, chapter 16, or this part or the rules adopted under Title 33, chapter 16, or this part, or both.

Section 11. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 12. **Codification instruction.** [Sections 8 and 9] are intended to be codified as an integral part of Title 33, chapter 22, part 9, and the provisions of Title 33, chapter 22, part 9, apply to [sections 8 and 9].

HeinOnline -- 1989 vol. II 1821 1989

Section 13. **Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before October 1, 1989.

Section 14. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 15. **Designation of trust or trustee as beneficiary.** (1) A trust or trustee may be designated as the beneficiary of the proceeds of an insurance contract, an annuity contract, an employee benefit plan, an individual retirement account, or similar device if the designation is made in accordance with the contract, plan, account, or device.

(2) Subsection (1) applies even though the trust or trustee is named or to be named by will or trust and whether or not the will or trust is in existence at the time of the designation.

Section 16. **Statute of frauds.** A trust is not valid unless evidenced by one of the following methods:

(1) by a written instrument signed by the trustee, or by the trustee's agent if authorized in writing to do so;

(2) by a written instrument signed by the trustor, or by the trustor's agent if authorized in writing to do so; or

(3) by operation of law.

Section 17. **Consideration.** Consideration is not required to create a trust, but a promise to create a trust in the future is enforceable only if the requirements for an enforceable contract are satisfied.

Section 18. **Exception to doctrine of merger.** If a trust provides for one or more successor beneficiaries after the death of the trustor, the trust is not invalid, merged, or terminated in either of the following circumstances:

(1) where there is one trustor who is the sole trustee and the sole beneficiary during the trustor's lifetime; or

(2) where there are two or more trustors, one or more of whom are trustees, and the beneficial interest in the trust is in one or more of the trustors during the lifetime of the trustors.

Section 19. **Resulting trust upon failure of trust.** Where the owner of property gratuitously transfers it and manifests in the trust instrument

HeinOnline -- 1989 vol. II 1831 1989

an intention that the transferee should hold the property in trust but the trust fails, the transferee holds the trust estate as a resulting trust for the transferor or his estate, unless:

(1) the transferor manifested in the trust instrument an intention that no resulting trust should arise; or

(2) the intended trust fails for illegality and the policy against unjust enrichment of the transferee is outweighed by the policy against giving relief to a person who has entered into an illegal transaction.

Section 20. **Resulting trust upon full performance of trust.** Where the owner of property gratuitously transfers it subject to a trust which is properly declared and which is fully performed without exhausting the trust estate, the trustee holds the surplus as a resulting trust for the transferor or his estate, unless the transferor manifested in the trust instrument an intention that no resulting trust of the surplus should arise.

Section 21. **Purchase money resulting trust.** (1) Where a transfer of property is made to one person and the purchase price is paid by another, a resulting trust arises in favor of the person who paid the purchase price.

(2) Subsection (1) does not apply in any of the following circumstances:

(a) whenever the party paying the purchase price manifests an intention that no resulting trust should arise;

(b) whenever the transferee is a spouse, child, or other natural object of the bounty of the person who paid the purchase price; or

(c) whenever the transfer is made in order to accomplish an illegal purpose and the policy against unjust enrichment of the transferee is outweighed by the policy against giving relief to a person who has entered into an illegal transaction.

(3) Subsection (2)(b) does not apply if the party paying the purchase price manifested an intention that the transferee should not have the beneficial interest in the property.

Section 22. **Constructive trust.** A constructive trust arises when a person holding title to property is subject to an equitable duty to convey it to another on the ground that the person holding title would be unjustly enriched if he were permitted to retain it.

Section 23. **Resulting trusts, constructive trusts — statute of frauds.** Resulting trusts and constructive trusts are considered to arise by operation of law and are valid under [section 16(3)].

Section 24. **Restraint on transfer of income.** Except as provided in [section 28], if the trust instrument provides that a beneficiary's interest is not subject to voluntary or involuntary transfer, the beneficiary's interest in income under the trust may not be transferred and is not subject to enforcement of a money judgment until paid to the beneficiary.

Section 25. **Restraint on transfer of principal.** (1) Except as provided in subsection (2) and in [section 28], if the trust instrument provides that a beneficiary's interest in principal is not subject to voluntary or

HeinOnline -- 1989 vol. II 1832 1989

involuntary transfer, the beneficiary's interest in principal may not be transferred and is not subject to enforcement of a money judgment until paid to the beneficiary.

(2) After an amount of principal has become due and payable to the beneficiary under the trust instrument, upon petition to the court by a judgment creditor, the court may make an order directing the trustee to satisfy the money judgment out of that principal amount. The court in its discretion may issue an order directing the trustee to satisfy all or part of the judgment out of that principal amount.

Section 26. **Trust for support.** Except as provided in [section 28], if the trust instrument provides that the trustee shall pay income or principal or both for the education or support of a beneficiary, the beneficiary's interest in income or principal or both under the trust may not be transferred and is not subject to the enforcement of a money judgment until paid to the beneficiary.

Section 27. **Transferee or creditor cannot compel trustee to exercise discretion — liability of trustee for payment to or for beneficiary.** (1) If the trust instrument provides that the trustee shall pay to or for the benefit of a beneficiary so much of the income or principal or both as the trustee in the trustee's discretion sees fit to pay, a transferee or creditor of the beneficiary may not compel the trustee to pay any amount that may be paid only in the exercise of the trustee's discretion.

(2) If the trustee has knowledge of the transfer of the beneficiary's interest or has been served with process by a judgment creditor seeking to reach the beneficiary's interest, and the trustee pays to or for the benefit of the beneficiary any part of the income or principal that may be paid only in the exercise of the trustee's discretion, the trustee is liable to the transferee or creditor to the extent that the payment to or for the benefit of the beneficiary impairs the right of the transferee or creditor. This subsection does not apply if the beneficiary's interest in the trust is subject to a restraint on transfer that is valid under [section 24 or 25].

(3) This section applies regardless of whether the trust instrument provides a standard for the exercise of the trustee's discretion.

(4) Nothing in this section limits any right the beneficiary may have to compel the trustee to pay to or for the benefit of the beneficiary all or part of the income or principal.

Section 28. **Where trustor is beneficiary.** (1) If the trustor is a beneficiary of a trust created by the trustor and the trustor's interest is subject to a provision restraining the voluntary or involuntary transfer of the trustor's interest, the restraint is invalid against transferees or creditors of the trustor. The invalidity of the restraint on transfer does not affect the validity of the trust.

(2) If the trustor is the beneficiary of a trust created by the trustor and the trust instrument provides that the trustee shall pay income or principal or both for the education or support of the beneficiary or gives the trustee the discretion to determine the amount of income or principal or both to be paid to or for the benefit of the trustor, a transferee or creditor of the

HeinOnline -- 1989 vol. II 1833 1989

trustor may reach the maximum amount that the trustee could pay to or for the benefit of the trustor under the trust instrument, not exceeding the amount of the trustor's proportionate contribution to the trust.

Section 29. **Disclaimer not a transfer.** A disclaimer or renunciation by a beneficiary of all or part of his interest under a trust shall not be considered a transfer under [section 24 or 25].

Section 30. **Presumption of revocability.** Unless a trust is expressly made irrevocable by the trust instrument, the trust is revocable by the trustor. This section applies only where the trustor is domiciled in this state when the trust is created, where the trust instrument is executed in this state, or where the trust instrument provides that the law of this state governs the trust.

Section 31. **Method of revocation by trustor.** (1) A trust that is revocable by the trustor may be revoked in whole or in part by any of the following methods:

(a) by compliance with any method of revocation provided in the trust instrument; or

(b) by a writing (other than a will) signed by the trustor and delivered to the trustee during the lifetime of the trustor. If the trust instrument explicitly makes the method of revocation provided in the trust instrument the exclusive method of revocation, the trust may not be revoked pursuant to this subsection.

(2) A trust may not be revoked by an attorney-in-fact under a power of attorney unless it is expressly permitted by the trust instrument.

(3) Nothing in this section limits the authority to modify or terminate a trust pursuant to [section 33 or 34] in an appropriate case.

(4) The manner of revocation of a trust revocable by the trustor that was created by an instrument executed before October 1, 1989, is governed by prior law and not by this section.

Section 32. **Power to revoke includes power to modify.** Unless the trust instrument provides otherwise, if a trust is revocable by the trustor, the trustor may modify the trust by the procedure for revocation.

Section 33. **Modification or termination of irrevocable trust by all beneficiaries.** (1) Except as provided in subsection (2), if all beneficiaries of an irrevocable trust consent, they may compel modification or termination of the trust upon petition to the court.

(2) If the continuance of the trust is necessary to carry out a material purpose of the trust, the trust cannot be modified or terminated unless the court, in its discretion, determines that the reason for doing so under the circumstances outweighs the interest in accomplishing a material purpose of the trust. Under this section the court does not have discretion to permit termination of a trust that is subject to a valid restraint on transfer of the beneficiary's interest as provided in [sections 24 through 29].

Section 34. **Modification or termination by trustor and all beneficiaries.** (1) If the trustor and all beneficiaries of a trust consent, they may compel the modification or termination of the trust.

HeinOnline -- 1989 vol. II 1834 1989

(2) If any beneficiary does not consent to the modification or termination of the trust, upon petition to the court, the other beneficiaries, with the consent of the trustor, may compel a modification or a partial termination of the trust if the interests of the beneficiaries who do not consent are not substantially impaired.

(3) If the trust provides for the disposition of principal to a class of persons described only as "heirs" or "next of kin" of the trustor, or using other words that describe the class of all persons who would take under the rules of intestacy, the court may limit the class of beneficiaries whose consent is needed to compel the modification or termination of the trust to the beneficiaries who are reasonably likely to take under the circumstances.

Section 35. **Guardian ad litem.** For the purposes of [sections 33 and 34], the consent of a beneficiary who is legally incapacitated, unascertained, or unborn may be given in proceedings before the court by a guardian ad litem, if it would be appropriate to do so. In this case the guardian ad litem may rely on general family benefit accruing to living members of the beneficiary's family as a basis for approving a modification or termination of the trust.

Section 36. **No conclusive presumption of fertility.** In determining the class of beneficiaries whose consent is necessary to modify or terminate a trust pursuant to [section 33 or 34], the presumption of fertility is rebuttable.

Section 37. **Termination of trusts — trustee's powers on termination.** (1) A trust terminates when any of the following occurs:

(a) the term of the trust expires;

(b) the trust purpose is fulfilled;

(c) the trust purpose becomes unlawful;

(d) the trust purpose becomes impossible to fulfill; or

(e) the trust is revoked.

(2) On termination of the trust, the trustee continues to have the powers reasonably necessary under the circumstances to wind up the affairs of the trust.

Section 38. **Trust with uneconomically low principal.** (1) On petition by a trustee or beneficiary, if the court determines that the fair market value of the principal of a trust has become so low in relation to the cost of administration that continuation of the trust under its existing terms will defeat or substantially impair the accomplishment of its purposes, the court may, in its discretion and in a manner that conforms as nearly as possible to the intention of the trustor, order any of the following:

(a) termination of the trust;

(b) modification of the trust; or

(c) appointment of a new trustee.

HeinOnline -- 1989 vol. II 1835 1989

(2) Notwithstanding subsection (1), if the trust principal does not exceed $20,000 in value, the trustee has the power to terminate the trust.

(3) The existence of a trust provision restraining transfer of the beneficiary's interest does not prevent application of this section.

Section 39. **Modification or termination.** (1) On petition by a trustee or beneficiary, the court may modify the administrative or dispositive provisions of the trust or terminate the trust if the continuation of the trust under its terms would defeat or substantially impair the accomplishment of the purposes of the trust, whether by the imposition of tax, the allocation of beneficial interest inconsistent with such purposes, or by other reason. In this case, if necessary to carry out the purposes of the trust, the court may order the trustee to do acts that are not authorized or are forbidden by the trust instrument.

(2) The court shall consider a trust provision restraining transfer of the beneficiary's interest as a factor in making its decision whether to modify or terminate the trust, but the court is not precluded from exercising its discretion to modify or terminate the trust solely because of a restraint on transfer.

Section 40. **Disposition of property upon termination.** At the termination of a trust, the trust property shall be disposed of as follows:

(1) In the case of a trust that is revoked by the trustor, as directed by the trustor.

(2) In the case of a trust that is terminated by the consent of the trustor and all beneficiaries, as agreed by the trustor and all beneficiaries.

(3) In any other case, as provided in the trust instrument or in a manner directed by the court that conforms as nearly as possible to the intention of the trustor as expressed in the trust instrument. If a trust is terminated by the trustee pursuant to [section 38(2)], the trust property shall be distributed as determined by the trustee pursuant to this subsection.

Section 41. **Combination of similar trusts.** If the terms of two or more trusts are substantially similar, on petition by a trustee or beneficiary, the court, for good cause shown, may combine the trusts if the court determines that administration as a single trust will not defeat or substantially impair the accomplishment of the trust purposes or the interests of the beneficiaries.

Section 42. **Division of trusts.** On petition by a trustee or beneficiary, the court, for good cause shown, may divide a trust into two or more separate trusts, if the court determines that dividing the trust will not defeat or substantially impair the accomplishment of the trust purposes or the interests of the beneficiaries.

Section 43. **Charitable trust.** A charitable trust, or the charitable portion of a trust, subjects the trustee to equitable duties to deal with the trust property for a charitable purpose.

Section 44. **Charitable purposes.** Charitable purposes include:

HeinOnline -- 1989 vol. II 1836 1989

(1) the relief of poverty;

(2) the advancement of education;

(3) the advancement of religion;

(4) the promotion of health;

(5) governmental or municipal purposes; or

(6) other purposes the accomplishment of which are beneficial to the community.

Section 45. **Enforcement of a charitable trust.** The attorney general, a cotrustee, or a person who has a special interest in the enforcement of the charitable trust can maintain a suit for the enforcement of a charitable trust, but not persons who have no special interest or the trustor or his heirs or personal representative.

Section 46. **Cy pres doctrine.** If property is given in trust to be applied to a particular charitable purpose, and it is or becomes impossible, impracticable, or illegal to carry out the particular purpose, and if the trustor manifested a general intention to devote the property to charitable purposes, the trust need not fail. The court may direct the application of the property to some charitable purpose which falls within the general charitable intention of the trustor.

Section 47. **Acceptance of trust by trustee.** (1) The person named as trustee may accept the trust, or a modification of the trust, by one of the following methods:

(a) signing the trust instrument or the trust instrument as modified, or signing a separate written acceptance; or

(b) knowingly exercising powers or performing duties under the trust instrument or the trust instrument as modified, except as provided in subsection (2).

(2) In a case where there is an immediate risk of damage to the trust property, the person named as trustee may act to preserve the trust property without accepting the trust or a modification of the trust, if within reasonable time after acting the person delivers a written rejection of the trust or the modification of the trust to the trustor or, if the trustor is dead or incompetent, to a beneficiary. This subsection does not impose a duty on the person named as trustee to act.

Section 48. **Rejection of trust — nonliability of person who rejects trust.** (1) A person named as trustee may in writing reject the trust or a modification of the trust.

(2) If the person named as trustee does not accept the trust or a modification of the trust by a method provided in [section 47(1)] within a reasonable time after learning of being named as trustee or of the modification, the person has rejected the trust or the modification.

(3) A person named as trustee who rejects the trust or a modification of the trust is not liable with respect to the rejected trust or modification.

HeinOnline -- 1989 vol. II 1837 1989

Section 49. **Trustee's bond.** (1) A trustee is not required to give a bond to secure performance of the trustee's duties, unless either of the following circumstances occurs:

(a) A bond is required by the trust instrument.

(b) Notwithstanding a waiver of bond in the trust instrument, a bond is found by the court to be necessary to protect the interests of beneficiaries.

(2) Notwithstanding subsection (1)(a), the court may excuse a requirement of a bond, reduce or increase the amount of a bond, release a surety, permit the substitution of another bond with the same or different sureties, or accept another form of security.

(3) If a bond is required, it shall be filed or served, in the amount, and with sureties and liabilities as provided in the trust instrument or as ordered by the court.

(4) Except as otherwise provided in the trust instrument or ordered by the court, the cost of the bond shall be charged against the trust.

(5) A trust company may not be required to give a bond, notwithstanding a contrary provision in the trust instrument.

Section 50. **Certificate of trustee.** On application by the trustee, the clerk of the district court shall issue a certificate that the trustee is a duly appointed and acting trustee under the trust if the court file shows the incumbency of the trustee.

Section 51. **Cotrustees.** (1) Unless otherwise provided in the trust instrument, a power vested in two trustees may only be exercised by their unanimous action.

(2) Unless otherwise provided in the trust instrument, a power vested in three or more trustees may be exercised by a majority of such trustees.

Section 52. **Vacancy in office of cotrustee.** Unless otherwise provided in the trust instrument, if a vacancy occurs in the office of a cotrustee, the remaining cotrustee or cotrustees may act for the trust as if they are the only trustees.

Section 53. **Temporary incapacity of cotrustee.** Unless otherwise provided in the trust instrument, if a cotrustee is unavailable to perform the duties of the cotrustee because of absence, illness, or other temporary incapacity, the remaining cotrustee or cotrustees may act for the trust when necessary to accomplish the purposes of the trust or to avoid irreparable injury to the trust property as if they are the only trustees.

Section 54. **Resignation of the trustee.** (1) A trustee who has accepted the trust may resign only by one of the following methods:

(a) as provided in the trust instrument;

(b) in the case of a revocable trust, with the consent of the person holding the power to revoke the trust;

HeinOnline -- 1989 vol. II 1838 1989

(c) in the case of a trust that is not revocable, with the consent of only all of the adult beneficiaries who are receiving or are entitled to receive income under the trust or to receive a distribution of principal if the trust were terminated at the time consent is sought; or

(d) pursuant to a court order obtained as provided in subsection (2).

(2) On petition by the trustee, the court shall accept the trustee's resignation. The court may also make any orders necessary for the preservation of the trust property, including the appointment of a receiver or a temporary trustee.

Section 55. **Liability upon resignation.** The liability for acts or omissions of a resigning trustee or of the sureties on the trustee's bond, if any, is not released or affected in any manner by the trustee's resignation.

Section 56. **Removal of a trustee.** (1) A trustee may be removed in accordance with the trust instrument or by the court on its own motion or on petition of a cotrustee or beneficiary.

(2) The grounds for removal of a trustee by the court include the following:

(a) if the trustee has committed a breach of the trust;

(b) if the trustee is insolvent or otherwise unfit to administer the trust;

(c) if hostility or lack of cooperation among cotrustees impairs the administration of the trust;

(d) if the trustee fails or declines to act; or

(e) for other good cause.

(3) If it appears to the court that trust property or the interests of a beneficiary may suffer loss or injury pending a decision on a petition for removal of a trustee and any appellate review, the court may, on its own motion or on petition of a cotrustee or beneficiary, compel the trustee whose removal is sought to surrender trust property to a cotrustee or to a receiver or temporary trustee. The court may also suspend the powers of the trustee to the extent the court considers necessary.

Section 57. **Vacancy in office of trustee.** There is a vacancy in the office of trustee in any of the following circumstances:

(1) The person named as trustee rejects the trust.

(2) The person named as trustee cannot be identified or does not exist.

(3) The trustee resigns or is removed.

(4) The trustee dies.

(5) A conservator or guardian of an individual trustee is appointed.

(6) A certificate of incorporation of a trust company is revoked or its powers are suspended, if the revocation or suspension is to be in effect for a period of 30 days or more.

HeinOnline -- 1989 vol. II 1839 1989

(7) A receiver is appointed for a trust company if the appointment is not vacated within a period of 30 days.

Section 58. **Delivery of property by former trustee upon occurrence of vacancy.** When a vacancy has occurred in the office of trustee, the former trustee who holds property of the trust shall deliver the trust property to the successor trustee or a person appointed by the court to receive the property and remains responsible for the trust property until it is delivered. A trustee who has resigned or is removed has the powers reasonably necessary under the circumstances to preserve the trust property until it is delivered to the successor trustee and to perform actions necessary to complete the resigning or removed trustee's administration of the trust.

Section 59. **Appointment of trustee to fill vacancy.** (1) If the trust has no trustee or if the trust instrument requires a vacancy in the office of a cotrustee to be filled, the vacancy shall be filled as provided in this section.

(2) If the trust instrument provides a practical method of appointing a trustee or names the person to fill the vacancy, the vacancy shall be filled as provided in the trust instrument.

(3) If the vacancy in the office of trustee is not filled as provided in subsection (2), on petition of a cotrustee or beneficiary the court may, in its discretion, appoint a trustee to fill the vacancy. If the trust provides for more than one trustee, the court may, in its discretion, appoint the original number or any lesser number of trustees. In selecting a trustee, the court shall give consideration to the wishes of the beneficiaries who are 14 years of age or older.

Section 60. **Capacity of trustee.** (1) The trustee must have the legal capacity to take, hold, and transfer the trust property. The trustee may be a natural person or a corporation or trust company. If the trustee is a corporation, it must be qualified to act as a trustee in this state.

(2) A beneficiary of a trust may be the trustee of the trust.

(3) The trustor of a trust may be the trustee of the trust.

Section 61. **Trustee's compensation as provided in trust instrument — different compensation.** (1) Subject to subsection (2), if the trust instrument provides for the trustee's compensation, the trustee is entitled to be compensated in accordance with the trust instrument.

(2) Upon proper showing, the court may fix or allow greater or lesser compensation than could be allowed under the terms of the trust in any of the following circumstances:

(a) whenever the duties of the trustee are substantially different from those contemplated when the trust was created;

(b) whenever the compensation in accordance with the terms of the trust would be inequitable or unreasonably low or high; or

(c) in extraordinary circumstances calling for equitable relief.

HeinOnline -- 1989 vol. II 1840 1989

(3) An order fixing or allowing greater or lesser compensation under subsection (2) applies only prospectively to actions taken in administration of the trust after the order is made.

Section 62. **Trustee's compensation where trust silent.** If the trust instrument does not specify the trustee's compensation, the trustee is entitled to reasonable compensation.

Section 63. **Compensation for services rendered in making temporary investments.** In addition to other compensation to which the trustee is entitled, the trustee is entitled to make a reasonable charge for services rendered in making temporary investments.

Section 64. **Court determination of prospective compensation.** The court may fix an amount of periodic compensation under [sections 61 and 62] to continue for as long as the court determines is proper.

Section 65. **Compensation of cotrustees.** Unless the trust instrument otherwise provides or the trustees otherwise agree, if the trust has two or more trustees, the compensation shall be apportioned among the cotrustees according to the services rendered by them.

Section 66. **Repayment of trustee for expenditures.** A trustee is entitled to the repayment out of the trust property for the following:

(1) expenditures that were properly incurred in the administration of the trust; and

(2) to the extent that they benefited the trust, expenditures that were not properly incurred in the administration of the trust.

Section 67. **Trustee's lien.** The trustee has an equitable lien on the trust property as against the beneficiary in the amount of advances, with any interest, made for the protection of the trust, and for expenses, losses, and liabilities sustained in the administration of the trust or because of ownership or control of any trust property.

Section 68. **Limits on rights of beneficiary of revocable trust.** Except to the extent that the trust instrument otherwise provides or where the joint action of the trustor and all beneficiaries is required, during the time that a trust is revocable and the person holding the power to revoke the trust is competent:

(1) The person holding the power to revoke, and not the beneficiary, has the rights afforded beneficiaries under [sections 1 through 215].

(2) The duties of the trustee are owed to the person holding the power to revoke.

Section 69. **Consent by beneficiary of revocable trust.** (1) In any case where the consent of a beneficiary may be given or is required to be given before an action may be taken, during the time that a trust is revocable and the person holding the power to revoke the trust is competent, the person holding the power to revoke, and not the beneficiary, has the power to consent or withhold consent.

(2) This section does not apply where the joint consent of the trustor and all beneficiaries is required by statute.

HeinOnline -- 1989 vol. II 1841 1989

Section 70. **Notice to beneficiary of revocable trust.** Notwithstanding any other statute, during the time that a trust is revocable and the person holding the power to revoke the trust is competent, a notice that is to be given to a beneficiary shall be given to the person holding the power to revoke and not to the beneficiary.

Section 71. **Rights of holder of power of appointment or withdrawal.** The holder of a presently exercisable general power of appointment or power to withdraw property from the trust has the rights of a trustor provided by [sections 68 through 70], inclusive, to the extent of the holder's power over the trust property.

Section 72. **Notice in case involving future interest of beneficiary.** (1) Subject to subsections (2) and (3), it is sufficient compliance with a requirement in [sections 1 through 215] that notice be given to a beneficiary, or to a person interested in the trust, if notice is given as follows:

(a) Whenever an interest has been limited on any future contingency to persons who will compose a certain class upon the happening of a certain event without further limitation, notice shall be given to the persons in being who would constitute the class if the event had happened immediately before the commencement of the proceedings.

(b) Whenever an interest has been limited to a living person and the same interest, or a share therein, has been further limited upon the happening of a future event to the surviving spouse or to persons who are or may be the distributees, heirs, issue, or other kindred of the living persons, notice shall be given to the living person.

(c) Whenever an interest has been limited upon the happening of any future event to a person, or a class of persons, or both, and the interest, or a share of the interest, has been further limited upon the happening of an additional future event to another person, or a class of persons, or both, notice shall be given to the person or persons in being who would take the interest upon the happening of the first of these events.

(2) If a conflict of interest involving the subject matter of the trust proceeding exists between a person to whom notice is required to be given and a person to whom notice is not otherwise required to be given under subsection (1), notice shall also be given to persons not otherwise entitled to notice under subsection (1) with respect to whom the conflict of interest exists.

(3) Nothing in this section affects any of the following:

(a) requirements for notice to:

(i) a person who has requested special notice;

(ii) a person who has filed notice of appearance; or

(iii) a particular person or entity required by statute to be given notice.

(b) Availability of a guardian ad litem pursuant to [section 187].

Section 73. **Duty to administer trust.** On acceptance of the trust, the trustee has a duty to administer the trust according to the trust instrument

HeinOnline -- 1989 vol. II 1842 1989

and, except to the extent the trust instrument provides otherwise, according to [sections 1 through 215].

Section 74. **Duties of trustee of revocable trust.** (1) Except as provided in subsection (2), the trustee of a revocable trust shall follow any written direction acceptable to the trustee given from time to time:

(a) by the person then having the power to revoke the trust or the part thereof with respect to which the direction is given; or

(b) by the person to whom the trustor delegates the right to direct the trustee.

(2) If a written direction given under subsection (1) would have the effect of modifying the trust, the trustee has no duty to follow the direction unless it complies with the requirements for modifying the trust.

Section 75. **Duty of loyalty.** (1) The trustee has a duty to administer the trust solely in the interest of the beneficiaries.

(2) It is not a violation of the duty provided in subsection (1) for a trustee who administers two trusts to sell, exchange, or participate in the sale or exchange of trust property between the trusts, if both of the following requirements are met:

(a) the sale or exchange is fair and reasonable with respect to the beneficiaries of both trusts; and

(b) the trustee gives to the beneficiaries of both trusts notice of all material facts related to the sale or exchange that the trustee knows or should know.

Section 76. **Duty to deal impartially with beneficiaries.** If a trust has two or more beneficiaries, the trustee has a duty to deal impartially with them.

Section 77. **Duty to avoid conflict of interest.** (1) The trustee has a duty not to use or deal with trust property for the trustee's own profit or for any other purpose unconnected with the trust, nor to take part in any transaction in which the trustee has an interest adverse to the beneficiary.

(2) The trustee may not enforce any claim against the trust property that the trustee purchased after or in contemplation of appointment as trustee, but the court may allow the trustee to be reimbursed from trust property the amount that the trustee paid for the claim.

(3) A transaction between the trustee and a beneficiary which occurs during the existence of the trust or while the trustee's influence with the beneficiary remains and by which the trustee obtains an advantage from the beneficiary is presumed to be a violation of the trustee's fiduciary duties. This presumption is a presumption affecting the burden of proof. This subsection does not apply to the provisions of an agreement between a trustee and a beneficiary relating to the hiring or compensation of the trustee.

Section 78. **Duty not to undertake adverse trust.** The trustee of one trust has a duty not to knowingly become a trustee of another trust

HeinOnline -- 1989 vol. II 1843 1989

adverse in its nature to the interest of the beneficiary of the first trust, and a duty to eliminate the conflict or resign as trustee when the conflict is discovered.

Section 79. **Duty to take control of and preserve trust property.** The trustee has a duty to take reasonable steps under the circumstances to take and keep control of and to preserve the trust property.

Section 80. **Duty to make trust property productive.** The trustee has a duty to make the trust property productive under the circumstances and in furtherance of the purposes of the trust.

Section 81. **Duty to dispose of improper investments.** (1) Except as provided in subsection (2), the trustee has a duty within a reasonable time to dispose of any part of the trust property included in the trust at the time of its creation, or later acquired by or added to the trust, that would not be a proper investment for the trustee to make.

(2) Unless the trust instrument expressly provides otherwise, the trustee may, without liability, continue to hold property included in the trust at its creation or later added to the trust or acquired pursuant to proper authority, if retention is in the best interests of the trust or in furtherance of the purposes of the trust.

Section 82. **Duty to keep trust property separate and identified.** The trustee has a duty to do the following:

(1) to keep the trust property separate from other property not subject to the trust; and

(2) to see that the trust property is designated as property of the trust.

Section 83. **Duty to enforce claims.** The trustee has a duty to take reasonable steps to enforce claims that are part of the trust property.

Section 84. **Duty to defend actions.** The trustee has a duty to take reasonable steps to defend actions that may result in a loss to the trust.

Section 85. **Duty not to delegate.** (1) The trustee has a duty not to delegate to others the performance of acts that the trustee can reasonably be required personally to perform and may not transfer the office of trustee to another person nor delegate the entire administration of the trust to a cotrustee or other person.

(2) In a case where a trustee has properly delegated a matter to an agent, cotrustee, or other person, the trustee has a duty to exercise general supervision over the person performing the delegated matter.

Section 86. **Duty with respect to cotrustees.** If a trust has more than one trustee, each trustee has a duty to do the following:

(1) to participate in the administration of the trust; and

(2) to take reasonable steps to prevent a cotrustee from committing a breach of trust or to compel a cotrustee to redress a breach of trust.

Section 87. **Duty to use special skills.** (1) The trustee has a duty to apply the full extent of the trustee's skills.

HeinOnline -- 1989 vol. II 1844 1989

(2) If the trustor, in selecting the trustee, has relied on the trustee's representation of having special skills, the trustee is held to the standard of the skills represented.

Section 88. **Certain actions not violations of duties.** The provision of services for compensation by a regulated financial institution or its affiliates in the ordinary course of business either to a trust of which it also acts as trustee or to a person dealing with the trust is not a violation of the duty provided in [section 75 or 77]. For the purposes of this section, "affiliate" means a corporation that directly or indirectly through one or more intermediaries controls, is controlled by, or is under common control with another domestic or foreign corporation.

Section 89. **Duty to use ordinary skill and prudence.** (1) The trustee shall administer the trust with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person would use to accomplish the purposes of the trust as determined from the trust instrument.

(2) When investing, reinvesting, purchasing, acquiring, exchanging, selling, and managing trust property, the trustee shall act with the care, skill, prudence, and diligence under the circumstances then prevailing, including but not limited to the general economic conditions and the anticipated needs of the trust and its beneficiaries, that a prudent person would use to accomplish the purposes of the trust as determined from the trust instrument. In the course of administering the trust pursuant to this standard, individual investments shall be considered as part of an overall investment strategy.

(3) The trustor may expand or restrict the standards provided in subsections (1) and (2) by express provisions in the trust instrument. A trustee is not liable to a beneficiary for the trustee's reliance on these express provisions.

Section 90. **Standard of care not affected by compensation.** A trustee's standard of care and performance in administering the trust is not affected by whether or not the trustee receives any compensation.

Section 91. **Interpretation of trust terms concerning legal investments.** If a trust created before, on, or after October 1, 1989, refers to "investments permissible by law for investment of trust funds", "authorized by law for investment of trust funds", "legal investments", "authorized investments", or "investments acquired using the judgment and care which men of prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation, but in regard to the permanent disposition of their funds, considering the probable income, as well as the probable safety of their capital", or uses other words of similar meaning in defining the powers of the trustee relative to investments, such language, in the absence of other controlling or modifying provisions of the trust instrument, shall be construed as imposing the standard of care provided by [section 89] and authorizing any investment permitted under [sections 105 through 137].

Section 92. **Trustee's general duty to report information to beneficiaries.** The trustee has a duty to keep the beneficiaries of the trust reasonably informed of the trust and its administration.

HeinOnline -- 1989 vol. II 1845 1989

Section 93. **Duty to report information about trust on request.** Except as provided in [section 95], on reasonable request by a beneficiary, the trustee shall provide the beneficiary with a report of information about the assets, liabilities, receipts, and disbursements of the trust, the acts of the trustee, and the particulars relating to the administration of the trust relevant to the beneficiary's interest, including the terms of the trust that describe or affect the beneficiary's interest.

Section 94. **Duty to provide annual statement to income beneficiaries.** Except as provided in [section 95], the trustee shall annually mail each income beneficiary an itemized statement of all current receipts and disbursements of both principal and income.

Section 95. **Exceptions to duty to report information and to provide annual statement.** The trustee is not required to report information or to provide an annual statement to a beneficiary in any of the following circumstances:

(1) to the extent the trust instrument waives the report or annual statement;

(2) in the case of a beneficiary of a revocable trust, as provided in [section 68].

(3) as to a beneficiary who has waived in writing the right to a report or annual statement. A waiver of rights under this subsection may be withdrawn in writing at any time as to the most recent annual statement or future annual statements. A waiver has no effect of the beneficiary's right to petition for a report, statement, or account pursuant to [section 179]; or

(4) if the beneficiary and the trustee are the same person.

Section 96. **Permissive accounts.** At any time during the term of the trust or upon the termination of the trust, the trustee may mail an account to trust beneficiaries. To effectively bar a beneficiary from an action against the trustee pursuant to [section 159], the account must contain the following information:

(1) a statement of receipts and disbursements of principal and income that have occurred since the last account;

(2) a statement of the assets and liabilities of the trust since the last account;

(3) the trustee's compensation since the last account;

(4) the agents hired by the trustee, their relationship to the trustee, if any, and their compensation since the last account;

(5) a statement that the recipient of the account may petition the court pursuant to [section 179] to obtain a court review of the account and of the acts of the trustee; and

(6) a statement that claims against the trustee for breach of trust may not be made after the expiration of 3 years from the date the beneficiary receives an account disclosing facts giving rise to the claim.

HeinOnline -- 1989 vol. II 1846 1989

Section 97. **Discretionary powers to be exercised reasonably.** Except as provided in [section 98], a discretionary power conferred upon a trustee is not left to the trustee's arbitrary discretion, but shall be exercised reasonably.

Section 98. **Standard for exercise of "absolute", "sole", or "uncontrolled" powers.** (1) Subject to the additional requirements of subsection (2), if a trust instrument confers "absolute", "sole", or "uncontrolled" discretion on a trustee, the trustee shall act in accordance with fiduciary principles and may not act in disregard of the purposes of the trust.

(2) Notwithstanding the trustor's use of terms like "absolute", "sole", or "uncontrolled", a person who is a beneficiary of a trust and who, either individually or as trustee or cotrustee, holds a power to take or distribute income or principal to or for the benefit of himself or herself pursuant to a standard, shall exercise that power reasonably and in accordance with the standard. In any case in which the standard governing the exercise of the power does not clearly indicate that a broader power is intended, the holder of the power may exercise it in his or her favor only for his or her health, education, support, or maintenance.

Section 99. **Definitions.** As used in [sections 99 through 104], the following definitions apply:

(1) "Charitable trust" means a charitable trust as described in section 4947(a)(1) of the Internal Revenue Code.

(2) "Private foundation" means a private foundation as defined in section 509 of the Internal Revenue Code.

(3) "Split-interest trust" means a split-interest trust as described in section 4947(a)(2) of the Internal Revenue Code.

Section 100. **Distribution under charitable trust or private foundation.** During any period when a trust is considered to be a charitable trust or a private foundation, the trustee shall distribute its income for each taxable year (and principal if necessary) at a time and in a manner that will not subject the property of the trust to tax under section 4942 of the Internal Revenue Code.

Section 101. **Restrictions on trustees under charitable trust, private foundations, or split-interest trust.** During any period when a trust is considered to be a charitable trust, a private foundation, or a split-interest trust, the trustee may not do any of the following:

(1) engage in any act of self-dealing as defined in section 4941(d) of the Internal Revenue Code;

(2) retain any excess business holdings as defined in section 4943(c) of the Internal Revenue Code;

(3) make any investments in such manner as to subject the property of the trust to tax under section 4944 of the Internal Revenue Code; or

(4) make any taxable expenditure as defined in section 4945(d) of the Internal Revenue Code.

HeinOnline -- 1989 vol. II 1847 1989

Section 102. **Exceptions applicable to split-interest trusts.** With respect to split-interest trusts:

(1) [Subsections (2) and (3) of section 101] do not apply to any trust described in section 4947(b)(3) of the Internal Revenue Code.

(2) [Section 101] does not apply with respect to any of the following:

(a) any amounts payable under the terms of such trust to income beneficiaries, unless a deduction was allowed under section 170(f)(2)(B), 2055(e)(2)(B), or 2522(c)(2)(B) of the Internal Revenue Code;

(b) any amounts in trust other than amounts for which a deduction was allowed under section 170, 545(b)(2), 556(b)(2), 642(c), 2055, 2106(a)(2), or 2522 of the Internal Revenue Code, if the amounts are segregated, as that term is defined in section 4947(a)(3) of the Internal Revenue Code, from amounts for which no deduction was allowable; or

(c) any amounts irrevocably transferred in trust before May 27, 1969.

Section 103. **Incorporation in trust instruments.** The provisions of [sections 100 through 102] shall be considered to be contained in the instrument creating every trust to which [sections 99 through 104] apply. Any provision of the instrument inconsistent with or contrary to [sections 99 through 104] is without effect.

Section 104. **Proceedings.** (1) A proceeding contemplated by section 101(l)(3) of the federal Tax Reform Act of 1969 (Public Law 91-172) may be commenced pursuant to [section 179] by the organization involved. All specifically named beneficiaries of the organization and the attorney general shall be parties to the proceedings. Notwithstanding [section 165], this provision is not exclusive and does not limit any jurisdiction that otherwise exists.

(2) If an instrument creating a trust affected by this section has been recorded, a notice of pendency of judicial proceedings under this section shall be recorded in a similar manner within 10 days from the commencement of the proceedings. A duly certified copy of any final judgment or decree in the proceedings shall be similarly recorded.

Section 105. **General powers of trustee.** A trustee has the following powers without the need to obtain court authorization:

(1) the powers conferred by the trust instrument;

(2) except as limited in the trust instrument, the powers conferred by statute; and

(3) except as limited in the trust instrument, the power to perform any act that a trustee would perform for the purposes of the trust under the standard of care provided in [section 89].

Section 106. **Power of court to relieve trustee from restrictions on powers.** [Sections 109 through 137] do not affect the power of a court to relieve a trustee from restrictions on the exercise of powers under the trust instrument.

HeinOnline -- 1989 vol. II 1848 1989

Section 107. **Exercise of powers subject to trustee's duties.** The grant of a power to a trustee, whether by the trust instrument, by statute, or by the court, does not in itself require or permit the exercise of the power. The exercise of a power by a trustee is subject to the trustee's fiduciary duties.

Section 108. **Application of rules governing trustees' powers.** An instrument that incorporates the powers provided in former Title 72, chapter 21, ("Montana Trustees' Powers Act") shall be considered to refer to the powers provided [sections 109 through 137]. For this purpose, the trustee's powers under former Title 72, chapter 21, ("Montana Trustees' Powers Act") are not diminished and the trustee is not required to obtain court approval for exercise of a power for which court approval was not required by former law.

Section 109. **Collecting and holding property.** The trustee has the power to collect, hold, and retain trust property received from a trustor or any other person until, in the judgment of the trustee, disposition of the property should be made. The property may be retained even though it includes property in which the trustee is personally interested.

Section 113. **Investments in obligations of United States government.** In the absence of an express provision to the contrary in a trust instrument, whenever the instrument directs or permits investment in obligations of the United States government, the trustee has the power to invest in those obligations directly or in the form of securities or other interests in an open-end or closed-end management type investment company or investment trust registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1 through 80a-64), as amended, or an investment vehicle authorized for the collective investment of trust funds pursuant to section 9.18 of Title 12 of the Code of Federal Regulations, if:

(1) the portfolio of the investment company, investment trust, or investment vehicle is limited to United States government obligations and repurchase agreements fully collateralized by United States government obligations; and

(2) the investment company, investment trust, or investment vehicle takes delivery of the collateral for any repurchase agreement, either directly or through an authorized custodian.

(b) an insured building and loan association; or

(c) an insured credit union.

(2) A trustee may deposit trust funds as described in subsection (1) in a financial institution operated by, or that is an affiliate of, the trustee. For the purpose of this subsection, "affiliate" means a corporation that directly or indirectly through one or more intermediaries controls, is controlled by, or is under common control with another domestic or foreign corporation.

(3) This section does not limit the power of a trustee in a proper case to deposit trust funds in institutions as described in subsection (1) that are subject to notice or other conditions respecting withdrawal prescribed by law or governmental regulation.

(4) Nothing in this section prevents the trustee from holding an amount of trust property reasonably necessary for the orderly administration of the trust in the form of cash or in a checking account without interest.

Section 115. **Acquisition and disposition of property.** The trustee has the power to acquire or dispose of property, for cash or on credit, at public or private sale, or by exchange.

Section 123. **Voting rights with respect to corporate shares, memberships, or property.** With respect to any shares of stock of a domestic or foreign corporation, any membership in a nonprofit corporation, or any other property, a trustee has the power to do any of the following:

(1) vote in person and give proxies to exercise any voting rights with respect to the shares, memberships, or property;

(2) waive notice of a meeting or give consent to the holding of a meeting; or

(3) authorize, ratify, approve, or confirm any action that could be taken by shareholders, members, or property owners.

Section 127. **Holding securities in name of nominee.** The trustee has the power to hold a security in the name of a nominee or in other form without disclosure of the trust so that title to the security may pass by delivery, but the trustee is liable for any act of the nominee in connection with the security so held.

Section 132. **Loans to beneficiary.** The trustee has the following powers:

(1) to make loans out of trust property to the beneficiary on terms and conditions that the trustee determines are fair and reasonable under the circumstances; and

(2) to guarantee loans to the beneficiary by encumbrances on trust property.

Section 133. **Distribution to beneficiaries under legal disability.** The trustee has the power to pay any sum distributable to a beneficiary, without regard to whether the beneficiary is under a legal disability, by paying the sum to the beneficiary or by paying the sum to another person for the use or benefit of the beneficiary.

Section 134. **Nature and value of distributions.** The trustee has the power to effect distribution of property and money in divided or undivided interests and to adjust resulting differences in valuation. A distribution in kind may be made pro rata or non-pro rata.

(2) "Inventory value" means the adjusted basis for federal income tax purposes.

(3) "Remainder beneficiary" means the person entitled to principal, including income which has been accumulated and added to principal.

(4) "Trustee" means the original trustee, any succeeding or added trustee, and the personal representative of a decedent's estate whenever a provision of this part is applicable to the estate.

Section 140. **Duty of trustee as to receipts and expenditures.** (1) A trust shall be administered with due regard to the respective interests of income beneficiaries and remainder beneficiaries. A trust is so administered with respect to the allocation of receipts and expenditures if a receipt is credited or an expenditure is charged to income or principal or partly to each in any of the following ways:

(a) in accordance with the terms of the trust instrument, notwithstanding contrary provisions of this part;

(b) in the absence of any contrary terms of the trust instrument, in accordance with the provisions of this part; or

(c) if neither subsection (a) nor (b) is applicable, in accordance with the standard of care provided in [section 89] and with what is reasonable and equitable in view of the interests of those entitled to income as well as of those entitled to principal.

(2) If the trust gives the trustee discretion in crediting a receipt or charging an expenditure to income or principal or partly to each, no inference that the trustee has improperly exercised such discretion arises from the fact that the trustee has made an allocation contrary to a provision of this part.

Section 141. **Income — principal — charges.** (1) Income is the return in money or property derived from the use of principal, including return received as:

(a) rent of real or personal property, including sums received for cancellation or renewal of a lease;

(b) interest on money lent, including sums received as consideration for the prepayment of principal except as provided in [section 145] on bond premium and bond discount;

(c) income earned during administration of a decedent's estate as provided in [section 143];

(d) corporate distributions as provided in [section 144];

HeinOnline -- 1989 vol. II 1853 1989

(g) receipts from disposition of natural resources as provided in [sections 147 and 148]; or

(h) receipts from other principal subject to depletion as provided in [section 149].

(2) Principal is the property which has been set aside by the owner or the person legally empowered so that it is held in trust eventually to be delivered to a remainder beneficiary, while the return or use of the principal is in the meantime taken or received by or held for accumulation for an income beneficiary. Principal includes the following:

(a) consideration received by the trustee on the sale or other transfer of principal or a repayment of a loan or as a refund or replacement or change in the form of principal;

(b) proceeds of property taken on eminent domain proceedings;

(c) proceeds of insurance upon property forming part of the principal except proceeds of insurance upon a separate interest of an income beneficiary;

(d) stock dividends, receipts on liquidation of a corporation, and other corporate distributions as provided in [section 144];

(e) receipts from the disposition of corporate securities as provided in [section 145];

(h) any profit resulting from any change in the form of principal; or

(i) any allowances for depreciation established under [section 150(1)(b)].

(3) After determining income and principal in accordance with the terms of the trust instrument or of this part, the trustee shall charge to income or principal the expenses and other charges as provided in [section 150].

Section 142. **When right to income arises — apportionment of income.** (1) An income beneficiary is entitled to income from the date specified in the trust instrument or, if none is specified, from the date an item of property becomes subject to the trust. In the case of an item of property becoming subject to a trust by reason of a person's death, it becomes subject to the trust as of the date of the death of the person even though there is an intervening period of administration of the person's estate.

(2) Upon property becoming subject to a trust by reason of a person's death:

(a) Receipts due but not paid at the date of death of the person are principal.

(b) Receipts in the form of periodic payments (other than corporate distributions to stockholders), including rent, interest, or annuities, not due at the date of the death of the person shall be treated as accruing from day to day. That portion of the receipt accruing before the date of death is principal and the balance is income.

(3) In all other cases, any receipt from income-producing property is income even though the receipt was earned or accrued in whole or in part before the date when the property became subject to the trust.

(4) On termination of an income interest, the income beneficiary whose interest is terminated, or his or her estate, is entitled to income:

(a) undistributed on the date of termination;

(b) due but not paid to the trustee on the date of termination; and

(c) in the form of periodic payments (other than corporate distributions to stockholders), including rent, interest, or annuities, not due on the date of termination, accrued from day to day.

(5) Corporate distributions to stockholders shall be treated as due on the day fixed by the corporation for determination of stockholders of record entitled to distribution or, if no date is fixed, on the date of declaration of the distribution by the corporation.

Section 143. **Income earned during administration of decedent's estate.** (1) Unless the will otherwise provides and subject to subsection (2), all expenses incurred in connection with the settlement of a decedent's estate, including debts, funeral expenses, estate taxes, interest and penalties concerning taxes, family allowances, fees of attorneys and personal representatives, and court costs, shall be charged against the principal of the estate.

(2) Unless the will otherwise provides, income from the property of a decedent's estate after the death of the testator and before distribution, including income from property used to discharge liabilities, shall be determined in accordance with the rules applicable to a trustee under [sections 1 through 164] and distributed as follows:

(a) to specific legatees and devisees, the income from the property bequeathed or devised to them respectively, less taxes, ordinary repairs, and other expenses of management and operation of the property, and an appropriate portion of interest accrued since the death of the testator and of taxes imposed on income (excluding taxes on capital gains) that accrue during the period of administration;

(b) to all other legatees and devisees, except legatees of pecuniary bequests not in trust, the balance of the income, less the balance of taxes, ordinary repairs, and other expenses of management and operation of all property from which the estate is entitled to income, interest accrued since the death of the testator, and taxes imposed on income (excluding taxes on capital gains) that accrue during the period of administration, in proportion to their respective interests in the undistributed property of the estate computed at times of distribution on the basis of inventory value.

HeinOnline -- 1989 vol. II 1855 1989

(3) Income received by a trustee under subsection (2) shall be treated as income of the trust.

Section 144. **Corporate distributions.** (1) Corporate distributions of shares of the distributing corporation, including distributions in the form of a stock split or stock dividend, are principal. A right to subscribe to shares or other securities issued by the distributing corporation accruing to stockholders on account of their stock ownership and the proceeds of any sale of the right, are principal.

(2) Except to the extent that the corporation indicates that some part of a corporate distribution is a settlement of preferred or guaranteed dividends accrued since the trustee became a stockholder or is in lieu of an ordinary cash dividend, a corporate distribution is principal if the distribution is pursuant to any of the following:

(a) a call of shares;

(b) a merger, consolidation, reorganization, or other plan by which assets of the corporation are acquired by another corporation; or

(c) a total or partial liquidation of the corporation, including any distribution which the corporation indicates is a distribution in total or partial liquidation or any distribution of assets, other than cash, pursuant to a court decree or final administrative order by a government agency ordering distribution of the particular assets.

(3) Distributions made from ordinary income by a regulated investment company or by a trust qualifying and electing to be taxed under federal law as a real estate investment trust are income. All other distributions made by the company or trust, including distributions from capital gains, depreciation, or depletion, whether in the form of cash or an option to take new stock or cash or an option to purchase additional shares, are principal.

(4) Except as provided in subsections (1) through (3), all corporate distributions are income, including cash dividends, distributions of or rights to subscribe to shares or securities or obligations of corporations other than the distributing corporation, and the proceeds of the rights or property distributions. Except as provided in subsections (2) and (3), if the distributing corporation gives a stockholder an option to receive a distribution either in cash or in its own shares, the distribution chosen is income.

(5) The trustee may rely upon any statement of the distributing corporation as to any fact relevant under any provision of this part concerning the source or character of dividends or distributions of corporate assets.

Section 145. **Bond premium and discount.** (1) Bonds or other obligations for the payment of money are principal at their inventory value, except as provided in subsection (2) for discount bonds. No provision shall be made for amortization of bond premiums or for accumulation for discount. The proceeds of sale, redemption, or other disposition of the bonds or obligations are principal.

(2) The increment in value of a bond or other obligation for the payment of money payable at a future time in accordance with a fixed schedule of appreciation in excess of the price at which it was issued is distributable

as income. The increment in value is distributable to the beneficiary who was the income beneficiary at the time of increment from the first principal cash available or, if none is available, when realized by sale, redemption, or other disposition. Whenever unrealized increment is distributed as income but out of principal, the principal shall be reimbursed for the increment when realized.

Section 146. **Business and farming operations.** (1) If a trustee uses any part of the principal in the continuance of a business of which the trustor was a sole proprietor or a partner, the net profits of the business, computed in accordance with recognized methods of accounting for a comparable business, are income. If a loss results in any fiscal or calendar year, the loss falls on principal and may not be carried into any other fiscal or calendar year for purposes of calculating net income.

(2) Recognized methods of accounting for a comparable business shall be used to determine income from an agricultural or farming operation, including the raising of animals or the operation of a nursery.

Section 147. **Disposition of natural resources.** (1) If any part of the principal consists of a right to receive royalties, overriding or limited royalties, working interests, production payments, net profit interests, or other interests in minerals or other natural resources in, on, or under land, the receipts from taking the natural resources from the land shall be allocated as follows:

(a) If received as rent on a lease or extension payments on a lease, the receipts are income.

(b) If received from a production payment, the receipts are income to the extent of any factor for interest or its equivalent provided in the governing instrument. There shall be allocated to principal the fraction of the balance of the receipts which the unrecovered cost of the production payment bears to the balance owed on the production payment, exclusive of any factor for interest or its equivalent. The receipts not allocated to principal are income.

(c) If received as a royalty, overriding or limited royalty or bonus, or from a working, net profit, or any other interest in minerals or other natural resources, receipts not provided for in subsections (1)(a) and (1)(b) shall be apportioned on a yearly basis in accordance with this paragraph whether or not any natural resource was being taken from the land at the time the trust was established. The receipts shall be allocated entirely to income or apportioned between income and principal as the trustee in its discretion may determine, but the amount added to principal as an allowance for depletion may not exceed the lesser of:

(i) the percentage of gross receipts allowed as a deduction for depletion in computing taxable income for federal income tax purposes or

(ii) 50% of the net receipts remaining after payment of expenses, direct and indirect, computed without allowance for depletion.

(2) This section does not apply to timber, water, soil, sod, dirt, turf, or mosses.

HeinOnline -- 1989 vol. II 1857 1989

Section 148. **Timber.** If any part of the principal consists of land from which merchantable timber may be removed, the receipts from taking the timber from the land shall be allocated in accordance with [section 140(1)(c)].

Section 149. **Other property subject to depletion.** Except as provided in [sections 147 and 148], if the principal consists of property subject to depletion, including leaseholds, patents, copyrights, royalty rights, and rights to receive payments on a contract for deferred compensation, receipts from the property, not in excess of 5% per year of its inventory value, are income, and the balance is principal.

Section 150. **Charges against income and principal.** (1) The following charges shall be made against income:

(a) ordinary expenses incurred in connection with the administration, management, or preservation of the trust property, including:

(i) regularly recurring taxes assessed against any portion of the principal;

(ii) water rates;

(iii) premiums on insurance taken upon the interests of the income beneficiary, remainder beneficiary, or trustee;

(iv) interest paid by the trustee; and

(v) ordinary repairs;

(b) a reasonable allowance for depreciation on property subject to depreciation under generally accepted accounting principles, but no allowance may be made for depreciation on that portion of any real property used by a beneficiary as a residence or for depreciation of any property held by the trustee on July 1, 1983, for which the trustee was not then making an allowance for depreciation;

(c) not less than one-half of court costs, attorney fees, and other fees on periodic judicial accounting, unless the court directs otherwise;

(d) court costs, attorney fees, and fees on other accountings or judicial proceedings if the matter primarily concerns the income interest, unless the court directs otherwise;

(e) not less than one-half of the trustee's regular compensation, whether based on a percentage of principal or income, and all expenses reasonably incurred for current management of principal and application of income, unless the court directs otherwise; and

(f) any tax levied upon receipts defined as income under [sections 138 through 150] or the trust instrument and payable by the trustee.

(2) If charges against income are of unusual amount, the trustee may, by means of reserves or other reasonable means, charge them over a reasonable period of time and withhold from distribution sufficient sums to regularize distributions.

(3) (a) The following charges shall be made against principal:

HeinOnline -- 1989 vol. II 1858 1989

(i) trustee's compensation not chargeable to income under subsections (1)(d) and (1)(e);

(ii) special compensation of trustees;

(iii) expenses reasonably incurred in connection with principal, court costs, and attorney fees primarily concerning matters of principal; and

(iv) trustee's compensation computed on principal as an acceptance, distribution, or termination fee;

(b) charges not provided for in subsection (1), including:

(i) the costs of investing and reinvesting principal;

(ii) the payments on principal of an indebtedness, including a mortgage amortized by periodic payments of principal;

(iii) expenses for preparation of property for rental or sale; and

(iv) unless the court directs otherwise, expenses incurred in maintaining or defending any action to construe the trust or protect it or the property or assure the title of any trust property;

(c) extraordinary repairs or expenses incurred in making a capital improvement to principal, including special assessments, but a trustee may establish an allowance for depreciation out of income to the extent permitted by subsection (1)(b) and by [section 146];

(d) any tax levied upon profit, gain, or other receipts allocated to principal, notwithstanding denomination of the tax as an income tax by the taxing authority; and

(e) if an estate or inheritance tax is levied in respect to a trust in which both an income beneficiary and a remainder beneficiary have an interest, any amount apportioned to the trust, including interest and penalties, even though the income beneficiary also has rights in the principal.

(4) Regularly recurring charges payable from income shall be apportioned to the same extent and in the same manner that income is apportioned under [section 142].

Section 151. **Breach of trust.** A violation by the trustee of any duty that the trustee owes the beneficiary is a breach of trust.

Section 152. **Trustee's liability to beneficiary for acts of agent.** (1) Except as provided in subsection (2), the trustee is not liable to the beneficiary for the acts or omissions of an agent.

(2) The trustee is liable to the beneficiary for an act or omission of an agent employed by the trustee in the administration of the trust that would be a breach of the trust if committed by the trustee under any of the following circumstances:

(a) whenever the trustee has the power to direct the act of the agent;

(b) whenever the trustee delegates to the agent the authority to perform an act that the trustee is under a duty not to delegate;

HeinOnline -- 1989 vol. II 1859 1989

(c) whenever the trustee does not use reasonable care in the selection of the agent or the retention of the agent selected by the trustee;

(d) whenever the trustee does not exercise proper supervision over the agent's conduct in a case where the trustee has the power to supervise the agent;

(e) whenever the trustee conceals the act of the agent; or

(f) whenever the trustee neglects to take reasonable steps to compel the agent to redress the wrong in a case where the trustee knows of the agent's acts or omissions.

(3) The liability of a trustee for acts or omissions of agents that occurred before October 1, 1989, is governed by prior law and not by this section.

Section 153. **Trustee's liability to beneficiary for acts of cotrustee.** (1) Except as provided in subsection (2), a trustee is not liable to the beneficiary for a breach of trust committed by a cotrustee.

(2) A trustee is liable to the beneficiary for a breach committed by a cotrustee under any of the following circumstances:

(a) whenever the trustee participates in a breach of trust committed by the cotrustee;

(b) whenever the trustee improperly delegates the administration of the trust to the cotrustee;

(c) whenever the trustee approves, knowingly acquiesces in, or conceals a breach of trust committed by the cotrustee;

(d) whenever the trustee negligently enables the cotrustee to commit a breach of trust; or

(e) whenever the trustee neglects to take reasonable steps to compel the cotrustee to redress a breach of trust in a case where the trustee knows or has information from which the trustee reasonably should have known of the breach.

(3) The liability of a trustee for acts or omissions of a cotrustee that occurred before October 1, 1989, is governed by prior law and not by this section.

Section 154. **Trustee's liability to beneficiary for acts of predecessor.** (1) Except as provided in subsection (2), a successor trustee is not liable to the beneficiary for a breach of trust committed by a predecessor trustee.

(2) A successor trustee is liable to the beneficiary for breach of trust involving acts or omissions of a predecessor trustee in any of the following circumstances:

(a) whenever the successor trustee knows or has information from which the successor trustee reasonably should have known of a situation constituting a breach of trust committed by the predecessor trustee, and the successor trustee improperly permits it to continue;

HeinOnline -- 1989 vol. II 1860 1989

(b) whenever the successor trustee neglects to take reasonable steps to compel the predecessor trustee to deliver the trust property to the successor trustee; or

(c) whenever the successor trustee neglects to take reasonable steps to redress a breach of trust committed by the predecessor trustee in a case where the successor trustee knows or has information from which the successor trustee should have known of the predecessor trustee's breach.

(3) The liability of a trustee for acts or omissions of a predecessor trustee that occurred before October 1, 1989, is governed by prior law and not by this section.

Section 155. **Remedies for breach of trust.** (1) If a trustee commits a breach of trust, or threatens to commit a breach of trust, a beneficiary or cotrustee of the trust may commence a proceeding for any of the following purposes that is appropriate:

(a) to compel the trustee to perform the trustee's duties;

(b) to enjoin the trustee from committing a breach of trust;

(c) to compel the trustee to redress a breach of trust by payment of money or otherwise;

(d) to appoint a receiver or temporary trustee to take possession of the trust property and administer the trust;

(e) to remove the trustee;

(f) subject to [section 210], to set aside acts of the trustee;

(g) to reduce or deny compensation of the trustee;

(h) subject to [section 210], to impose an equitable lien or a constructive trust on trust property; or

(i) subject to [section 210], to trace trust property that has been wrongfully disposed of and recover the property or its proceeds.

(2) The provision of remedies for breach of trust in subsection (1) does not prevent resort to any other appropriate remedy provided by statute or the common law.

Section 156. **Remedies for breach exclusively in equity.** The remedies of a beneficiary against the trustee are exclusively in equity.

Section 157. **Measure of liability for breach of trust.** (1) If the trustee commits a breach of trust, the trustee is chargeable with any of the following that is appropriate under the circumstances:

(a) any loss or depreciation in value of the trust estate resulting from the breach of trust, with interest;

(b) any profit made by the trustee through the breach of trust, with interest; or

(c) any profit that would have accrued to the trust estate if the loss of profit is the result of the breach of trust.

HeinOnline -- 1989 vol. II 1861 1989

(2) If the trustee has acted reasonably under the circumstances as known to the trustee, the court, in its discretion, may excuse the trustee in whole or in part from liability under subsection (1) if it would be equitable to do so.

Section 158. **Measure of liability for interest.** If the trustee is liable for interest pursuant to [section 157], the trustee is liable for the greater of the following amounts:

(1) the amount of interest that accrues at the legal rate on judgments; or

(2) the amount of interest actually received.

Section 159. **Limitations on proceedings against trustee.** (1) Unless a claim is previously barred by adjudication, consent, limitation, or otherwise:

(a) If a beneficiary has received an interim or final account in writing, or other written report, that adequately discloses the existence of a claim against the trustee for breach of trust, the claim is barred as to that beneficiary unless a proceeding to assert the claim is commenced within 3 years after receipt of the account or report. An account or report adequately discloses existence of a claim if it provides sufficient information so that the beneficiary knows of the claim or reasonably should have inquired into the existence of the claim.

(b) If an interim or final account or other report does not adequately disclose the existence of a claim against the trustee for breach of trust, the claim is barred as to that beneficiary unless a proceeding to assert the claim is commenced within 3 years after the beneficiary discovered, or reasonably should have discovered, the existence of the claim.

(2) For the purpose of subsection (1), a beneficiary is considered to have received an account or report, as follows:

(a) in the case of an adult who is reasonably capable of understanding the account or report, if it is received by the adult personally;

(b) in the case of an adult who is not reasonably capable of understanding the account or report, if it is received by the person's legal representative, including a guardian ad litem or other person appointed for this purpose; or

(c) in the case of a minor, if it is received by the minor's guardian or, if the minor does not have a guardian, if it is received by the minor's parent so long as the parent does not have a conflict of interest.

(3) The limitations period applicable to actions by a beneficiary against a trustee on a claim that arose before October 1, 1989, is governed by this section, except that a claim arising before October 1, 1989, is not barred by this section until October 1, 1990.

Section 160. **Exculpation of trustee.** (1) Except as provided in subsection (2), the trustee can be relieved of liability for breach of trust by provisions in the trust instrument.

HeinOnline -- 1989 vol. II 1862 1989

(2) A provision in the trust instrument is not effective to relieve the trustee of liability:

(a) for breach of trust committed intentionally, with gross negligence, or with reckless indifference to the interest of the beneficiary; or

(b) for any profit that the trustee derives from a breach of trust.

Section 161. **Nonliability for following instructions under revocable trust.** (1) Notwithstanding [section 160], a trustee of a revocable trust is not liable to a beneficiary for any act performed or omitted pursuant to written directions from the person holding the power to revoke, including a person to whom the power to direct the trustee is delegated.

(2) Subsection (1) applies to a trust that is revocable in part with respect to the interest of the beneficiary in that part of the trust property.

Section 162. **Consent of beneficiary to relieve trustee of liability for breach of trust.** (1) Except as provided in subsections (2) and (3), a beneficiary may not hold the trustee liable for an act or omission of the trustee as a breach of trust if the beneficiary consented to the act or omission before or at the time of the act or omission.

(2) The consent of the beneficiary does not preclude the beneficiary from holding the trustee liable for a breach of trust in any of the following circumstances:

(a) whenever the beneficiary was under an incapacity at the time of the consent or of the act or omission;

(b) whenever the beneficiary at the time consent was given did not know of his rights and of the material facts that the trustee knew or should have known and that the trustee did not reasonably believe that the beneficiary knew; or

(c) whenever the consent of the beneficiary was induced by improper conduct of the trustee.

(3) Whenever the trustee has an interest in the transaction adverse to the interest of the beneficiary, the consent of the beneficiary does not preclude the beneficiary from holding the trustee liable for a breach of trust under any of the circumstances described in subsection (2) or whenever the transaction to which the beneficiary consented was not fair and reasonable to the beneficiary.

Section 163. **Discharge of trustee's liability by release or contract.** (1) Except as provided in subsection (2), a beneficiary may be precluded from holding the trustee liable for a breach of trust by the beneficiary's release or contract effective to discharge the trustee's liability to the beneficiary for that breach.

(2) A release or contract is not effective to discharge the trustee's liability for a breach of trust in any of the following circumstances:

(a) whenever the beneficiary was under an incapacity at the time of making the release or contract;

HeinOnline -- 1989 vol. II 1863 1989

(b) whenever the beneficiary did not know of his rights and of the material facts:

(i) that the trustee knew or reasonably should have known; and

(ii) that the trustee did not reasonably believe that the beneficiary knew;

(c) whenever the release or contract of the beneficiary was induced by improper conduct of the trustee; or

(d) whenever the transaction involved a bargain with the trustee that was not fair and reasonable.

Section 164. **Discharge of trustee's liability by subsequent affirmance.** (1) Except as provided in subsection (2), if the trustee, in breach of trust, enters into a transaction that the beneficiary may at his option reject or affirm, and the beneficiary affirms the transaction, the beneficiary may not thereafter reject it and hold the trustee liable for any loss occurring after the trustee entered into the transaction.

(2) The affirmance of a transaction by the beneficiary does not preclude the beneficiary from holding a trustee liable for a breach of trust if, at the time of the affirmance, any of the following circumstances existed:

(a) the beneficiary was under an incapacity;

(b) the beneficiary did not know of his rights and of the material facts:

(i) that the trustee knew or reasonably should have known; and

(ii) that the trustee did not reasonably believe that the beneficiary knew;

(c) the affirmance was induced by improper conduct of the trustee; or

(d) the transaction involved a bargain with the trustee that was not fair and reasonable.

Section 165. **Subject matter jurisdiction.** (1) The district court having jurisdiction over the trust pursuant to [sections 1 through 215] has exclusive jurisdiction of proceedings concerning the internal affairs of trusts.

(2) The district court having jurisdiction over the trust pursuant to [sections 1 through 215] has concurrent jurisdiction of the following:

(a) actions and proceedings to determine the existence of trusts;

(b) actions and proceedings by or against creditors or debtors of trusts; and

(c) other actions and proceedings involving trustees and third persons.

Section 166. **Full-power court.** In proceedings concerning the internal affairs of trusts commenced pursuant to [sections 1 through 215], the court has all the powers of a district court exercising its general jurisdiction.

Section 167. **Principal place of administration of trust.** (1) The principal place of administration of the trust is the usual place where the day-to-day activity of the trust is carried on by the trustee or its representative who is primarily responsible for the administration of the trust.

HeinOnline -- 1989 vol. II 1864 1989

(2) If the principal place of administration of the trust cannot be determined under subsection (1), it shall be determined as follows:

(a) if the trust has a single trustee, the principal place of administration of the trust is the trustee's residence or usual place of business; or

(b) if the trust has more than one trustee, the principal place of administration of the trust is the residence or usual place of business of any of the cotrustees as agreed upon by them. If not agreed upon by the cotrustees, the principal place of administration of the trust is the residence or usual place of business of any of the cotrustees.

Section 168. **Jurisdiction over trustees and beneficiaries.** Subject to [section 169]:

(1) by accepting the trusteeship of a trust having its principal place of administration in this state the trustee submits personally to the jurisdiction of the court under [sections 1 through 215]; and

(2) to the extent of their interests in the trust, all beneficiaries of a trust having its principal place of administration in this state are subject to the jurisdiction of the court under [sections 1 through 215].

Section 169. **Basis of jurisdiction over trust, trust property, and trust parties.** The court may exercise jurisdiction in proceedings under this division on any basis permitted by Rule 4 of the Rules of Civil Procedure.

Section 170. **Venue.** (1) The proper county for commencement of a proceeding pursuant to [sections 165 through 178] is either of the following:

(a) in the case of a living trust, the county where the principal place of administration of the trust is located; or

(b) in the case of a testamentary trust, either the county where the decedent's estate is administered or where the principal place of administration of the trust is located.

(2) If a living trust has no trustee, the proper county for commencement of a proceeding for appointing a trustee is the county where the trust property, or some portion of the trust property, is located.

(3) Except as otherwise provided in subsections (1) and (2), the proper county for commencement of a proceeding pursuant to [sections 1 through 215] is determined by the rules applicable to civil actions generally.

Section 171. **Jury trial.** There is no right to a jury trial in proceedings under [sections 1 through 215] concerning the internal affairs of trusts.

Section 172. **Application of part.** This part applies to notice in proceedings commenced pursuant to [sections 1 through 215] or notice otherwise required or permitted by [sections 1 through 215].

Section 173. **Manner of mailing — when mailing complete.** (1) If a notice or other paper is required or permitted to be mailed, it shall be sent by first-class mail.

HeinOnline -- 1989 vol. II 1865 1989

(2) Mailing is complete when the notice or other paper is deposited in the mail, postage prepaid, addressed to the person to whom it is mailed.

Section 174. **Personal delivery instead of mailing.** If a notice or other paper is required or permitted to be mailed, it may be delivered personally to the person to whom it is required or permitted to be mailed.

Section 175. **Proof of giving notice — conclusiveness of order.** (1) Proof of the giving of notice shall be made at or before the hearing to the satisfaction of the court.

(2) If it appears to the satisfaction of the court that notice has been regularly given or that the party entitled to notice has waived, the court shall so find in its order. When the order becomes final, it is conclusive on all persons, whether or not in being.

Section 176. **Additional notice.** (1) The court may, on its own motion or on motion of a trustee or other person interested in the trust, require that further or additional notice be given at any state of the proceeding. The court may prescribe the form and method of the notice to be given.

(2) A petitioner or other person required to give notice may cause notice to be given to any person interested in the trust without the need for a court order.

Section 177. **Shortening time.** The court may for good cause shorten the time for giving a notice.

Section 178. **Notice of postponed hearings.** The court may continue or postpone any hearing, from time to time, in the interest of justice, and no further notice of the continued or postponed hearing is required unless otherwise ordered by the court.

Section 179. **Petitioners — grounds for petition.** (1) Except as provided in [section 68], a trustee or beneficiary of a trust may petition the court under [sections 165 through 203] concerning the internal affairs of the trust or to determine the existence of the trust.

(2) Proceedings concerning the internal affairs of a trust include, but are not limited to, proceedings for any of the following purposes:

(a) determining questions of construction of a trust instrument;

(b) determining the existence or nonexistence of any immunity, power, privilege, duty, or right;

HeinOnline -- 1989 vol. II 1866 1989

(o) amending or conforming the trust instrument in the manner required to qualify a decedent's estate for the charitable estate tax deduction under federal law, including the addition of mandatory governing instrument requirements for a charitable remainder trust as required by final regulations and rulings of the United States internal revenue service, in any case in which all parties interested in the trust have submitted written agreement to the proposed changes or written disclaimer of interest;

(p) authorizing or directing transfer of a trust or trust property to or from another jurisdiction;

(q) directing transfer of a testamentary trust subject to continuing court jurisdiction from one county to another;

(r) approving removal of a testamentary trust from continuing court jurisdiction; or

(s) reforming or excusing compliance with the governing instrument of an organization pursuant to [section 104].

Section 180. **Commencement of proceeding.** (1) A proceeding under [sections 165 through 203] is commenced by filing a verified petition stating facts showing that the petition is authorized under this chapter and the grounds of the petition.

(2) When a petition that requires a hearing is filed with the court clerk, the clerk shall set the matter for hearing.

Section 181. **Dismissal of petition.** The court may dismiss a petition if it appears that the proceeding is not reasonably necessary for the protection of the interests of the trustee or beneficiary.

Section 182. **Notice.** At least 14 days before the time set for the hearing on the petition, the petitioner shall cause notice of the time and place of hearing to be mailed to any of the following persons who are not petitioners:

(1) all trustees;

HeinOnline -- 1989 vol. II 1867 1989

(2) all beneficiaries who are entitled to notice; and

(3) the attorney general, if the petition is related to a charitable trust subject to the jurisdiction of the attorney general, unless the attorney general waives notice.

Section 183. **Request for special notice.** (1) If proceedings involving a trust are pending, a beneficiary of the trust may, in person or by attorney, serve on the trustee or the trustee's attorney and file with the court clerk where the proceedings are pending a written request stating that the beneficiary desires special notice of the filing of petitions in the proceeding relating to any or all of the purposes described in [section 179] and giving an address for receiving notice by mail. Proof of service of the request on the trustee shall be filed with the court clerk when the request is filed.

(2) Except as provided in subsection (3), after serving and filing a request and proof of service pursuant to subsection (1), the beneficiary is entitled to notice pursuant to [section 182].

(3) A request for special notice made by a beneficiary whose right to notice is restricted by [section 70] is not effective.

Section 184. **Request for copy of petition.** If a trustee or beneficiary has served and filed either a notice of appearance, in person or by counsel, directed to the petitioner or the petitioner's counsel in connection with a particular petition and proceeding or a written request for a copy of the petition, and has given an address to which notice or a copy of the petition may be mailed or delivered, the petitioner shall cause a copy of the petition to be mailed to that person within 5 days after service of the notice of appearance or receipt of the request.

Section 185. **Authority to make necessary orders — temporary trustee.** The court in its discretion may make any orders and take any other action necessary or proper to dispose of the matters presented by the petition, including appointment of a temporary trustee to administer the trust in whole or in part.

Section 186. **Appeal.** An appeal may be taken from the grant or denial of any final order made under [sections 165 through 203], except the following:

HeinOnline -- 1989 vol. II 1868 1989

(a) a minor;

(b) an incapacitated person;

(c) an unborn person;

(d) an unascertained person;

(e) a person whose identity or address is unknown; or

(f) a designated class of persons who are not ascertained or are not in being.

(2) If not precluded by a conflict of interest, a guardian ad litem may be appointed to represent several persons or interests.

(3) The reasonable expenses of the guardian ad litem, including compensation and attorney's fees, shall be determined by the court and paid as the court orders, either out of trust property or by the petitioner.

(4) If no guardian ad litem is appointed, an unborn person or an unascertained person is bound by an order to the extent his or her interest is adequately represented by another party having a substantially identical interest in the proceeding.

Section 188. **Intermittent judicial intervention in trust administration.** The administration of trusts is intended to proceed expeditiously and free of judicial intervention, subject to the jurisdiction of the court.

Section 189. **Enforcement of beneficiary's rights under charitable trust by attorney general.** In a case involving a charitable trust subject to the jurisdiction of the attorney general, the attorney general may petition under [sections 165 through 203].

Section 190. **Application of part.** (1) [Sections 190 through 195] apply to all of the following:

(a) a trust that is subject to [sections 1 through 215]; and

(b) any other trust to which the provisions of [sections 165 through 203] are made applicable by statute or trust instrument.

(2) [Sections 190 through 195] do not prevent the transfer of the place of administration of a trust or of trust property to another jurisdiction by any other available means.

Section 191. **Transfer of place of administration or property from Montana.** (1) The court may make an order for the transfer of the place of administration of a trust or the transfer of some or all of the trust property to a jurisdiction outside this state as provided in [sections 165 through 203].

(2) Except as otherwise provided in [sections 190 through 195], proceedings under [sections 165 through 203] are governed by [sections 190 through 195].

Section 192. **Contents of petition.** The petition for transfer shall set forth all of the following:

(1) the names and places of residence of the following:

(a) the trustee administering the trust in this state; and

(b) the trustee, including any domiciliary trustee, who will administer the trust or trust property in the other jurisdiction;

(2) the names, ages, and places of residence of the living beneficiaries, as far as known to the petitioner;

(a) the transfer of the trust property to a trustee in this state, or the transfer of the place of administration of the trust to this state, will promote the best interests of the trust and those interested in it, taking into account the interest in the economical and convenient administration of the trust;

HeinOnline -- 1989 vol. II 1872 1989

Section 202. **Conditional order accepting transfer.** If appropriate to facilitate transfer of the trust property or the place of administration of a trust to this state, the court may issue a conditional order appointing a trustee to administer the trust in this state and indicating that transfer to this state will be accepted if transfer is approved by the proper court of the other jurisdiction.

Section 203. **Administration of transferred trust.** A trust transferred to this state pursuant to [sections 165 through 203] shall be administered in the same manner as a trust of that type created in this state.

Section 204. **Personal liability of trustee to third persons on contracts.** (1) Unless otherwise provided in the contract or in [sections 165 through 203], a trustee is not personally liable on a contract properly entered into in the trustee's fiduciary capacity in the course of administration of the trust unless the trustee fails to reveal the trustee's representative capacity or identify the trust in the contract.

(2) The personal liability of a trustee on a contract entered into before October 1, 1989, is governed by prior law and not by this section.

Section 205. **Personal liability of trustee arising from ownership or control of trust estate.** A trustee is personally liable for obligations arising from ownership or control of trust property only if the trustee is personally at fault.

Section 206. **Personal liability of trustee for torts.** A trustee is personally liable for torts committed in the course of administration of the trust only if the trustee is personally at fault.

Section 207. **Liability of dissenting cotrustee to third persons.** (1) A cotrustee who does not join in exercising a power held by three or more cotrustees is not liable to third persons for the consequences of the exercise of the power.

(2) A dissenting cotrustee who joins in an action at the direction of the majority cotrustees is not liable to third persons for the action if the dissenting cotrustee expresses the dissent in writing to any other cotrustee at or before the time the action is taken.

(3) This section does not excuse a cotrustee from liability for failure to discharge the cotrustee's duties as a trustee.

Section 208. **Assertion of claims against trust.** A claim based on a contract entered into by a trustee in the trustee's representative capacity, on an obligation arising from ownership or control of trust property, or on a tort committed in the course of administration of the trust may be asserted against the trust by proceeding against the trustee in the trustee's representative capacity, whether or not the trustee is personally liable on the claim.

Section 209. **Liability as between trustee and trust estate.** The question of liability as between the trust estate and the trustee personally may be determined in a proceeding under [section 179].

Section 210. **Protection of third person dealing with trustee.** With respect to a third person dealing with a trustee or assisting a trustee in the

HeinOnline -- 1989 vol. II 1873 1989

conduct of a transaction, if the third person acts for a valuable consideration and without actual knowledge that the trustee is exceeding the trustee's powers or improperly exercising them:

(1) the third person is not bound to inquire whether the trustee has power to act or is properly exercising a power and may assume without inquiry the existence of a trust power and its proper exercise; and

(2) the third person is fully protected in dealing with or assisting the trustee just as if the trustee has and is properly exercising the power the trustee purports to exercise.

Section 211. **Application of property delivered to trustee by third person.** A third person is not bound to ensure the proper application of trust property paid or delivered to the trustee.

Section 212. **Protection of third person dealing with former trustee.** If a third person acting for a valuable consideration enters into a transaction with a former trustee without knowledge that the person is no longer a trustee, the third person is fully protected just as if the former trustee were still a trustee.

Section 213. **Effects on real property transactions.** (1) This section relates only to conveyances of real property to or from a trust, and supplements, but does not modify other substantive provisions of [sections 1 through 215] relating to the creation or validity of trusts. This section does not affect conveyances recorded prior to October 1, 1989.

(2) Except as otherwise provided in [sections 1 through 215], a conveyance of real property to a trustee designated as such in the conveyance vests the whole estate conveyed in the trustee, subject only to the trustee's duties. The beneficiaries of the trust take no estate or interest in the real property, but may determine or enforce the terms of the trust as provided in [sections 1 through 215].

(3) An instrument creating or amending a trust need not be recorded, but may be if properly acknowledged.

(4) If there is no clear reference to or designation of a grantee as trustee in a conveyance (nor in a separately recorded instrument recorded in the same county as the conveyance and describing the same property as described in the conveyance), the conveyance shall be considered to be absolute to the grantee, in favor of purchasers or encumbrancers from the grantee, who were without actual knowledge and who acted for a valuable consideration, despite any valid trust which may exist.

(5) Unless limitations upon a trustee's power or authority are set forth in the recorded conveyance of real property to the trustee or in a separate trust instrument (or portion thereof, or abstract thereof) recorded in the same county, there are no limitations upon the trustee's power or authority to convey or encumber the real property in favor of third persons who were without actual knowledge and who acted for a valuable consideration. A separate trust instrument incorporated by reference in a conveyance to a trustee cannot limit the trustee's power or authority to convey or encumber unless the limitations are set forth in the trust instrument (or portion

HeinOnline -- 1989 vol. II 1874 1989

thereof or abstract thereof) which is also recorded in the county where the real property is located. An amendment to a recorded trust instrument may not affect the power or authority of a trustee to convey or encumber unless it is also recorded in the same place.

(6) A subsequent conveyance from a person designated in the original conveyance as trustee (or from his successor trustee) conveys the whole estate vested in the trustee, except as limited by the terms of the conveyance. The identity of any successor trustee may be established by a recorded affidavit of the successor trustee specifying his name and address and the date and circumstances of his succession, and confirming that he is currently lawfully serving in such capacity.

(7) In an action or proceeding by a third person involving the real property granted to a trustee, the person designated as trustee in the original conveyance, or the successor trustee as established in subsection (6), or, if none, the person then actually serving as trustee, or, if none, any beneficiary designated by the court to represent the interests of the beneficiaries, shall be considered the only necessary representative of the trust and of all persons with an interest therein. A judgment is binding upon and conclusive against the trust and all persons interested therein as to all matters finally adjudicated in the judgment.

Section 214. **Creditor's rights against revocable trust during trustor's lifetime.** If the trustor retains the power to revoke the trust in whole or in part, the trust property is subject to the claims of creditors of the trustor to the extent of the power of revocation during the lifetime of the trustor.

Section 215. **Creditor's rights against revocable trust after trustor's death.** Upon the death of a trustor who had retained the power to revoke the trust in whole or in part, the property that was subject to the power of revocation at the time of the trustor's death is subject to the claims of creditors of the decedent trustor's estate and to the expenses of administration of the estate to the extent that the decedent trustor's estate is inadequate to satisfy those claims and expenses.

Section 216. Section 2-2-103, MCA, is amended to read:

**"2-2-103. Public trust.** (1) The holding of public office or employment is a public trust, created by the confidence which the electorate reposes in the integrity of public officers, legislators, and employees. A public officer, legislator, or employee shall carry out his duties for the benefit of the people of the state.

(2) A public officer, legislator, or employee whose conduct departs from his fiduciary duty is liable to the people of the state as a trustee of property, is liable to a beneficiary under *[section 77]*, and shall suffer such other liabilities as a private fiduciary would suffer for abuse of his trust. The county attorney of the county where the trust is violated may bring appropriate judicial proceedings on behalf of the people. Any moneys collected in such actions shall be paid to the general fund of the aggrieved agency.

(3) The following sections set forth various rules of conduct, the transgression of any of which is, as such, a violation of fiduciary duty, and various ethical principles, the transgression of any of which is not, as such, a violation of fiduciary duty."

HeinOnline -- 1989 vol. II 1875 1989

Section 217. Section 31-2-209, MCA, is amended to read:

"**31-2-209. Assignment — when void.** An assignment for the benefit of creditors is void against any creditor of the assignor not assenting thereto in the following cases:

(1) if it gives a preference dependent upon any condition or contingency or with any power of revocation reserved;

(2) if it tends to coerce any creditor to release or compromise his demand;

(3) if it provides for the payment of any claim known by the assignor to be false or fraudulent or for the payment of more upon any claim than is known to be justly due from the assignor;

(4) if it reserves any interest in the assigned property or in any part thereof to the assignor or for his benefit, before all existing debts are paid;

(5) if it confers upon the assignee any power which, if exercised, might prevent or delay the immediate conversion of the assigned property to the purposes of the trust;

(6) if it exempts him from liability for neglect of duty or misconduct;

(7) if it violates *[section 77]*."

Section 218. Section 70-20-101, MCA, is amended to read:

"**70-20-101. Transfer to be in writing — statute of frauds.** No estate or interest in real property, other than an estate at will or for a term not exceeding 1 year can be created, granted, assigned, surrendered, or declared otherwise than by operation of law or a conveyance or other instrument in writing, subscribed by the party creating, granting, assigning, surrendering, or declaring it or by his lawful agent thereunto authorized by writing."

Section 219. Section 82-1-304, MCA, is amended to read:

"**82-1-304. Administration of the trust.** (1) The administration of the trust shall comply with the appropriate provisions regulating trusts contained in Title 72.

(2) No trustee or attorney fees may be paid from the trust proceeds.

(3) All bonuses, rental payments, royalties, and other income shall be paid to the trustee until the trust is terminated and notice of its termination given to all interested parties. The trustee shall distribute all money held in the trust to the person or persons entitled to it upon the order of the district court.

(4) A trust in favor of unlocatable owners shall be in force until the unlocatable owners of the mineral interest in question have successfully claimed the share of funds held in trust and filed the notice provided in 82-1-306.

(5) The trustee shall invest funds under his management in the manner of a prudent man, as *provided in [section 89]*. Fifty percent of the interest

HeinOnline -- 1989 vol. II 1876 1989

earned on each trust shall be credited to the general fund of the county in which the mineral interest is located to defray the costs of administration.

(6) Funds held in the trusts are subject to the provisions governing abandoned property contained in Title 70, chapter 9."

Section 220. **Repealer.** Sections 72-12-101 through 72-12-103, Title 72, chapters 20 through 25, sections 72-27-101 and 72-27-102, MCA, are repealed.

Section 221. **Codification instruction.** [Sections 1 through 215] are intended to be codified as an integral part of Title 72 and the provisions of Title 72 apply to [sections 1 through 215].

*Be it enacted by the Legislature of the State of Montana:*

a written election with the board to qualify in the public employees' retirement system all of his creditable service in the teachers' retirement system. The amount that must be paid to the retirement system to qualify this service under *this section* is the sum of *subsections (2) and (3).*

*(2) The* teachers' retirement system *shall transfer to the public employees' retirement system* an amount equal to *5% of the average final compensation, as defined in 19-4-101, earned by the member multiplied by the total years of creditable service being transferred plus accrued interest from the date of termination until payment is received by the retirement system, based on the interest tables in use by the teachers' retirement system. If the member had less than 3 full years of membership service, the average final compensation must be based on the compensation reported to the teachers' retirement board by the employer.*

*(3) (a) The* employee *shall pay an* amount *equal to* his accumulated contributions at the time he terminated active membership, as defined in 19-4-302, plus accrued interest from the date of termination until payment is received by the retirement system, based on the interest tables in use by the *teachers'* retirement system.

*(b) If the sum of the rates provided in 19-3-701 and 19-3-801 exceeded the sum of the rates provided in 19-4-602 and 19-4-605 at the time the employee terminated active membership, as defined in 19-4-302, the employee shall pay an amount in addition to that required in subsection (3)(a) to receive full credit for the service transferred. This additional amount is equal to:*

*(i) the final compensation as determined in subsection (2) multiplied by the total years of creditable service being transferred multiplied by the difference between the sum of the rates provided for in 19-3-701 and 19-3-801 and the sum of the rates provided in 19-4-602 and 19-4-605; plus*

*(ii) accrued interest from the date of termination until payment is received by the retirement system, based on the interest tables in use by the retirement system.*

*(c) If the member chooses not to make the contribution provided for in this section, he shall receive credit for the service transferred based on the ratio between the retirement systems' employee and employer contribution rates provided for in 19-3-701, 19-3-801, 19-4-602, and 19-4-605.*

(4) The amount of creditable service granted in subsection *(1)* must be on a month-by-month basis. Military service credit transferred from the teachers' retirement system must be included in the 5-year maximum military service credit provided for in 19-3-503.

(5) Subject to the provisions of 19-3-304, the board is the sole authority in determining the amount of creditable service qualified under *this section* and the amount paid to the retirement system under *subsections(2) and* (3).

(6) If a member who has creditable service in the teachers' retirement system dies before he qualifies this service in the public employees' retirement system and if the service credits from both systems, when combined, entitle his beneficiary to a death benefit, the payment of the death benefit

HeinOnline -- 1989 vol. II 1884 1989

is the liability of the public employees' retirement system. Before payment of the death benefit, the teachers' retirement board must transfer to the public employees' retirement system the contributions necessary to qualify this service in the public employees' retirement system as provided in *subsections (2) and* (3)."

Section 2. Section 19-4-401, MCA, is amended to read:

**"19-4-401. Creditable service.** (1) The creditable service of a member begins on the date of his employment in a capacity prescribed for his eligibility in 19-4-302 and accumulates to the member's credit on the basis of the retirement board's policy governing creditable service.

(2) The creditable service of a member includes the following:

(a) each year of service for which contributions to the retirement system were deducted from his compensation under the provisions of Chapter 87, Laws of 1937, Chapter 215, Laws of 1939, this chapter, and their subsequent amendments, except that no credit may be awarded for those years of service for which the contributions have been withdrawn and not replaced;

(b) any service awarded by a prior service certificate issued under the provisions of Chapter 87, Laws of 1937, Chapter 215, Laws of 1939, and their subsequent amendments or under the provisions of 19-4-406;

*(2) The* public employees' retirement system *shall transfer to the teachers' retirement system* an amount equal to *5% of the final compensation, as defined in 19-3-104, earned by the member multiplied by the total years of creditable service being transferred plus accrued interest from the date of termination until payment is received by the retirement system, based on the interest tables in use by the public employees' retirement system. If the member had less than 3 full years of membership service, the final compensation must be based on the compensation reported to the public employees' retirement board by the employer.*

*(3) (a) The* employee *shall pay an* amount *equal to* his accumulated contributions at the time he terminated active membership under 19-3-406 plus accrued interest from the date of termination until payment is received by the retirement system, based on the interest tables in use by the *public employees'* retirement system.

This additional amount is equal to:*

*(i) the final compensation as determined in subsection (2) multiplied by the total years of creditable service being transferred multiplied by the difference between the sum of the rates provided in 19-4-602 and 19-4-605 and the sum of the rates provided in 19-3-701 and 19-3-801; plus*

*(ii) accrued interest from the date of termination until payment is received by the retirement system, based on the interest tables in use by the retirement system.*

*(c) If the member chooses not to make the contribution as provided in this section, he shall receive credit for the service transferred, based on the ratio between the retirement systems' employee and employer contribution rates provided for under 19-3-701, 19-3-801, 19-4-602, and 19-4-605.*

(4) A member who qualifies service from the public employees' retirement system in the teachers' retirement system must complete 5 years of membership service in the teachers' retirement system to qualify or purchase military service, out-of-state teaching service, employment while on leave, and private school employment.

(5) The retirement board shall determine the service credits that may be transferred.

(6) If a member who has creditable service in the public employees' retirement system dies before he qualifies this service in the teachers' retirement system and if his service credits from both systems, when combined, entitle his beneficiary to a death benefit, the payment of the death benefit is the liability of the teachers' retirement system. Before payment of the death benefit, the public employees' retirement board must transfer

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 6] authorizes the department of social and rehabilitation services to adopt rules to administer a low-income day-care support program and a transitional child-care program.

It is the intent of the legislature that the department provide for day-care costs on a sliding-scale formula for low-income families in need of day-care for purposes of employment or employment-related training and

HeinOnline -- 1989 vol. II 1889 1989

provide a transitional child-care program for day-care for families who have ceased to receive aid to families with dependent children because of employment.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Short title.** [Sections 1 through 12] may be cited as the "Montana Child Care Act".

Section 2. **Purpose.** (1) The legislature finds that the number of children living in homes where both parents work or in homes with a single parent who works has increased dramatically over the last decade.

(2) The legislature finds that the availability of quality child care is critical to the self-sufficiency and independence of Montana families, including the growing number of mothers who have young children and who work out of economic necessity.

(3) The legislature further finds that the number of quality child-care arrangements falls far short of the number required for children in need of child-care services.

(4) It is the intent of the legislature that the state promote day care for the purposes of:

(a) improving the quality of, and coordination among, child-care programs and providing additional resources for child-care services;

(c) providing assistance to families whose financial resources are not sufficient to enable them to pay the full costs of necessary child-care services;

(d) ensuring that parents are not forced by lack of available programs or financial resources to place a child in an unsafe or unhealthy child-care facility; and

(e) assisting people in finding and maintaining employment by lessening the stress related to the lack of adequate child care.

Section 3. **Lead agency — duties of department.** (1) The department is designated as the lead agency for the purposes of planning, implementing, and coordinating programs under the Montana Child Care Act.

(2) The department shall:

(a) assess child-care needs and resources within the state;

(b) develop a state child-care plan after consultation with the local youth services advisory councils established under 52-1-203 and the child-care advisory council established in [section 4]; and

(c) coordinate child-care programs administered by the department and the departments of social and rehabilitation services, health and environmental sciences, and labor and industry.

HeinOnline -- 1989 vol. II 1890 1989

# CHAPTER NO. 694

[HB 529]

AN ACT TO REQUIRE COORDINATION OF PROGRAMS UNDER TITLE II-A OF THE FEDERAL JOB TRAINING PARTNERSHIP ACT WITH OTHER PROGRAMS TO ASSURE THE DELIVERY OF A COMPREHENSIVE, INTEGRATED RANGE OF NONDUPLICATIVE EMPLOYMENT AND TRAINING SERVICES TO ECONOMICALLY DISADVANTAGED PERSONS; AND TO PROVIDE AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

STATEMENT OF INTENT

A statement of intent is not required for this bill although included because [sections 7 and 8] require the private industry council in each service delivery area to develop performance standards to measure the effectiveness of programs administered under the federal Job Training Partnership Act.

HeinOnline -- 1989 vol. II 1898 1989

In developing performance standards, each private industry council shall consider the legislative findings and intent stated in [sections 1 and 2] and the requirements of [section 8]. In addition, each private industry council shall include in performance standards a measure of the extent to which programs under Title II-A of the Job Training Partnership Act increase the employment and earnings of public assistance recipients and the extent to which Job Training Partnership Act programs reduce expenditures for public assistance programs.

In order to determine whether performance standards are met, each private industry council shall monitor and evaluate the program, using random, representative, statistically valid sampling techniques, in each service delivery area on the basis of appropriate factors that must include the following:

(1) attainment of enrollment and placement goals for the program as determined by:

(a) the number of persons actually enrolled in the program during the program year as compared to the number planned for enrollment;

(b) the number of persons in subsection (1)(a) who are members of a specific target group;

(c) the number of persons who obtained a job placement as a result of participation in the program and the quality of such placements as determined based on the criteria established in subsection (2);

(d) the number of persons in subsection (1)(c) who are members of a specific target group;

(e) the number of persons who were unsuccessful in being placed in employment following completion of the program; and

(f) the number of persons who failed to complete the program, including the reasons for such failure and the point in time during participation in the program that the failure occurred;

(2) the quality of job placements as indicated by:

(a) the length of time that persons were retained in the original job placement, based upon followup of job placements in accordance with federal performance standards;

(b) the actual wages earned by each person upon placement in employment;

(c) the average wages of all persons receiving job placements; and

(d) the type of employment obtained by each person upon placement; and

(3) the number of persons who have ceased receiving public assistance as a result of participation in the program and the number who return or stay on public assistance despite enrollment and successful completion of the program, as calculated by the department of social and rehabilitation services using data provided by the department of labor and industry.

HeinOnline -- 1989 vol. II 1899 1989

It is intended that performance standards adopted under [sections 7 and 8] remain within the parameters established by the U.S. secretary of labor under section 106 of the federal Job Training Partnership Act (29 U.S.C. 1516) and that standards be consistent with federal requirements.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Legislative findings.** The legislature finds and declares that:

(1) many economically disadvantaged persons are unable to take their place in the economic mainstream of society because they lack the skills and training needed to obtain productive employment or to avoid long-term dependency on public assistance programs;

(2) existing state and federal employment and training programs, including the work incentive program, the work programs provided for in 53-3-304, and the programs administered under Title II-A of the Job Training Partnership Act, have proved to be a multiple, uncoordinated response to the needs of the economically disadvantaged; and

(3) a successful job training program will require a comprehensive, integrated range of nonduplicative employment and training services for economically disadvantaged persons that will result in economic self-sufficiency through placement of economically disadvantaged persons in long-term, sustainable employment.

Section 2. **Legislative intent.** Consistent with the findings in [section 1], it is the intent of the legislature to:

(1) establish and promote a system of employment and training programs responsive to the needs of economically disadvantaged persons;

(2) maximize resources by coordinating state employment and training programs under Title II-A of the Job Training Partnership Act with state work programs for public assistance recipients and other programs designed to prepare economically disadvantaged persons for employment; and

(3) assure cost-effective delivery of employment and training services to those most in need by requiring that programs under Title II-A of the Job Training Partnership Act be based on performance and by mandating legislative review of such programs.

Section 3. **Definitions.** For the purposes of [this act], unless the context requires otherwise, the following definitions apply:

(1) "Economically disadvantaged person" has the same meaning as provided in section 4 of the Job Training Partnership Act (29 U.S.C. 1503).

(2) "Job Training Partnership Act" means the federal Job Training Partnership Act of 1982, Public Law 97-300 (29 U.S.C. 1501, et seq.), as amended.

(3) "Job training plan" means the plan for providing services and training in a service delivery area, as required in [section 7].

HeinOnline -- 1989 vol. II 1900 1989

(4) "Program" means the program created by [section 4] to implement the provisions of Title II-A of the Job Training Partnership Act.

(5) "Program year" means the fiscal year beginning on July 1 of the year for which an appropriation is made for the program established under [this act], as provided in section 161 of the Job Training Partnership Act (29 U.S.C. 1571).

(6) "Public assistance program" means the state program of general relief assistance or aid to families with dependent children.

(7) "Service delivery area" means an area designated as provided in section 101 of the Job Training Partnership Act (29 U.S.C. 1511).

Section 4. **Establishment of program.** (1) There is a program to implement the provisions of Title II-A of the Job Training Partnership Act (29 U.S.C. 1601, et seq.). Except as provided in section 203 of the Job Training Partnership Act (29 U.S.C. 1603), the program must provide employment and training services to economically disadvantaged persons who are eligible to participate in the program.

(2) The program must be administered in accordance with a job training plan that meets the requirements of [sections 7 and 8] and sections 103 through 105 of the Job Training Partnership Act (29 U.S.C. 1513 through 1515).

Section 5. **State job training coordinating council.** (1) There is a state job training coordinating council. Members of the council must be appointed by the governor as required under section 122 of the Job Training Partnership Act (29 U.S.C. 1532).

(2) The state job training coordinating council shall perform the functions described in section 122 of the Job Training Partnership Act (29 U.S.C. 1532). The council shall also:

(a) recommend to the governor a statement of specific, measurable goals and objectives for employment and training services that must serve as guidelines for each private industry council in the development of a job training plan;

(b) recommend to the governor criteria for the coordination of employment and training programs as required under [section 9]; and

(c) review plans of all governmental agencies providing employment and training services and provide comments and recommendations to the governor, the state legislature, state agencies, and appropriate federal agencies concerning the relevancy and effectiveness of employment and training services provided in Montana.

Section 6. **Private industry councils.** (1) There is a private industry council in each service delivery area of the state. Each council must be established as required in section 102 of the Job Training Partnership Act (29 U.S.C. 1512).

(2) Each private industry council shall carry out the duties and responsibilities provided in [section 7] and section 103 of the Job Training Partnership Act (29 U.S.C. 1513).

HeinOnline -- 1989 vol. II 1901 1989

Section 7. **Job training plan — requirements.** (1) Each private industry council shall prepare for the service delivery area a job training plan that has been prepared in accordance with [this act] and sections 103 through 105 of the Job Training Partnership Act (29 U.S.C. 1513 through 1515).

(2) Each job training plan must include:

(a) the council's priorities for services and groups to be served within the service delivery area;

(b) procedures to be used in identifying and selecting program participants and in determining and verifying their eligibility;

(g) a plan for the coordination of services and training with other programs as required in [section 9];

(h) a procedure for preparing and submitting to the governor and the legislature an annual report that describes the activities conducted in the service delivery area during the program year and the extent to which activities exceeded or failed to meet the performance standards adopted in the job training plan; and

(i) all other information required under section 104 of the Job Training Partnership Act (29 U.S.C. 1514).

Section 8. **Performance standards.** Each job training plan must contain performance standards to measure the effectiveness and operation of the program in the service delivery area. These standards must include a measure of the extent to which programs under Title II-A of the Job Training Partnership Act increase the employment and earnings of public assistance recipients and therefore reduce expenditures for public assistance programs.

Section 9. **Coordination of services.** The state job training coordinating council shall identify, in coordination with the appropriate state and local agencies, the employment, training, and vocational education needs throughout the state and assess the extent to which employment and training, vocational education, rehabilitation services, public assistance, economic development, and other federal, state, and local programs and services represent a consistent, integrated, and coordinated approach to meeting such needs. In carrying out this coordinating function, the council shall consider state policy set forth in 2-15-101 to eliminate overlapping and duplication of services within state government and in accordance with the provisions of section 121 of the Job Training Partnership Act (29 U.S.C. 1531) and other employment and training programs, including:

HeinOnline -- 1989 vol. II 1902 1989

Section 11. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 12. **Modification of plans.** Any job training plan approved by the governor prior to [the effective date of this act] that is subject to the provisions of [this act] must be modified, as provided in section 104 of the Job Training Partnership Act (29 U.S.C. 1514), to comply with the provisions of [this act].

Section 13. **Effective date — applicability.** [Sections 1 through 9, 11, and 12] and this section are effective on passage and approval and apply to the job training plan for the 2 program years beginning July 1, 1989.

# CHAPTER NO. 696

[HB 752]

AN ACT ESTABLISHING A SOLID WASTE MANAGEMENT FEE FOR THE INCINERATION OR DISPOSAL OF SOLID WASTE TRANSPORTED BETWEEN REGIONS; PROVIDING FOR A WAIVER OF THE FEE WHEN THE INCINERATION OR DISPOSAL IS CONSISTENT WITH SPECIFIED CRITERIA; EXEMPTING EXISTING SOLID WASTE INCINERATION AND DISPOSAL FROM THE FEE; ESTABLISHING A SOLID WASTE MANAGEMENT ACCOUNT; ESTABLISHING SOLID WASTE MANAGEMENT REGIONS; PROVIDING PENALTIES FOR FAILURE TO PAY THE SOLID WASTE MANAGEMENT FEE; REQUIRING LOCAL APPROVAL FOR INCINERATION OR DISPOSAL OF SOLID WASTE GENERATED OUTSIDE THE REGION; ESTABLISHING A MORATORIUM ON TRANSPORT OF SOLID WASTE INTO MONTANA; PROVIDING A CIVIL PENALTY AND ADMINISTRATIVE ENFORCEMENT FOR VIOLATIONS OF SOLID WASTE DISPOSAL LAWS AND RULES; PROVIDING ADDITIONAL AIR QUALITY PERMIT REQUIREMENTS FOR CERTAIN SOLID WASTE INCINERATORS; AMENDING SECTIONS 75-10-104, 75-10-105, AND 75-10-214, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

## STATEMENT OF INTENT

It is the intent of the legislature that the department of health and environmental sciences adopt rules establishing procedures for the determination and collection of the solid waste management fee provided for in [section 1] and for the waiver of the fee when consistent with the criteria provided in [section 1(2)]. It is the intent of the legislature that the department be able to use this fee to bolster its solid waste management program in a manner, including the hiring of adequate staff, that will:

(1) protect the public health, welfare, and safety and the environment of Montana;

(2) provide assistance to local governments in meeting the pending federal solid waste management requirements;

(3) develop an effective and coordinated regional approach to solid waste management in Montana; and

(4) ensure a state and local capability to effectively manage the importation of solid waste into Montana for disposal purposes.

It is the intent of the legislature that the department of health and environmental sciences waive the fee for interregional solid waste incineration or disposal in situations where the incineration or disposal is consistent with state solid waste management goals and results in equivalent or improved protection of Montana's public health, safety, welfare, and environment when compared to the alternative of intraregional incineration or disposal. The incineration or disposal of solid waste at a licensed facility

HeinOnline -- 1989 vol. II 1905 1989

in the manner and quantity incinerated or disposed of before [the effective date of this act] is exempt from the solid waste management fee and from the requirement for local government approval under [section 6].

It is the intent of the legislature that the department of health and environmental sciences not issue an air quality permit for any new commercial incinerator of solid waste and not authorize any existing incinerator to change the amount, form, kind, or content of the material it incinerates or to incinerate any material that would change the nature, character, or composition of the emissions until the department and the public have necessary information to understand the composition and concentrations of the emissions and until the emissions and projected ambient concentrations are known to constitute a negligible risk to the public health, safety, and welfare and to the environment. For a permitted solid waste incinerator, the department shall consider an increase in the amount of medical waste incinerated as sufficient to trigger the additional permit and review requirements provided in [section 5], including consideration of emissions of hydrochloric acid, compounds deriving from plastic incineration, and other hazardous air pollutants.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Solid waste management fee.** (1) Except as provided in subsections (2) and (3), any person who owns an incinerator that burns more than 1,000 tons of solid waste a year or a solid waste disposal facility that is licensed pursuant to 75-10-221 and rules adopted under 75-10-221 and that disposes of more than 1,000 tons of solid waste a year shall pay to the department a quarterly fee of $1 for each ton of solid waste generated in a different region and incinerated or disposed of at the facility.

(2) The fee provided in subsection (1) must be waived if the department finds that the incineration or disposal is consistent with state solid waste management goals and results in equivalent or improved protection of Montana's public health, safety, welfare, and environment when compared to the alternative of intraregional incineration or disposal.

(3) The incineration or disposal of solid waste at a licensed facility in the manner and quantity incinerated or disposed of before [the effective date of this act] is exempt from the solid waste management fee.

(4) All fees collected must be deposited in the solid waste management account provided for in [section 2].

Section 2. **Solid waste management account.** (1) There is a solid waste management account in the state special revenue fund provided for in 17-2-102.

(2) There must be deposited in the account:

(a) all revenue from the solid waste management fee provided for in [section 1]; and

(b) money received by the department in the form of legislative appropriations, reimbursements, gifts, federal funds, or appropriations from any source, intended to be used for the purposes of the account.

HeinOnline -- 1989 vol. II 1906 1989

(3) The account may be used by the department only for the administration of part 2, this part, and [section 5].

Section 3. **Solid waste disposal regions.** (1) There are six solid waste disposal regions, as follows:

(a) eastern Montana, consisting of Phillips, Garfield, Rosebud, and Powder River counties and all Montana counties east of these counties;

(b) northern Montana, consisting of Blaine, Cascade, Chouteau, Glacier, Hill, Liberty, Pondera, Teton, and Toole counties;

(c) south central Montana, consisting of Bighorn, Carbon, Fergus, Golden Valley, Judith Basin, Musselshell, Petroleum, Stillwater, Sweet Grass, Treasure, Wheatland, and Yellowstone counties;

(d) southwestern Montana, consisting of Beaverhead, Broadwater, Deer Lodge, Gallatin, Granite, Jefferson, Lewis and Clark, Madison, Meagher, Park, Powell, and Silver Bow counties;

(e) northwest Montana, consisting of Flathead, Lake, Lincoln, Mineral, Missoula, Ravalli, and Sanders counties; and

(f) all areas outside of Montana.

(2) The department shall assist and encourage persons involved in solid waste management to coordinate activities within each region in Montana to provide for the safe, efficient, and effective management of solid waste.

Section 4. **Penalties for failure to pay fee.** A person who owns a solid waste disposal facility subject to a fee under [section 1] and fails to pay the fee in the manner provided by department rule is subject to a fine of not more than $2,000 or imprisonment not to exceed 6 months, or both, and shall reimburse the department for the amount of the fee owed and interest calculated at a rate equal to the previous fiscal year's average rate of return on the board of investments' short-term investment pool.

Section 5. **Solid waste incineration — additional permit requirements.** (1) A person may not operate a solid waste incinerator of any of the following categories until the department has issued an air quality permit pursuant to this chapter, including the conditions provided in this section:

(a) a new commercial solid waste incinerator; or

(b) a permitted solid waste incinerator that would incinerate solid waste in an amount, form, kind, or content different from its permitted operation or that would incinerate any material that changes the nature, character, or composition of its emissions.

(2) The department may not issue a permit to a facility described in subsection (1) until:

(a) the owner or operator has provided to the department's satisfaction:

(i) a characterization of emissions and ambient concentrations of air pollutants, including hazardous air pollutants, from any existing incineration at the facility; and

HeinOnline -- 1989 vol. II 1907 1989

(ii) an estimate of emissions and ambient concentrations of air pollutants, including hazardous air pollutants, from the incineration of solid waste as proposed in the permit application or modification;

(b) the public has had an opportunity to review and comment on the permit application or modification; and

(c) the department has reached a determination that the projected emissions and ambient concentrations will constitute a negligible risk to the public health, safety, and welfare and to the environment.

(3) The department shall require the application of air pollution control equipment, engineering, or procedures as necessary to satisfy the determination required under subsection (2)(c). The equipment, engineering, or procedures must provide particulate and gaseous emission reductions equivalent to or more stringent than those achieved through the best available control technology, in addition to any other controls necessary to satisfy the determination required under subsection (2)(c).

(4) This section does not relieve an owner or operator of a solid waste incinerator that is not included under subsection (1) from the obligation to obtain any permit otherwise required under this chapter or rules implementing this chapter.

Section 6. **Local approval required for incineration or disposal of solid waste generated outside the region.** (1) Except as provided in subsection (3), an owner or operator of a solid waste management facility who proposes to incinerate or dispose of solid waste generated outside the solid waste disposal region in which the facility is located shall, before receiving the waste, apply for and receive approval from the local government or governments having jurisdiction over the facility.

(2) The local government or governments may approve the incineration or disposal of solid waste from outside the region, if the local government or governments find that incineration or disposal of the solid waste is consistent with local and state solid waste management goals and results in equivalent or improved protection of public health, safety, welfare, and the environment within the jurisdiction.

(3) Local approval under this section is not required for the incineration or disposal of solid waste at a solid waste management facility in the manner and amount incinerated or disposed of before [the effective date of this act].

Section 7. **Moratorium on certain interstate transport of solid waste.** (1) The state of Montana recognizes the importance of providing for disposal or incineration of solid waste in a manner that protects Montana's public health, safety, welfare, and environment. Although the state of Montana also recognizes that, under appropriate conditions, the transportation of out-of-state solid waste into Montana may not conflict with this goal, it is imperative that the state undertake a legislative study of solid waste regulation and management, further develop regional and statewide solid waste management goals, plans, and regulations, and adopt rules implementing the solid waste management fee before allowing solid waste importation beyond current levels.

HeinOnline -- 1989 vol. II 1908 1989

(2) Except as provided in subsection (3), a person may not transport solid waste into Montana until October 1, 1991.

(3) A person who transported solid waste into Montana before [the effective date of this act] may continue to transport solid waste into Montana subject to the limitation that the amount he transports into Montana during any calendar year of the moratorium does not significantly exceed the amount he transported into Montana during calendar year 1988.

Section 8. **Administrative enforcement.** (1) When the department believes that a violation of part 1 or this part, a violation of a rule adopted under part 1 or this part, or a violation of a permit provision has occurred, it may serve written notice of the violation on the alleged violator or his agent. The notice must specify the provision of law, rule, or permit alleged to be violated and the facts alleged to constitute a violation and may include an order to take necessary corrective action within a reasonable period of time stated in the order. The order becomes final unless, within 30 days after the notice is served, the person named requests in writing a hearing before the board. On receipt of the request, the board shall schedule a hearing. Service by mail is complete on the date of mailing.

(2) If, after a hearing held under subsection (1), the board finds that a violation has occurred, it shall either affirm or modify the department's order. An order issued by the department or by the board may prescribe the date by which the violation must cease and may prescribe time limits for particular action. If, after hearing, the board finds no violation has occurred, it shall rescind the department's order.

(3) Instead of issuing an order pursuant to subsection (1), the department may either:

(a) require the alleged violator to appear before the board for a hearing at a time and place specified in the notice and answer the charges; or

(b) initiate action under part 1 or this part.

(4) This section does not prevent the board or department from making efforts to obtain voluntary compliance through warning, conference, or any other appropriate means.

Section 9. **Civil penalties.** (1) A person who violates any provision of this part, a rule adopted under this part, or a license provision is subject to a civil penalty not to exceed $1,000. Each day of violation constitutes a separate violation.

(2) The department may institute and maintain in the name of the state any enforcement proceedings under this section. Upon request of the department, the attorney general or the county attorney of the county where the violation occurred shall petition the district court to impose, assess, and recover the civil penalty.

Section 10. Section 75-10-104, MCA, is amended to read:

**"75-10-104. Duties of department.** The department shall:

(1) prepare a state solid waste management and resource recovery plan for submission to the board;

HeinOnline -- 1989 vol. II 1909 1989

(2) prepare rules necessary for the implementation of this part for submission to the board, including but not limited to rules:

*(a)* governing the submission of plans for a solid waste management system;

*(b)* governing procedures to be followed in applying for and making loans;

*(c)* governing agreements between a local government and the department for grants or loans under this part;

*(d) establishing, for the purpose of determining the solid waste management fee to which a facility is subject under [section 1], methods for determining or estimating the amount of solid waste incinerated or disposed of at a facility;*

*(e) providing procedures for the quarterly collection of the solid waste management fee provided for in [section 1]; and*

*(f) providing guidelines for a waiver of fees for certain incineration or disposal of solid waste, as provided for in [section 1(2)];*

(3) provide financial assistance to local governments for front-end planning activities for a proposed solid waste management system which is compatible with the state plan whenever financial assistance is available;

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 17-2-102, MCA, is amended to read:

**"17-2-102. Fund structure.** (1) There are in the state treasury only the following fund categories and types:

(a) governmental fund category, which includes:

(i) the general fund, which accounts for all financial resources except those required to be accounted for in another fund;

(ii) the special revenue fund type, which accounts for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes. The financial activities of the special revenue fund type shall be subdivided for operational purposes into the following funds to serve the purpose indicated:

(A) The state special revenue fund consists of money from state *and other nonfederal* sources deposited in the state treasury that is earmarked for the purposes of defraying particular costs of an agency, program, or function of state government. *Other nonstate and nonfederal revenue deposited in the state special revenue account is not subject to the emergency budget amendment provisions of 17-7-403.*

(B) The federal special revenue fund consists of money deposited in the treasury from federal sources, including trust income, that is used for the operation of state government.

(iii) the capital projects fund type, which accounts for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary funds or trust funds; and

(iv) the debt service fund type, which accounts for the accumulation of resources for and the payment of general long-term debt principal and interest;

(b) proprietary fund category, which includes:

(i) the enterprise fund type, which accounts for operations:

HeinOnline -- 1989 vol. II 1915 1989

(A) that are financed and operated in a manner similar to private business enterprises whenever the intent of the legislature is that costs (i.e., expenses, including depreciation) of providing goods or services to the general public on a continuing basis are to be financed or recovered primarily through user charges; or

(B) whenever the legislature has decided that periodic determination of revenue earned, expenses incurred, or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes; and

(ii) the internal service fund type, which accounts for the financing of goods or services provided by one department or agency to other departments or agencies of state government or to other governmental entities on a cost-reimbursed basis;

(c) the fiduciary fund category, which includes trust and agency fund types used to account for assets held by state government in a trustee capacity or as an agent for individuals, private organizations, other governmental entities, or other funds. These include the:

(i) expendable trust fund type;

(ii) nonexpendable trust fund type;

(iii) pension trust fund type; and

(iv) agency fund type.

(d) the higher education funds, which include:

(i) the current fund, which accounts for moneys deposited in the state treasury which are used to pay current operating costs relating to instruction, research, public service, and allied support operations and programs conducted within the Montana university system and vocational-technical centers. The financial activities of the current fund shall be subdivided, for operation purposes, into the four following subfunds to serve the purpose indicated:

(A) The unrestricted subfund segregates that portion of the current fund's financial resources that can be expended for general operations and is free of externally imposed restrictions, except those imposed by the legislature.

(B) The restricted subfund segregates that portion of the current fund's financial resources that can be expended for general operations but only for purposes imposed by sources external to the board of regents and the legislature.

(C) The designated subfund segregates that portion of the current fund's financial resources that is associated with general operations but is separately classified in order to accumulate costs that are to be recharged as allocated to other funds or subfunds; identifies financial activities related to special organized activities of educational departments wherein the activity is fully supported by supplemental assessments; and identifies special supply and facility fees that are approved for collections beyond normal course fees and their disposition.

HeinOnline -- 1989 vol. II 1916 1989

(D) The auxiliary subfund segregates that portion of the current fund's financial resources that is devoted to providing essential on-campus services primarily to students, faculty, or staff wherein a fee, which is directly related to but does not necessarily equal the cost of the service provided, is charged to the consumer.

(ii) the student loan fund, which accounts for moneys deposited in the state treasury which may be loaned to students, faculty, or staff for purposes related to education, organized research, or public services by the Montana university system and vocational-technical centers;

(iii) the endowment fund, which accounts for moneys deposited in the state treasury by the Montana university system and vocational-technical centers wherein the principal portion of the amount received is nonexpendable but is available for investment, thus producing consumable income. Expendable earnings on endowment funds are to be transferred to appropriate operating funds pursuant to prevailing administrative requirements.

(iv) the annuity and life income fund, which accounts for moneys deposited in the state treasury by the Montana university system and vocational-technical centers under an agreement whereby the moneys are made available on condition that the receiving unit of the Montana university system or vocational-technical center binds itself to pay stipulated amounts periodically to the donor or others designated by the donor over a specified period of time;

(v) the plant fund, which accounts for those financial resources allocated to or received by the Montana university system and vocational-technical centers for capital outlay purposes or to retire long-term debts associated with construction or acquisition of fixed assets and the net accumulative results of these activities; and

(vi) the agency fund, which accounts for moneys deposited in the state treasury wherein the Montana university system or a vocational-technical center acts in the capacity of a custodian or fiscal agent for individual students, faculty, staff, and qualified organizations.

(2) In addition to the funds provided for in subsection (1) of this section, there are in the state treasury the following account groups:

(a) the fixed assets account group, which is a self-balancing group of accounts set up to establish accounting control and accountability for the state's general fixed assets, except those accounted for in proprietary funds, trust funds, and the higher education funds designated in subsections (1)(d)(i)(D), (1)(d)(iii), and (1)(d)(v) of this section; and

(b) the long-term debt account group, which is a self-balancing group of accounts set up to establish accounting control and accountability for the state's unmatured general long-term liabilities, except those accounted for in proprietary funds, trust funds, and the higher education funds designated in subsections (1)(d)(i)(D), (1)(d)(iii), and (1)(d)(v) of this section."

HeinOnline -- 1989 vol. II 1917 1989

If such restrictions are considered unnecessary by the department and if they may be eliminated by administrative action, the department shall to the fullest extent possible eliminate such restrictions and require the transfer of unobligated balances in the accounts to be made to the general fund, either on an annual or biennial basis. If administrative action is unavailable, the department shall make recommendations for legislative action.

(3) The department shall examine all state special revenue accounts and proprietary accounts to determine if they should continue to exist or be eliminated or modified to provide better program operation or fiscal control. In conducting the examination, the department shall consider whether an account:

(a) is accurately classified as a state special revenue account or proprietary account;

(b) is required by the Montana constitution or by statute;

[SB 128]

AN ACT TO REVISE AND CONTINUE A JOB SEARCH, TRAINING, AND WORK PROGRAM FOR EMPLOYABLE RECIPIENTS OF GENERAL RELIEF ASSISTANCE; TO CLARIFY THE PURPOSE OF THE PROGRAM; TO APPROPRIATE FUNDS FOR ADMINISTRATION OF THE PROGRAM; AMENDING SECTION 53-3-304, MCA; AND PROVIDING EFFECTIVE DATES.

STATEMENT OF INTENT

It is the intent of the legislature, in enacting this bill, that the department of social and rehabilitation services revamp the current general relief

HeinOnline -- 1989 vol. II 1922 1989

work program provided for in 53-3-304 to make it a work-oriented program designed to help recipients of general relief obtain regular, sustainable employment.

The bill is intended to correct program deficiencies found in an audit requested by the joint interim subcommittee on welfare. The audit, which was conducted by the office of the legislative auditor, revealed that the current program is not achieving the purpose for which it was intended. The audit showed that:

(1) the current program does not enable general relief recipients to obtain permanent employment;

(2) the program only moderately increases the percentage of recipients who find employment;

(3) the program does not significantly reduce the general relief caseload; and

(4) overall, the program does not result in net savings to the state when reductions in welfare costs are compared to the costs of administering the program.

Thus, the legislature intends to provide for a revitalized work program for recipients of general relief. As reconceived, the program must include:

(1) intensive job search activity and prompt placements for recipients who are job ready, rather than remedial education, job training, or other activities that, although beneficial, are not necessary for recipients to find employment;

(2) a minimum 40-hour per week requirement for participation in program activities;

(3) a clear expectation that recipients must be employed at the end of the program. This expectation should be reinforced daily by program operators and should be communicated to each recipient upon enrollment in the program.

(4) participation in activities authorized under [section 10, Senate Bill No. 101] in lieu of participation in job search, training, and workfare activities otherwise required in 53-3-304;

(5) follow-up and monitoring of program performance; and

(6) prohibition of political activities under the program.

In addition, the program may include:

(1) remedial education and job skills training, but only if it is necessary for the recipient to become employed. Whenever possible, it is intended that services be provided through existing, local adult basic education programs and programs administered under the federal Job Training Partnership Act.

(2) active daily involvement of recipients in a combination of employment-related activities in order to enhance self-motivation and to increase job placement;

HeinOnline -- 1989 vol. II 1923 1989

(3) county workfare, but only in combination with other employment assistance, such as job search, job readiness training, remedial education, job training, and job placement services.

The department may limit the availability of services in subsections (1) through (3) of the preceding paragraph if such action is necessary as a result of budget limitations.

In redesigning the program, the department of social and rehabilitation services shall examine the policies and experience of work programs in other states, including the Utah emergency work program, which is a program that has operated at less than 10% of the cost of the Utah work incentive (WIN) program.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 53-3-304, MCA, is amended to read:

**"53-3-304. Power to require employable recipients to participate in job search, training, and workfare programs.** (1) The department shall initiate, promote, and develop job search, training, and *workfare* programs that will *provide employment, training, and work experience for* persons receiving general relief under the provisions of this chapter. These programs must be designed to:

*(a)* preserve and improve the work habits and skills of recipients for whom jobs are not otherwise immediately available*; and*

*(b) provide training and work experience that will enable recipients to find regular, sustainable employment.*

(2) For each county with state-assumed welfare services, the department shall institute *job search, training, and workfare programs as provided for in subsection (1).*

(3) *Except as otherwise provided in this chapter, in* a county with state-assumed welfare services, an *employable* recipient of general relief shall enroll in a structured job search and training program at an employment office or other site designated by the department. The program *may* include the following elements:

(a) assessment and testing;

(b) an employability plan;

*(c) a requirement that recipients participate for a minimum of 40 hours a week in a combination of activities, including workfare as provided in subsection (4), unless they are prevented, with good cause, from participating in such activities;*

*(d)* remedial education or job skills training, if it is called for in the employability plan and if it provides for immediate referral to an appropriate Job Training Partnership Act program;

*(e)* a job readiness and job search program that must include but is not limited to:

HeinOnline -- 1989 vol. II 1924 1989

(i) self-assessment and occupational testing;

(ii) instruction in completing applications, writing resumes, and preparing for interviews;

(iii) identification of and contact with potential employers;

(iv) participation in simulated job interviews; *and*

*(v) intensive job search activity and prompt placements for recipients who are ready to enter the work force;*

*(f)* a supervised effort to find employment;

*(g)* efforts to address barriers to employment;

*(h) an expectation that recipients must be employed at the end of the program; and*

*(i) follow-up and monitoring of program performance.*

(4) In addition to the training required in subsection (3), the county department of public welfare or the department of social and rehabilitation services may require a recipient to *participate in a workfare program. The purpose of the workfare program is to provide work experience and training for general relief recipients in specifically created work projects operated by a public agency or a private, nonprofit agency. A workfare program established under this section must provide that:*

*(a) A* currently employed worker may *not* be displaced by any recipient (including partial displacement such as a reduction in the hours of nonovertime work, wages, or employment benefits).

*(b) A* recipient may *not* be *given a work experience or training assignment if:*

*(i) the assignment would fill an established unfilled vacancy that exists because an employee has been laid off;* or

*(ii)* the employer has terminated the employment of any regular employee or otherwise reduced its workforce with the intention of filling the vacancy *with a general relief recipient.*

*(c) A recipient may not be required to participate in a workfare program if participation is determined to interfere with:*

*(i) participation in a job search or job training program; or*

*(ii) attendance in a secondary education program.*

*(d) The maximum number of hours that a recipient may be required to participate in a workfare program and job search and training programs may not exceed 40 hours in a week.*

(5) The county department of public welfare or the department of social and rehabilitation services, as the case may be, shall provide coverage under the Workers' Compensation Act for those recipients of general relief *participating in the workfare program* and may enter into such agreements

HeinOnline -- 1989 vol. II 1925 1989

with the division of workers' compensation of the department of labor and industry as may be necessary to carry out the provisions of this section.

*(6)* Where a labor organization represents a substantial number of employees who are engaged in similar work or training in the area where it is proposed to assign the recipient to *a workfare project*, an opportunity must be provided for that organization to submit comments with respect to such proposal.

*(7) A workfare* program may *not* impair existing contracts for services or collective bargaining agreements, and *a workfare* program that would be inconsistent with the terms of a collective bargaining agreement may *not* be undertaken without the written concurrence of the labor organization and employer concerned.

*(8) No program established under this section may include any political, partisan, or lobbying activities. The department shall deny funds to any program involved in such activities."*

Section 2. **Payment after performance.** (1) The department may by rule withhold general relief assistance or limit payments to shelter or personal needs until all employable members of the household have completed 2 full weeks in a structured job search, training, or workfare program as required in 53-3-304.

(2) A person is ineligible for assistance under subsection (1) if:

(a) the person fails to cooperate with the department in its investigation of eligibility; or

(b) the department's investigation during the 2-week period described in subsection (1) discloses that the person is ineligible to receive assistance.

Section 3. **Limitation of services.** (1) The department may limit the scope and availability of programs and services under 53-3-304 as may be necessary because of:

(a) the actual needs of an individual, as determined in accordance with an employability plan;

(b) funding limitations;

(c) service limitations;

(d) limitations caused by the lack of available employment in the area; and

(e) an insufficient number of recipients in an area to justify establishment of job search, training, and workfare programs.

(2) Recipients residing in areas where programs and services are restricted because of subsection (1) are exempt from mandatory participation in a job search, training, and workfare program.

Section 4. **Employability plan.** (1) The department shall develop or contract for the development of an employability plan for each participant enrolled in job search, training, and workfare programs provided for in 53-3-304.

HeinOnline -- 1989 vol. II 1926 1989

(2) The department may contract for assessment and testing if:

(a) it determines there is a need for assessment and testing in order to develop an employability plan; and

(b) funds are available for such services.

Section 5. **Transition-to-work allowance.** (1) As an alternative to the programs and services provided for in 53-3-304, the department may pay recipients a transition-to-work allowance. This allowance may be used only for relocation expenses for recipients who have obtained employment in another county or state.

(2) Notwithstanding any other provision of this chapter, a person who elects to receive the allowance provided for in subsection (1) is ineligible for general relief assistance for a period of 16 months.

Section 6. **Transportation assistance.** The department may provide necessary transportation or reimbursement of transportation costs for persons enrolled in job search, training, and workfare programs provided for in 53-3-304.

Section 7. **Performance standards — monitoring and evaluation of program.** (1) The department shall provide standards to measure the performance and effectiveness of the general relief job search, training, and workfare program provided for in 53-3-304. The standards must consist of an objective, quantifiable measure of the extent to which participation in the program increases the employment and earnings of participants and decreases their dependency on public assistance.

(2) In order to determine whether performance standards are met, the department shall monitor and evaluate the program on the basis of appropriate factors that must include the following:

(a) the placement of participants in unsubsidized employment;

(b) the retention of participants in unsubsidized employment;

(c) the increase in earnings, including hourly wages, of participants due to placement in unsubsidized employment;

(d) the reduction in the number of individuals and families receiving general relief; and

(e) the amount of reductions in payments for general relief.

(3) In monitoring and evaluating the performance of the program, the department shall determine the reasons for high and low levels of performance, administrative efficiencies, and program coordination.

Section 8. **Coordination requirements — consolidation of programs authorized.** (1) The governor shall assure that program activities under 53-3-304 are coordinated with programs administered under the federal Job Training Partnership Act and any other relevant employment, training, education, or work program in this state.

HeinOnline -- 1989 vol. II 1927 1989

(2) The governor may consolidate the program established in 53-3-304 with other programs in order to maximize coordination of program activities as required in subsection (1) and to prevent overlapping and duplication of services.

(3) Where adult basic education programs exist, remedial education services provided for in 53-3-304(3) must be coordinated, through contracts or cooperative agreements, with state or local agencies having responsibility for programs administered under the Adult Education Act, Public Law 100-297.

Section 9. **Audit.** The legislative auditor shall conduct a performance audit of the program provided in 53-3-304 and report the results of the audit to the 53rd legislature.

Section 10. **Appropriation.** The following money is appropriated to the department of social and rehabilitation services for the purpose of administering the job search, training, and work program provided for in 53-3-304 and [this act]:

| Fund | FY 90 | FY 91 |
|---|---|---|
| General fund | $ 832,265 | $ 832,265 |
| Federal special revenue | 1,055,235 | 1,055,235 |
| Total | $ 1,887,500 | $ 1,887,500 |

Section 11. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 12. **Coordination instruction.** If this bill and Senate Bill No. 101 are passed and approved, then [section 10, Senate Bill No. 101] is amended so language that reads: "a person who has a serious barrier to employment or who suffers from drug or alcohol dependency shall report to the agency designated pursuant to 53-3-304(2) to implement a job search, training, and work program" will read "a person who has a serious barrier to employment or who suffers from drug or alcohol dependency shall report to a job search, training, and workfare program".

Section 13. **Codification instruction.** [Sections 2 through 7] are intended to be codified as an integral part of Title 53, chapter 3, part 3, and the provisions of Title 53, chapter 3, part 3, apply to [sections 2 through 7].

Section 14. **Effective dates.** (1) [Sections 10 through this section] are effective July 1, 1989.

(2) [Sections 1 through 9] are effective January 1, 1990.

# CHAPTER NO. 702

[SB 129]

AN ACT TO ENSURE THAT PARENTS FULFILL THE DUTY TO SUPPORT THEIR CHILDREN BY PROVIDING FOR A PRESUMPTIVE OBLIGATION OF SUPPORT IN CERTAIN LEGAL PROCEEDINGS; TO REQUIRE CONSIDERATION OF UNIFORM GUIDELINES TO ESTABLISH A MINIMUM SUPPORT LEVEL; TO REQUIRE PATERNITY CHILD SUPPORT ORDERS TO INCLUDE A PROVISION COVERING HEALTH INSURANCE IN CERTAIN CASES; TO PROVIDE FOR CHILD SUPPORT COLLECTION THROUGH AUTOMATIC INCOME WITHHOLDING; TO GRANT THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES THE AUTHORITY TO CHARGE FEES IN CASES IN WHICH AN OBLIGOR'S FAILURE OR REFUSAL TO PAY SUPPORT REQUIRES THE DEPARTMENT TO ACT; TO TRANSFER TO THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES FROM THE DEPARTMENT OF REVENUE THE AUTHORITY FOR CHILD SUPPORT ENFORCEMENT; AMENDING SECTIONS 39-71-743, 40-4-204, 40-4-209, 40-5-113, 40-5-202, 40-5-203, 40-5-208, 40-5-214, 40-5-241, 40-5-303, 40-5-401, 40-5-403, 40-5-404, 40-5-411 THROUGH 40-5-417, 40-5-422, 40-6-116, AND 53-2-613, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

STATEMENT OF INTENT

A statement of intent is needed for this bill because the department of social and rehabilitation services is required by [section 3] to adopt uniform child support guidelines for use by judges and other officials who have the power to determine child support awards within this state. The department initially shall adopt and promulgate the uniform child support guidelines recommended by the Montana supreme court at 44 State Reporter 828 (1987). Thereafter, the department shall periodically review those guidelines to determine if they are appropriate to determine adequate minimum child support amounts. If the department determines that the guidelines are no longer adequate, it shall amend them, after considering the factors set forth in 40-4-204(2) and 40-6-116(5).

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 40-4-204, MCA, is amended to read:

**"40-4-204. Child support — orders to address health insurance — automatic withholding of child support.** (1) In a proceeding for dissolution of marriage, legal separation, maintenance, or child support, the court *shall* order either or both parents owing a duty of support to a child to pay an amount reasonable or necessary for his support, without regard to marital misconduct.

*(2) The court shall consider* all relevant factors, including:

(a) the financial resources of the child;

(b) the financial resources of the custodial parent;

(c) the standard of living the child would have enjoyed had the marriage not been dissolved;

(d) the physical and emotional condition of the child and his educational *and medical* needs;

(e) the financial resources and needs of the noncustodial parent;

*(f) the age of the child;*

*(g) the cost of day care for the child;*

*(h) any custody arrangement that is ordered or decided upon; and*

*(i) the needs of any person, other than the child, whom either parent is legally obligated to support.*

*(3) (a) Whenever a court issues or modifies an order concerning child support, the court shall determine the child support obligation by applying the standards in this section and the uniform child support guidelines adopted by the department of social and rehabilitation services pursuant to [section 3], unless the court finds by clear and convincing evidence that the application of the standards and guidelines is unjust to the child or to any of the parties or is inappropriate in that particular case.*

*(b) If the court does not apply these standards and guidelines to determine child support, it shall state its reasons for finding that the application of such standards and guidelines is unjust to the child or a party or is inappropriate in that particular case.*

*(c)* If the court does not order a parent owing a duty of support to a child to pay any amount for the child's support, the court shall state *its* reasons for not ordering child support.

*(4)* Each district court judgment, decree, or order establishing a final child support obligation under this title and each modification of a final order for child support must include a provision addressing health insurance coverage in the following cases:

(a) If either party has available through an employer or other organization health insurance coverage for the child or children for which the premium is partially or entirely paid by the employer or organization, the judgment, decree, or order may contain a provision requiring that coverage for the child or children be continued or obtained.

(b) In the event that health insurance required in a child support judgment, decree, or order becomes unavailable to the party who is to provide it, through loss or change of employment or otherwise, that party must, in the absence of an agreement to the contrary, obtain comparable insurance or request that the court modify the requirement.

(c) All temporary child support orders must contain a provision requiring the party who has health insurance in effect for the child or children of the parties to continue the insurance coverage pending final disposition of the case.

HeinOnline -- 1989 vol. II 1930 1989

(d) The parties may by written agreement provide for the health care coverage required by this section, subject to the approval of the court.

(e) Unless otherwise provided in the decree, the health care coverage required by this section is in addition to and not in substitution, in whole or in part, for the child support obligation.

*(5) (a) Except as provided in subsection (5)(b), each district court judgment, decree, or order establishing a child support obligation under this title, whether temporary or final, and each modification of an existing child support order must:*

*(i) provide that the amount of child support must be withheld from the obligor's income and paid to the department pursuant to procedures established by the department under Title 40, chapter 5, part 4; and*

*(ii) include the obligor's social security number and the name and address of the obligor's employer and of any other payor of income to the obligor.*

*(b) Income is not subject to automatic withholding if:*

*(i) the obligee or obligor demonstrates and the court finds that there is good cause not to require automatic income withholding; or*

*(ii) the obligee and obligor agree in writing to an alternative arrangement regarding the payment of child support that provides sufficient security to ensure compliance with their agreement. The security is in addition to the child support obligation.*

*(c) When a judgment, decree, or order for child support is entered or modified and automatic income withholding is ordered, an obligee who is not a recipient of public assistance shall apply for the support enforcement services of the department pursuant to Title IV-D of the Social Security Act for the collection of support through automatic income withholding under Title 40, chapter 5, part 4. The department shall accept the application. Pending an application, the department shall immediately implement automatic income withholding and hold any amounts collected in trust for the obligee until the obligee makes application.*

*(d) When automatic income withholding is ordered under subsection (5)(a), the clerk of court shall immediately forward a copy of the order to the department.*

*(e) If an obligor is not subject to income withholding or is exempted from income withholding, the* district court judgment or order must include a warning statement that if the obligor is delinquent in the payment of support, the obligor's income may be subject to income withholding procedures under Title 40, chapter 5, part 3 or 4. Failure to include a warning statement in a judgment or order does not preclude the use of withholding procedures.

*(6) If the department of social and rehabilitation services is providing or later provides support enforcement services under Title IV-D of the Social Security Act, each district court order or modification of an order must contain a statement providing that the noncustodial parent, without*

HeinOnline -- 1989 vol. II 1931 1989

*further order of the court, is required to obtain and maintain health insurance coverage as provided in 40-5-208. Failure to include a warning statement in the judgment or order does not preclude the imposition of sanctions under 40-5-208."*

Section 2. Section 40-6-116, MCA, is amended to read:

**"40-6-116. Judgment or order.** (1) The judgment or order of the court determining the existence or nonexistence of the parent and child relationship is determinative for all purposes.

(2) If the judgment or order of the court is at variance with the child's birth certificate, the court shall order that a substitute birth certificate be issued under 40-6-123.

(3) *(a)* The judgment or order may contain any other provision directed against the appropriate party to the proceeding concerning the custody and guardianship of the child, visitation privileges with the child, the furnishing of bond or other security for the payment of the judgment, or any other matter in the best interest of the child.

*(b) Except when the financial responsibility of a responsible parent is in the process of being determined pursuant to the administrative procedure provided in 40-5-225, the judgment or order must contain a provision concerning the duty of child support.*

*(c)* The judgment or order may direct the father to pay the reasonable expenses of the mother's pregnancy and confinement.

(4) *(a)* Support judgments or orders ordinarily shall be for periodic payments which may vary in amount.

*(b)* In the best interest of the child, a lump-sum payment or the purchase of an annuity may be ordered in lieu of periodic payments of support.

*(c)* The court may limit the father's liability for past support of the child to the proportion of the expenses already incurred that the court deems just.

(5) In determining the amount to be paid by a parent for support of the child and the period during which the duty of support is owed, a court enforcing the obligation of support shall consider all relevant facts, including:

(a) the needs of the child, *including his medical needs*;

(b) the standard of living and circumstances of the parents;

(c) the relative financial means of the parents;

(d) the earning ability of the parents;

(e) the need and capacity of the child for education, including higher education;

(f) the age of the child;

(g) the financial resources and the earning ability of the child;

HeinOnline -- 1989 vol. II 1932 1989

(h) the responsibility of the parents for the support of others;

(i) the value of services contributed by the custodial parent;

*(j) the cost of day care for the child; and*

*(k) any custody arrangement that is ordered or decided upon.*

*(6) (a) Whenever a court issues or modifies an order concerning child support, the court shall determine the child support obligation by applying the standards in this section and the uniform child support guidelines adopted by the department of social and rehabilitation services pursuant to [section 3], unless the court finds by clear and convincing evidence that the application of the standards and guidelines is unjust to the child or to any of the parties or is inappropriate in that particular case.*

*(b) If the court does not apply these standards and guidelines to determine child support, it shall state its reasons for finding that the application of such standards and guidelines is unjust to the child or a party or is inappropriate in that particular case.*

*(c) If the court does not order a parent owing a duty of support to a child to pay any amount for the child's support, the court shall state its reasons for not ordering child support.*

*(7) The judgment or order concerning child support and each modification of a judgment or order for child support must include a provision addressing health insurance coverage in the following cases:*

*(a) If either party has available through an employer or other organization health insurance coverage for the child or children for which the premium is partially or entirely paid by the employer or organization, the judgment or order may contain a provision requiring that coverage for the child or children be continued or obtained.*

*(b) In the event that health insurance required in a child support judgment or order becomes unavailable to the party who is to provide it, through loss or change of employment or otherwise, that party shall, in the absence of an agreement to the contrary, obtain comparable insurance or request that the court modify the requirement.*

*(c) The parties may by written agreement provide for the health care coverage required by this section, subject to the approval of the court.*

*(d) Unless otherwise provided in the decree, the health care coverage required by this section is in addition to and not in substitution, in whole or in part, for the child support obligation.*

*(8) (a) Except as provided in subsection (8)(b), each district court judgment or order establishing a child support obligation under this part, whether temporary or final, and each modification of an existing child support order must:*

*(i) provide that the amount of child support must be withheld from the obligor's income and paid to the department pursuant to procedures established by the department under Title 40, chapter 5, part 4; and*

HeinOnline -- 1989 vol. II 1933 1989

*(ii) include the obligor's social security number and the name and address of the obligor's employer and of any other payor of income to the obligor.*

*(b) Income is not subject to automatic withholding if:*

*(i) the obligee or obligor demonstrates and the court finds that there is good cause not to require automatic income withholding; or*

*(ii) the obligee and obligor agree in writing to an alternative arrangement regarding the payment of child support that provides sufficient security to ensure compliance with their agreement. The security is in addition to the child support obligation.*

*(c) When a judgment or order for child support is entered or modified and automatic income withholding is ordered, an obligee who is not a recipient of public assistance shall apply for the support enforcement services of the department pursuant to Title IV-D of the Social Security Act for the collection of support through automatic income withholding under Title 40, chapter 5, part 4. The department shall accept the application. Pending an application, the department shall immediately implement automatic income withholding and hold any amounts collected in trust for the obligee until the obligee makes application.*

*(d) When automatic income withholding is ordered under subsection (8)(a), the clerk of court shall immediately forward a copy of the order to the department.*

*(9) If the department of social and rehabilitation services is providing or later provides support enforcement services under Title IV-D of the Social Security Act, each district court order or modification of an order must contain a statement providing that the noncustodial parent, without further order of the court, is required to obtain and maintain health insurance coverage as provided in 40-5-208. Failure to include a warning statement in the judgment or order does not preclude the imposition of sanctions under 40-5-208."*

Section 3. **Child support guidelines — periodic review.** (1) The department shall adopt uniform child support guidelines to be used to determine minimum child support amounts. In addition to giving notice and publicizing the rules as provided in the Montana Administrative Procedure Act, the department shall give notice to the supreme court, the district courts, and the state bar of Montana prior to adopting the guidelines.

(2) The guidelines must consider the factors set forth in 40-4-204(2) and 40-6-116(5).

(3) At least once every 4 years, the department shall:

(a) review the uniform child support guidelines employed to determine child support obligations to ensure that their application results in the determination of appropriate child support award amounts; and

(b) propose any appropriate modification to the legislature.

Section 4. Section 40-5-214, MCA, is amended to read:

HeinOnline -- 1989 vol. II 1934 1989

"**40-5-214. Scale of suggested minimum contributions.** (1) The department shall establish a scale of suggested minimum contributions to assist counties and courts in determining the amount that a parent should be expected to contribute toward the support of his child under this part. The scale *must be based on the uniform child support guidelines adopted by the department under [section 3].*

(2) Copies of the scale *must* be made available to courts, county offices, county attorneys, and upon request, to any other state or county officer or agency engaged in the administration or enforcement of this part. Attorneys admitted to practice in Montana may have access to the scale."

Section 5. **Payor and obligor notice.** (1) After a person is hired for employment, the payor shall submit to the person a written form inquiring whether the person owes child support that is required by law to be withheld from income according the terms of an order, if any, concerning child support. The person shall immediately complete, sign, and date the form and return it to the payor. The completed form must be retained by the payor for at least 3 years after the date of hiring or at least 1 year after the date that employment is terminated, whichever is longer.

(2) If a person discloses that he owes child support that is required to be withheld, the payor shall begin withholding according to the terms of the order and this part.

(3) At any time an obligor is subject to automatic income withholding, the obligor shall disclose to a payor that the obligor owes child support in order that the payor may begin withholding according to the terms of the order and this part. If the obligor does not make such disclosure, the failure to disclose may be considered a contempt of the district court.

(4) A payor may not inquire as to whether a prospective employee owes child support that is required by law to be withheld from income according to the terms of an order, if any, concerning child support, until employment has been offered and accepted.

Section 6. Section 40-5-401, MCA, is amended to read:

"**40-5-401. Short title.** This part may be cited as the "Child Support Enforcement Act"."

Section 7. Section 40-5-404, MCA, is amended to read:

"**40-5-404. Other remedies available.** The *remedies* provided in this part *are* in addition to and not in substitution for any other remedy that may otherwise be available to the department, and the department may simultaneously pursue other remedies to enforce a support obligation or to collect support arrearages."

Section 8. Section 40-5-411, MCA, is amended to read:

"**40-5-411. Income withholding.** (1) *If* an obligation for support is being enforced by the department pursuant to Title IV-D of the Social Security Act and the obligation has been established *as required by law* or administrative process, income due or to become due within this state to the obligor is subject to withholding procedures under this part *if:*

HeinOnline -- 1989 vol. II 1935 1989

*(a) except as provided in 40-4-204 and 40-6-116, a support obligation is initially decreed and ordered or modified after January 1, 1990, by a district court or administrative process, regardless of whether child support payments are in arrears; or*

*(b) the obligor is found to owe a combination of unpaid child support under a support order in an amount equal to or in excess of 1 month's support payment.*

(2) When the requirements of this part have been met, the department, without necessity for amendment of the support order or further order by a court or other entity, shall issue an order directing the obligor's employer or other payor to withhold and deliver to the department such amount of the obligor's income as will be sufficient to meet the support obligation imposed by the support order and to defray arrearages, *if any,* due when the withholding order takes place.

(3) The provisions for income withholding under this part take precedence over any other law or court order."

Section 9. Section 40-5-412, MCA, is amended to read:

**"40-5-412. Initiation of income withholding procedures.** (1) In *a* case *concerning a support obligation referred to in 40-5-411, the department shall immediately issue an order under 40-5-415 for the payment of current support.*

*(2) In any other case, the department shall monitor and track all support payments required by the support order. If at any time these records indicate that the obligor owes a combination of unpaid support equal to or in excess of 1 month's support, the department shall commence proceedings to initiate withholding of the obligor's income as provided in this part.*

*(3)* To accomplish the purpose of subsection *(2)*, the department by written notice to the obligor may direct an obligor who does not owe unpaid child support equal to or in excess of 1 month's support payment to pay all support through the department, notwithstanding any court order directing payments to be made to the obligee or clerk of court.

*(4)* Whenever an obligation for support is paid through the support enforcement and collections unit of the department, the department must forward payment to the obligee within 10 days of the department's receipt of payment from the obligor."

Section 10. Section 40-5-413, MCA, is amended to read:

**"40-5-413. Notice of intent to withhold income.** (1) Prior to service of an *initial* order *or a modification of an existing order on the payor under 40-5-415,* the department shall serve upon the obligor a notice of the intended action *if:*

*(a) the department previously has not issued an order to withhold and it has determined the obligor owes a combination of unpaid support equal to or in excess of 1 month's support;*

*(b) additional arrearages have accrued subsequent to the issuance of an order to withhold; or*

HeinOnline -- 1989 vol. II 1936 1989

*(c) immediate withholding has commenced for current support and there are arrearages due for a period prior to entry of the order to withhold.*

*(2)* The notice must contain a statement:

(a) of the amount to be withheld, including a computation showing the period and total amount of the arrearages as of the date of the notice;

(b) that withholding applies to all current and subsequent payors;

(c) of the obligor's right to a hearing under 40-5-414 to contest the implementation of income withholding *or modification of an existing order* on the ground that *the intended action* is not proper because of mistake of fact; and

(d) of the period of time within which the obligor must request a hearing and that failure to request the hearing within the time limit will result in income withholding orders being served upon the payor *for the amount stated in the notice.*

*(3)* The notice must be served upon the obligor personally or by certified mail."

Section 11. Section 40-5-414, MCA, is amended to read:

**"40-5-414. Hearing.** (1) The obligor may within 10 days of being served with notice of the intended *action* under 40-5-413 file with the department a written request for an administrative hearing to be held pursuant to the contested case provisions of Title 2, chapter 4, part 6.

(2) *In a case initiated because an arrearage has accrued or because additional income is to be withheld to satisfy additional arrearages and in which* the obligor requests a hearing within the time allowed, *the intended action* may not take effect until the conclusion of the hearing or the date of the hearing if the obligor fails to appear at a scheduled hearing.

(3) Venue for the administrative hearing may be in the county where the obligor resides if the obligor resides in this state, the county in which the payor or the payor's agent is located, or the county in which the department or any of its regional offices is located.

(4) The administrative hearing must be held by teleconferencing methods unless the obligor or the department expressly requests an in-person hearing before the hearing examiner.

(5) For purposes of the hearing process, arrearages of support must be computed on the basis of the amount owed and unpaid on the date the obligor was served with the notice of intent to withhold income, and the fact that the obligor may have later paid the arrearage does not remove from the hearing examiner the authority to direct the department to order income withholding.

(6) *In a case initiated because an arrearage has accrued or because additional income is being withheld to satisfy additional arrearages, the* obligor, within 45 days of service of the notice of intent to withhold income, must be informed of the hearing decision on whether income withholding will take place.

HeinOnline -- 1989 vol. II 1937 1989

*(7) If the obligor fails to request a hearing within 10 days or fails to appear at a scheduled hearing or if the hearing examiner determines that the obligor owes a combination of unpaid support equal to or in excess of 1 month's support obligation, the department shall proceed with the intended action in accordance with 40-5-415.*"

Section 12. Section 40-5-415, MCA, is amended to read:

"**40-5-415. Order to withhold income.** (1) *When the requirements of this part have been met,* the department shall immediately serve an order *or modification order* to withhold and deliver income upon any payor or combination of payors. The order must:

(a) direct the payor and successor payors to withhold from the obligor's income each month the amount specified in the order if sufficient funds are available;

(b) direct the payor to deliver the amount withheld to the department in the same month in which the funds were withheld;

(c) state that the order is binding on the payor until further notice by the department; and

(d) state the rights and duties of the payor under this part.

(2) An order *or modification order* to withhold and deliver the obligor's income made under this section is binding upon the payor immediately upon service of the order upon the payor. Service of the order *or modification order* to withhold may be made either personally or by certified mail.

(3) Whenever there is more than one payor, the department may, in its discretion, apportion the total amount to be withheld each month among payors."

Section 13. Section 40-5-416, MCA, is amended to read:

"**40-5-416. Determination of amount of income to be withheld.** (1) *(a) Subject to the limitations* provided in subsection (2), the amount of funds to be withheld each month from the obligor's income must be the amount of money necessary to pay current installments of support as they become due and payable.

(b) *If income is being withheld to satisfy an arrearage, the amount of funds to be withheld must include the greater of:*

*(i)* the amount of money *that,* when deducted in equal amounts each month, will pay all outstanding support arrearages and interest, if any, within 2 years; *or*

*(ii) 25% of the obligor's income.*

(c) *If income is being withheld to satisfy an arrearage, the department may allow* a fee not to exceed $5 each month, which may be withheld by the payor as compensation for the administrative costs of each withholding.

(2) The maximum amounts withheld from the obligor's wages or salaries may not exceed the maximum amount permitted under section 303(b) of the federal Consumer Credit Protection Act, 15 U.S.C. 1673(b).

HeinOnline -- 1989 vol. II 1938 1989

(3) At any time, if the obligor can show that substantial hardship will result if the maximum permissible withholding is implemented or continued, the department for cause shown may in its discretion determine a lesser amount to be withheld each month in satisfaction of support arrearages."

Section 14. Section 40-5-417, MCA, is amended to read:

**"40-5-417. Modification or termination of withholding orders.** (1) The department may at any time modify the order to withhold income to:

(a) reflect payment in full of the arrearages by income withholding or otherwise;

(b) recognize an increase or decrease in the support order; or

(c) indicate any other reason the amount to be withheld is to be reduced or changed.

*(2) If an arrearage occurs while the department is collecting an amount of money necessary to pay current installments of support as they become due and payable, the department may adjust the amount of income required to be withheld to also satisfy the arrearage, as provided in this part.*

*(3)* An income withholding order terminates only when the department is no longer authorized under the law to collect support or, when appropriate, services rendered under 40-5-203 have come to an end or when the obligation to pay support is terminated and all arrearages are paid in full, whichever occurs first."

Section 15. Section 40-5-203, MCA, is amended to read:

**"40-5-203. Support enforcement services.** (1) The department may accept applications for support enforcement services on behalf of persons who are not recipients of public assistance and may take appropriate action to establish or enforce support obligations against persons owing a duty to pay support.

(2) The department may establish by rule reasonable standards necessary to limit applications for support enforcement services. These standards shall take into account the earnings, income, and other resources already available to support the person for whom a support obligation exists."

Section 16. **Standardized fee schedule.** (1) The department shall by rule establish a standardized schedule of fees for the recovery of administrative costs and expenses of child support enforcement. The fees may be recovered from an obligor if the obligor's failure or refusal to support a child makes it necessary for the department to provide child support enforcement services under this part. The fees must be commensurate with costs or an average of the expenditures related to specific or routine activities.

(2) In an action to establish paternity or to establish or enforce a child support obligation, whether in district court or by administrative process, the department must be awarded costs in the amount established in the fee

HeinOnline -- 1989 vol. II 1939 1989

schedule as part of any judgment, decree, or order in which the department is the prevailing party.

(3) Fees awarded under this section are in the nature of child support and are collectible in the same manner as a support order. The fee award may be collected separately or added to and collected with any balance due on a support debt.

(4) Collection of a fee award may not reduce any current child support payment due the obligee.

(5) Arrearage amounts collected that include a fee must be allocated as follows:

(a) If the obligee is a recipient of public assistance, the amount must be allocated first to satisfy the fee.

(b) If the obligee is not a recipient of public assistance, the first 10% of each amount collected must be allocated to satisfy the fee.

(6) The department, upon a showing of necessity, may waive or defer any fee assessed under this section.

Section 17. Section 40-5-208, MCA, is amended to read:

**"40-5-208. Medical support — obligation enforcement — sanctions.** (1) *(a)* In all proceedings initiated pursuant to this part *to establish a child support order, whether final or temporary, and in each modification of an existing order,* the department shall require *the obligor* to *obtain* and maintain health insurance coverage for each child *if* health insurance *coverage* is available through *the obligor's* employment *or other group health insurance plan. The order or modification of an order must include a statement that the insurance must be obtained and maintained whenever the department is providing support enforcement services and that the failure to do so may result in the imposition of sanctions under this section.*

*(b) If the support order or modification of an order does not include a provision requiring the obligor to provide health insurance coverage for a child, upon notice to the obligor that the child is receiving support enforcement services under Title IV-D of the Social Security Act, the obligor shall obtain and maintain health insurance coverage as provided for in subsection (1)(a). This insurance is in addition to:*

*(i) an order requiring the obligee to maintain health insurance coverage;*

*(ii) an agreement that the obligee will maintain health insurance coverage; or*

*(iii) a failure or omission of the court order or modification of an order to require health insurance coverage.*

*(2) (a) If the department is providing child support enforcement services and the obligor is required by an existing district court order or an administrative order under this section to provide health insurance coverage for a child, the department shall also enforce the health insurance obligation.*

HeinOnline -- 1989 vol. II 1940 1989

*(b) To ensure that health insurance coverage is available for the child, the obligor, upon written request by the department, shall provide the name of the insurance carrier, the policy identification name and number, the names of the persons covered, and any other pertinent information regarding coverage.*

*(3) (a) The department* may issue a notice commanding the *obligor* to appear at a hearing held by the department and show cause why a sum of not more than $100 should not be assessed for each month health insurance coverage is not secured or maintained *if the department determines an obligor has failed to:*

*(i) obtain or maintain health insurance coverage as required under this section; or*

*(ii) provide information required under this section.*

*(b)* If the department finds, after hearing or failure to appear, that health insurance coverage has not been *obtained* or maintained *or that the obligor has failed to provide the information required,* the department may assess against the obligated parent not more than $100 for each month health insurance coverage has not been *obtained* or maintained *or for each month information has not been provided.* Such amounts may be enforced by *any administrative remedy available to the department for the enforcement of child support obligations, including* warrant for distraint provided for in 40-5-241 *and income withholding provided for in Title 40, chapter 5, part 4.*

*(4) The health insurance coverage must be provided under this section even though it may reduce the amount of the child support obligation or reduce the obligor's ability to pay child support as required.*

(5) Any amounts collected pursuant to this section must be returned to the general fund to help offset expenditures for medicaid."

Section 18. Section 40-5-422, MCA, is amended to read:

**"40-5-422. Obligor rights protected — penalties.** *(1) An* employer may *not* discharge, discipline, or refuse to hire an obligor*:*

*(a) because the person has a child support obligation; or*

*(b)* because of the institution of income withholding on the obligor's income or the initiation of proceedings under this part.

*(2)* Any person who violates this section may be fined not more than $500 and not less than $150 and may be required to make full restitution to the aggrieved obligor, including reinstatement and backpay."

Section 19. Section 39-71-743, MCA, is amended to read:

**"39-71-743. Assignment or attachment of payments.** (1) No payments under this chapter shall be assignable, subject to attachment or garnishment, or be held liable in any way for debts, except:

(a) as provided in 71-3-1118; or

HeinOnline -- 1989 vol. II 1941 1989

(b) a portion of any lump-sum award or periodic payment to pay a monetary obligation for current or past-due child support, subject to the limitations in subsection (2), whenever the support obligation is established by order of a court of competent jurisdiction or by order rendered in an administrative process authorized by state law.

(2) Payments under this chapter are subject to assignment, attachment, or garnishment for child support as follows:

(a) for any periodic payment, an amount up to the percentage amount established in the guidelines promulgated *by the department of social and rehabilitation services pursuant to [section 3]*; or

(b) for any lump-sum award, an amount up to that portion of the award that is approved for payment on the basis of a past-due child support obligation.

(3) After determination that the claim is covered under the Workers' Compensation Act or Occupational Disease Act of Montana, the liability for payment of the claim is the responsibility of the appropriate workers' compensation insurer. No fee or charge shall be payable by the injured worker for treatment of injuries sustained if liability is accepted by the insurer."

Section 20. Section 40-4-209, MCA, is amended to read:

**"40-4-209. Security or guaranty to secure support.** (1) Upon verified application by a person authorized to enforce or collect a child support obligation the department of family services or the department of social and rehabilitation services showing that a person obligated to pay child support or maintenance pursuant to court or administrative order is delinquent in an amount equal to the total of 6 months' support payments, the court may direct the obligated person to appear and show cause why an order should not be entered ordering that he post bond, give a mortgage, or provide other security or guaranty for the payment of the delinquency.

(2) If the court finds that a delinquency greater than the total of 6 months of support is owed and that the obligated person has the ability to post bond, give a mortgage, or provide security or other guaranty, the court may enter an order requiring him to post bond, give a mortgage, or provide security or guaranty for so long as there is a support delinquency.

(3) The bond or other security may be in an amount up to the total support due for a 2-year period and must be approved by the court. The bond must include the name and address of the issuer. Any person issuing a bond under this section must, if the bond is cancelled, notify the court and the person or public agency entitled to receive payments under the support order.

(4) If the person obligated to pay child support or maintenance fails to make payments as required by the court or administrative order, the person or public agency entitled to receive payment may recover on the bond or other security. The amount recovered on the bond or other security must first be applied toward satisfaction of any support arrearages.

HeinOnline -- 1989 vol. II 1942 1989

(5) The department of *social and rehabilitation services* shall adopt guidelines which take into account the payment record of the obligated person, the availability of other remedies, and other considerations which it determines relevant for determining whether the procedure provided in this section would carry out the purpose of enforcing payments of child support or would be appropriate in the circumstances. If after application of the guidelines the department of *social and rehabilitation services* determines an application for an order requiring security is not appropriate, it may not request the order."

Section 21. Section 40-5-113, MCA, is amended to read:

**"40-5-113. Officials to represent obligee.** If this state is acting as an initiating state, the prosecuting attorney, upon the request of the court, the department of social and rehabilitation services, the department of family services, a county commissioner, or other local welfare officer, shall represent the obligee in any proceeding under this part. If the prosecuting attorney neglects or refuses to represent the obligee, the attorney general may order him to comply with the request of the court or may undertake the representation."

Section 22. Section 40-5-202, MCA, is amended to read:

**"40-5-202. Department of social and rehabilitation services — powers and duties regarding collection of support debt.** (1) Whenever the department of social and rehabilitation services or the department of family services receives an application for public assistance on behalf of a child and it appears to the satisfaction of that department that the child has been abandoned by his parents; the child and one parent have been abandoned by the other parent; or the parent or other person who has a responsibility for the care, support, or maintenance of *the* child has failed or neglected to give proper care or support to the child, the department of social and rehabilitation services shall promptly *take* action under the provisions of this part, the abandonment or nonsupport statutes, or other appropriate statutes of this state to *ensure* that the parent or other person responsible pays for the care, support, or maintenance of the dependent child.

(2) In the event that public assistance is furnished by a state or county agency or in instances where the department has contracted to collect support, the department shall become trustee of any cause of action of the dependent child or the person having legal custody of the dependent child to recover support due to that obligee from any person and may bring and maintain the action either in the department's own name or in the name of the obligee.

(3) The department has the power of attorney to act in the name of any recipient of public assistance in endorsing and cashing any and all drafts, checks, money orders, or other negotiable instruments received by the department and representing support payments for children in whose behalf public assistance has been previously paid.

(4) For purposes of prosecuting any civil action pursuant to this part, the department is a real party in interest upon the payment of public assistance. No obligee shall act to prejudice the rights of the department after the receipt of public assistance.

HeinOnline -- 1989 vol. II 1943 1989

(5) No agreement between any obligee and any obligor either relieving an obligor of any duty of support or purporting to settle past, present, or future support obligations either as settlement or prepayment may act to reduce or terminate any rights of the department to recover from that obligor for support debt provided unless the department has consented to the agreement in writing.

(6) The department may petition a court for modification of any court order on the same basis as a party to that action would have been entitled to do.

(7) The department shall be subrogated to the right of the child or children or person having the care, custody, and control of the child or children to maintain any civil action or execute any administrative remedy existing under the laws of the state to obtain reimbursement of money thus spent.

(8) If a district court orders an amount of support to be paid by a responsible parent, the department shall be subrogated to the debt created by the order and the money judgment shall be determined to be in favor of the department. This subrogation applies both to:

(a) the lesser of the amount paid in public assistance to or for the benefit of a dependent child or children of the responsible parent or the amount of support contained in the court order; and

(b) to any amount allocated to the benefit of the children on the basis of providing necessities for the caretaker of the children.

(9) The department may adopt and enforce *the* rules necessary to carry out the provisions of this part.

(10) The department, for the purposes mentioned in this part, through its director or the director's authorized representatives, may administer oaths to certify official acts, issue subpoenas, and compel witnesses and the production of books, accounts, documents, and evidence."

Section 23. Section 40-5-303, MCA, is amended to read:

**"40-5-303. Petition for income deduction — who may initiate.** A petition for an income deduction for the payment of delinquent child support payments may be made by:

(1) the person named as the recipient of the child support payments in the child support order;

(2) the child or the guardian of the child named in the child support order; or

(3) the department of family services or the department of social and rehabilitation services of the state of Montana."

Section 24. Section 40-5-403, MCA, is amended to read:

**"40-5-403. Definitions.** As used in this part, the following definitions apply:

HeinOnline -- 1989 vol. II 1944 1989

(1) "Department" means the department of *social and rehabilitation services* provided for in *2-15-2201*.

(2) "Income" means any form of periodic payment to a person, including earnings and wages. However, income does not include:

(a) any amount required by law to be withheld, other than creditor claims, including federal, state, and local taxes and social security; and

(b) any amounts exempted from judgment, execution, or attachment by federal or state law.

(3) "Obligee" means either a person to whom a duty of support is owed or a public agency of this or another state to which a person has assigned the right to receive current and accrued support payments.

(4) "Obligor" means a person who owes a duty to make payments under a support order.

(5) "Payor" means any payor of income to an obligor on a periodic basis and includes any person, firm, corporation, association, employer, trustee, political subdivision, state agency, or any agent thereof, who is subject to the jurisdiction of the courts of this state under Rule 4B of the Montana Rules of Civil Procedure.

(6) "Support order" means an order of the district court of the state of Montana, an order of a court of appropriate jurisdiction of another state, an administrative order established pursuant to proceedings under part 2 of this chapter, or an order established by administrative hearing process of an agency of another state with functions similar to those of the department set forth in part 2 of this chapter, that provides a set and determinable amount for temporary or final periodic payment of funds for the support of a child. Support order further includes the following:

(a) an order for reimbursement of public assistance money paid by a public agency for the benefit of a minor child;

(b) an order for maintenance to be paid to a former spouse when the former spouse is the custodial parent of a child for whom child support is awarded under the same order; and

(c) an order requiring payment of interest due on unpaid judgments for child support."

Section 25. Section 53-2-613, MCA, is amended to read:

**"53-2-613. Application for assistance — assignment of support rights.** (1) Applications for public assistance, including but not limited to aid to families with dependent children and medical assistance, must be made to the county department of public welfare in the county in which the person is residing. The application shall be submitted, the manner and form prescribed by the department of social and rehabilitation services, and shall contain information required by the department of social and rehabilitation services.

(2) A person by signing an application for public assistance assigns to the state, the department of social and rehabilitation services, and to the

HeinOnline -- 1989 vol. II 1945 1989

county welfare department all rights the applicant may have to support and medical payments from any other person in his own behalf or in behalf of any other family member for whom application is made.

(3) The assignment:

(a) is effective for both current and accrued support and medical obligations;

(b) takes effect upon a determination that the applicant is eligible for public assistance;

(c) remains in effect with respect to the amount of any unpaid support and medical obligation accrued under the assignment that was owed prior to the termination of public assistance to a recipient.

(4) Whenever a support obligation *is* assigned to the department of social and rehabilitation services pursuant to this section, the following provisions apply:

(a) If such support obligation is based upon a judgment or decree or an order of a court of competent jurisdiction, the department may retain assigned support amounts in an amount sufficient to reimburse public assistance money expended.

(b) No recipient or former recipient of public assistance may commence or maintain an action to recover a delinquent support obligation without notifying the department. The department may then release or relinquish its assigned interest or enter the proceeding. This subsection (4)(b) does not limit the right of any person to recover money not assigned.

(c) If a notice of assigned interest is filed with the district court, the clerk of the court may not pay over or release for the benefit of any recipient or former recipient of public assistance any amounts received pursuant to a judgment or decree or an order of the court until the department has filed a written notice that:

(i) the assignment of current support amounts has been terminated; and

(ii) all assigned support delinquencies, if any, are satisfied or released.

(d) No recipient or former recipient of public assistance may take action to modify or make any agreement to modify, settle, or release any past, present, or future support obligation unless the department is given written notice and an opportunity to participate. Any modifications or agreements entered into without the participation of the department are void with respect to the state, the department of social and rehabilitation services, and the county welfare department."

Section 26. Section 40-5-241, MCA, is amended to read:

**"40-5-241. Warrant for distraint.** *(1)* Thirty-one days after receipt or refusal of notice of debt under provisions of 40-5-222 or 31 days after service of notice of debt or as otherwise appropriate under the provisions of 40-5-223 and 40-5-224, the department may issue a warrant for distraint based on the amount of the support debt *plus penalty and fees, if any, and accumulated interest.*

HeinOnline -- 1989 vol. II 1946 1989

*(2) A warrant for distraint is an order, under the official seal of the department, directed to a sheriff of any county of Montana or to any agent authorized by law to enforce a district court judgment. The order commands the recipient to levy upon and sell the real and personal property of a delinquent obligor."*

Section 27. **Filing warrant with district court — effect of filing — release.** (1) After issuing a warrant, the department may file the warrant with the clerk of a district court. The clerk shall file the warrant in the judgment docket, with the name of the delinquent obligor listed as the judgment debtor.

(2) Upon filing the warrant, there is a lien against all real and personal property of the delinquent obligor located in the county where the warrant is filed. The resulting lien is treated in the same manner as a properly docketed judgment lien, and the department may collect delinquent child support and enforce the lien in the same manner as a judgment is enforced. The lien is for the amount indicated on the warrant plus accrued interest from the date of the warrant.

(3) (a) A copy of the filed warrant may be sent by the department to the sheriff or authorized agent. Upon receipt of a copy of the filed warrant, the sheriff or authorized agent shall proceed to execute upon the warrant in the same manner as prescribed for execution upon a judgment.

(b) A sheriff or agent shall return a warrant along with any funds collected within 90 days of the receipt of the copy of the warrant.

(c) If the warrant is returned not fully satisfied the department has the same remedies to collect the deficiency as are available for any civil judgment.

(4) (a) Upon receiving payment in full of the unpaid child support amount plus penalty and fees, if any, and accumulated interest, the department shall release the lien.

(b) Upon receiving partial payment of the unpaid child support amount or if the department determines that a release or partial release of the lien will facilitate the collection of the unpaid amount, penalty, and interest, the department may release or may partially release the lien acquired by filing the warrant for distraint. The department may release the lien if it determines that the lien is unenforceable.

(5) The use of the warrant for distraint is not exclusive, and the department may use any other remedy provided by law for the collection of child support amounts.

Section 28. **Name change — code commissioner instruction — reorganization procedure.** (1) (a) In 17-4-105(3)(d), 31-3-127, 40-5-201, and 40-5-205 the term "department of revenue" or "department", meaning the department of revenue, is changed to "department of social and rehabilitation services" or "department", meaning the department of social and rehabilitation services.

(b) The code commissioner is instructed to substitute the term "department of social and rehabilitation services" or "department", meaning the department of social and rehabilitation services, for the term "department

HeinOnline -- 1989 vol. II 1947 1989

of revenue" or "department", meaning the department of revenue, in legislation enacted by the 51st legislature relating to the enforcement of child support.

(2) The provisions of 2-15-131 through 2-15-137 govern the transfer of the authority for the child support enforcement function from the department of revenue to the department of social and rehabilitation services. It is intended that the current employees of the department of revenue whose functions are transferred to the department of social and rehabilitation services shall retain the employment rights consistent with their positions at the time of transfer.

Section 29. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 30. **Coordination.** If [this act] and Senate Bill No. 70 are both passed and approved, then the amendment to 40-4-204 in Senate Bill No. 70 is void.

Section 31. **Codification instruction.** [Sections 3, 16, and 27] are intended to be codified as an integral part of Title 40, chapter 5, part 2, and the provisions of Title 40, chapter 5, part 2, apply to [sections 3, 16, and 27]. [Section 5] is intended to be codified as an integral part of Title 40, chapter 5, part 4, and the provisions of Title 40, chapter 5, part 4, apply to [section 5].

Section 32. **Applicability.** [This act] applies to child support orders and modifications of child support orders issued after September 30, 1989.

Section 33. **Effective date.** [Sections 19 through 29 and this section] are effective July 1, 1989.

Approved May 22, 1989.

# CHAPTER NO. 703

[SB 130]

AN ACT TO REQUIRE THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES TO SEEK AN AGREEMENT WITH THE UNITED STATES SECRETARY OF HEALTH AND HUMAN SERVICES FOR THE PURPOSE OF ESTABLISHING A DEMONSTRATION PROGRAM TO TEST A POLICY THAT WOULD ALLOW RECIPIENTS OF THE AID TO FAMILIES WITH DEPENDENT CHILDREN-UNEMPLOYED PARENT PROGRAM TO WORK MORE THAN 100 HOURS IN A MONTH AND STILL RETAIN ELIGIBILITY FOR PUBLIC ASSISTANCE; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

STATEMENT OF INTENT

It is the intent of the legislature in enacting this bill to establish a demonstration program that would allow individuals who, in the preceding month, qualified for the aid to families with dependent children-unemployed parent (AFDC-UP) program to work 100 hours or more in a month and still retain eligibility for public assistance, including medicaid.

Under current federal regulations, a recipient of the AFDC-UP program is prohibited from working 100 hours or more in any month, except if the

work is intermittent. These regulations, which are found in 45 C.F.R. 233.100, exist to provide a definition of "unemployed parent" for purposes of eligibility under the AFDC-UP program.

This bill is intended to eliminate the work disincentives inherent in the current federal regulations and to encourage AFDC-UP recipients to work. The bill is not intended to expand eligibility for the AFDC-UP program to include persons who do not meet the current requirements for initial participation in the program.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Demonstration program — purpose.** (1) The department of social and rehabilitation services shall seek an agreement with the U.S. secretary of health and human services in order to establish a demonstration program as authorized under section 503 of the federal Family Support Act of 1988, Public Law 100-485.

(2) The purpose of the program under subsection (1) is to test a policy that would either eliminate or modify the requirements of 45 CFR 233.100 to allow unemployed recipients of aid to families with dependent children to work more than 100 hours in a month and still retain eligibility for public assistance.

Section 2. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 3. **Effective date.** [This act] is effective on passage and approval.

Approved May 22, 1989.

# CHAPTER NO. 704

[SB 132]

AN ACT TO GENERALLY REVISE THE COLLECTION OF DELINQUENT PROPERTY TAXES AND THE SALE OF TAX-DEED LAND BY THE COUNTY; PROVIDING FOR SALE OTHER THAN BY AUCTION IF NO BID IS RECEIVED AT TWO SALES; LENGTHENING THE NOTIFICATION PERIOD; CHANGING WHEN PROOF OF NOTICE MUST BE FILED BY THE COUNTY CLERK AND COUNTY TREASURER; ALLOWING THE PAYMENT OF CURRENT YEAR TAXES WITHOUT THE PAYMENT OF DELINQUENT TAXES; DEFINING THE TERM "COST" FOR PURPOSES OF TITLE 15, CHAPTERS 17 AND 18; REVISING THE AMOUNT TO BE PAID BY REDEMPTION; REVISING THE DISTRIBUTION OF REDEMPTION PROCEEDS; AMENDING SECTIONS 7-8-2301, 7-8-2304, 15-16-102, 15-17-121, 15-18-112, 15-18-114, 15-18-212, AND 15-18-214, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is not required for this bill but is included to make clear that the purpose of this bill is to clarify the provisions of Senate Bill

HeinOnline -- 1989 vol. II 1949 1989

No. 162 (Chapter 587, Laws of 1987), relating to partial payments of delinquent property taxes and to the procedures governing the sale of property for delinquent taxes.

In addition, this bill defines the term "costs", clarifies how redemption proceeds are distributed, requires a person who redeems property to pay the taxes and other charges that have been assessed since the date of the sale of the tax lien, revises the method by which county tax-deed land is sold, lengthens the notification period prior to issuing a tax deed, changes the time when proof of notice must be filed, and clarifies the effect of the tax deed.

In 1987, the legislature enacted 15-16-102(5) authorizing the partial payment of delinquent property taxes. The attorney general in 42 Attorney General Opinion opined, however, that a partial payment made pursuant to 15-16-102(5) does not toll the redemption period. In order to redeem the property, the attorney general stated that the taxpayer had to pay all of the delinquent taxes, including penalty and interest, plus all subsequently assessed taxes.

The intent of this bill is to reverse the attorney general's opinion. It is the intent of the legislature that each tax year for which property taxes are delinquent has a separate 36- or 18-month redemption period. If a partial payment is made for a particular tax year, a tax deed may not be issued based on that tax year because the taxes for that year have been paid.

For example, assume that the 1984, 1985, 1986, 1987, and 1988 property taxes are delinquent. Assume further that a 36-month redemption period applies to the property on which the taxes have not been paid. In February 1989, the current year, as that term is used in 15-16-102(5), is the 1988 tax year for which taxes are due on November 20, 1988, and May 31, 1989. The 36-month redemption period has expired for 1984, and it will expire for the 1985 taxes in the summer of 1989. This bill contemplates that a taxpayer may pay his 1988 taxes, even though the first half is delinquent. After the 1988 taxes are paid, the taxpayer may redeem the property for the 1984 tax year by paying the 1984 taxes.

The taxpayer may still lose his property unless he pays his 1985 taxes before the tax deed is issued. Because the current year and the most delinquent year are paid, the taxpayer may redeem the property for the 1985 tax year by paying the 1985 taxes.

In 1990, the taxpayer would have to pay the 1989 taxes before he could pay the 1986 taxes to redeem the property for the 1986 tax year. Following this pattern, the taxpayer would be current on all taxes after 3 years.

As used in this statement of intent, taxes include penalty, interest, and costs.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 15-16-102, MCA, is amended to read:

**"15-16-102. Time for payment — penalty for delinquency.** All taxes levied and assessed in the state of Montana, except assessments made

HeinOnline -- 1989 vol. II 1950 1989

for special improvements in cities and towns payable under 15-16-103 and assessments made on interim production and new production as provided in Title 15, chapter 23, part 6, and payable under 15-16-121, shall be payable as follows:

(1) One-half of the amount of such taxes shall be payable on or before 5 p.m. on November 30 of each year or within 30 days after the tax notice is postmarked, whichever is later, and one-half on or before 5 p.m. on May 31 of each year.

(2) Unless one-half of such taxes are paid on or before 5 p.m. on November 30 of each year or within 30 days after the tax notice is postmarked, whichever is later, then such amount so payable shall become delinquent and shall draw interest at the rate of 5/6 of 1% per month from and after such delinquency until paid and 2% shall be added to the delinquent taxes as a penalty.

(3) All taxes due and not paid on or before 5 p.m. on May 31 of each year shall be delinquent and shall draw interest at the rate of 5/6 of 1% per month from and after such delinquency until paid and 2% shall be added to the delinquent taxes as a penalty.

(4) If the date on which taxes are due falls on a holiday or Saturday, taxes may be paid without penalty or interest on or before 5 p.m. of the next business day in accordance with 1-1-307.

(5) *A taxpayer may pay his current year taxes without paying delinquent taxes. The* county treasurer *must* accept a partial payment equal to the delinquent taxes, including penalty and interest, for one or more full taxable years, provided both halves of the current tax year have been paid. Payment of delinquent taxes must be applied to the taxes that have been delinquent the longest. *The payment of the current tax year is not a redemption of the property tax lien for any delinquent tax year.*"

Section 2. Section 15-17-121, MCA, is amended to read:

**"15-17-121. Definitions.** Except as otherwise specifically provided, when terms mentioned in Title 15, chapters 17 and 18, are used in connection with taxation, they are defined in the following manner:

(1) "Certificate" or "tax sale certificate" means the document described in 15-17-212.

*(7)* "Tax sale" means:

(a) with respect to real property and improvements, the offering for sale by the county treasurer of a property tax lien representing delinquent taxes, including penalties, interest, and costs; and

Section 3. Section 15-18-114, MCA, is amended to read:

**"15-18-114. Distribution of redemption proceeds.** (1) When a property tax lien for which the county is listed as purchaser is redeemed, the money received from the redemption, including penalties and interest but not costs, must be distributed to the credit of the various funds to which the taxes would have originally been distributed and in the same proportion as the taxes would have originally been distributed.

(2) (a) When a property tax lien for which the recorded purchaser is other than the county is redeemed, *the county treasurer shall distribute* to the person listed as the purchaser on the tax sale certificate and in the record kept by the county treasurer *the amount the purchaser paid the county for the property tax lien plus any subsequent amount paid pursuant to 15-18-112 plus interest, as specified in 15-16-102, from the date of payment until the date of redemption. Any . ·ey remaining after distributing redemption proceeds to the purchaser oth·.· than the county must be distributed pursuant to subsection (1).*

HeinOnline -- 1989 vol. II 1952 1989

(b) (i) The distribution must be made by certified mail by the county treasurer to the purchaser at the address listed on the tax sale certificate as provided in 15-17-212(1)(e).

(ii) If the money distributed to the purchaser is returned unopened to the county treasurer, the treasurer shall publish once a week for 2 consecutive weeks in the official newspaper of the county a notice stating that:

(A) the county treasurer is in possession of money belonging to the purchaser for the redemption of the delinquency on the property named in the tax sale certificate;

(B) the money will be held by the county treasurer for a period of 1 year from the date of publication; and

(C) if the money is not claimed by the purchaser within the 1-year period, the purchaser relinquishes all claim to the money and the money will be credited to the county general fund.

*(3) The property tax lien may also be redeemed for a particular tax year by a partial payment of that tax year as provided in 15-16-102(5) if:*

*(a) the property tax lien for the year in which the partial payment is made is owned by the county; and*

*(b) the tax deed has not been issued pursuant to 15-18-211.*"

Section 5. Section 15-18-214, MCA, is amended to read:

**"15-18-214. Effect of deed.** (1) A deed issued under this chapter conveys to the grantee absolute title to the property described therein as of the date of the expiration of the redemption period, free and clear of all liens and encumbrances, except:

(2) *A* sale *may not* be made for a price less than the fair market value *of the land*, as determined and fixed by the board prior to making the order of sale. In determining fair market value, the board shall subtract the amount of outstanding assessments that are a lien on the land from the unencumbered value of the land, but the minimum sale price for a parcel of land may not be less than $10.

(3) If no bids are received at a sale of tax-deed land, the board shall order another auction sale of *the* land under this part within 6 months and *may*, if required by the circumstances, redetermine the fair market value of the land under subsection (2).

*(4) If no bid is received at the sale conducted under subsection (3), the board may dispose of the land as provided in 7-8-2218."*

Section 7. Section 7-8-2304, MCA, is amended to read:

**"7-8-2304. Terms for sale of tax-deed land.** (1) *A* sale *must* be made for cash or, in the case of real property, on terms *that* the board of county commissioners *approves.*

(2) (a) If *the* sale is made on terms, at least 20% of the purchase price *must* be paid in cash at the date of sale and the remainder may be paid in installments extending over a period not to exceed 5 years. All deferred payments bear interest at the rate of 8% per annum.

(b) If a sale is made on terms, the chairman of the board shall execute a contract containing *the* terms *that are* provided by a contract *approved* by the department of revenue."

Section 8. Section 15-18-212, MCA, is amended to read:

**"15-18-212. Notice — proof of notice — penalty for failure to notify.** (1) Not more than 60 days prior to and not more than 60 days following the expiration of the redemption period provided in 15-18-111, a notice must be given as follows:

HeinOnline -- 1989 vol. II 1954 1989

(a) for each property for which there has been issued to the county a tax sale certificate or for which the county is otherwise listed as the purchaser or assignee, the county clerk shall notify all persons considered interested parties in the property and the current occupant of the property, if any, that a tax deed may be issued to the county unless the property tax lien is redeemed prior to the expiration date of the redemption period; or

(b) for each property for which there has been issued a tax sale certificate to a purchaser other than the county or for which an assignment has been made, the purchaser or assignee, as appropriate, shall notify all persons considered interested parties in the property, if any, that a tax deed will be issued to the purchaser or assignee unless the property tax lien is redeemed prior to the expiration date of the redemption period.

(2) (a) Except as provided in subsection (2)(b), if the county is the purchaser, no assignment has been made, and the board of county commissioners has not directed the county treasurer to issue a tax deed during the period described in subsection (1) but the board of county commissioners at a time subsequent to the period described in subsection (1) does direct the county treasurer to issue a tax deed, the county clerk must provide notification to all interested parties and the current occupant, if any, in the manner provided in subsection (1)(a). The notification required under this subsection must be made not less than 60 days or more than *120* days prior to the date on which the county treasurer will issue the tax deed.

(b) If the county commissioners direct the county treasurer to issue a tax deed within 6 months after giving the notice required by subsection (1)(a), no additional notice need be given.

(3) (a) If a purchaser other than the county or an assignee fails or neglects to give notice as required by subsection (1)(b), which failure or neglect is evidenced by failure of the purchaser or assignee to file proof of notice with the county clerk as required in subsection (7), the county treasurer shall proceed to give notice in the manner provided in subsection (1)(a).

(b) Notice given under this subsection (3) must be given not less than 60 days or more than *120* days prior to the date on which the county treasurer will issue the tax deed.

(c) A purchaser or assignee who fails to give notice as required by subsection (1)(b), thereby forcing notification to be given under this subsection (3), must be charged a penalty of $500 plus all actual costs of notification incurred by the county proceeding under this subsection (3).

(4) The notice required under subsections (1) through (3) must be made by certified mail to each interested party and the current occupant, if any, of the property. The address to which the notice must be sent is, for each interested party, the address disclosed by the records in the office of the county clerk and, for the occupant, the street address or other known address of the subject property.

(5) In all cases in which the address of an interested party is not known, the person required to give notice shall, within the period described in subsection (1) or not less than 60 days or more than *120* days prior to

HeinOnline -- 1989 vol. II 1955 1989

the date upon which the county treasurer will otherwise issue a tax deed, whichever is appropriate, *commence publishing* once a week for 2 successive weeks, in the official newspaper of the county or such other newspaper as the board of county commissioners may by resolution designate, a notice containing the information contained in subsection (6), plus:

(a) the name of the interested party for whom the address is unknown;

(b) a statement that the address of the interested party is unknown;

(c) a statement that the published notice meets the legal requirements for notice of a pending tax deed issuance; and

(d) a statement that the interested party's rights in the property may be in jeopardy.

(6) The notices required by subsections (1) through (3) and (5) must contain the following:

(a) a statement that a property tax lien exists on the property as a result of a property tax delinquency;

(b) a description of the property on which the taxes are or were delinquent, which description must be the same as the description of the property on the tax sale certificate or in the record described in 15-17-214(2)(b);

(c) the date that the property taxes became delinquent;

(d) the date that the property tax lien attached as the result of a tax sale;

(e) the amount of taxes due, including penalties, interest, and costs, as of the date of the notice of pending tax deed issuance, which amount must include a separate listing of the delinquent taxes, penalties, interest, and costs that must be paid for the property tax lien to be liquidated;

(f) the name and address of the purchaser;

(g) the name of the assignee if an assignment was made as provided in 15-17-323;

(h) the date that the redemption period expires or expired;

(i) a statement that if all taxes, penalties, interest, and costs are not paid to the county treasurer on or prior to the date on which the redemption period expires or on or prior to the date on which the county treasurer will otherwise issue a tax deed that a tax deed may be issued to the purchaser on the day following the date on which the redemption period expires or on the date on which the county treasurer will otherwise issue a tax deed; and

(j) the business address and telephone number of the county treasurer who is responsible for issuing the tax deed.

(7) *Proof* of notice in whatever manner given must be filed with the county clerk. *If the purchaser or assignee is other than the county, the proof of notice must be filed with the county clerk within 30 days of the mailing or publishing of the notice. If the purchaser or assignee is the*

*county or if the county treasurer is required to give notice pursuant to subsection (3), the proof of notice must be filed before the issuance of the tax deed under this chapter.* Once filed, the proof of notice is prima facie evidence of the sufficiency of the notice.

(8) A county or any officer of a county may not be held liable for any error of notification."

# CHAPTER NO. 706

[SB 282]

AN ACT PROVIDING A CREDIT AGAINST MONTANA INCOME TAXES FOR AMOUNTS PAID BY AN EMPLOYER FOR DEPENDENT CARE ASSISTANCE PROVIDED TO OR ON BEHALF OF AN EMPLOYEE; AMENDING SECTION 15-30-201, MCA; AND PROVIDING AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Credit for dependent care assistance.** (1) There is a credit against the taxes otherwise due under this chapter allowable to an employer for amounts paid or incurred during the taxable year by the employer for dependent care assistance actually provided to or on behalf of an employee if the assistance is furnished by a registered or licensed day-care provider and pursuant to a program that meets the requirements of section 89(k) and 129(d)(2) through (6) of the Internal Revenue Code.

(2) (a) The amount of the credit allowed under subsection (1) is 15% of the amount paid or incurred by the employer during the taxable year, but the credit may not exceed $1,250 of day-care assistance actually provided to or on behalf of the employee.

(b) For the purposes of this subsection, marital status must be determined under the rules of section 21(e)(3) and (4) of the Internal Revenue Code.

HeinOnline -- 1989 vol. II 1958 1989

(c) In the case of an onsite facility, the amount upon which the credit allowed under subsection (1) is based, with respect to any dependent, must be based upon utilization and the value of the services provided.

(3) An amount paid or incurred during the taxable year of an employer in providing dependent care assistance to or on behalf of any employee does not qualify for the credit allowed under subsection (1) if the amount was paid or incurred to an individual described in section 129(c)(1) or (2) of the Internal Revenue Code.

(4) An amount paid or incurred by an employer to provide dependent care assistance to or on behalf of an employee does not qualify for the credit allowed under subsection (1) if the amount is paid or incurred pursuant to a salary reduction plan or is paid or incurred for services not performed within this state.

(5) If the credit allowed under subsection (1) is claimed, the amount of any deduction allowed or allowable under this chapter for the amount that qualifies for the credit (or upon which the credit is based) must be reduced by the dollar amount of the credit allowed. The election to claim a credit allowed under this section must be made at the time of filing the tax return.

(6) The amount upon which the credit allowed under subsection (1) is based may not be included in the gross income of the employee to whom the dependent care assistance is provided. However, the amount excluded from the income of an employee under this section may not exceed the limitations provided in section 129(b) of the Internal Revenue Code. For purposes of Title 15, chapter 30, part 2, with respect to an employee to whom dependent care assistance is provided, "wages" does not include any amount excluded under this subsection. Amounts excluded under this subsection do not qualify as expenses for which a deduction is allowed to the employee under 15-30-121.

(7) Any tax credit otherwise allowable under this section that is not used by the taxpayer in a particular year may be carried forward and offset against the taxpayer's tax liability for the next succeeding tax year. Any credit remaining unused in the next succeeding tax year may be carried forward and used in the second succeeding tax year, and likewise through the fifth year succeeding the tax year in which the credit was first allowed or allowable. A credit may not be carried forward beyond the fifth succeeding tax year.

(8) If the taxpayer is an S corporation, as defined in section 1361 of the Internal Revenue Code, and the taxpayer elects to take tax credit relief, the election may be made on behalf of the corporation's shareholders. A shareholder's credit must be computed using the shareholder's pro rata share of the corporation's costs that qualify for the credit. In all other respects, the effect of the tax credit applies to the corporation as otherwise provided by law.

(9) For purposes of the credit allowed under subsection (1):

(a) The definitions and special rules contained in section 129(e) of the Internal Revenue Code apply to the extent applicable.

HeinOnline -- 1989 vol. II 1959 1989

(b) "Employer" means an employer carrying on a business, trade, occupation, or profession in this state.

(c) "Internal Revenue Code" means the federal Internal Revenue Code as amended and in effect on January 1, 1989.

Section 2. **Credit for dependent care assistance.** There is a credit against the taxes otherwise due under this chapter allowable to an employer for amounts paid or incurred during the taxable year by the employer for dependent care assistance. The credit must be computed in accordance with the provisions of [section 1].

Section 3. Section 15-30-201, MCA, is amended to read:

**"15-30-201. Definitions.** When used in 15-30-201 through 15-30-209, the following definitions apply:

(1) "Agricultural labor" includes all services performed on a farm or ranch in connection with cultivating the soil or in connection with raising or harvesting any agricultural or horticultural commodity, including the raising, shearing, feeding, caring for, training, and management of livestock, bees, poultry, and fur-bearing animals and wildlife.

(2) "Employee" includes an officer, employee, or elected public official of the United States, the state of Montana, or any political subdivision thereof or any agency or instrumentality of *the United States, the state of Montana, or a political subdivision thereof.* The term "employee" also includes an officer of a corporation.

(3) "Employer" means the person for whom an individual performs or performed any service, of whatever nature, as *an* employee of *the* person; except that if the person for whom the individual performs or performed the service does not have control of the payment of the wages for *the* service, the term "employer" means the person having control of the payment of wages.

(4) "Wages" means all remuneration (other than fees paid to a public official) for services performed by an employee for his employer, including the cash value of all remuneration paid in any medium other than cash, except that *the* term *does* not include remuneration paid:

(a) for active service as a member of the regular armed forces of the United States, as defined in 10 U.S.C. 101(33);

(b) for agricultural labor as defined in subsection (1);

(c) for domestic service in a private home, local college club, or local chapter of a college fraternity or sorority;

HeinOnline -- 1989 vol. II 1972 1989

Section 5. **Information gathering and access.** (1) The department may undertake any investigative or other information-gathering action that it considers necessary or appropriate for determining the need for remedial action, choosing or taking a remedial action, or otherwise enforcing the provisions of this part.

(2) Any authorized officer, employee, or representative of the department may require a person who has or may have information relevant to a release or threatened release of a hazardous or deleterious substance to furnish, upon request, any information or documents relating to but not limited to the following matters:

(a) the identification, nature, and quantity of a hazardous or deleterious substance that has been or is being generated, treated, stored, or disposed of at or transported from a facility;

(b) the nature or extent of a release or threatened release of a hazardous or deleterious substance at or from a facility;

(c) information relating to the ability of a person to pay for or to perform a cleanup; and

(d) any other information relevant to the department's determination of the appropriate remedial action to be taken or to the enforcement of this part.

(3) For purposes of assisting the department in acquiring information relevant to the need for, the determination of, or the taking of remedial action or otherwise enforcing the provisions of this part, any authorized officer, employee, or representative of the department is authorized to:

(a) enter or have access at reasonable times to any facility or other place or property where:

(i) a hazardous or deleterious substance may be or has been generated, stored, treated, disposed of, or transported from;

(ii) there has been or may be a release of a hazardous or deleterious substance;

(iii) records or other relevant information regarding a release or threatened release is located;

(iv) entry is necessary to determine the need for any appropriate remedial action; or

(v) entry is necessary to effectuate a remedial action under this part; and

(b) inspect and obtain samples from the facility or other place or property referred to in subsection (3)(a) or from any location where a suspected hazardous or deleterious substance may be located. Any authorized officer, employee, or representative of the department is authorized to inspect and obtain samples of containers or labeling for suspected hazardous or deleterious substances. Each such inspection must be completed with reasonable promptness. If the authorized officer, employee, or representative obtains samples, before leaving the premises he shall give to the owner, operator,

HeinOnline -- 1989 vol. II 1973 1989

tenant, or other person in charge of the place from which the samples were obtained a receipt describing the sample obtained and, if requested, a portion of each sample. A copy of the results of any analysis made of such samples must be furnished promptly to the owner, operator, tenant, or other person in charge if such person can be located.

(4) The department may issue subpoenas for the attendance and testimony of witnesses and the production of relevant papers, books, or documents relating to the matters in [section 5(2)(a) through (2)(d)]. The method for service of subpoenas and payment of witness fees and mileage is the same as that required in civil actions in the district courts of the state. In case of a refusal to obey a subpoena issued and served upon a person pursuant to this subsection, the district court for a district in which the person is found, resides, or transacts business, upon application of the department and after notice to the person, has jurisdiction to issue an order requiring the person to appear and either give testimony or produce documents, or both, before a hearing officer. A failure to obey the order of the court may be punished by the court as a contempt.

(5) If consent is not granted regarding a request made by an authorized officer, employee, or representative under this section, the director of the department may issue an order directing compliance with the request.

(6) The department may commence a civil action to compel compliance with an order issued pursuant to this section.

(7) In any action commenced pursuant to subsection (6) when the court determines that there may be an imminent and substantial threat to public health, safety, or welfare or the environment, the court shall enjoin any activity that constitutes a failure to comply with the order and shall direct compliance with the order unless, under the circumstances of the case, the order is arbitrary and capricious or otherwise not in accordance with law.

(8) Persons subject to the requirements of this section may make a written claim of confidentiality for information unique to the owner or operator of a facility that would, if disclosed, reveal methods or processes entitled to protection as trade secrets. The claim of confidentiality must be clearly designated on the materials at the time they are obtained by the department. If the department accepts the characterization, it shall maintain that information as confidential. Information describing physical or chemical characteristics of hazardous or deleterious substances that have been or may be released into the environment are not considered confidential. The department has access to and may use any trade secret information in carrying out the activities of this part as may be necessary to protect the public health, safety, or welfare or the environment while maintaining the information as confidential.

Section 6. Section 75-10-711, MCA, is amended to read:

**"75-10-711. Remedial action — orders — penalties — judicial proceedings.** (1) The department may take remedial action whenever:

(a) there has been a release or there is a substantial threat of a release *into the environment that may present an imminent and substantial*

HeinOnline -- 1989 vol. II 1974 1989

*endangerment to the public health, welfare, or safety or the environment*; and

(b) the appropriate remedial action will not be done properly and expeditiously by *by any person liable under 75-10-715(1).*

(2) Whenever the department is authorized to act pursuant to subsection (1) or has reason to believe that a release has occurred or is about to occur, the department may undertake *remedial action in the form of* any investigation, monitoring, survey, testing, or other information-gathering *as authorized by [section 5]* that is necessary and appropriate to identify the existence, nature, origin, and extent of the release or the threat of release and the extent and imminence of the danger to the public health, *safety, or* welfare or the environment.

(3) Any person *liable under 75-10-715(1)* must take immediate action to contain, remove, and abate the release. Except as provided in 75-10-712, the department is authorized to draw upon the fund to take action under *subsection* (1) if it has made diligent good faith efforts to determine the identity of the *person* or *persons liable* for the release or threatened release and:

(a) is unable to determine the identity of the *liable person* or *persons* in a manner consistent with the need to take timely remedial action; or

(b) the *person* or *persons* determined by the department to be *liable under 75-10-715(1)* have been informed in writing of the department's determination and have been requested by the department to take appropriate remedial action but are unable or unwilling to take action in a timely manner; *and*

*(c) the* written notice to *each person informs him* that if *he* is subsequently found liable pursuant to 75-10-715*(1)*, he may be required to reimburse the fund for the *state's* remedial action *costs* and may be subject to *penalties pursuant to 75-10-715(3).*

*(4) Whenever the department is authorized to act pursuant to subsection (1) or has reason to believe that a release that may pose an imminent and substantial threat to public health, safety, or welfare or the environment has occurred or is about to occur, it may issue to any person liable under 75-10-715(1) cease and desist, remedial, or other orders as may be necessary or appropriate to protect public health, safety, or welfare or the environment.*

*(5) A person who violates or fails or refuses to comply with an order issued under [section 5] or this section may, in an action brought to enforce the order, be assessed a civil penalty of not more than $10,000 for each day in which a violation occurs or a failure or refusal to comply continues. In determining the amount of any penalty assessed, the court may take into account the nature, circumstances, extent, and gravity of the noncompliance and, with respect to the person liable under 75-10-715(1), his ability to pay; any prior history of such violations; the degree of culpability; the economic benefit or savings, if any, resulting from the noncompliance; and any other matters as justice may require. Civil penalties collected under this subsection must be deposited into the environmental quality protection fund established in 75-10-704.*

HeinOnline -- 1989 vol. II 1975 1989

*(6) A court has jurisdiction to review an order issued under [section 5] or this section only in the following actions:*

*(a) an action under 75-10-715 to recover remedial action costs or penalties or for contribution;*

*(b) an action to enforce an order issued under [section 5] or this section;*

*(c) an action to recover a civil penalty for violation of or failure to comply with an order issued under [section 5] or this section; or*

*(d) an action by a person to whom an order has been issued to determine the validity of the order, only if the person has been in compliance and continues in compliance with the order pending decision of the court.*

*(7) In considering objections raised in a judicial action regarding orders issued under this part, the court shall uphold and enforce an order issued by the department unless the objecting party can demonstrate, on the administrative record, that the department's decision to issue the order was arbitrary and capricious or otherwise not in accordance with law.*

*(8) Instead of issuing a notification or an order under this section, the department may bring an action for legal or equitable relief in the district court of the county where the release or threatened release occurred or in the first judicial district as may be necessary to abate any imminent and substantial endangerment to the public health, safety, or welfare or the environment resulting from the release or threatened release."*

Section 7. Section 75-10-712, MCA, is amended to read:

**"75-10-712. Emergency action.** If the department determines that immediate response to an imminent threat to public health, *safety, or* welfare or the environment is necessary to avoid substantial injury or damage to persons, property, or resources, remedial action may be taken pursuant to 75-10-711(1) without the prior written notice required by 75-10-711(3). *The* department *shall* give subsequent written notice to the *person liable under 75-10-715(1)* within 5 days after the action is taken, describing the circumstances which required the action to be taken without prior notice."

Section 8. **Liability of remedial action contractor.** (1) A person who is a remedial action contractor with respect to a release or threatened release of a hazardous or deleterious substance is not liable under this part to any person for injuries, costs, damages, expenses, or other liability that results from the release or threatened release, including but not limited to claims for indemnification or contribution and claims by third parties for death, personal injury, illness, loss or damage to property, or economic loss.

(2) Immunity from liability, pursuant to subsection (1), does not apply in the case of a release that is caused by conduct of the remedial action contractor that is negligent or grossly negligent or that constitutes intentional misconduct.

(3) This section does not affect the liability of a person under a warranty under federal, state, or common law or the liability to an employee

HeinOnline -- 1989 vol. II 1976 1989

of an employer who is a remedial action contractor under any provision of law, including any provision of a law relating to workers' compensation.

(4) A state agency, state employee, or an employee of a political subdivision who provides services relating to remedial action while acting within the scope of its or his authority as a governmental agency or employee has the same exemption from liability as is provided to the remedial action contractor under this section.

(5) The defense provided by 75-10-715(5)(c) is not available to a person liable under 75-10-715(1) with respect to remedial action costs or damages caused by an act or omission of a remedial action contractor.

(6) Except as provided in subsections (4) and (5), this section does not affect the liability under this part of a person other than a remedial action contractor.

(7) This section does not affect the plaintiff's burden of establishing liability under this part.

(8) This section does not minimize the liability, lessen the standard of liability, or otherwise shield from liability a potentially responsible party under 75-10-715 or section 107 of CERCLA for costs or damages incurred as a result of a release or threatened release of a hazardous or deleterious substance.

Section 9. **Administrative penalties.** (1) In lieu of proceeding under 75-10-711(5), the department may assess penalties of not more than $1,000 per day per violation against a person liable under 75-10-715(1) for a release or threat of release who has failed or refused to comply with an order issued by the department pursuant to 75-10-711(4) or against a person who has failed or refused to comply with an order issued by the department pursuant to [section 5(5)].

(2) In determining the amount of any penalty assessed pursuant to this section, the department shall take into account the nature, circumstances, extent, and gravity of the noncompliance and, with respect to the person liable under 75-10-715(1), his ability to pay; any prior history of such violations; the degree of culpability; the economic benefit or savings, if any, resulting from the noncompliance; and any other matters as justice may require.

(3) An administrative penalty may not be collected pursuant to this section unless the person charged with the noncompliance is given notice and opportunity for a hearing with respect to the noncompliance. The notice and opportunity for a hearing must conform to the requirements of Title 2, chapter 4, part 6.

(4) A person against whom a penalty is assessed under this section may obtain judicial review of the penalty as provided for in Title 2, chapter 4, part 7.

(5) Administrative penalties payable under this section must be deposited in the environmental quality protection fund established in 75-10-704.

Section 10. Section 75-10-715, MCA, is amended to read:

HeinOnline -- 1989 vol. II 1977 1989

**"75-10-715. Liability — reimbursement and penalties — proceedings — defenses.** (1) *Notwithstanding any other provision of law and subject* only to the defenses set forth in subsection *(5), the following persons are jointly and severally liable for a release or threatened release of a hazardous or deleterious substance from a facility:*

*(a) a person who owns or operates a facility where a hazardous or deleterious substance was disposed of;*

*(b) a person who at the time of disposal of a hazardous or deleterious substance owned or operated a facility where the hazardous or deleterious substance was disposed of;*

*(c) a person who generated, possessed, or was otherwise responsible for a hazardous or deleterious substance and who, by contract, agreement, or otherwise, arranged for disposal or treatment of the substance or arranged with a transporter for transport of the substance for disposal or treatment; and*

*(d) a person who accepts or has accepted a hazardous or deleterious substance for transport to a disposal or treatment facility.*

*(2) A person identified in subsection (1) is liable for the following costs:*

(a) all remedial action *costs incurred* by the *state*; and

(b) damages for injury to, destruction of, or loss of natural resources caused by the release or threatened release, *including the reasonable technical and legal costs of assessing and enforcing a claim for the injury, destruction, or loss resulting from the release, unless the impaired natural resources were specifically identified as an irreversible and irretrievable commitment of natural resources in an approved final state or federal environmental impact statement or other comparable approved final environmental analysis for a project or facility that was the subject of a governmental permit or license and the project or facility was being operated within the terms of its permit or license.*

*(3)* If the *person liable under 75-10-715(1)* fails, without sufficient cause, to *comply with a department order issued pursuant to 75-10-711(4) or to* properly provide remedial action upon notification by the department pursuant to 75-10-711(3), the *person* may be liable for *penalties* in an amount not to exceed two times the amount of any costs incurred by the *state* pursuant to this section.

*(4)* The department may initiate civil proceedings in district court to recover *remedial action* costs, *natural resource* damages, or penalties under subsections (1) *through (3). Proceedings to recover costs and penalties must be conducted in accordance with [section 13].* Venue for any action to recover costs, damages, or penalties lies in the county where the release occurred or where the *person liable under 75-10-715(1)* resides or has its principal place of business or in the district court of the first judicial district.

*(5)* No *person* is liable under *subsections* (1) *through (3)* if that *person* can establish by a preponderance of the evidence that:

HeinOnline -- 1989 vol. II 1978 1989

(a) the department failed to follow the notice provisions of 75-10-711 when required; or

(b) the release did not emanate from any vessel, vehicle, or facility *to which the person contributed any hazardous or deleterious substance or* over which the *person* had any *ownership,* authority, or control and was not caused by any action or omission of the *person*; or

*(c) the release or threatened release occurred solely as a result of:*

*(i) an act or omission of a third party other than either an employee or agent of the person; or*

*(ii) an act or omission of a third party other than one whose act or omission occurs in connection with a contractual relationship, existing directly or indirectly, with the person, if the person establishes by a preponderance of the evidence that he:*

*(A) exercised due care with respect to the hazardous or deleterious substance concerned, taking into consideration the characteristics of the hazardous or deleterious substance in light of all relevant facts and circumstances; and*

*(B) took precautions against foreseeable acts or omissions of a third party and the consequences that could foreseeably result from those acts or omissions;*

*(d) the release or threat of release occurred solely as the result of an act of God or an act of war;*

*(e) the release or threatened release was from a facility for which a permit had been issued by the department, the hazardous or deleterious substance was specifically identified in the permit, and the release was within the limits allowed in the permit;*

*(f)* in the case of assessment of *penalties under subsection (3),* that factors beyond the control of the *person* prevented the *person* from taking timely remedial action; *or*

*(g) the person accepted only household refuse (garbage, trash, or septic tank sanitary wastes generated by single or multiple residences, hotels, motels, restaurants, or similar facilities) for transport to a solid waste disposal facility, unless that person knew or reasonably should have known that the hazardous or deleterious substance was present in the refuse.*

*(6) (a) For the purpose of subsection (5)(c)(ii), the term "contractual relationship" includes but is not limited to land contracts, deeds, or other instruments transferring title or possession, unless the real property on which the facility is located was acquired by the person after the disposal or placement of the hazardous or deleterious substance on, in, or at the facility and one or more of the following circumstances is also established by the person by a preponderance of the evidence:*

*(i) At the time the person acquired the facility, the person did not know and had no reason to know that a hazardous or deleterious substance that is the subject of the release or threatened release was disposed of on, in, or at the facility.*

HeinOnline -- 1989 vol. II 1979 1989

*(ii) The person is a governmental entity that acquired the facility by escheat, lien foreclosure, or through any other involuntary transfer or acquisition or through the exercise of eminent domain authority by purchase or condemnation.*

*(iii) The person acquired the facility by inheritance or bequest.*

*(b) In addition to establishing one or more of the circumstances in subsection (6)(a)(i) through (6)(a)(iii), the person shall establish that he has satisfied the requirements of subsections (5)(c)(i) or (5)(c)(ii).*

*(c) To establish that the person had no reason to know, as provided in subsection (6)(a)(i), the person must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property consistent with good commercial or customary practice in an effort to minimize liability. For purposes of assessing this inquiry, the following must be taken into account:*

*(i) any specialized knowledge or experience on the part of the person;*

*(ii) the relationship of the purchase price to the value of the property if uncontaminated;*

*(iii) commonly known or reasonably ascertainable information about the property;*

*(iv) the obviousness of the presence or the likely presence of contamination on the property; and*

*(v) the ability to detect the contamination by appropriate inspection.*

*(d) (i) Nothing in subsections (5)(b) and (5)(c) or in this subsection (6) may diminish the liability of a previous owner or operator of the facility who would otherwise be liable under this part.*

*(ii) Notwithstanding this subsection (6), if the previous owner or operator obtained actual knowledge of the release or threatened release of a hazardous or deleterious substance at the facility when the person owned the real property and then subsequently transferred ownership of the property to another person without disclosing the knowledge, the previous owner is liable under subsections (1) through (3) and no defense under subsection (5)(b) or (5)(c) is available to that person.*

*(e) Nothing in this subsection (6) affects the liability under this part of a person who, by any act or omission, caused or contributed to the release or threatened release of a hazardous or deleterious substance that is the subject of the action relating to the facility."*

Section 11. **Settlement — bar to contribution liability.** (1) A person who has resolved his liability to the state arising under 75-10-715 or section 107(a)(1) through (a)(4) of CERCLA 42 U.S.C. 9607(a)(1) through (a)(4), in an administrative or judicially approved settlement is not liable for claims for contribution regarding matters addressed in the settlement. The settlement does not discharge any of the other potentially liable persons unless its terms provide a discharge. The terms of the settlement may reduce the potential liability of the other potentially liable persons by the amount of the settlement.

HeinOnline -- 1989 vol. II 1980 1989

(2) If the state has obtained less than complete relief from a person who has resolved his liability to the state in an administrative or judicially approved settlement, the state may bring an action against any other person who has not resolved his liability.

(3) A person who has resolved, in whole or in part, his liability to the state for the release or for remedial action costs in an administrative or judicially approved settlement may seek contribution from a person who is not party to a settlement referred to in subsection (1).

(4) Whenever practicable and in the public interest, as determined by the director of the department, the department may, as promptly as possible, reach a final settlement with a person liable under 75-10-715 in an administrative or civil action under 75-10-711 if such settlement involves only a minor portion of the response costs at the facility concerned and, in the judgment of the department, the conditions in either of the following subsection (4)(a) or (4)(b) are met:

(a) Both of the following are minimal in comparison to other hazardous or deleterious substances at the facility;

(i) The amount of the hazardous or deleterious substances contributed by that person to the facility;

(ii) The toxic or other hazardous effects of the substances contributed by that person to the facility.

(b) The person:

(i) is the owner of the real property on or in which the facility is located;

(ii) did not conduct or permit the generation, transportation, storage, treatment, or disposal of any hazardous or deleterious substance at the facility; and

(iii) did not contribute to the release or threat of release of a hazardous or deleterious substance at the facility through any action or omission. This subsection (4)(b) does not apply if the person purchased the real property with actual or constructive knowledge that the property was used for the generation, transportation, storage, treatment, or disposal of any hazardous or deleterious substance.

Section 12. **Condemnation — creation of state lien.** (1) Whenever the department determines that property upon which a release or threatened release of a hazardous or deleterious substance has occurred may present an imminent and substantial endangerment to the public health, safety, or welfare or the environment, the department may condemn the property for public use to mitigate the threat. The taking of the property must be conducted in accordance with the procedure set forth in Title 70, chapter 30, parts 1 through 3.

(2) All costs, penalties, and natural resource damages for which a person has been judicially determined to be liable to the state pursuant to 75-10-715 constitute a lien in favor of the state upon all property and rights to the property that belong to the person.

HeinOnline -- 1989 vol. II 1981 1989

(3) The lien imposed by this section arises at the time notice incorporating a description of the property subject to the remedial action and an identification of the amount of costs, penalties, and natural resource damages is duly filed with the clerk and recorder of the county in which the real property is located. A copy of the notice must be served by certified mail upon the liable person.

(4) The costs, penalties, and natural resource damages constituting the lien may be recovered in an action in the district court for the district in which the property is located or in which the remedial action is occurring or has occurred. This section does not affect the right of the state to bring an action against a person to recover all costs, penalties, and natural resource damages for which that person is liable under this part or any other provision of state or federal law.

(5) The lien must continue until the liability for the costs and damages incurred as a result of the release of a hazardous or deleterious substance is satisfied.

Section 13. **Degree of cleanup required — permit exemption.** (1) A remedial action performed under this part must attain a degree of cleanup of the hazardous or deleterious substance and control of a threatened release or further release of that substance that assures present and future protection of public health, safety, and welfare and of the environment.

(2) In approving or carrying out remedial actions performed under this part, the department:

(a) shall require cleanup consistent with applicable state or federal environmental requiremments, criteria, or limitations;

(b) shall consider and may require cleanup consistent with substantive state or federal environmental requirements, criteria, or limitations that are well-suited to the site conditions; and

(c) shall select remedial actions that, at a minimum, protect public health, safety, and welfare and the environment and that:

(i) use permanent solutions;

(ii) use alternative treatment technologies or resource recovery technologies to the maximum extent practicable; and

(iii) are cost-effective, taking into account the total short- and long-term costs of the actions, including the cost of operation and maintenance activities for the entire period during which the activities will be required.

(3) The department may exempt any portion of a remedial action that is conducted entirely on site from a state or local permit that would, in the absence of the remedial action, be required if the remedial action is carried out in accordance with the standards established under subsection (1) and this part.

Section 14. **Payment of state costs and penalties.** (1) The department shall keep a record of the state's remedial action costs.

HeinOnline -- 1989 vol. II 1982 1989

(2) Based on this record, the department shall require a person liable under 75-10-715 to pay the amount of the state's remedial action costs and, if applicable, penalties under 75-10-715(3).

(3) If the state's remedial action costs and penalties are not paid by the liable person to the department within 60 days after receipt of notice that the costs and penalties are due, the department shall bring an action in the name of the state to recover the amount owed plus reasonable legal expenses.

(4) An action to recover remedial action costs may be brought under this section at any time after any remedial action costs have been incurred, and the court may enter a declaratory judgment on liability for remedial action costs that is binding on any subsequent action or actions to recover further remedial action costs. The court may disallow costs or damages only if the person liable under 75-10-715 can show on the record that the costs are not reasonable and are not consistent with this part.

(5) An initial action for recovery of remedial action costs must be commenced within 6 years after initiation of physical on-site construction of the remedial action.

(6) Remedial action costs and any penalties recovered by the state under 75-10-715 must be deposited into the environmental quality protection fund established in 75-10-704.

Section 15. **Public notice of administrative order or consent decree.** (1) Except as provided in 75-10-712, before final approval by the director of the department of any administrative order on consent issued pursuant to 75-10-711 or before judicial approval of a consent decree issued pursuant to this part, the department shall:

(a) publish a notice and brief description of the proposed order or decree in a daily newspaper of general circulation in the area affected and make copies of the proposal available to the public;

(b) provide at least 30 days (or whatever additional time the department may in its discretion grant upon written request) for submission of written comments regarding the proposed order or decree and, upon written request by 10 or more persons or by a group having 10 or more members (but not including a liable person), conduct a public meeting at or near the facility for the purpose of receiving verbal comment regarding the proposed order or decree; and

(c) consider written or verbal comments properly submitted during the comment period or at the public meeting.

(2) Upon making a final decision regarding the proposed order or decree, the department shall publish notice, as provided under subsection (1), and make copies of the approved order or decree available to the public.

Section 16. **Agreements to perform remedial action.** (1) To expedite effective remedial actions and minimize litigation, the department, in its discretion and whenever practicable and in the public interest, may negotiate and enter into an agreement with any person, including the owner

or operator of the facility from which a release emanates, to perform a remedial action if the department determines that the action will be properly done by the person. The agreement must contain terms and conditions that the department in its discretion determines to be appropriate.

(2) Whenever the department enters into an agreement under this section for remedial action or for assessment or payment of natural resource damages, the agreement must be filed in an appropriate district court as a consent decree and must be available for public comment for at least 30 days.

(3) A decision of the department to enter into or not enter into agreements under this section is not subject to judicial review.

Section 17. **Liability apportionment and contribution.** (1) Any person held jointly and severally liable under 75-10-715 has the right at trial to have the trier of fact apportion liability among the parties as provided in this section. The burden is on each liable person to show how his liability should be apportioned. In apportioning the liability of any person under this section, the trier of fact shall consider the following:

(a) the extent to which the person's contribution to the release of a hazardous or deleterious substance can be distinguished;

(b) the amount of hazardous or deleterious substance involved;

(c) the degree of toxicity of the hazardous or deleterious substance involved;

(d) the degree of involvement of and care exercised by the person in manufacturing, treating, transporting, or disposing of the hazardous or deleterious substance;

(e) the degree of cooperation by the person with federal, state, or local officials to prevent any harm to the public health, safety, or welfare or the environment; and

(f) knowledge by the person of the hazardous nature of the substance.

(2) If a person is held jointly and severally liable under 75-10-715 and establishes a proportionate share of the aggregate liability, the person has the right of contribution from any other liable person. If for any reason all or part of the contribution from a person liable for contribution cannot be obtained, each of the other persons against whom recovery is allowed is liable to contribute a proportional part of the unpaid portion of the noncontributing person's share and may obtain judgment in a pending or subsequent action for contribution from the noncontributing person.

Section 18. **Extension of authority.** Any existing authority to make rules on the subject of the provisions of [this act] is extended to the provisions of [this act].

Section 19. **Codification instruction.** [Sections 1, 2, 5, 8, 9, and 11 through 17] are intended to be codified as an integral part of Title 75, chapter 10, part 7, and the provisions of Title 75, chapter 10, part 7, apply to [sections 1, 2, 5, 8, 9, and 11 through 17].

HeinOnline -- 1989 vol. II 1984 1989

Section 20. **Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 21. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 22. **Effective date.** [This act] is effective on passage and approval.

Approved May 22, 1989.

AN ACT TO REVISE THE SUNRISE PROVISIONS RELATING TO LICENSING OF PROFESSIONS AND PROPOSED NEW BOARDS; AND AMENDING SECTIONS 2-8-203 THROUGH 2-8-208, MCA.

STATEMENT OF INTENT

Although this bill grants no authority to adopt rules, the legislature intends that the legislative audit committee, upon receiving a report from an applicant, only be required to hold a public hearing and make a determination of the need for a new board or the potential for public harm if the applicant remains unlicensed. The legislature also intends that the office of the legislative auditor may not perform an audit of the application.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 2-8-203, MCA, is amended to read:

"**2-8-203. Committee review and report.** (1) *Except as provided in subsection (5), the* committee shall review and assess the merits of any proposal to:

(a) establish a new licensing board; *or*

*(b)* add to the duties of an existing licensing board responsibility for licensing another occupation or profession.

(2) Any proposal subject to review under subsection (1) must be submitted, in the form of a legislative *report*, to the committee at least 180 days before the first day of the next regular legislative session.

(3) The committee shall conduct the review required by subsection (1) only if the *report* includes:

*(a)* the information required by 2-8-204; and

*(b)* a completed application as provided in 2-8-205.

HeinOnline -- 1989 vol. II 1985 1989

(4) *The* committee shall prepare a report to the legislature for its next regular session. The report must include but is not limited to:

*(a) the committee's* estimate of the cost to the state of licensing the occupation or profession and a proposed schedule of fees that will recover the cost of the licensing program as required by 37-1-134; and

*(b)* the committee's recommendation as to whether the profession or occupation should be licensed by the state.

(5) *The provisions of this part do not apply to an agency, profession, or occupation that is required to be licensed or regulated by federal law.*"

Section 2. Section 2-8-204, MCA, is amended to read:

"**2-8-204. Criteria for committee assessment.** (1) The applicant shall demonstrate to the committee and if necessary furnish additional information requested by the committee to show that:

(a) the unregulated practice of the occupation or profession creates a direct, immediate hazard to the public health, safety, or welfare;

(b) the scope of practice is readily identified and easily distinguished from the scope of practice of other professions and occupations;

(c) the occupational or professional group has an established code of ethics, a voluntary certification program, or other measures to ensure a minimum quality of service;

(d) practice of the occupation or profession requires specialized skill or training, and nationally recognized standards of education and training exist;

(e) the proposed qualifications for obtaining a license are justified;

(f) the public will benefit from the proposed regulation of the occupation or profession;

(g) public support for the proposed licensure exists;

(h) licensing will not significantly increase the cost of services to the public; and

(i) no other board licenses a similar or closely related occupation or profession.

(2) *The applicant* shall determine *or estimate*:

(a) the number of existing practitioners and the approximate number of people who would be licensed in the future;

(b) the number of people who are likely to use the services of the occupation or profession;

(c) the manner and degree of improved quality of service;

(d) the degree to which licensing will facilitate clients' access to reimbursement for government assistance programs;

HeinOnline -- 1989 vol. II 1986 1989

(e) whether a substantial majority of the public has the knowledge or experience to evaluate the practitioner's competence;

(f) whether the public can effectively be protected by other means; and

(g) whether licensing will:

(i) significantly increase the cost of goods and services provided by the occupation or profession;

(ii) adversely affect the scope of practice of other professions and occupations, whether regulated or not; or

(iii) exclude existing practitioners or otherwise reduce the number of practitioners in Montana.

(3) The committee shall consider in its assessment each of the factors in subsections (1) and (2)."

Section 3. Section 2-8-205, MCA, is amended to read:

**"2-8-205. Procedure.** (1) The committee shall adopt an appropriate form for use by applicants, containing a copy of this part and requiring applicants to list:

(a) proposed qualifications of licensed practitioners;

(b) disciplinary procedures that would be applied to practitioners;

(c) proposed requirements for continuing education, if any; and

(d) the information required by 2-8-204.

(3) The committee *shall* hold *at least* one public *hearing during which the applicant and members of the public have an opportunity to testify.*

*(4)* At least one copy of the report must be kept on file with the legislative auditor and made available for public inspection."

Section 4. Section 2-8-207, MCA, is amended to read:

**"2-8-207. Consolidation of existing boards.** Any person or organization may propose consolidation of two or more existing boards. The provisions of 2-8-202 through *2-8-205* apply to such a proposal, except that:

(1) the committee shall designate a representative of each of the occupations or professions regulated by the licensing boards proposed for consolidation, and each representative must be treated as an applicant for purposes of 2-8-202 through *2-8-205*; and

(2) the committee shall weigh the merits of the proposed consolidation against the merits of retaining a separate licensing board for each affected occupation or profession and in its report recommend to the legislature:

(a) the proposed consolidation;

HeinOnline -- 1989 vol. II 1987 1989

(b) continuation of the existing licensing boards; or

(c) a modification of the proposed consolidation."

Section 5. Section 2-8-208, MCA, is amended to read:

**"2-8-208. Boards or licensing functions instituted by initiative.** (1) If an initiative to establish a new licensing board or to add a new licensing responsibility to the duties of an existing licensing board is approved by the electorate, the committee shall:

(a) review the initiative to assess the degree to which it meets the criteria in 2-8-204(1);

(b) request *that the petitioners provide* sufficient information from practitioners or other persons *to allow the committee* to make *an assessment as* required by 2-8-204*(3)*; and

(c) evaluate the *petitioners'* initiative in terms of:

(i) clarity and conciseness;

(ii) conformity to existing statutes and principles of administrative law; and

(iii) specificity of the delegation of authority to promulgate rules and set fees.

(2) The committee shall prepare a report to the next session of the legislature. The report must include:

(a) the committee's findings with respect to each of the criteria in 2-8-204;

(c) the committee's recommendation as to whether the initiative should be amended; and

(d) if amendments are recommended, a legislative proposal.

(3) Committee recommendations for amendments to the initiative must be incorporated in a bill introduced during the next session of the legislature."

Section 6. Section 2-8-206, MCA, is amended to read:

**"2-8-206. Application fee.** An application for review under 2-8-203 must include an application fee *of $1,000.* The fee must be used by the committee to pay the cost of the review, and any unused portion must be refunded to the applicant."

# CHAPTER NO. 711

[HB 452]

AN ACT TO GENERALLY REVISE AND CLARIFY THE LAWS RELATING TO THE MONTANA MEDICAID PROGRAM; AMENDING SECTIONS 53-6-101, 53-6-103, 53-6-104, 53-6-113, 53-6-401, AND 53-6-402, MCA; REPEALING SECTIONS 53-6-102 AND 53-6-141, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

## STATEMENT OF INTENT

A statement of intent is required for this bill because [sections 4 and 5] grant authority to the department of social and rehabilitation services and to the department of health and environmental sciences to adopt rules to administer and supervise services provided under the Montana medicaid program.

The bill expands the existing rulemaking authority of the department of social and rehabilitation services under [section 5] and provides new authority for the department to adopt rules under [section 4] governing the application of sanctions or action against health care facilities that fail to meet the requirements for certification as a medicaid service provider. Under [section 5], the department is authorized to establish rules necessary for reimbursement or payment of medicaid service providers. It is intended that these rules address the types of medical services that are eligible for medicaid reimbursement; the nature, amount, scope, and duration of services; the rates for reimbursement of services, and the department's interaction with medicaid service providers.

Rules adopted under [sections 4 and 5] should be in accordance with federal regulations applicable to the medicaid program under Title XIX of the federal Social Security Act. In establishing rules on the scope of services and the rates for reimbursement of services, the department of social and rehabilitation services should consider the amount of funds appropriated by the legislature for the Montana medicaid program. The department should also consider the need to provide for services in an efficient and cost-effective manner.

In adopting rules governing the provision of medicaid services, the department of social and rehabilitation services shall take particular care to provide only those services that are medically necessary and to ensure that such services are provided in the least costly setting and by the most efficient and cost-effective means. For example, hospital treatment should not be provided if adequate but less costly nursing home or physician's office services are available.

Under [section 4], the department of social and rehabilitation services and the department of health and environmental sciences are given authority to establish standards for the health, safety, and care provided in a health care facility. This authority is intended to be in addition to existing authority of the department of health and environmental sciences under Title 50 of the Montana Code Annotated.

HeinOnline -- 1989 vol. II 1989 1989

Pursuant to [section 4], the department of social and rehabilitation services shall adopt rules establishing appropriate sanctions or action that may be taken against a health care facility that does not meet the minimum standards for certification as a medicaid provider. Such sanctions or action may include civil monetary penalties with interest, the suspension and termination of medicaid certification, and the appointment of management personnel to oversee the operation of a health care facility on a temporary basis in the case of an emergency or when necessary for the orderly closure of a facility or to bring a facility into compliance with minimum standards. This authority is in addition to the authority provided to the department under section 53-6-111, MCA.

The bill also provides the department of social and rehabilitation services authority to adopt rules establishing eligibility for medicaid payment of premiums on behalf of individuals eligible for medicare under Title XVIII of the federal Social Security Act. It is intended that these rules establish the conditions for payments by the department to the federal government for supplemental insurance coverage provided under medicare.

Finally, the bill grants the department of social and rehabilitation services authority to adopt rules for the implementation of local demonstration programs, which would not be available to all residents of the state. The purpose of these demonstration programs is to provide for the delivery of different medical services to different classes of medically indigent persons on a trial basis in order to assess the efficiency or cost-effectiveness of providing alternative services.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 53-6-101, MCA, is amended to read:

**"53-6-101. (j) other diagnostic, screening, preventive, rehabilitative, chiropractic, and osteopathic services;

*(k) inpatient psychiatric hospital services for persons under 21 years of age;*

*(l) services of professional counselors licensed under Title 37, chapter 23, if funds are specifically appropriated for the inclusion of these services in the Montana medicaid program;*

*(m)* any additional medical service or aid allowable under or provided by the federal Social Security Act.

*(4) The department may implement, as provided for in Title XIX of the federal Social Security Act (42 U.S.C. 1396, et seq.), as may be amended, a program under medicaid for payment of medicare premiums, deductibles, and coinsurance for persons not otherwise eligible for medicaid.*

*(5) The department may set rates for medical and other services provided to recipients of medicaid and may enter into contracts for delivery of services to individual recipients or groups of recipients.*

*(6) The services provided under this part may be only those that are medically necessary and that are the most efficient and cost effective.*

*(7) The amount, scope, and duration of services provided under this part must be determined by the department in accordance with Title XIX of the federal Social Security Act (42 U.S.C. 1396, et seq.), as may be amended.*

HeinOnline -- 1989 vol. II 1991 1989

*(9) If available funds are not sufficient to provide medical assistance for all eligible persons, the department may set priorities to limit, reduce, or otherwise curtail the amount, scope, or duration of the medical services made available under the Montana medicaid program.*

*(10) Community-based medicaid services, as provided for in part 4 of this chapter, must be provided in accordance with the provisions of this chapter and the rules adopted thereunder."*

Section 2. Section 53-6-103, MCA, is amended to read:

**"53-6-103. State plan and operation of medical assistance to be in effect and uniform throughout state.** *The Montana medicaid program, except for those services provided under part 4 of this chapter,* shall be in effect in each and every county of the state, and the administration and supervision of *the program* shall be uniform throughout the counties of the state. *However, the department of social and rehabilitation services may implement temporary or demonstration programs as permitted by Title XIX of the federal Social Security Act (42 U.S.C. 1396, et seq.), as may be amended."*

Section 3. Section 53-6-104, MCA, is amended to read:

**"53-6-104. Freedom of doctors to treat recipients of medical assistance — freedom to select doctor.** (1) The department of social and rehabilitation services shall provide for professional freedom of those licensed practitioners who provide medical assistance under this part and provide reasonable freedom of choice to recipients of medical aid to select the vendor or provider of medical care, services, or prescribed drugs.

(2) Nothing in this section may be construed to prohibit the department from imposing conditions on the payment of provider services and the receipt of medical assistance, as provided for under 53-6-111 *and* 53-6-113 through 53-6-115."

Section 4. **Health care facilities, standards, sanctions, and penalties — definitions.** (1) For purposes of this section, the following definitions apply:

(a) "Department" means the department of social and rehabilitation services.

(b) "Health care facility" means a health care facility as defined in 50-5-101.

(2) The department and the department of health and environmental sciences may enter into agreements with appropriate federal agencies for the purpose of certifying health care facilities for the Montana medicaid program.

(3) The department of health and environmental sciences shall adopt rules prescribing minimum standards for the maintenance and operation of health care facilities, including standards for the quality of care provided by those facilities receiving reimbursement under the Montana medicaid program. These standards must include, as a minimum, those requirements imposed upon health care facilities by Title XIX of the federal Social

HeinOnline -- 1989 vol. II 1992 1989

Security Act (42 U.S.C. 1396, et seq.), as may be amended, and by the implementing regulations contained in 42 CFR 430, et seq., as may be amended. The authority to prescribe standards and adopt rules under this section is in addition to the authority granted to the department of health and environmental sciences pursuant to Title 50, chapter 5.

(4) Standards adopted by the department of health and environmental sciences may include but are not limited to requirements in the following areas: staffing, fire protection, health and safety, food and nutrition, environmental and sanitation, administration, admission policies, patient care planning, training, medication, health services, rehabilitation services, and social services and activities.

(5) The department may suspend, terminate, or refuse to renew an agreement with a health care facility that has failed to meet the requirements for certification adopted for the Montana medicaid program under this section. The department may also impose sanctions in the form of denial of medicaid payments for new admissions or other penalties as described in 53-6-111.

(6) The department may impose a civil monetary penalty, with interest not to exceed 12% per annum, for each day that a facility is substantially out of compliance with standards adopted by the department of health and environmental sciences under the authority of Title 50, chapter 5, or this section. Penalties must be collected by the department and may be applied to the protection of the health and property of residents of health care facilities that the department finds deficient, including payment for the costs of relocation of residents to other facilities, operation of a facility pending correction of deficiencies or closure, and reimbursement of residents for personal funds lost.

(7) The department may appoint temporary management personnel to oversee the operation of the facility and to assure the health and safety of the facility's residents if there is a need for temporary management because:

(a) an orderly closure of the facility is necessary; or

(b) improvements are being made to bring the facility into compliance with applicable standards.

(8) The department shall, in the case of an emergency, close the facility or transfer residents in the facility to other facilities, or both.

(9) The department shall adopt rules governing the application of sanctions or remedies imposed under subsections (5) through (8), the amounts of any fines, and the severity of each of these sanctions or remedies. The rules must be designed for the imposition of incrementally more severe fines for repeated or uncorrected deficiencies. The civil penalty for violation of the standards adopted by the department of health and environmental sciences or those federal standards established in subsection (2) may not exceed $1,000 for each day the deficiency remains uncorrected. A health care facility aggrieved by an action of the department may request a hearing pursuant to Title 2, chapter 4, part 6.

HeinOnline -- 1989 vol. II 1993 1989

Section 5. Section 53-6-113, MCA, is amended to read:

**"53-6-113. Department to adopt rules.** *(1)* The department of social and rehabilitation services shall adopt appropriate rules *necessary for the administration of the Montana medicaid program as provided for in this part and as may be required by federal laws and regulations governing state participation in medicaid under Title XIX of the federal Social Security Act (42 U.S.C. 1396, et seq.), as amended.*

*(2) The department shall adopt rules as are necessary to further define for the purposes of this part the services provided under 53-6-101 and to provide that services utilized are medically necessary and that these services are the most efficient and cost effective available. The rules may establish the amount, scope, and duration of services provided under the Montana medicaid program, including the items and components constituting the services.*

*(3) The department shall establish by rule the rates for reimbursement of services provided under this part. The department may in its discretion set such rates of reimbursement as it determines necessary for the purposes of the program. In establishing rates of reimbursement, the department may consider but is not limited to:*

*(a) the availability of appropriated funds;*

*(b) the actual cost of services;*

*(c) the quality of services;*

*(d) the professional knowledge and skills necessary for the delivery of services; and*

*(e) the availability of services.*

*(4) The department shall specify by rule those professionals who may deliver or direct the delivery of particular services.*

*(5) The department may provide by rule for payment by a recipient of a portion of the reimbursements established by the department for services provided under this part."*

Section 6. Section 53-6-401, MCA, is amended to read:

(5) "Long-term care *preadmission screening and resident review*" means an evaluation that results in a determination as to whether a person requires the *services* provided in long-term care facilities and whether community-based medicaid services would be an appropriate substitute for medicaid services that are available in long-term care facilities."

Section 7. Section 53-6-402, MCA, is amended to read:

**"53-6-402. Community-based long-term care facilities — powers and duties of department.** (1) The department may operate, for persons eligible for medicaid, a program of community-based services as an alternative to long-term care facility services in accordance with the provisions of Title XIX of the Social Security Act, *as may be amended.*

(2) The department may conduct long-term care *preadmission screenings and resident reviews.* Long-term care *preadmission screenings and resident reviews* are required for all medicaid-eligible persons entering long-term care facilities and community-based services and for all persons who become eligible for medicaid after entering long-term care facilities, before payment for services in such settings are authorized under medicaid. *Preadmission screenings and resident review* of persons not applying for medical assistance under this part must be on a voluntary basis, *except as required under the Social Security Act.*

(3) The department shall annually advise medical doctors and current residents of long-term care facilities of the program provided in subsection (1).

(4) The department may adopt rules necessary to implement a program of community-based medicaid services and to establish a system of long-term care *preadmission screenings and resident reviews* as part of that program."

# CHAPTER NO. 712

[SB 472]

AN ACT AUTHORIZING MUNICIPALITIES TO CREATE TAX INCREMENT FINANCING INDUSTRIAL DISTRICTS TO ASSIST IN FINANCING NECESSARY INDUSTRIAL INFRASTRUCTURE TO ENCOURAGE THE ATTRACTION, GROWTH, AND RETENTION OF SECONDARY, VALUE-ADDING INDUSTRIES; AND AMENDING SECTIONS 7-15-4282 THROUGH 7-15-4286, 7-15-4288, 7-15-4290, 7-15-4292, 7-15-4293, 7-15-4301, 7-15-4302, AND 7-15-4304, MCA.

WHEREAS, the State of Montana wishes to encourage the attraction and retention of secondary, value-adding industrial manufacturing that uses Montana timber, mineral, oil and gas, coal, and agricultural resources in the production of products in the state; and

WHEREAS, secondary, value-adding industries are those industries that transform raw resources into processed substances from which industrial or consumer products may be manufactured; and

WHEREAS, secondary, value-adding industries, in order to be competitive in today's world economy, require expensive infrastructure that is beyond the means of most Montana communities; and

WHEREAS, Montana law currently provides certain property tax benefits to new and expanding industries, including secondary, value-adding industries, but has little to directly encourage the development of needed industrial infrastructure to attract secondary, value-adding industries; and

WHEREAS, additional creative use of Montana's current tax laws could encourage increased investment in secondary, value-adding industries in the state through the use of tax increment financing for infrastructure improvements in areas in which the infrastructure would be available for secondary, value-adding industrialization.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Short title.** [Sections 1 through 3] may be cited as the "Tax Increment Financing Industrial Development Act".

Section 2. **Legislative findings.** The legislature finds and declares that:

(1) infrastructure-deficient areas exist in the municipalities of the state and constitute a serious impediment to the development of infrastructure-intensive, secondary, value-adding economic development in Montana;

(2) municipalities lack sufficient capital to rectify the infrastructure shortage in infrastructure-deficient areas, thus impeding the ability of municipalities to achieve economic growth through the development of secondary, value-adding industries;

HeinOnline -- 1989 vol. II 1996 1989

(3) the creation of industrial infrastructure is a matter of state policy and state concern because the state and its municipalities will continue to suffer economic dislocation due to the lack of secondary, value-adding industries; and

(4) the state's tax increment financing laws should be used to encourage the creation of areas in which needed industrial infrastructure for secondary, value-adding industries could be developed.

Section 3. **Industrial districts.** (1) A local governing body, by ordinance and following a public hearing, may authorize the creation of an industrial district for industrial infrastructure development projects if the proposed industrial district:

(a) consists of a continuous area with an accurately described boundary;

(b) is zoned for light or heavy industrial use in accordance with the area master planning document;

(c) does not include any property included within an existing urban renewal area district created pursuant to this part;

(d) is found to be deficient in infrastructure improvements for industrial development; and

(e) has as its purpose the development of infrastructure to encourage the growth and retention of secondary, value-adding industries.

(2) An industrial district may use tax increment financing pursuant to the provisions of 7-15-4282 through 7-15-4293.

Section 4. Section 7-15-4282, MCA, is amended to read:

**"7-15-4282. Authorization for tax increment financing.** Any urban renewal plan, as defined in 7-15-4206, *or industrial district ordinance, adopted pursuant to [section 3]*, may contain a provision or be amended to contain a provision for the segregation and application of tax increments, as provided in 7-15-4282 through 7-15-4292."

Section 5. Section 7-15-4283, MCA, is amended to read:

**"7-15-4283. Definitions related to tax increment financing.** For purposes of 7-15-4282 through 7-15-4292 *and [sections 1 through 3]*, the following definitions apply unless otherwise provided or indicated by the context:

(1) "Actual taxable value" means the taxable value of taxable property at any time, as calculated from the assessment roll last equalized.

(2) "Base taxable value" means the actual taxable value of all taxable property within an urban renewal area *or industrial district* prior to the effective date of a tax increment financing provision. This value may be adjusted as provided in 7-15-4287 or 7-15-4293.

(3) "Incremental taxable value" means the amount, if any, by which the actual taxable value at any time exceeds the base taxable value of all property within an urban renewal area *or industrial district* subject to taxation.

HeinOnline -- 1989 vol. II 1997 1989

*(4) "Industrial district" means a tax increment financing industrial district created pursuant to [section 3].*

*(5) "Industrial infrastructure development project" means a project undertaken within or for an industrial district that consists of any or all of the activities authorized by 7-15-4288.*

*(6) "Municipality", for the purpose of an industrial district created pursuant to [sections 1 through 3] and operating pursuant to 7-15-4282 through 7-15-4293 and part 43 of this chapter, means any incorporated city or town, county, or city-county consolidated local government.*

*(7)* "Tax increment" means the collections realized from extending the tax levies, expressed in mills, of all taxing bodies in which the urban renewal area *or industrial district* or a part thereof is located against the incremental taxable value.

*(8)* "Tax increment provision" means a provision for the segregation and application of tax increments as authorized by 7-15-4282 through 7-15-4292.

*(9)* "Taxes" means all taxes levied by a taxing body against property on an ad valorem basis.

*(10)* "Taxing body" means any city, town, county, school district, or other political subdivision or governmental unit of the state, including the state, which levies taxes against property within the urban renewal area *or industrial district.*"

Section 6. Section 7-15-4284, MCA, is amended to read:

**"7-15-4284. Filing of tax increment provisions of urban renewal plan or industrial district ordinance.** (1) The clerk of the municipality shall file a certified copy of each urban renewal plan *or industrial district ordinance* or *an* amendment thereto containing a tax increment provision with the state, county, or city officers responsible for assessing and determining the taxable value of taxable property within the urban renewal area *or industrial district ordinance* or any part thereof.

(2) A certified copy of the plan, *industrial district ordinance*, or amendment *must* also be filed with the clerk or other appropriate officer of each of the affected taxing bodies."

Section 7. Section 7-15-4285, MCA, is amended to read:

**"7-15-4285. Determination and report of original, actual, and incremental taxable values.** The officer or officers responsible for assessing and determining the taxable value of the taxable property located within the urban renewal area *or industrial district* shall, immediately upon receipt of the tax increment provision and each year thereafter, calculate and report to the municipality and to any other affected taxing body the base, actual, and incremental taxable values of such property."

Section 8. Section 7-15-4286, MCA, is amended to read:

(2) No property taxes, except the tax increment derived from property within the urban renewal area *or industrial district* and tax collections used to pay for services provided to the municipality by an urban renewal project *or an industrial infrastructure development project*, may be applied to the payment of bonds issued pursuant to 7-15-4301 for which a tax increment has been pledged."

Section 12. Section 7-15-4293, MCA, is amended to read:

**"7-15-4293. Adjustment of base taxable value following change of law.** If the base taxable value of an urban renewal area *or an industrial district* is affected after its original determination by a statutory, administrative, or judicial change in the method of appraising property, the tax rate applied to it, the tax exemption status of property, or the taxable valuation of property if the change in taxable valuation is based on conditions existing at the time the base year was established, the governing body of the municipality may request the department of revenue or its agents to calculate the base taxable value as it would have been on the date of the original determination had the change been in effect on that date. The governing body may adjust the base taxable value to that value reported by the department of revenue, under the provisions of 7-15-4287."

Section 13. Section 7-15-4301, MCA, is amended to read:

**"7-15-4301. Authorization to issue urban renewal bonds, industrial infrastructure development bonds, and refunding bonds.** (1) A municipality shall have the power to:

(b) issue refunding bonds for the payment or retirement of such bonds previously issued by it.

(2) Such bonds shall not pledge the general credit of the municipality and shall be made payable, as to both principal and interest, solely from the income, proceeds, revenues, and funds of the municipality derived from or held in connection with its undertaking and carrying out of urban renewal projects *or industrial infrastructure development projects* under this part and part 42, including the tax increment received and pledged by the municipality pursuant to 7-15-4282 through 7-15-4292, and, if such income, proceeds, revenues, and funds of the municipality are insufficient for such payment, from other revenues of the municipality pledged to such payment. Payment of such bonds, both as to principal and interest, may be further secured by a pledge of any loan, grant, or contribution from the federal government or other source in aid of any urban renewal projects *or industrial infrastructure development projects* of the municipality under this part and part 42 or by a mortgage on all or part of any such projects.

(3) Bonds issued under this section shall be authorized by resolution or ordinance of the local governing body."

HeinOnline -- 1989 vol. II 2001 1989

addition to any authority to issue bonds pursuant to 7-15-4301, may issue and sell its general obligation bonds.

(2) Any bonds issued pursuant to this section shall be issued in the manner and within the limitations prescribed by the laws of this state for the issuance and authorization of bonds by such municipality for public purposes generally.

(3) Aiding in the planning, undertaking, or carrying out of an approved urban renewal project *or an industrial infrastructure development project* is considered a single purpose for the issuance of general obligation bonds, and the proceeds of the bonds authorized for any such project may be used to finance the exercise of any and all powers conferred upon the municipality by this part and part 42 which are necessary or proper to complete the project in accordance with the approved plan *or industrial district ordinance* and any modification thereof duly adopted by the local governing body."

Section 15. Section 7-15-4304, MCA, is amended to read:

**"7-15-4304. Presumption of regularity of bond issuance.** In any suit, action, or proceeding involving the validity or enforceability of any bond issued under this part and part 42 or the security therefor, any such bond reciting in substance that it has been issued by the municipality in connection with an urban renewal project *or industrial infrastructure development project* as herein defined shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located, and carried out in accordance with the provisions of this part and part 42."

Section 16. **Codification instruction.** [Sections 1 through 3] are intended to be codified as an integral part of Title 7, chapter 15, part 42, and the provisions of Title 7, chapter 15, part 42, apply to [sections 1 through 3].

(b) If there is no executed agency contract, the insurer shall mail to the licensed insurance producer, no later than 15 days from the date the first insurance application is submitted by him, a copy of the notice of appointment form filed with the insurance department. If the licensed insurance producer does not receive the acknowledgement of appointment from the insurer within 30 days from the date the first insurance application is submitted to the insurer, the insurance producer shall immediately discontinue acting as an insurance producer on behalf of that insurer until the acknowledgement is received or the agency contract is executed.

(2) Upon receipt of the notice of appointment, the insurance department shall verify within 5 working days that the licensed insurance producer is eligible for appointment. If the licensed insurance producer is determined to be ineligible for appointment, the insurance department shall notify the insurer within 5 days of the determination.

(3) An appointment is effective on the date of the executed contract and is perpetual until canceled by the insurer.

Section 6. **Notification of appointment termination.** (1) Upon the termination of an appointed insurance producer by an insurer, the insurer shall notify the insurance department within 30 days in the manner prescribed by the insurance department. If the reason of the termination is for any of the causes listed in [section 49 or 62], the insurer shall notify the insurance department of the reason and the insurer shall, upon request of the insurance department, provide information, documents, records, or other data pertaining to the termination that may be used by the insurance department in any action taken pursuant to Title 33, chapter 1, part 7.

(2) Any information, documents, records, or other data provided pursuant to this section is privileged and there is no liability on the part of nor may a cause of action of any nature arise against the insurance department, the insurance company, or an authorized representative of either so long as the privileged information is furnished in good faith.

**"33-1-711. Appeals from the commissioner.** (1) An appeal from the commissioner *may* be taken only from an order on hearing or with respect to a matter as to which the commissioner has refused a hearing. Any person who was a party to *the* hearing or whose pecuniary interests are directly and immediately affected by any order or refusal and who is aggrieved *by an order or refusal* may, within 30 days after the order has been mailed or delivered to the persons entitled to receive the same, the commissioner's order denying rehearing or reargument has been so mailed or delivered, or the commissioner's refusal to grant a hearing, appeal from *the* order on hearing or *the* refusal of a hearing. Any request for a stay of the commissioner's order must be made within 60 days, to run concurrently with the 30 days for appeal. The appeal *must* be taken to the district court of Lewis and Clark County by filing written notice of appeal in *the* court and by filing a copy of *the* notice with the commissioner, except that in appeals from the suspension or revocation of the certificate of authority of a domestic insurer or of the license of an *insurance producer* or surplus lines *insurance producer*, the person taking the appeal may at his option, in lieu of the district court of Lewis and Clark County, take the appeal to the district court of the county of Montana in which the insurer has its principal place of business or the licensee resides.

(2) Upon filing of the notice of appeal, the court *has* full jurisdiction and shall determine whether *the* filing *operates* as a stay of the order or action appealed from.

(3) Within 20 days after filing of the copy of the notice of appeal in his office, the commissioner shall make and return to the court in which the appeal is pending a copy of his order appealed from and a full and complete transcript, duly certified by the commissioner, of his record of the hearing upon which the order was issued, together with all exhibits and documentary evidence introduced *at the hearing.* If the appeal is from an action of the commissioner with respect to which a hearing was refused, the commissioner shall, within *the* 20-day period, make and return to the court a full and complete transcript, duly certified by him, of all documents on file in his office directly relating to the matter as to which *the* appeal is taken.

(4) Upon receipt of *the* transcripts and evidence, the court shall hear the matter de novo as soon as reasonably possible thereafter. Upon the hearing of the appeal, the court shall consider the evidence contained in the

HeinOnline -- 1989 vol. II 2006 1989

transcript, exhibits, and documents filed by the commissioner, together with additional proper evidence as may be offered by any party to the appeal.

(5) After hearing the appeal, the court may affirm, modify, or reverse the order or action of the commissioner, in whole or in part, or remand the action to the commissioner for further proceedings in accordance with the court's direction.

(6) Costs *must* be awarded as in civil actions.

(7) Appeal may be taken to the supreme court from the judgment of the district court as in other civil cases to which the state is a party. A stay of the effectiveness of any judgment may be made only by order of the supreme court upon the giving of security as that court *considers* proper.

(8) This section *does* not apply to appeals as to matters covered by chapter 16."

Section 9. Section 33-2-303, MCA, is amended to read:

**"33-2-303. Filing and endorsement of contract.** *Each* insurance contract, cover, note, or certificate of insurance procured and delivered as surplus lines insurance under this part *must* be filed with the commissioner and endorsed as "issued in an unauthorized insurer under The Surplus Lines Insurance Law, under *surplus lines insurance producer* license No. ....." and "NOT covered by the property and casualty guaranty fund of this state if the unauthorized insurer becomes insolvent". The surplus lines *producer* shall properly fill in and sign the endorsement."

Section 10. Section 33-2-308, MCA, is amended to read:

**"33-2-308. Evidence of insurance — changes — penalty.** (1) Upon placing surplus lines insurance, the surplus lines *insurance producer* shall promptly issue and deliver to the insured or the producing *insurance producer* evidence of the insurance, consisting either of the policy as issued by the insurer or, if *the* policy is not then available, a cover note or certificate of insurance signed or countersigned by the *insurance producer. The* cover note or certificate must show the subject, coverage, conditions, and term of the insurance, the premium charged and taxes collected from the insured, and the name and address of the insurer. If the direct risk is assumed by more than one insurer, the cover note or certificate must state the name and address and proportion of the entire direct risk assumed by each insurer.

(2) If after the issuance and delivery of any such cover note or certificate there is any change as to the identity of the insurers or the proportion of the direct risk assumed by the insurer as stated in the original cover note or certificate or in any other material respect as to the insurance coverage evidenced by the cover note or certificate, the *insurance producer* shall promptly issue and deliver to the insured a substitute cover note or certificate accurately showing the current status of the coverage and the insurers responsible *under the coverage.*

(3) If a policy issued by the insurer is not available upon placement of the insurance and the *insurance producer* has issued and delivered a cover

HeinOnline -- 1989 vol. II 2007 1989

note or certificate as provided *in subsection (2)*, upon request therefor by the insured, the *insurance producer* shall as soon as reasonably possible procure from the insurer its policy evidencing *the* insurance and deliver *the* policy to the insured in replacement of the cover note or certificate *previously* issued.

(4) *A* surplus lines *insurance producer* who knowingly or negligently issues or delivers a false cover note or certificate of insurance or fails promptly to notify the insured of any material change with respect to *the* insurance by delivery to the insured of a substitute cover note or certificate as provided in subsection (2) *is* guilty of a violation of this code and upon conviction *is* subject to the penalties provided by 33-1-104 or to any greater applicable penalty otherwise provided by law.

(5) A surplus lines *insurance producer* may not issue or deliver any evidence of insurance or purport to insure or represent that insurance will be or has been written by *an* eligible surplus lines insurer unless he has authority from the insurer to cause the risk to be insured or has received information from the insurer in the regular course of business that *the* insurance has been granted."

Section 11. Section 33-2-309, MCA, is amended to read:

**"33-2-309. Liability of insurer as to losses and unearned premiums.** (1) As to a surplus lines risk *that* has been assumed by an unauthorized insurer pursuant to The Surplus Lines Insurance Law and if the premium *on the surplus lines risk* has been received by the surplus lines *insurance producer* who placed *the* insurance, in all questions thereafter arising under the coverage as between the insurer and the insured, the insurer *is considered* to have received the premium due to it for such coverage. The insurer *is* liable to the insured as to losses covered by *the* insurance and for unearned premiums *that* may become payable to the insured upon cancellation of *the* insurance, whether or not in fact the *insurance producer* is indebted to the insurer with respect to *the* insurance or for any other cause. This provision *does* not affect rights as between the insurer and the surplus lines *insurance producer.*

**"33-17-1114. Policies issued at home or branch offices.** Nothing in 33-17-1111 through 33-17-1113 *prevents an* insurer from issuing *a* policy, as to which the countersignature requirement of 33-17-1111 *applies*, at its home or branch office, but *the policy must* be subsequently countersigned, where otherwise required, by *an insurance producer residing* in Montana. The *insurance producer residing* in Montana shall receive the commission on *the* policy when the *insurance* premium is paid. This section does not apply to life insurance."

Section 60. Section 33-18-401, MCA, is amended to read:

*(2) An insurance producer, examining physician, applicant, or other person who, for the purpose of obtaining any money or benefit, knowingly or willfully presents or causes to be presented a false or fraudulent claim or any proof in support of such a claim for the payment of the loss upon a contract of insurance or prepares, makes, or subscribes a false or fraudulent account, certificate, affidavit or proof of loss, or other document or writing, with intent that the same may be presented or used in support of such a claim, is guilty of a crime under 45-6-301, and a county attorney may initiate criminal proceedings against him."*

HeinOnline -- 1989 vol. II 2034 1989

**"33-25-202. Sharing of rate proceeds.** Title insurers and *insurance producers* may share rate proceeds between or among themselves in any combination and may *accept* commissions as provided in 33-17-1103, unless the sharing of rate proceeds is an unlawful rebate or inducement under this title or is a payment of a forwarding fee or finders fee."

Section 62. Section 33-25-214, MCA, is amended to read:

**"33-25-214. Underwriting standards — record retention.** (1) A title insurer may not issue a title insurance policy unless it, its title *insurance producer*, or an approved attorney has conducted a reasonable search and examination of the title and made a determination of insurability of title in accordance with sound underwriting practices. The title insurer or title *insurance producer shall* preserve and retain in its files evidence of the examination of title and determination of insurability. The title insurer or title *insurance producer* may keep original evidence or may establish in the regular course of business a system of recording, copying, or reproducing evidence by any process that accurately and legibly reproduces, or forms a durable medium for reproducing, the contents of the original.

(2) Subsection (1) does not apply to:

(a) a title insurer assuming liability through a contract of reinsurance; or

(b) a title insurer acting as coinsurer if one of the other coinsuring title insurers has complied with subsection (1).

(3) Except as allowed by rules adopted by the commissioner, *a* title insurer or title *insurance producer* may *not* knowingly issue an owner's title insurance policy or commitment to insure unless all outstanding enforceable recorded liens or other interests against the property title to be insured are shown.

(4) An insurer issuing a policy in violation of this section is estopped, as a matter of law, to deny the validity of the policy as to any claim or demand of the insured arising *under the policy*."

Section 63. Section 33-25-301, MCA, is amended to read:

**"33-25-301. Refusal, suspension, or revocation of title insurance producer's license.** (1) In addition to the causes provided in 33-17-1001, the commissioner may refuse to license a person as a title *insurance producer* or may suspend or revoke a title *insurance producer's* license if, after a hearing held after notice as required in 33-17-1001, he finds that the license applicant or licensee has:

(a) made a material misstatement in an application for a title *insurance producer* license;

(b) commingled funds belonging to applicants, escrow participants, or others;

(c) intentionally misrepresented the terms of a title insurance policy to an applicant or policyholder or has misrepresented material facts to, concealed material facts from, or made false statements to a party to an escrow, settlement, or closing transaction;

(e) aided, abetted, or assisted another person in violating the provisions of this title or a rule adopted by the commissioner.

(2) The commissioner may impose any other appropriate penalty provided for in this title.

(3) The commissioner may refuse, suspend, or revoke the license of a *person* licensed as a title *insurance producer* for the actions described in subsection (1) of any individual designated in the license to exercise its powers."

Section 64. Section 33-25-302, MCA, is amended to read:

**"33-25-302. Disapproval of agency contracts.** (1) The commissioner may disapprove a title agency contract between a title *insurance producer* and title insurer, upon appropriate notice to the parties to the contract, if he finds that the contract, together with all amendments and related documents:

(a) does not provide for adequate monitoring of the *insurance producer's* financial transactions; or

(b) provides for inadequate, unreasonable, or excessive amounts to be paid to or retained by the title *insurance producer*. Factors the commissioner may consider in this determination include but are not limited to the *insurance producer's* duties under the contract and the general level of amounts paid to or retained by other title *insurance producers* in the state performing or assuming comparable duties.

(2) *A* person may *not* act as a title *insurance producer* under an agency contract that has been disapproved by the commissioner."

Section 65. Section 33-25-401, MCA, is amended to read:

**"33-25-401. Prohibited practices — referrals — splitting charges — exemptions.** (1) Except as provided in subsection (2), *a* person may *not*:

(a) give or accept a fee, rebate, or thing of value pursuant to an agreement or understanding that title insurance business will be referred to a title *insurance producer*; or

(b) give or accept a portion, split, or percentage of a charge made or received for title insurance business in connection with a transaction involving real property in this state, other than for services actually performed.

(2) (a) A person may pay a return on an investment, based on a percentage of an ownership interest in a title insurance agency, if:

(i) at or prior to the time of a referral, a disclosure of the existence of the arrangement is made to the person being referred and, in connection with the referral, the person is provided a written estimate of the charge

HeinOnline -- 1989 vol. II 2036 1989

or range of charges generally made by the title *insurance producer* to which the person is referred; and

(ii) the person is not required to use a particular *insurance producer.*

(b) The following arrangements are not a violation of subsection (2)(a)(ii):

(i) an arrangement that requires a buyer, borrower, or seller to pay for the services of an attorney, credit reporting agency, or real estate appraiser chosen by a lender to represent the lender's interest in a real estate transaction; or

(ii) an arrangement by which an attorney or law firm represents a client in a real estate transaction and issues or arranges for the issuance of a policy of title insurance in the transaction directly as *insurance producer* or through a separate corporate title insurance agency that may be established by that attorney or law firm and operated as an adjunct to his or its law practice.

(c) Failure to disclose a controlled business relationship is not a violation of subsection (2)(a)(i) if the failure was not intentional and resulted from a bona fide error, proven by a preponderance of the evidence.

(3) This section does not prohibit:

(a) the payment of a fee to an attorney for services actually rendered or by a title *insurance producer* for services actually performed in the issuance of a title insurance policy; or

(b) payment of a bona fide salary, compensation, or other payment for goods or facilities actually furnished or for services actually performed."

Section 66. Section 33-25-403, MCA, is amended to read:

**"33-25-403. Prohibited practices — producer and associates — prohibition of favored insurance producer or insurer.** *A* producer or associate may *not*, directly or indirectly, require as a condition, agreement, or understanding of providing another person a loan, loan extension, credit, sale, property, contract, lease, or service that the other person obtain title insurance of any kind from a particular title insurer or title *insurance producer. A* title insurer or title *insurance producer* may *not* knowingly participate in a plan or transaction prohibited by this section."

Section 67. Section 33-22-1703, MCA, is amended to read:

**"33-22-1703. Definitions.** As used in this part, the following definitions apply:

# APPROPRIATIONS

## HOUSE BILL NO. 100

THE GENERAL APPROPRIATIONS ACT OF 1989 FOR THE APPROPRIATION OF MONEY TO VARIOUS STATE AGENCIES FOR THE BIENNIUM ENDING JUNE 30, 1991.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Title.** This act may be cited as "The General Appropriations Act of 1989".

Section 2. **Definitions.** For the purposes of this act, unless otherwise stated, the following definitions apply:

(1) "Agency" means each state office, department, division, board, commission, council, committee, institution, university unit, or other entity or instrumentality of the executive branch, office of the judicial branch, or office of the legislative branch of state government.

(2) "Approving authority" means the governor or his designated representative for executive branch agencies; the chief justice of the supreme court for judicial branch agencies; appropriate legislative committees for legislative branch agencies; or the board of regents or its designated representative for the university system.

(3) "University system unit" means the office of the commissioner of higher education, university of Montana at Missoula, Montana state university at Bozeman, Montana college of mineral science and technology at Butte, eastern Montana college at Billings, northern Montana college at Havre, western Montana college of the university of Montana at Dillon, the agricultural experiment station with central offices at Bozeman, the cooperative extension service with central offices at Bozeman, the forestry and conservation experiment station with central offices at Missoula, the bureau of mines and geology with central offices at Butte, the vocational-technical centers at Billings, Butte, Great Falls, Helena, and Missoula, or the fire services training school at Great Falls.

Section 3. **Other funds to offset general fund.** The approving authority shall decrease the general fund appropriation of the agency by the amount of funds received from other sources in excess of the appropriation provided in this act unless such action is expressly contrary to state or federal law, rule, or contract or unless the approving authority certifies that the services to be funded by the additional funds are significantly different from those for which the agency has received a general fund appropriation. If the general fund appropriation of an agency is decreased pursuant to this section, the appropriation for the fund in which excess funds are received is increased in the same amount as the general fund is decreased.

HeinOnline -- 1989 vol. II 2043 1989

Section 4. **Expenditure limit.** Expenditures may not exceed appropriations.

Section 5. **Budget requests.** (1) Sufficient funds are appropriated in this act to enable each agency to submit its 1993 biennial budget request to the budget director and the legislative fiscal analyst pursuant to the time schedule established in 17-7-112(1). If any agency fails to submit its final, complete budget proposal by the deadlines established in 17-7-112(1), the expenditure authority granted in this act must be reduced or rescinded by the budget director unless the agency director certifies that an emergency situation has precluded a timely budget presentation and the budget director approves an extension of the deadlines, not to exceed 30 days.

(2) Employees added through the appropriation of federal or state special revenues or proprietary funds in this act may not be included in the current level budget presented to the 1991 legislature if their continued employment requires general fund support.

Section 6. **Detailed budget information.** Within 2 days after submission of the preliminary executive budget to the legislative fiscal analyst, the budget director shall give the legislative fiscal analyst the preliminary expenditure recommendations by object of expenditure to the second level of detail and by funding source detailed by accounting entity. Within 1 day after the legislative finance committee presents the budget analysis to the 52nd legislature, the budget director and the legislative fiscal analyst shall mutually exchange expenditure recommendations by object of expenditure to the second level of detail and by funding sources detailed by accounting entity. This final information must be filed in the respective offices and available to members of the legislature and the general public.

Section 7. **Operating budget.** (1) Expenditures by a state agency must be made in substantial compliance with an operating budget approved by an approving authority as defined in 17-7-401. Substantial compliance means that no category in the approved operating budget may be exceeded by more than 5%, provided that no funds appropriated for personal services or indicated in legislative intent as having been appropriated for personal services may be expended under any other category except if the approving authority approves a specific agency request justified on the basis of documented cost savings or except as specified in subsection (3). The approving authority shall submit its analysis of the documented cost savings to the legislative auditor. Wages and fringe benefits must be separately documented from other cost savings. The legislative audit committee shall review the approving authority's analysis and report to the 52nd legislature on potential long-term budget impacts. The expenditure of money appropriated by this act is contingent upon approval of the operating budget by August 1 of each fiscal year. An approved original operating budget must comply with legislative intent as expressed in state law and legislative statements of intent. Legislative intent for the general appropriations act includes the narrative that accompanies this act.

(2) The operating budget for money appropriated by this act must be separate from the operating budget for money appropriated by any other act except any act appropriating money specifically to fund the state pay

HeinOnline -- 1989 vol. II 2044 1989

plan or any portion thereof. Each operating budget must include expenditures for each agency program, detailed at least by the categories of personal services, operating expenses, equipment, benefits and claims, grants, transfers, and local assistance. In no case may the personal services category detail include an amount less than the amount indicated in the personal services detail included in the narrative that accompanies this act plus money appropriated to fund the state employee pay plan, except as specified in subsection (3). Each agency shall record its operating budgets and any approved changes on the statewide budget and accounting system. Forms used for changing an operating budget must reference the current fully completed and approved operating budget, show the proposed changes to the operating budget, and reference any other pending documents to change the operating budget.

(3) If an agency is unable to recruit and hire professional positions funded in the appropriation, funds appropriated for personal services may be used to fund an agreement or contract to provide services that are identical to those services performed by an authorized position. The amount used for the agreement or contract may not be more than the amount authorized for the position less any vacancy savings requirement. The agency director shall certify to the approving authority or his designated representative that the agency is unable to fill the position and that the services performed by that position are necessary.

Section 8. **Program transfers.** Unless prohibited by this act or by statute, the approving authority may approve agency requests to transfer appropriations between programs within each fund type within each fiscal year. The transfer amount may not exceed 5% of the total agency appropriation. The transfer may not include money appropriated for personal services. All program transfers must be completed within the same fund from where the transfer originated. A request for a transfer accompanied by a justification explaining the reason for the transfer must be submitted by the requesting agency to the approving authority and the legislative fiscal analyst. Upon approval of the transfer, the approving authority shall inform the fiscal analyst of the approved transfer and the justification for the transfer.

Section 9. **Reorganization.** If any agency reorganizes during the 1991 biennium, the agency shall present for fiscal 1990 and 1991 by program:

(1) a restatement of the FTE records and financial records consistent with the reorganized structure; and

(2) a comparison of the original operating budget to the revised operating budget which reflects the reorganization. Reorganization means transfers of functions or five or more FTE from one program to another.

Section 10. **Reduction of appropriation.** In the event of a shortfall in revenue, the governor may reduce any or all appropriations. No appropriation may be reduced by more than 15%. The following appropriations may not be reduced:

(1) payment of interest and retirement of state debt;

(2) the legislative branch;

HeinOnline -- 1989 vol. II 2045 1989

(3) the judicial branch;

(4) school foundation program, including special education; or

(5) salaries of elected officials during their terms of office.

Section 11. **Access to records of contracting entities.** (1) Unless a contract made with a nonstate entity complies with subsection (2), no money appropriated by this act may be expended for such contract. Such contract to provide a service to members of the public on behalf of the state may be either written or oral.

(2) A contract described in subsection (1) must contain a provision to allow access, for legislative audit and fiscal analysis, to the records of the contracting nonstate entity sufficient to determine whether the parties to the contract have complied with the terms of the contract. Such an audit and fiscal analysis require access to records necessary to carry out the legislative audit and analysis functions set out in Title 5, chapters 12 and 13.

(3) The state may unilaterally terminate any contract upon refusal by the contracting nonstate entity to allow access to its records necessary to carry out such a legislative audit or analysis.

Section 12. **Coal severance tax income fund.** The coal severance tax income fund, unless appropriated by another act of the 51st legislature, is appropriated to the general fund for use during the biennium ending June 30, 1991.

Section 13. **Severability.** If any section, subsection, sentence, clause, or phrase of this act is for any reason held unconstitutional, such decision does not affect the validity of the remaining portions of this act.

Section 14. **Audit costs.** Amounts appropriated for audits may be transferred between fiscal years. Agencies shall reserve enough cash in each fund to pay for audit costs and shall to the maximum extent allowable under federal regulations charge audit costs to federal funds.

Section 15. **Totals not appropriations.** The totals shown in this act are for informational purposes only and are not appropriations.

Section 16. **Appropriations.** The following money is appropriated for the respective fiscal years:

The appropriation in item 2a in the proprietary column is appropriated from the capital projects fund.

Item 4dii is a biennial appropriation for contract programming.

Item 4aiii is a biennial appropriation for the study and implementation of a uniform payroll, personnel, and position control system for the Montana university system. This appropriation includes 2.0 FTE systems development positions to conduct the study and implement the uniform payroll, personnel, and position control system. This original operational plan is to be presented to the legislative finance committee by August 1, 1989, for review. Any revised operational plan must also be presented for review. The postsecondary study committee shall monitor the implementation of the uniform payroll, personnel, and position control system.

Item 4b includes 2.0 FTE data entry operators, grade 7, step 5, that are used to input data on the P/P/P system. These FTE may not be included in the 1993 biennium current level budget submitted by the department of administration.

The appropriation in item 5a in the proprietary column includes $58,801 in fiscal 1990 and $58,801 in fiscal 1991 from the capital projects fund.

In item 5, the department may charge a maximum of $3.17 per square foot in fiscal 1990 and $3.19 per square foot in fiscal 1991. At the end of fiscal 1991, the maximum working capital the department may carry over is $320,000.

In item 6, the department may charge a maximum overhead rate of 7% in fiscal 1990 and 6% in fiscal 1991.

The amounts listed in items 13 and 14 are appropriated from the pension trust fund.

The department may expend available self-insurance reserves and revenues to pay any deficit that may be incurred for property or liability insurance premiums due and payable through June 30, 1991.

Funds remaining in the capitol land grant account of the capital projects fund, after the appropriation has been met for the general services division of the department of administration, are appropriated to the long-range building debt service fund for the payment of principal and interest on bonds issued for public buildings at the capitol for executive, legislative, and judicial purposes, as outlined in section 12 of The Enabling Act. This appropriation is for the biennium ending June 30, 1991, and is not to exceed the annual debt service required on these bonds.

The department of administration shall develop a cost recovery plan for proprietary operations. It is the intent of the legislature that the cost of each service provided should be fully recovered through the rate charged for each service. The plans must be submitted with the department's 1993 biennium budget request and must, at a minimum, include the following information:

(1) identification of the goods or services, or both, that are provided by the program, how the service level is measured, and the anticipated service level for the 1993 biennium;

(2) the proposed rates by service for each year of the 1993 biennium;

(3) a description and explanation of how rates are established, including identification of all relevant costs, service levels, personnel efficiency ratios, and all other assumptions used in rate development.

The following operations shall develop a cost recovery plan as described above:

(1) publications and graphics;

(2) property and supply;

(3) information services division;

(4) central mail.

Contingent on passage and approval of HB 234, the public employees' retirement division is appropriated $4,480 in pension trust funds for fiscal 1990 only.

The department is directed to submit to the 1991 legislature a construction work plan for the 1993 biennium that is detailed by year and project. This work plan must specify, by road system or project area, proposed projects on which $1 million or more would be spent during the 1993 biennium and an aggregate cost for projects with anticipated expenditures of less than $1 million. Costs must be detailed by year and project.

The department may adjust appropriations and FTE in the construction, preconstruction, interfund transfers, and maintenance programs between fiscal years and funding sources to reflect actual expenditures related to the construction work plan and maintenance activities.

Item 3 includes an appropriation of $473,272 in each fiscal year for damage repairs from insurance proceeds. In the event the insurance proceeds received exceed the amounts appropriated to the department of highways for fiscal 1990 and fiscal 1991, the additional funds are appropriated.

Item 4 includes $2,395,500 in fiscal 1990 and $2,442,500 in fiscal 1991 for consultant and professional services. Item 4 also includes $4,451,390 in fiscal 1990 and $7,105,100 in fiscal 1991 for right-of-way purchases. The above amounts may be expended for the prescribed purposes only and may not be transferred to any other program. The funds in item 4 for consultant and professional services and for right-of-way purchases that are not expended for the prescribed purposes must revert.

Contingent upon passage of HB 774, there is appropriated $150,000 a year for the 1990-91 biennium from the highway special revenue fund to the maintenance program.

Item 8 includes $58,069 of general fund in fiscal 1990 and $50,667 of general fund in fiscal 1991 for implementation of the Montana initiative for the abatement of mortality in infants in HB 773. In addition, the department shall reallocate funds from existing appropriations in HB 100 equal to $46,541 in fiscal 1990 and $46,675 in fiscal 1991 to provide up to $104,610 in fiscal 1990 and up to $97,342 in fiscal 1991 for total funding of the Montana initiative for the abatement of mortality in infants project.

The total appropriation for the department includes $2,101,803 in fiscal 1990 and $2,101,803 in fiscal 1991 from the maternal and child health block grant. To the extent revenues from the grant exceed these amounts, they must be distributed to the counties based upon identifiable needs. To the extent revenues from the grant are less than these amounts, distributions to the counties must be reduced.

Items 2b, 2c, 3b, and 5b are biennial appropriations.

To the extent revenues from the preventive health block grant exceed $597,771 in fiscal 1990 or fiscal 1991, they may be distributed at the discretion of the director of the department of health and environmental sciences based upon identifiable health care needs. To the extent revenues from the grant are less than this amount, the director of the department shall make program reductions.

Item 2a will require an interaccount loan from the general fund for not more than $223,000 for the purpose of purchasing the equipment authorized for the chemistry laboratory. The loan period may not extend beyond June 30, 1991, and must be repaid with laboratory fee revenue.

Item 2c is a contingency appropriation that may be used only if the demand for reimbursable services requires expenditures for supplies, materials, and communications in excess of the appropriated levels of $117,925 for fiscal 1990 and $116,792 for fiscal 1991.

Item 3c provides for distribution to local boards of health of a portion of the license fees collected from food establishments, accommodations, and camping facilities. If this portion of license fees exceeds the amount appropriated in item 3c, the department may request a budget amendment to distribute the excess.

Any savings in the health planning budget (item 10) resulting from any exclusion of hospitals from the certificate of need program must be used to support the Montana initiative for the abatement of mortality in infants (MIAMI) project.

Contingent upon passage of HB 757, there is appropriated $14,967 for fiscal 1990 and $14,967 for fiscal 1991 from the general fund to the department of health and environmental sciences to fund increased responsibilities of agricultural water monitoring.

In each fiscal year, 10% of the low-income energy assistance program block grant must be transferred to the social services block grant. If the transfer is greater than $862,444 in either fiscal year, a like amount of general fund must revert. Ten percent of the low-income energy assistance program block grant must be used for the weatherization program in each fiscal year. If the department receives refunds from low-income energy assistance grants in excess of $420,000 in either fiscal year, the excess amount of refunds must be used in the weatherization program.

It is the intent of the legislature that the department establish AFDC and general assistance payment levels at 42% of the federal poverty index each year of the 1991 biennium using the calendar year 1989 federal poverty index to establish the state fiscal 1990 payment levels and the calendar year 1990 federal poverty index to establish the state fiscal 1991 payment levels.

Except for 5% in fiscal 1990 and 5% in fiscal 1991 that the department may use for administrative expenses, all other funds appropriated for the community services block grant must be allocated to the human resource development councils.

Funds appropriated under item 1bi are for a contract with the Montana legal services corporation to provide legal assistance to all general relief clients seeking eligibility for the federal supplemental security income program and to those current recipients of supplemental security income who have been notified of termination of benefits. The appropriation is intended to reduce the general assistance case load by a minimum of 320 clients by the end of the 1991 biennium.

The department is directed to work with the Montana public and investor-owned utilities and the HRDCs to prepare a long-range, low-income weatherization plan based upon utility funding for presentation to the 52nd legislature. Utility funded weatherization must be cost-effective for the utilities (i.e., the energy saved through the weatherization must be less costly than the value of the electricity or natural gas that would be needed without the weatherization savings).

The department may not consider donated or nondepartmental contracted funds obtained by developmental disabilities providers when allocating or contracting state payments for developmental disabilities services.

Item 3b is a biennial appropriation.

Transfer of funds may be made among items 5bi, 5bv, and 5bvi. No funds may be transferred from these items to any other portion of the SRS budget.

Funds appropriated in item 1bii for fiscal 1990 include at least $100,000 of general fund and $500,000 of federal funds for the transition to work program. If a general assistance recipient accepts funding from the transition to work program in order to accept employment in another state, the recipient is not eligible for the general assistance program for 16 months after his relocation to another state. No funds may be transferred out of item 1bii to any other portion of the SRS budget.

Transfer of funds may be made among items 1bv, 5bvii, and 5bviii. No funds may be transferred from these items to any other portion of the SRS budget.

Funds appropriated under item 5bix may only be used for salary increases for nurse aides who have completed all training and competency evaluation requirements mandated under the federal Omnibus Budget Reconciliation Act. These funds may not be distributed by the department as part of the reimbursement formula for routine operating and property costs.

It is the intent of the legislature that a portion of funds appropriated under items 1bv and 5bvii may be used for eligibility determination of additional welfare cases that are directly attributable to changes in federal eligibility criteria. Eligibility determination of the additional cases and general relief case loads may include contracting for services in nontraditional settings. The department shall report to the 52nd legislature on the efficiency and cost-effectiveness of such an approach to eligibility determination.

The department may not expend or reduce the amount, scope, or duration of the benefits available to recipients under the medicaid-other program during the 1991 biennium unless Title XIX of the federal Social Security Act is amended to require expansion or reduction of benefits as a condition of the state receiving federal financial participation.

No funds may be transferred out of item 5biv.

If collections of county mill levy funds from state-assumed counties exceed $6,907,000 in fiscal 1990 and $7,030,000 in fiscal 1991, excepting mill levy funds received from any county becoming state assumed after fiscal 1989, there must be a general fund reversion of an amount equal to the excess mill levy revenue.

Funds appropriated under item 11b must be expended for direct services in accordance with recommendations of the developmental disabilities planning and advisory council.

The department may request additional federal authority for work training programs through the budget amendment process. The department may contract with the department of labor to administer such programs.

Of the total funds received by the vocational rehabilitation program from the industrial accident and rehabilitation account, $300,000 per year is to be used to fund counseling and placement costs in the vocational rehabilitation program. No indirect costs may be paid with industrial accident and rehabilitation account funds.

Item 10d includes $1,245,487 appropriated for fiscal 1990 and $1,270,398 for fiscal 1991 for direct care salary increases within the developmental disabilities community-based system. These funds will be used to bring salaries toward a target minimum entry level for each job classification. Salaries farthest below the minimum entry level will be addressed first.

The developmental disabilities division shall present to the 52nd legislature the cost of full compliance with the requirements for early intervention services that are contained in Part H of the federal Education of the Handicapped Act, as amended by Public Law 99-457.

Item 3c is an appropriation for the state child support enforcement bureau. The department shall establish an enterprise fund on July 1, 1989, to allow for operation of the child support enforcement program. It is the intent of the legislature that the program collect $1.25 in fiscal 1990 and $1.69 in fiscal 1991 for each $1.00 expended from the enterprise fund. The department is authorized to employ a maximum of 106 FTE in fiscal 1990 and 121 FTE in fiscal 1991, provided the department meets the legislative performance criteria. The purpose of the additional staff is to meet the requirements of the federal audit performance standards, the 1987 audit corrective action plan, the federal welfare reform act, and SB 22, SB 42, SB 129, and SB 177 passed by the 51st legislature. The department may contract portions of this program as long as it meets legislative performance criteria.

The state share of the AFDC-related support collections and all AFDC and non-AFDC federal incentive payments must be deposited to this enterprise fund from which the state's share of the administrative and operational costs of the program must be paid. Any fund balance in excess of $500,000 in the enterprise account at the end of each fiscal year must be returned to the general fund. The department shall clearly identify all related revenues and expenditures on the state budgeting and accounting system in order for the office of budget and program planning or the office of the legislative fiscal analyst to completely evaluate the cost-effectiveness of this program.

The funds appropriated for the state child support enforcement bureau in item 3c must be transferred to the department of revenue unless the 51st legislature provides substantive authority transferring the program of child support enforcement to the department of social and rehabilitation services.

The department may pursue funding for the specialized services and support organization (SSSO) under the federal ICF/MR program if the federal government fails to approve medicaid waiver funding for SSSO services.

Item 1b is a biennial appropriation.

The department shall develop a plan for the implementation of a continuum of youth services for the state of Montana to be presented to the 52nd legislature.

The plan for implementation should address the following goals and objectives:

(1) stabilize the rate system for existing child care providers by phasing in a percentage increase of the state's rates with a goal toward adequate funding to ensure continued provision of existing services;

(2) quantify the number of children served and the number of children unserved or underserved;

(3) complete the continuum of care necessary to address the needs of children in the custody of the department by developing or enhancing programs in the following areas:

(a) prevention of child abuse and neglect and juvenile delinquency;

(b) family-based and in-home services for families in crisis;

(c) intermediate level services, including specialized or therapeutic foster care and group care;

(d) development of services to address the needs of the children in the following categories:

(i) juvenile sex offenders;

(ii) dually diagnosed (developmentally disabled and emotionally disturbed) children;

(iii) juvenile delinquents in need of community juvenile corrections programs;

(iv) chronically mentally ill children;

(v) severely emotionally disturbed children.

It is recognized that the planning process for the development of the youth services system must be tied to the local level. The establishment of the 10 local youth services advisory councils across the state provides the best mechanism for local participation in the planning process. All planning to address the needs of youth should be undertaken in conjunction with these local councils.

Item 2a contains $49,584 of general fund and $1,987 of federal funds in fiscal 1990 and $66,113 of general fund and $2,650 of federal funds in fiscal 1991 for 2.5 FTE day-care licensing personnel. If additional federal funds become available for this program on or before October 1, 1989, they must replace general fund to the fullest extent possible.

The appropriation in items 3b and 4b may only be used to pay annual leave and holiday pay for teachers at Mountain View school and Pine Hills school.

Included in item 2 is appropriations authority of $24,542 in fiscal 1990 and $24,593 in fiscal 1991 for the operations of the rodent advisor committee. The committee may only use revenues earned from the rodenticide tax established under 80-7-1106, gifts, or grants to expend the appropriations authority.

Included in item 3 is $29,459 in fiscal 1990 and $27,299 in fiscal 1991 for travel. Of the amounts appropriated for travel, $4,700 in fiscal 1990 and $2,400 in fiscal 1991 are increases over the amounts expended in fiscal 1988. If the division expends more than $24,759 in fiscal 1990 for travel, the amount expended over $24,759 must be excluded from the budgets presented to the 52nd legislature.

Included in item 3 are 11.0 FTE and $357,338 in fiscal 1990 and $362,491 in fiscal 1991 for the operations of the department's grain laboratory. If the workload at the grain laboratory requires additional resources beyond the amounts appropriated, the workload increase is an emergency for budget amendment purposes under 17-7-401 through 17-7-405.

The department shall implement rules to charge and collect fees for agriculture counseling and mediation program financial assistance and mediation activities. To the extent that fee revenues are available, the department shall expend the fee revenues prior to expending the general fund. If there is a fee fund balance at the conclusion of the program, the fund balance must be transferred to the general fund.

The department is authorized to make grants to state agencies from the growth through agriculture account as approved by the Montana agriculture development council in accordance with Title 90, chapter 9. The state agency that receives a grant from the Montana agriculture development council is authorized additional appropriation authority equal to the grant amount.

Within proprietary funds appropriated to the department are revenues received under the provisions of 80-2-221 for hail insurance and 80-2-103 for rural development. Amounts included are:

Items 2b, 2c, and 5c are biennial appropriations.

Item 5a contains $3,878,581 in fiscal 1990 and $3,766,210 in fiscal 1991 for prefire suppression costs.

Item 1 contains $11,000 per year for the travel expenses of the oil and gas auditor. In preparing the 1993 biennial budget for legislative consideration, the office of budget and program planning and the legislative fiscal analyst's office may not include the oil and gas auditor's travel expenses in the current level base.

Item 2a contains $2,000 per year for printing of the hard-rock bureau's administrative rules, $2,050 per year for inspection supplies, and $7,500 in fiscal 1990 for printing of the coal and uranium bureau's administrative rules. In preparing the 1993 biennial budget for legislative consideration, the office of budget and program planning and the legislative fiscal analyst's office may not include the expenditures from the above items in the current level base.

Item 5a contains $15,000 in fiscal 1990 for completion of the fire protection assessment computer system, $11,838 in fiscal 1990 for one-time computer supplies, and $14,400 per year for the lease/purchase of a photocopier. In preparing the 1993 biennial budget for legislative consideration, the office of budget and program planning and the legislative fiscal analyst's office may not include these expenditures in the current level base.

Item 5b contains $100,000 per year of federal fire reimbursement funds that the department may expend on department forestry activities. Federal fire reimbursement funds are those funds received from the federal agencies for expenses incurred from loaning department personnel to federal agencies to assist in fire suppression activities. Only those federal funds received by the state as reimbursement of expenses credited against the department's state forestry operational budget are considered federal fire reimbursement funds. All other federal funds received must be deposited into the general fund. The department shall report federal fire reimbursement expenditures on state accounting records, and the records must be separate from current level operations.

Item 5a contains $43,007 in fiscal 1990 and $27,505 in fiscal 1991 for a federally/privately funded prescribed burn program. The department is to implement the program only if a federal or private funding source is obtained.

Item 5a contains $106,301 in fiscal 1990 and $73,360 in fiscal 1991 for expansion of the slash program. The expansion funds may be expended only if HB 657 is enacted.

The department and each recognized federal fire protection agency shall, in advance of the fire season, prepare annual operation plans concerning fire prevention, training, communications, detection, suppression, and prescribed fire for all areas, including special management areas, that are of concern to both agencies. It is the intent of the legislature that one of the department's purposes in negotiating these plans is to promote clarity among federal and state firefighting units regarding policies for management of fires in special management areas and to thereby prevent unnecessary expenditure of the state general fund.

Item 5c is to coordinate and conduct, in consultation with the environmental quality council, audits of the application and effectiveness of voluntary best management practices for timber sales.

Item 3e is appropriated for fisheries research as specified by the department through a contracted agreement with the Yellow Bay experiment station.

Item 4a contains $50,373 per year for employee relocation costs, which is an increase of $27,000 per year over the amount expended in fiscal 1988. Item 4a contains $40,000 per year of increased funds that the department may use only if it is successful in negotiating a compensatory time proposal with the wardens' union. A compensatory time proposal would allow the department the flexibility of working wardens more than a 40-hour week and compensating the wardens with 1 ½ hours compensatory time for every hour worked over 40 hours, rather than the current policy of having to pay time and a half for hours worked over 40 hours.

Item 5a contains $363,600 per year for rental of private aircraft, which is an increase of $90,600 per year over the amount expended in fiscal 1988. In preparing the 1993 biennial budget for legislative consideration, the maximum amount of expenditures from the private aircraft rental expenditure code to be included by the office of budget and program planning and the legislative fiscal analyst's office in the current level bases is $273,000.

Item 5a contains $16,391 in fiscal 1990 and $16,436 in fiscal 1991 for a habitat/timber sales planning program expansion and $28,090 in fiscal 1990 and $29,025 in fiscal 1991 for a nongame program expansion. In preparing the 1993 biennial budget for legislative consideration, the office of budget and program planning and the legislative fiscal analyst's office may not include the expenditures from the above items in the current level base.

The department shall present to the 52nd legislature funding alternatives for the continuation of the nongame program that will replace the use of hunting and fishing license funds to support the program.

The department shall report to the 52nd legislature all projects and programs that terminated during the 1991 biennium.

Item 6a contains $225,881 in fiscal 1990 and $393,743 in fiscal 1991 for the Montana conservation corps. The expenditure of the appropriations for the corps is contingent upon the enactment of SB 388.

Contained in item 6a state special revenue appropriations for both fiscal 1990 and fiscal 1991 is a minimum of $275,500 for the operations and maintenance of the Canyon Ferry recreation area. The department shall report to the office of budget and program planning and the legislative finance committee on September 1, 1990, the income earned in fiscal 1990 from the Canyon Ferry recreation area and the fiscal 1990 state and federal expenditure made to operate and maintain the Canyon Ferry recreation area. The department shall also make a similar report on December 1, 1990, for the first 5 months' income and expenditures of fiscal 1991 at the Canyon Ferry recreation area.

The appropriation for item 7b may only be expended to assist in the development of shooting ranges.

Item 8a contains $30,000 per year for legal fees and court costs, which is an increase of $12,300 per year over the amount expended in fiscal 1988. In preparing the 1993 biennial budget for legislative consideration, the maximum amount of expenditures from the legal and court cost expenditure code to be included by the office of budget and program planning and the legislative fiscal analyst's office in the current level bases is $17,700.

Item 8a contains $110,000 per year for contracting with the department of livestock for predator control, which is an increase of $20,000 per year over the amount expended in fiscal 1988. In preparing the 1993 biennial budget for legislative consideration, the maximum amount of expenditures from the grant to the department of livestock expenditure code to be included by the office of budget and program planning and the legislative fiscal analyst's office in the current level bases is $90,000.

Item 8b contains a $150,000 biennial appropriation for a saline seep control program. In preparing the 1993 biennial budget for legislative consideration, the office of budget and program planning and the legislative fiscal analyst's office may not include the expenditures from the program in the current level base.

Item 8b must be used by the department to contract with landowners in cooperation with the Montana salinity control association for salinity control programs that provide benefits to fish and wildlife habitats. Salinity control projects that involve privately owned land must be financed on a cost-share basis under guidelines developed by the department. The guidelines must be consistent with the legislation establishing the funding source and complying with federal funding guidelines.

Item 8d contains $50,000 of hunting and fishing license funds and $50,000 of federal funds allocated to Montana for fisheries management. The $50,000 of hunting and fishing license income and the $50,000 of federal funds may only be expended if $50,000 of local/private funds and $150,000 from the federal bureau of land management are made available.

The department is authorized to make a permanent loan from its state special revenue fund to its federal special revenue fund to provide adequate cash flow for federal programs that reimburse the department after expenditures are incurred and paid.

If the department receives private funds for the costs of the fisheries, wildlife, parks, or conservation education divisions, it may increase its state special revenue appropriation and decrease its federal revenue appropriation by like amounts to implement the provisions of SB 80.

The appropriation for the legislative contract authority in items 1c, 3c, 4b, 5b, and 8c is subject to the following provisions:

(1) Legislative contract authority applies only to federal and private funds.

(2) Legislative contract authority expenditures must be reported on state accounting records. The records must be separate from current level operations.

(3) A report must be submitted by the department to the legislative fiscal analyst following the end of each fiscal year of the biennium. The report must include a listing of projects with the related amount of expenditures for each project.

In addition, a current listing of program, case loads, and related costs must be submitted. Contingency funds may be awarded for positions that have gone unfilled for an entire school year and for which regular state special education funds were not awarded.

There is appropriated in item 8 general fund of $146,095 in fiscal 1990 and $146,095 in fiscal 1991 to replace education trust fund interest earnings. ## F. HIGHER EDUCATION

All funds, other than plant funds and current unrestricted operating funds, may be spent and are appropriated contingent upon approval of the comprehensive program budget by the board of regents by July 1 of each year. The budget must contain detailed revenues and expenditures and anticipated fund balances of current funds, loan funds, and endowment funds. All movement of funds between the current unrestricted subfund and the designated subfund account entities must be clearly identified in the state budgeting and accounting system.

Programs for the university budgets include instruction, organized research, public service, academic support, student services, institutional support, operation and maintenance of plant, and scholarships and fellowships.

The six university units shall account for expenditures consistently within programs and funds across all units and shall use the national center for higher education management systems program classification structure, along with the college and university business administration (CUBA) system, as a minimum standard for achieving consistency.

Each year of the biennium, the portion of indirect cost reimbursements that exceeds the amount set forth in the current unrestricted operating subfund appropriation for each unit is appropriated to the respective unit. All indirect cost reimbursement not expended in the current unrestricted operating subfund account must be clearly identified and separately accounted for during the 1991 biennium.

Included within current unrestricted funds to the six institutions is the sum of $12,050,000 in fiscal 1990 and $12,022,000 in fiscal 1991 from revenues generated under the provisions of 20-25-423. The department of revenue shall levy the full 6 mills as authorized in 20-25-423. Revenues received by the university system under the provisions of 20-25-423 that exceed $12,050,000 in fiscal 1990 and $12,022,000 in fiscal 1991 must cause a general fund reversion of a like amount each year.

Research grant indirect costs retained at the various units of the university system in funds other than the current unrestricted subfund must be expended for the enhancement of existing research programs, assistance to and encouragement of new research programs, and the general support of research.

There is appropriated for higher education programs general fund of $465,000 in fiscal 1990 and $592,000 in fiscal 1991 to replace education trust fund interest earnings. If education trust fund interest earnings become available during the biennium, then one dollar of general fund appropriated for higher education programs will revert for each dollar of education trust interest earnings.

# HOUSE BILL NO. 775

AN ACT TO APPROPRIATE MONEY TO THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION FOR LOANS AND GRANTS UNDER THE WATER DEVELOPMENT PROGRAM AND THE RENEWABLE RESOURCE DEVELOPMENT PROGRAM; TO AUTHORIZE LOANS FROM WATER DEVELOPMENT BOND PROCEEDS AND APPROPRIATE FUNDS FOR DEBT SERVICE; TO REAUTHORIZE GRANTS AND LOANS APPROVED BY THE 50TH LEGISLATURE; TO REALLOCATE CERTAIN RESOURCE INDEMNITY TRUST ACCOUNT INTEREST INCOME FOR WATER DEVELOPMENT PROGRAM GRANTS DURING THE BIENNIUM ENDING JUNE 30, 1991; TO PLACE CERTAIN CONDITIONS UPON GRANTS AND LOANS; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Appropriations from the water development state special revenue account.** (1) Because the legislature cannot appropriate individual grants to private entities, there is appropriated to the department of natural resources and conservation up to $85,000 from the water development state special revenue account during the 1990-91 biennium for grants to private persons for water development projects and activities pursuant to the provisions of Title 85, chapter 1, part 6. This appropriation is from money available in the water development state special revenue account for grants for water development projects and activities under 85-1-604(3)(c) and according to priorities established in subsections (3) and (4) of this section.

(2) There are appropriated to the department the interest earnings from the proceeds of water development bonds and renewable resource development bonds issued to finance loans authorized by [this act]. Interest earnings must be deposited in the water development debt service fund and the renewable resource development debt service fund, respectively.

(3) There are appropriated to the department all other funds not appropriated under subsection (1) and available for grants to political subdivisions and local government entities from the water development state special revenue account during the 1990-91 biennium. This appropriation is from money available in the water development state special revenue account and renewable resource development account for grants and from the water development or renewable resource accounts for loans for water development projects and activities under 85-1-604(3)(c) and [this act]. The funds appropriated in this section must be awarded by the department to the named entities for the described purposes and in the described grant amounts set out in subsection (4), subject to the conditions set forth in [this act] and the contingencies described in the renewable resource and water development programs January 1989 report. The legislature, pursuant to 85-1-605, approves the grants listed in subsection (4), with grants to be made in the order indicated in the prioritized list of projects and activities. Funds must be awarded up to the amounts approved in this section in

HeinOnline -- 1989 vol. II 2092 1989

order of priority until available funds are expended. Funds not accepted or used by higher ranked projects and activities must be provided for projects and activities further down the priority list that would not otherwise receive funding. If the total expenditure of funds appropriated under this section results in a cutoff that ends at a point at which more than one project or activity is ranked equal in priority, the decision regarding which project or projects will receive funding must be made by the department with the advice of the water development advisory committee formed pursuant to 2-15-122. Any projects that are funded by the reclamation and development grants program may not be funded under [this act]. Actual rank and score of the various projects and activities are contained within the renewable resource and water development programs project evaluations and recommendations report for the 1990-91 biennium.

Section 2. **Appropriations under renewable resource development program — eligibility.** (1) There are appropriated to the department of natural resources and conservation all available funds from the renewable resource development account during the 1990-91 biennium for projects under the renewable resource development program.

(2) The department shall award grants to the named entities for the described purposes and in the described amounts set out in subsection (3)(a). The legislature, pursuant to 90-2-111, approves the listed grants, with grants to be made in order of priority ranking, except renewable resource development grants for water development projects and activities that must be made in the order of priority listed in [section 1]. Projects and activities sponsored by public entities listed in [section 1] that do not receive water development funding are eligible for renewable resource development funds on the basis of the renewable resource development program priority ranking criteria. Any project or activity listed in [section 1] that receives water development funds is not eligible to compete for renewable resource development funds. Projects and activities listed in this section that do not receive renewable resource development funding are eligible for water development funds on the basis of the water development program priority ranking criteria. A project or activity listed in this section that receives renewable resource development funds is not eligible to compete for water development funds. Funds not accepted or used by higher ranked projects must be provided for projects further down the priority list that would not otherwise receive funding. If the total expenditure of funds appropriated under this section results in a cutoff that ends at a point at which more than one project is ranked equal in priority, the decision regarding which project or projects will receive funding must be made by the department with the advice of the water development advisory committee formed pursuant to 2-15-122. Actual rank and score of the various projects are contained within the renewable resource and water development programs project evaluations and recommendations report for the 1990-91 biennium.

(b) The grants approved for the university of Montana and Montana state university do not include funding for indirect costs.

(4) The following contingencies apply to the grants to the Montana state library for the natural resource information system, water information system, and natural heritage program:

(a) Beginning October 1, 1989, the Montana state library shall:

(i) charge a minimum rate of $25 an hour to private sector users of the natural resource information system, water information system, and natural heritage program;

(ii) charge a subscription fee to private sector users; or

(iii) based on the recommendation of the natural resource data system advisory committee, develop a different charging method that results in an equitable cost to private users.

(b) Charges developed pursuant to subsection (4)(a) do not apply to government agencies or public users of the natural resource information system, water information system, and natural heritage program.

(c) Charges under subsection (1)(a) are limited to charges for services of the natural resource information system, water information system, and natural heritage program and do not establish a precedent for setting charges for other library services.

(d) The Montana state library shall develop and use a recordkeeping system to specify the private sector users of the natural resource information system, water information system, and natural heritage program data bases and services. The use data must be provided to appropriate entities of the legislature for use in decisions on the long-term funding of the natural resource information system, water information system, and natural heritage program.

(e) If the grants are funded at the approved level, money collected from the charging system developed under subsection (4)(a) must be deposited in the renewable resource development account. If the grants are funded at less than the approved level, money collected from the charging system developed under subsection (4)(a) must be deposited in the Montana state library account to offset the costs of the natural resource information system, water information system, and natural heritage program, and such deposits are hereby appropriated. These deposits, when combined with the available funding, may not exceed the total amount of the approved grants.

Section 3. **Opportunity to receive loans for projects that do not receive grants.** Sponsors of recommended projects and activities on the prioritized lists in [sections 1 and 2] that are not recipients of available grant funds must be offered the opportunity to receive loan funds for up to the total recommended project amount, subject to the conditions described in [this act]. The interest rate applicable to these loans must be the rate paid on bonds issued pursuant to [this act].

HeinOnline -- 1989 vol. II 2096 1989

Section 4. **Approval of loans from bond proceeds and completion of appropriation.** (1) The legislature, pursuant to 85-1-605, 85-1-606, and 90-2-107, hereby approves loans to private sponsors approved by the department of natural resources and conservation during the 1990-91 biennium and the loans for projects and activities identified and described in [section 1] to public entities from water development bond proceeds, interest earnings on such proceeds deposited in the water development debt service fund, and loans from renewable resource development bond proceeds deposited in the renewable resource development account. Bond proceeds may be used for the payment of bond issuance costs. Funds are appropriated for these costs to a maximum of 4% of the amount of each bond sale.

(2) The approval of specific loans completes an appropriation of the coal severance tax proceeds allocated by 15-35-108 to the water development bond account for the purpose of paying, in the manner established by 85-1-619, principal of and interest and redemption premiums on any water development bonds issued to provide the proceeds for the loans to private and public entities for projects and activities approved in [section 1], and it also completes an appropriation to the renewable resource debt service fund for the purpose of paying, in the manner established by 90-2-123, principal of and interest and redemption premiums on any renewable resource development bonds issued to provide the proceeds for the loans to political subdivisions and local government entities for projects and activities approved in [sections 1 and 2].

Section 5. **Reauthorization of loans and grants approved by 50th legislature.** The 50th legislature, in House Bill No. 7, Laws of 1987, approved loans and grants from the water development and renewable resource development bond accounts for the Cascade County RID No. 26, Sun Prairie, in the amount of $200,000; Carbon County/Roberts Water System Improvements in the amount of $142,500; City of Shelby in the amount of $100,000; Sage Creek County Water District in the amount of $158,600; and Town of Cascade in the amount of $200,000. Loans and grants for the entities described in this section are hereby reauthorized.

Section 6. **Reallocation of resource indemnity trust account interest income.** Except for special departmental appropriation and notwithstanding any provisions of 85-1-604 to the contrary, all remaining interest income allocated to the water development state special revenue account from the resource indemnity trust fund by 15-38-202(2) during the 1990-91 biennium may be used only for the purposes set out in 85-1-604(3)(c).

Section 7. **Emergency grants.** There is appropriated to the department of natural resources and conservation up to $125,000 from the water development state special revenue account to be used for emergency projects. If these funds are not needed for emergencies, they may be used for grants approved in [section 1].

Section 8. **Conditions of loans and grants.** Disbursement of funds under [this act] for both loans and grants is subject to the following conditions that must be met by project sponsors:

HeinOnline -- 1989 vol. II 2097 1989

(1) approval of a scope of work and budget for the project by the department of natural resources and conservation. Reductions in a scope of work or budget may not affect priority activities or improvements.

(2) documented commitment of other funds required for project completion;

(3) satisfactory completion of conditions described in the recommendation section of the project narrative in the renewable resource and water development programs project evaluations and recommendations report for the 1990-91 biennium or, in the case of emergency applications, conditions specified at the time of written notification of approved loan authority;

(4) execution of a loan or grant agreement with the department; and

(5) accomplishment of other specific requirements considered necessary by the department to accomplish the purpose of the loan or grant as evidenced from the application to the department or from the proposal to the legislature.

Section 9. **Conditions for grants.** Notwithstanding the conditions described in [section 1], grant funds are disbursed in the order of priority listed in [section 1] as coal tax and resource indemnity trust account interest income revenues are received. No project approved by [this act] is entitled to receive grant funds not collected and allocated to the water development state special revenue account or the renewable resource development account.

Section 10. **Conditions for loans.** Each sponsor authorized for a loan from water development bond proceeds or renewable resource development bond proceeds may be required to pay to the department of natural resources and conservation a pro rata share of the bond issuance costs and the administrative costs incurred by the department to complete the loan transaction.

Section 11. **Private and discount purchase of loans.** Loans to political subdivisions and local government entities and bonds, warrants, and notes issued in evidence thereof may be made and purchased by and sold to the department of natural resources and conservation at a discount and at private negotiated sale, notwithstanding the provisions of any other law applicable to such political subdivisions or local government entities.

Section 12. **Appropriations established.** For any entity of state government that receives a grant or loan under [this act], an appropriation is established for the amount of the grant or loan upon award of the grant or loan by the department of natural resources and conservation.

Section 13. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 14. **Effective date.** [This act] is effective on passage and approval.

(2) The director of the department of institutions shall certify to the department of administration that each of the buildings set forth in subsection (1) is surplus to the needs of the department and the state by reason of the building's age, deteriorated physical condition, safety considerations, or license deficiencies and has no residual economic or useful life. If the cost of repairing the deficiencies would preclude reasonable restoration and refurbishing efforts, the director of the department of administration may grant an order to proceed with demolition if:

(a) a successful contractor or bidder agrees to demolish or remove the building and reclaim the building site based on the salvage value of the building itself; and

(b) the demolition or removal of the building does not violate the provisions of the state antiquities law, as provided in Title 22, chapter 3, part 4, relative to established heritage properties under state ownership.

(3) The director of the department of administration may permit the director of the department of institutions to use the prison industries program, established in 53-1-301 through 53-1-304, to demolish and remove selected institutional buildings listed in subsection (1). The proceeds from the sale of salvageable material obtained through the demolition process must be deposited in the prison industries proprietary account. Permission may be granted only after the office of budget and program planning and the legislative finance committee determine that the proceeds from the sale of salvageable material will support the cost of demolition and removal.

Section 24. **Sale of state lands at Montana state prison.** Pursuant to the provisions of 77-2-302 requiring that the board of land commissioners consult with an appropriate legislative committee prior to the sale of buildings formerly used by a state institution, the board is hereby authorized to sell the following property if it determines this sale to be in the best interest of the state. Sale proceeds must be deposited in the capital projects funds. The board is authorized to pay costs of necessary surveys, appraisals, and all other costs associated with the sale of land from the proceeds of the sale. The land that may be sold is approximately 10 acres of land formerly known as the Bratten ranch, with approximately 14 structures. This property borders on Main Street in the city of Deer Lodge, a Montana power substation, and the department of highways garage.

Section 25. **Planning and design.** The department of administration may proceed with the planning and design of capital projects prior to the receipt of other appropriated funds. The department may use interaccount loans in accordance with 17-2-107 to pay such planning and design costs incurred prior to the receipt of other appropriated funds.

Section 26. **Capital projects — contingent funds.** If any capital project is financed in whole or in part with appropriations contingent upon the receipt of other appropriated funds, the department of administration may not let such projects for bid until the agency has submitted a financial plan for approval by the director of the department of administration. No financial plan may be approved by the director if:

HeinOnline -- 1989 vol. II 2111 1989

(1) the level of funding provided under the financial plan deviates substantially from the funding levels provided in [this act] for that project; or

(2) the scope of the project must be substantially altered or revised from the preliminary plans presented for that project in the 1989-91 long-range building program presented to the 51st legislature.

Section 27. **Legislative consent.** The appropriations authorized in [this act] constitute legislative consent for the capital projects contained in [this act] within the meaning of 18-2-102.

Section 28. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 29. **Requirements for approval of state debt — severability.** Because [section 17] authorizes the creation of a state debt, a vote of two-thirds of the members of each house is required for enactment of [sections 16 through 20]. If [section 17] is not approved by the required vote, [sections 16 through 20] are void. The remaining sections of [this act] are valid and remain in effect in all valid applications upon enactment.

Section 30. **Effective date.** [This act] is effective on passage and approval.

HeinOnline -- 1989 vol. II 2116 1989

(c) satisfactory completion of conditions described in the recommendation section of the project narrative in the renewable resource and water development program project evaluations and recommendations report for the 1990-91 biennium or, in the case of emergency applications, conditions specified at the time of written notification of approved loan authority;

If the bonds or notes bear interest at an adjustable rate, the department of natural resources and conservation shall establish, at the time of the sale of each bond, an assured rate of interest thereon as if the bond bore interest at a fixed rate. The assured rate of interest so established must be the rate of interest on the bonds for the purpose of calculating the interest rates on the loans pursuant to [section 1].

Section 7. **Private and discount purchase of loans.** Loans to political subdivisions and local government entities and bonds, warrants, and notes issued in evidence of the loans may be made and purchased by and sold to the department of natural resources and conservation at a discount and at private negotiated sale, notwithstanding the provisions of any other law applicable to such political subdivisions or local government entities.

Section 8. **Appropriations established.** For any entity of state government that receives a loan under [this act], an appropriation is established for the amount of the loan upon award of the loan by the department of natural resources and conservation.

Section 9. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 10. **Requirements for approval of state debt.** Because [section 3] authorizes the creation of a state debt, a vote of two-thirds of the members of each house is required for enactment of [section 3].

Section 11. **Effective date.** [This act] is effective on passage and approval.

(viii) errors in references to the Montana Code Annotated; and

(ix) other nonconformities of an amendment with Bill Drafting Manual form.

(3) The engrossing and enrolling staff shall give notice in writing of the clerical correction to the Secretary of the Senate or the Chief Clerk of the House and to the sponsor of the bill or amendment. Any of these may register an objection to the correction by filing the objection in writing within 24 hours after receipt of the notice.

(4) If a committee is the sponsor of a bill or resolution, any committee member designated by the chairman may be the principal sponsor for the purpose of this section. If a committee has proposed an amendment, the chairman is the principal sponsor for the purpose of this section.

**10-130. Bills.** (1) A bill draft request must be sponsored by a member of the Legislature.

(2) A bill must be:

(a) printed on paper with numbered lines;

(b) numbered at the foot of each page (except page 1);

(c) introduced in triplicate; and

(d) for the original copy, covered with a cover page of a substantial material.

(3) In a section amending an existing statute, matter to be stricken out must be indicated with a line through the words or part to be deleted, and new matter must be underlined.

(4) Sections of the Montana Code Annotated repealed or amended in a bill must be stated in the title, except in general appropriation bills and bills for the codification and general revision of the laws.

(5) Introduced bills must be reproduced on white paper and distributed to members.

**10-140. Voting.** (1) A bill may not become a law except by vote of a majority of all the members present and voting in each house (Montana Constitution, Art. V, Sec. 11(1)). On final passage, the vote must be taken by ayes and noes and the names of those voting entered on the journal. (Montana Constitution, Art. V, Sec. 11(2)).

(2) Any vote in one house on a bill proposing an amendment to the Montana Constitution under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote.

**10-150. Recording and publication of voting.** (1) Every vote of each member on each substantive question in the Legislature, in any committee, or in Committee of the Whole must be recorded and made public. On final passage of any bill or joint resolution, the vote must be taken by ayes and noes and the names entered on the journal.

HeinOnline -- 1989 vol. II 2123 1989

(2) Roll call votes must be taken by ayes and noes and the names entered on the journal on adopting an adverse committee report and on those motions made in Committee of the Whole to:

(a) amend;

(b) recommend passage or nonpassage;

(c) recommend concurrence or nonconcurrence; or

(d) indefinitely postpone.

(3) A roll call vote must be taken on nonsubstantive questions on the request of two members who may, on any vote, request that the ayes and noes be spread upon the journal.

(4) Roll call votes and other votes that are to be made public but are not specifically required to be spread upon the journal must be entered in the minutes of the appropriate committee or of the appropriate house (Montana Constitution, Art. V, Sec. 11(2)). A copy of the minutes must be filed with the Montana Historical Society.

**10-160. Journal.** Each house shall:

(1) supply the Legislative Council with the contents of the daily journal to be stored on an automated system;

(2) examine its journal and order correction of any errors; and

(3) distribute a daily journal to all members.

**10-170. Journals — authentication — distribution.** (1) The journal of the Senate must be authenticated by the signature of the President and the journal of the House of Representatives by the signature of the Speaker.

(2) The Legislative Council shall distribute the completed journals (sections 5-11-201 through 5-11-203, MCA).

## CHAPTER 30
## COMMITTEES

**30-10. Committee chairman.** Except as provided in Joint Rules 30-50 and 30-60, the chairman of the Senate committee is the chairman of all joint committees.

**30-20. Voting in joint committees.** (1) Except for Rules Committees and conference committees, a member of a joint committee votes individually and not by the house of which he or she is a member.

(2) Because the Rules Committees and conference committees are joint meetings of separate committees, in those committees the committees from each house vote separately. A majority of each committee must agree before any action may be taken, unless otherwise specified by individual house rules.

**30-30. Conference committees.** (1) If either house requests a conference and appoints a committee for the purpose of discussing an amendment on which the two houses cannot agree, the other house shall appoint

HeinOnline -- 1989 vol. II 2124 1989

a committee for the same purpose. The time and place of all conference committee meetings must be agreed upon by their chairmen and announced from the rostrum. This announcement is in order at any time. Failure to make this announcement does not affect the validity of the legislation being considered.

(2) A conference committee, having conferred, shall report to the respective houses the result of its conference. A conference committee shall confine itself to accepting or rejecting each disputed amendment in its entirety.

(3) If either house requests a free conference committee and the other house concurs, appointments must be made in the same manner as above. A free conference committee may discuss a bill in its entirety and is not confined to a particular amendment.

**30-40. Conference committee — enrolling.** A conference committee report shall give clerical instructions for a corrected reference bill and for enrolling by referring to the reference bill version.

**30-50. Committee consideration of appropriation bills.** (1) All bills providing for an appropriation of public money may first be considered by a joint committee composed of the members of the Senate Committee on Finance and Claims and the House Committee on Appropriations, and then by each separately.

(2) Meetings of the joint committee must be held upon call of the chairman of the House Committee on Appropriations, who is chairman of the joint committee.

**30-60. Joint committee to estimate revenue.** (1) There is a joint committee composed of members of the House and Senate Committees on Taxation. The joint committee shall consider any resolution introduced for the purpose of estimating revenue that may be available for appropriation by the Legislature. The joint committee must be composed of three members from each political party in each house appointed by the chairmen of the respective Committees on Taxation.

(2) Meetings of the joint committee must be held upon the call of the chairman of the joint committee, who must be a member of the House. The joint committee shall issue periodic reports to each of the houses, indicating the committee's current revenue projections. The reports must be issued on the 40th day and the 60th day.

## CHAPTER 40
## LEGISLATION

**40-10. Amendment to state constitution.** A bill must be used to propose an amendment to The Constitution of the State of Montana. The bill is not subject to the veto of the Governor (Montana Constitution, Art. VI, Sec. 10(1)).

**40-20. Appropriation bills.** (1) All appropriation bills must originate in the House of Representatives.

HeinOnline -- 1989 vol. II 2125 1989

(2) Appropriation bills for the operation of the Legislature must be introduced by the chairman of the House Committee on Appropriations.

**40-30. Effective dates.** (1) Every statute, except one that provides for appropriation by the Legislature of public funds for a public purpose, takes effect on October 1 following its passage and approval, unless a different time is prescribed therein.

(2) A law appropriating public funds for a public purpose takes effect on July 1 following its passage and approval, unless a different time is prescribed therein.

(3) A joint resolution takes effect on its passage unless a different time is prescribed therein (Sections 1-2-201 and 1-2-202, MCA).

**40-40. Bill drafting request and introduction limitations.** (1) (a) Prior to 5 p.m. on December 5 preceding a regular session of the Legislature, a member may request an unlimited number of bills and resolutions to be prepared by the Legislative Council for introduction in the regular session.

(b) After 5 p.m. on December 5, a member may request no more than seven bills or resolutions to be prepared by the Legislative Council. At least two of the seven bills or resolutions must be requested before the regular session convenes.

(c) After December 5, a member, in the member's discretion, may grant to any other member any of the remaining bill or resolution requests the granting member has not used.

(d) These limitations on bill and resolution requests do not apply to:

(i) code commissioner bills;

(ii) a bill or resolution requested by a standing committee; and

(iii) a bill or resolution requested by a member at the request of a newly elected state official if so designated.

(2) Bills and resolutions must be reviewed by the staff of the Legislative Council prior to introduction for proper format, style, and legal form. The staff of the Legislative Council shall store bills on the automated bill drafting equipment and shall print and deliver them in triplicate to the requesting members. The original bill cover must be signed to indicate review by the Legislative Council. A bill may not be introduced unless it is so signed.

(3) During a session, a bill may be introduced by endorsing it with the name of a member and presenting it in triplicate to the Chief Clerk of the House of Representatives or the Secretary of the Senate. Bills or joint resolutions may be sponsored jointly by Senate and House members. A jointly sponsored bill must be introduced in the house in which the member whose name appears first on the bill is a member. The chief joint sponsor's name must appear immediately to the right of the first sponsor's name. In each session of the Legislature, bills, joint resolutions, and simple resolutions must be numbered consecutively in separate series in the order of their receipt.

HeinOnline -- 1989 vol. II 2126 1989

(4) Any bill proposed by a legislative committee or introduced by request of an administrative or executive agency or department must be so indicated by placing after the names of the sponsors the phrase "By Request of the ..... (Name of committee or agency)".

(5) Bills may be preintroduced, numbered, and reproduced prior to a legislative session by the staff of the Legislative Council. Actual signatures may appear on the face of the preintroduced bill, or signatures may be obtained on a consent form from the Legislative Council and the sponsor's name printed on the bill. Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill. These names will be forwarded to the Legislative Council to be included on the face of the bill following standing committee approval.

(6) All preintroduced bills must be made available to the public.

**40-50. Schedules for drafting requests and bill introduction.** The following schedule must be followed for submission of drafting requests and introduction of bills and resolutions.

| | Request Deadline 5:00 P.M. Legislative Day | Introduction Deadline 5:00 P.M. Legislative Day |

| • Resolutions to express confirmation of appointments | No Deadline | No Deadline |
| • Bills repealing or directing the amendment or adoption of administrative rules and joint resolutions advising or requesting the repeal, amendment, or adoption of Administrative Rules | No Deadline | No Deadline |

**40-60. Joint resolutions.** (1) A joint resolution must be adopted by both houses and is not approved by the Governor. It may be used to:

(a) express desire, opinion, sympathy, or request of the Legislature;

(b) request an interim study by a legislative subcommittee;

(c) adopt, amend, or repeal the joint rules;

(d) set salaries and other terms of employment for legislative employees;

(e) approve construction of a state building under section 18-2-102 or 20-25-302, MCA;

(f) deal with disasters and emergencies under Title 10, specifically as provided in sections 10-3-302(3), 10-3-303(3), 10-3-303(4), and 10-3-505(5), MCA;

(g) submit a negotiated settlement under section 39-31-305(3), MCA;

(h) declare or terminate an energy emergency under section 90-4-310, MCA;

(i) ratify or propose amendments to the United States Constitution; or

(j) advise or request the repeal, amendment, or adoption of a rule in the Administrative Rules of Montana.

(2) Except as otherwise provided in these rules or The Constitution of the State of Montana, a joint resolution is treated in all respects as a bill.

(3) A copy of every joint resolution must be transmitted after adoption to the Secretary of State by the Secretary of the Senate or the Chief Clerk of the House.

**40-70. Bills with same purpose — vetoes.** (1) A bill may not be introduced or received in a house after that house, during that session, has finally rejected a bill designed to accomplish the same purpose, except with the approval of the Rules Committee of the house in wnich the bill is offered for introduction or reception.

(2) Failure to override a veto does not constitute final rejection.

**40-80. Reproduction of full statute required.** A statute may not be amended or its provisions extended by reference to its title only, but the statute section that is amended or extended must be reproduced or published at length.

**40-90. Bills — original purpose.** A law may not be passed except by bill. A bill may not be so altered or amended on its passage through either house as to change its original purpose (Montana Constitution, Art. V, Sec. 11(1)).

**40-100. Fiscal notes.** (1) As provided in Title 5, chapter 4, part 2, MCA, all bills reported out of a committee of the Legislature having an effect on the revenues, expenditures, or fiscal liability of the state, except appropriation measures carrying specific dollar amounts, must include a fiscal note incorporating an estimate of the fiscal effect. The Legislative Council staff shall indicate at the top of each bill prepared for introduction that a fiscal note may be necessary under this rule. Fiscal notes must be

HeinOnline -- 1989 vol. II 2128 1989

requested by the presiding officer of either house, who, at the time of introduction, shall determine the need for the note, based on the Legislative Council staff recommendation.

(2) Unless the requesting member directs otherwise, the Legislative Council shall deliver three copies of any bill for which it has been determined a fiscal note may be necessary to the state Budget Director immediately after the bill has been prepared for introduction and delivered to the requesting member. The Budget Director may proceed with the preparation of a fiscal note in anticipation of a subsequent formal request.

(3) The Budget Director, in cooperation with the agency or agencies affected by the bill, is responsible for the preparation of the fiscal note. He shall return the fiscal note within 6 days unless further time is granted by the presiding officer or committee making the request, based upon a written statement from the Budget Director that additional time is necessary to properly prepare the note.

(4) A completed fiscal note must be submitted by the Budget Director to the presiding officer who requested it. The presiding officer shall refer it to the committee considering the bill. All fiscal notes must be reproduced and placed on the members' desks.

(5) A fiscal note must, if possible, show in dollar amounts:

(a) the estimated increase or decrease in revenues or expenditures;

(b) costs that may be absorbed without additional funds; and

(c) long-range financial implications.

(6) The fiscal note may not include any comment or opinion relative to merits of the bill. However, technical or mechanical defects in the bill may be noted.

(7) A fiscal note also may be requested on a bill and on an amendment by:

(a) a committee considering the bill;

(b) a majority of the members of the house in which the bill is to be considered, at the time of second reading; or

(c) the chief sponsor, through the presiding officer.

(8) The Budget Director shall make available on request to any member of the Legislature all background information used in developing a fiscal note.

**40-110. Sponsor's fiscal note.** (1) If a sponsor elects to request the preparation of a sponsor's fiscal note pursuant to section 5-4-204, MCA, he shall make the election as provided and return the completed sponsor's fiscal note to the presiding officer within 4 days of the election.

(2) The presiding officer may grant additional time to the sponsor for preparation of the sponsor's fiscal note.

(3) Upon receipt of the completed sponsor's fiscal note, the presiding officer shall refer it to the committee hearing the bill. If the bill is printed,

HeinOnline -- 1989 vol. II 2129 1989

the note must be identified as a sponsor's fiscal note, reproduced, and placed on the members' desks.

(4) The Legislative Council shall provide forms for preparation of sponsors' fiscal notes and shall print the completed sponsors' fiscal notes on a different color paper than the fiscal notes prepared by the Budget Director.

**40-120. Substitute bills.** (1) A committee may recommend that every clause in a bill be changed and that entirely new material be substituted so long as the new material is relevant to the title and subject of the original bill. The substitute bill is considered an amendment and not a new bill.

(2) The proper form of reporting a substitute bill by a committee is to propose amendments to strike out all of the material following the enacting clause, to substitute the new material, and to recommend any necessary changes in the title of the bill.

(3) If a committee report is adopted that recommends a substitute for a bill originating in the other house, the substitute bill must be printed and reproduced.

**40-130. Reading of bills.** Prior to passage a bill must be read three times in the house in which it is under consideration. It may be read either by title or by summary of title.

**40-140. Second reading — bill reproduction.** (1) If the majority of a house adopts a recommendation for the passage of a bill originating in that house after the bill has been returned from a committee with amendments, the bill must be reproduced on yellow paper with all amendments incorporated into the copies.

(2) If a bill has been returned from a committee without amendments, only the first sheet must be reproduced on yellow paper, and the remainder of the text may be incorporated by reference to the preceding version of the entire bill.

**40-150. Engrossing.** (1) When a bill has been reported favorably by Committee of the Whole of the house in which it originated and the report has been adopted, the bill must be engrossed. Committee of the Whole amendments must be included in the engrossed bill. The bill must be placed on the calendar for third reading on the succeeding legislative day.

(2) Copies of the engrossed bill to be distributed to members are reproduced on blue paper. If a bill is unamended by the Committee of the Whole and contains no clerical errors, it may be engrossed without reprinting. Only the first sheet must be reproduced on blue paper, with the remainder of the text incorporated by reference to the preceding version of the entire bill.

(3) If a bill is amended by a standing committee or Committee of the Whole in the second house, the amendments must be included in a salmon-colored reference bill and distributed in the second house for third reading consideration. The amendments also must be reproduced and attached to the reference bill. If the bill passes on third reading, copies of the reference bill and second house amendments must be distributed in the original house.

HeinOnline -- 1989 vol. II 2130 1989

**40-160. Enrolling.** (1) When a bill has passed both houses, it must be enrolled. An original and two duplicate printed copies of the bill must be enrolled, free from all errors, with a margin of two inches at the top and one inch on each side. In sections amending existing statutes, new matter must be underlined and stricken matter must be omitted. The original and two copies of the bill must be red lined. The history of the bill also must be enrolled and placed with the bill in a white manuscript cover, upon which is written the number of the bill and the title. The Legislative Council staff shall file a copy of the history with the law library.

(2) When the enrolling is completed, the bill must be examined by the sponsor.

(3) The correctly enrolled bill must be delivered to the presiding officer of the house in which the bill originated. The presiding officer shall sign the original and two copies of each bill delivered to him not later than the next legislative day after it has been reported correctly enrolled, unless the bill is delivered on the last legislative day, in which case he shall sign it that day. The fact of signing must be announced by the presiding officer and entered upon the journal no later than the next legislative day. At any time after the report of a bill correctly enrolled and before the signing, if a member signifies his desire to examine the bill, he must be permitted to do so. The bill then must be transmitted to the other house where the same procedure must be followed.

(4) A bill that has passed both houses of the Legislature by the 90th day may be:

(a) enrolled;

(b) clerically corrected by the presiding officers, if necessary;

(c) signed by the presiding officers; and

(d) delivered to the Governor not later than 5 working days after the 90th legislative day.

(5) All journal entries authorized under this rule must be entered on the journal for the 90th day.

(6) The original and two copies signed by the presiding officer of each house must be presented to the Governor in return for a receipt. A report then must be made to the house of the day of the presentation, which must be entered in the journal.

(7) The original must be filed with the Secretary of State. Signed copies with chapter numbers assigned pursuant to section 5-11-204, MCA, must be filed with the Clerk of the Supreme Court and the Legislative Council.

**40-170. Amendment by second house.** (1) Amendments to a bill by the second house may not be further amended by the house in which the bill originated, but must be either accepted or rejected. If the amendments are rejected, a conference committee may be requested by the house in which the bill originated. If the amendments are accepted and the bill is of a type requiring more than a majority vote for passage, the bill again must be placed on third reading in the house of origin.

HeinOnline -- 1989 vol. II 2131 1989

(2) The vote on third reading after concurrence in amendments is the vote of the house of origin that must be used to determine if the required number of votes has been cast.

**40-180. Final action on a bill.** When a bill being heard by the second house has received its third reading or has been rejected, the second house must transmit it as soon as possible to the original house with notice of the second house's action.

**40-190. Transmittal of bills between houses.** (1) Each house shall transmit to the other with any bill all relevant papers.

(2) When a House bill is transmitted to the Senate, the Secretary of the Senate shall give a dated receipt for the bill to the Chief Clerk of the House. When a Senate bill is transmitted to the House of Representatives, the Chief Clerk of the House shall give a dated receipt to the Secretary of the Senate.

**40-200. Transmittal deadlines.** (1) (a) A bill or amendment transmitted after the deadline established in this subsection (1) may be considered by the receiving house only upon approval of two-thirds of its members present and voting. If the receiving house does not so vote, the bill or amendment must be held pending in the house to which it was transmitted.

(b) (i) A bill, except for an appropriation bill, a revenue bill, or amendments considered by joint committee, must be transmitted from one house to the other on or before the 45th legislative day.

(ii) Amendments, except to appropriation bills and revenue bills, must be transmitted from one house to the other on or before the 70th legislative day.

(c) (i) Revenue bills originating in the Senate must be transmitted to the House on or before the 71st legislative day.

(ii) House amendments to Senate revenue bills must be transmitted by the House to the Senate on or before the 83rd legislative day.

(iii) Revenue bills originating in the House must be transmitted to the Senate on or before the 71st legislative day.

(iv) Senate amendments to House revenue bills must be transmitted by the Senate to the House on or before the 83rd legislative day.

(v) A revenue bill is one that either increases or decreases revenue.

(d) (i) Appropriation bills and any bill implementing provisions of a general appropriation bill must be transmitted to the Senate on or before the 67th legislative day.

(ii) Senate amendments to appropriation bills must be transmitted by the Senate to the House on or before the 80th legislative day.

(2) (a) A joint resolution introduced for the purpose of estimating revenue available for appropriation by the Legislature must be transmitted no later than the 60th legislative day.

HeinOnline -- 1989 vol. II 2132 1989

(b) Amendments to the resolutions must be transmitted to the house of origin no later than the 83rd legislative day.

(3) Interim study resolutions, bills repealing or directing the amendment or adoption of administrative rules, and joint resolutions advising or requesting the repeal, amendment, or adoption of administrative rules may be transmitted at any time during a session.

**40-210. Governor's veto.** (1) Each bill passed by the Legislature must be submitted to the Governor for his signature. This does not apply to:

(a) bills proposing amendments to the Montana Constitution;

(b) bills ratifying proposed amendments to the United States Constitution;

(c) resolutions; and

(d) referendum measures of the Legislature.

(2) If the Governor does not sign or veto the bill within 5 days after its delivery to him if the Legislature is in session or within 25 days if the Legislature is adjourned, the bill becomes law.

(3) The Governor shall return a vetoed bill to the Legislature with a statement of his reasons for the veto.

(4) If after receipt of a veto message, two-thirds of the members of each house present approve the bill, it becomes law.

(5) If the Legislature is not in session when the Governor vetoes a bill, he shall return the bill with his reasons for the veto to the Legislature as provided by law. The Legislature may be polled on a bill that it approved by two-thirds of the members present or it may be reconvened to reconsider any bill so vetoed (Montana Constitution, Art. VI, Sec. 10).

(6) The Governor may veto items in appropriation bills, and in these instances the procedure must be the same as upon veto of an entire bill (Montana Constitution, Art. VI, Sec. 10).

**40-220. Response to governor's veto.** (1) When the presiding officer receives a veto message, he shall read it to the members over the rostrum. After the reading, a member may move that the Governor's veto be overridden.

(2) A vote on the motion is determined by roll call. If two-thirds of the members present vote "aye", the veto is overridden. If two-thirds of the members present do not vote "aye", the veto is sustained.

**40-230. Governor's recommendations for amendment.** (1) The Governor may return any bill to the Legislature with his recommendations for amendment.

(2) If the Legislature passes the bill in accordance with the Governor's recommendations, it shall return the bill to the Governor for his reconsideration. The Governor may not return a bill to the Legislature a second time for amendment.

HeinOnline -- 1989 vol. II 2133 1989

(3) If the Governor returns a bill to the originating house with his recommendations for amendment, the house shall reconsider the bill under its rules relating to amendments offered in Committee of the Whole.

(4) The bill then is subject to the following procedures:

(a) The originating house shall transmit to the second house, for consideration under its rules relating to amendments in Committee of the Whole, the bill and the originating house's approval or disapproval of the Governor's recommendations.

(b) If both houses approve the Governor's recommendations, the bill must be returned to the Governor for his reconsideration.

(c) If both houses disapprove the Governor's recommendations, the bill must be returned to the Governor for his reconsideration.

(d) If one house disapproves the Governor's recommendations and the other house approves, then either house may request a conference committee, which may be a free conference committee.

(i) If both houses adopt a conference committee report, the bill in accordance with the report must be returned to the Governor for his reconsideration.

(ii) If a conference committee fails to reach agreement or if its report is not adopted by both houses, the Governor's recommendations must be considered not approved and the bill must be returned to the Governor for further consideration.

## CHAPTER 60
## RULES

**60-10. Suspension of joint rule — change in rules.** (1) A joint rule may be repealed or amended only with the concurrence of both houses, under the procedures adopted by each house for the repeal or amendment of its own rules.

(2) A joint rule governing the procedure for handling bills may be temporarily suspended by the consent of two-thirds of the members of either house, insofar as it applies to the house suspending it.

(3) Any Rules Committee report recommending a change in the joint rules must be referred to the other house. Any new rule or any change in the rules of either house must be transmitted to the other house for informational purposes.

(4) Upon adoption of any change, the Secretary of the Senate and the Chief Clerk of the House of Representatives shall provide the office of the Legislative Council:

(a) one copy of all motions or resolutions amending Senate, House, or joint rules; and

(b) copies of all minutes and reports of the Rules Committees.

HeinOnline -- 1989 vol. II 2134 1989

**60-20. Reference to Mason's Manual.** Mason's Manual of Legislative Procedure (1989) governs the proceedings of the Senate and the House of Representatives in all cases not covered by these rules.

**60-30. Publication and distribution of joint rules.** (1) The Legislative Council shall codify and publish in one volume:

(a) the rules of the Senate;

(b) the rules of the House of Representatives; and

(c) the joint rules of the Senate and the House of Representatives.

(2) After the rules have been published, the Legislative Council shall distribute copies as directed by the Senate and the House of Representatives.

## CHAPTER 70
## STATEMENT OF LEGISLATIVE INTENT

**70-10. Definition.** (1) For the purpose of compliance with the Legislative History Act (Title 5, chapter 4, part 4, MCA), a statement of legislative intent regarding a bill must express the common understanding of those components of the Legislature voting on the bill.

(2) This statement differs from a purpose clause, which is used in general to describe the broad overall objectives of a bill. Á statement of intent is used to guide the details of interpretation by those charged with implementation of the bill and is phrased in terms of contingencies, examples, or other matter inappropriate for expression as statutory language.

**70-20. Limitation.** A statement of intent may not accompany any bill that does not statutorily require one unless a committee (standing committee, Committee of the Whole or conference committee) agrees by a two-thirds vote to attach the statement.

**70-30. Statement of intent to accompany bill — when — how.** A statement of intent must accompany a bill as follows:

(1) A statement of intent is required for a bill delegating new rule-making or licensing authority.

(2) A statement of intent must be included with the introduced bill for a bill requiring one. If a bill is found to require a statement of intent at any time in the legislative process, a statement of intent may be added under the procedure for amending a bill.

(3) A statement of intent must be included as a part of the bill between the title and the enacting clause under the heading "Statement of Intent".

**70-40. Modification.** Any committee considering a bill may recommend amendment of a previous statement of intent or recommend inclusion of a statement of intent. The statement of intent must be reflected in the history of the bill.

**70-50. Conference committee on statement of intent only.** (1) If the second house concurs in a bill without amendments but amends or

HeinOnline -- 1989 vol. II 2135 1989

supersedes a previous statement of intent, the bill may not be enrolled until both houses have agreed on a statement of intent. If the statement of intent is attached to a bill that does not statutorily require one, the conference committee can delete the statement in its entirety.

(2) A new statement of intent written by the second house must be processed in the same manner as a second house amendment.

(3) A regular conference committee may be appointed solely to resolve differences of intent if the second house's statement of intent is not so accepted.

Passed January 24, 1989.

## SENATE JOINT RESOLUTION NO. 2

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA TO SEND DELEGATES TO THE WESTERN STATES LEGISLATIVE FORESTRY TASK FORCE.

WHEREAS, the forests of the Western States play a vital role in the economic development of these states; and

WHEREAS, there is an obvious need for developing means to protect and foster these forests to maximize yield while protecting the resource for future generations; and

## SENATE JOINT RESOLUTION NO. 3

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA AUTHORIZING THE MONTANA CENTENNIAL COMMISSION ON APRIL 1, 1989, TO DECLARE THE 1894 CAPITAL CITY ELECTION BETWEEN ANACONDA AND HELENA VOID; SCHEDULING A SPECIAL ELECTION IN CONJUNCTION WITH THE 1989 CENTENNIAL CELEBRATION TO ALLOW THE PEOPLE OF MONTANA TO CHOOSE A PERMANENT MONTANA CAPITAL; AND PROVIDING FOR THE TEMPORARY SUSPENSION OF MONTANA VOTING STATUTES.

WHEREAS, at the time of ratification of the 1889 Montana Constitution, two state Legislatures existed, each claiming to be the legitimate state legislative body; and

WHEREAS, in the wake of the confusion following these chaotic legislative assemblages, the City of Helena was named the "temporary capital" of Montana; and

WHEREAS, when none of the seven cities on the 1892 ballot received a majority of votes to be named the permanent capital, a runoff election was scheduled for 1894 between the two top contenders, Helena and Anaconda; and

WHEREAS, two "copper kings" became involved, with the founder of Anaconda, Marcus Daly, supporting Anaconda's bid and his political archrival, William A. Clark, backing the bid of Helena; and

WHEREAS, for 94 years Anaconda has consistently alleged that Clark secured the capital for Helena by chicanery, skullduggery, bribery, and corruption, contending, among other things, that Clark hired 250 men to work in Plains, where there was no work, in an effort to buy votes for Helena; and

WHEREAS, for 94 years Anaconda has maintained that feloniously fraudulent practices precipitated its loss by 1,906 votes and has cited glaring evidence establishing that while Montana had only 51,000 registered voters in 1894, 55,000 votes were tallied and validated; and

WHEREAS, the cornerstone of the Bill of Rights is the premise guaranteeing the people the fundamental right to petition the government for redress if an individual or group has been rendered an injustice.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HeinOnline -- 1989 vol. II 2137 1989

That because the fairminded citizens of Helena cannot live with themselves if such an injustice has indeed been perpetrated, it is fitting and proper that:

(1) this alleged wrong be redressed by authorizing the Montana Centennial Commission to declare the 1894 capital city election between Anaconda and Helena void and by holding an open primary election on June 1, 1989, in which all Montana communities may be entered as contestants for the honor of being the state capital;

(2) all Montana citizens, regardless of age, be encouraged to participate in the selection of Montana's state capital;

(3) the primary and general election ballots be counted by a credible committee appointed by Anaconda City Manager Gene Vukovich and Helena Mayor Russ Ritter, and that the committee include a representative from each community involved in the election;

(4) libations for the committee during the long evening of vote counting be the responsibility of the Helena and Anaconda Centennial Committees, with Mr. Vukovich presiding over hospitality and Mr. Ritter presiding over ballot counting;

(5) the people be allowed to cast votes in the general election held on November 6, 1989, for one of the two communities receiving the largest number of votes in the primary election;

(6) an election judge be appointed by the Legislature if there is any question as to the integrity of the election;

(7) in the event that a community other than Helena is selected as capital city, that city shall:

(a) demonstrate its willingness to accept the honor by supplying the City Commission of Helena with a proposal delineating acceptable monetary compensation to the City of Helena for the loss of employment, the loss of incumbent revenues generated through taxation and fees assessed against state employees, and the hardship wrought upon secondary and other industries, businesses, and individuals that will be affected by relocation of state offices, agencies, and buildings. A certified check in an amount determined by the Commission must be presented to the Mayor of Helena by midnight, November 6, 1989.

(b) demonstrate its compassion for each state employee whose livelihood may be negatively affected by relocation from Helena by offering an "early retirement" program that provides a pension equal to the employee's current annual salary for a period of 30 years, at which time the normal state retirement compensation must be paid. The same offer must be made to owners and employees of other Helena businesses that choose not to relocate.

(c) deliver to the Secretary of State by 5 p.m., November 7, 1989, an insurance policy or bond in an amount equal to 30 times the annual salary of 82.7% of the total number of state employees, which is the percentage of state employees based in Helena;

HeinOnline -- 1989 vol. II 2138 1989

(d) recognize its responsibility to the financial health of the entire state by guaranteeing in a notarized letter of intent, signed by the corporate executive officers of private businesses, that new private sector businesses shall occupy all office space vacated by the transfer of state personnel;

(e) affirm its commitment to Montana's future by designing at its own expense a new "Capitol Complex" within its borders and by constructing buildings of modern design of the finest materials to acknowledge the value of state government to future generations. Building plans and designs must be presented to the Governor for approval no later than November 8, 1989.

(f) have the option, after the election, to respectfully decline the honor and negotiate with the Helena Centennial Committee for a permanent acknowledgment of the election results. A suitable commemoration must be presented to the community that received the majority of votes cast at the election, and a gala reconciliation party must be hosted by the community that received fewer votes within 30 days of the election, at a site to be chosen by that community.

BE IT FURTHER RESOLVED:

(1) That normal balloting procedures provided in Title 13, MCA, be temporarily suspended, and that the centennial committee of each community be authorized to determine the procedures for registering eligible voters, distributing ballots, and determining polling sites and times for the primary election to be held June 1, 1989, and the general election to be held November 6, 1989.

(2) That ballots for both the primary and general elections be sold at a rate determined by the centennial committee in each community as a fair and honest fee that is representative of the actual value of the vote in each community.

(3) That revenue generated through the creative and dedicated efforts of the centennial committees remain under the jurisdiction of each committee to fund projects held to promote the Centennial of the State of Montana.

Passed March 23, 1989.

HeinOnline -- 1989 vol. II 2140 1989

WHEREAS, it is becoming common within the following fields to require an associate degree for employment in the field: 2-year nurses' training, respiratory therapy, electronics technology, fire science programs, culinary arts, computer programming, and, most critically, the field of legal assisting, in which graduates must compete with graduates of other 2-year programs for entry level jobs; and

WHEREAS, a U.S. District Court ordered the EPA to temporarily cancel registrations for above-ground uses of strychnine; and

WHEREAS, under a separate action the EPA has issued an intent to suspend the rodenticide uses of strychnine and Compound 1080 to registrants for failure to meet data call-in requirements; and

## SENATE JOINT RESOLUTION NO. 19

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA DIRECTING THE ENVIRONMENTAL QUALITY COUNCIL TO STUDY THE REGULATION AND MANAGEMENT OF SOLID WASTE AND RELATED EFFECTS ON GROUND WATER QUALITY AND AIR QUALITY; AND REQUIRING THE ENVIRONMENTAL QUALITY COUNCIL TO REPORT ITS FINDINGS AND RECOMMENDATIONS TO THE 52ND LEGISLATURE.

WHEREAS, the 51st Legislature has considered many complex bills relating to the regulation and management of solid wastes, including landfill regulation and associated ground water monitoring, infectious waste disposal, waste incineration and incinerator emissions, and fee structures and funding mechanisms for solid waste management programs; and

WHEREAS, the United States Environmental Protection Agency has recently released proposed minimum federal regulations for landfills, prompted by studies that demonstrated significant nationwide ground water pollution caused by substances leaching from landfills; and

WHEREAS, these proposed regulations, if adopted as drafted, would have major effects on the management of solid wastes in Montana, since Montana has not applied the technical and financial resources necessary to ensure that solid waste management is compatible with the public health, safety, and welfare and the environment; and

HeinOnline -- 1989 vol. II 2152 1989

WHEREAS, out-of-state waste disposal interests are increasingly investigating Montana as a potential site for disposal of waste generated outside Montana's borders; and

WHEREAS, there are currently few state regulations and little oversight of the importation of solid waste into Montana; and

WHEREAS, the burning of plastic and other materials in solid waste incinerators is a source of toxic air pollutants which, despite their adverse effects on human health and the environment, are poorly understood and little regulated by the state or federal government; and

WHEREAS, Montana statutes presently exempt from licensing certain privately owned landfills, and this exemption provides a significant gap in our ability to ensure that solid waste management adequately protects the public health, safety, and welfare and the environment; and

WHEREAS, opportunities exist to explore new methods of integrated waste management, including waste minimization, source separation, recycling, incineration, and other innovative techniques; and

WHEREAS, financing strategies for continued, improved, and cost-effective management of solid wastes must be explored to effectively respond to increased federal activity and needed changes to protect the health and environment of Montana citizens.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Environmental Quality Council be directed to give priority to and study the regulation and management of solid waste and its effects on ground water quality.

(2) That the study include review of:

(a) the effects on Montana communities of the proposed federal regulation of landfills;

(b) programs to regulate the disposal of infectious waste in Montana;

(c) regulation of the importation of solid waste into Montana;

(d) actual and potential ground water pollution resulting from solid waste disposal;

(e) new opportunities for waste minimization, source separation, recycling, incineration, and integrated waste management;

(f) strategies for developing and financing the most cost-effective and environmentally sound federal, state, local, and private response to Montana's solid waste management needs;

(g) the integration of solid waste management programs with other ground water protection programs;

(h) differences in the regulation of public and private landfills, including the effects on the public health, safety, and welfare and the environment of the existing exemption from licensing for certain landfills; and

HeinOnline -- 1989 vol. II 2153 1989

(i) the effects of solid waste incineration on Montana air quality and public health.

(3) That the Environmental Quality Council consult with federal, state, and local officials, industries, citizens, and other persons or groups with expertise in the regulation of solid waste.

(4) That the Environmental Quality Council report its findings and recommendations to the 52nd Legislature by November 1, 1990.

Passed April 19, 1989.
